1847 ROGERS BROS.

Flannel Rolls
Free

Engraving
Free

The Original and Genuine 75-Year Silverware

For three-quarters of a century, 1847 Rogers Bros. Silverware has been known as the "silver plate that wears." Every piece is triple plated with pure silver—with an extra layer of silver on parts exposed to most wear. Guaranteed to wear 50 years. We furnish flannel rolls free with the following pieces: Teaspoons, dessert spoons, tablespoons, soup spoons, dinner forks and dinner knives. Other

pieces sent neatly packed in velvet lined gift cases. Old Colony and Ambassador teaspoons are engraved with Old English style initials—the Queen Anne with script style. We suggest these styles, but will engrave free the pattern you select with either style you prefer. Please state style and letter you wish engraved. When ordering engraving to match silver you already have, be sure to send a sample.

GENUINE ROGERS SILVERWARE

We Will Replace Any Piece Any Time It Is Not Satisfactory

This fine silverware is made by two of America's leading manufacturers. It is thoroughly dependable and will give you many years of satisfactory service. High quality silver plate. In addition to the usual heavy plating of silver, every piece has an extra layer of silver on the parts exposed to most wear. We will replace any piece any time it is not satisfactory. The Webster pattern is made by Simon L. and

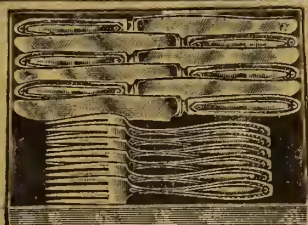

Geo. H. Rogers; the Lufbery and Ashland patterns by Wm. Rogers. Webster and Lufbery teaspoons show Script Style initials; Ashl and teaspoons, Old English Style. We will engrave any initial on whatever pattern you choose, Script Style for 3 cents a letter or Old English style for 5 cents a letter. Solid handle knives and forks are too hard to be engraved satisfactorily.

Extra Fine Reading Glasses

A reading glass is a wonderful help to elderly people or to anyone whose eyes are not strong. It does not interfere with the wearing of eye glasses or spectacles but adds to their usefulness. A great help in examining pictures, photographs or fabrics. They are also very powerful sun glasses and in the bright rays of the sun will quickly ignite inflammable material such as paper shavings or dry leaves. These are extra fine quality imported glasses. Nickel-plated frames and polished wood handles. Clear, optically perfect lenses. Very nicely finished throughout.

Ward's Windsor Player Pianos

Play It in Your Home for 30 Days—FREE

A Windsor Player Piano In Your Home

If you could sit down NOW and play your favorite piece—If you could spend THIS evening at your piano with your children about you, singing the old, well loved songs—If you could make YOUR home a place where your friends and your children's friends would love to gather—Would you do it? Of course you would! You no longer need wish that you might have these pleasures. They are yours the day you place a Player Piano in your home.

In the Windsor Player Piano, Montgomery Ward & Co. has created the instrument for your home—handsome, well constructed, so easy to play that you enjoy it from the moment you receive it and so low in price that you need not even hesitate before making it your own.

You cannot appreciate how much enjoyment it will give you, nor how pleased you will be with its handsome, attractive appearance, until you see it in your own living room. Our 30-Day Trial offer allows you to have the instrument you select in your home where you can give it every test, for sound, tone, appearance, durability—and convince yourself that it is everything you desire in a low priced player piano.

\$10⁰⁰ Down **\$9⁰⁰** A Month

30 Days' Free Trial—Easy Payments

Send \$10 with your order. This is all that is necessary to bring any Windsor to your home. We prepay the freight. Try it 30 days. Put it to every test. Compare it with other pianos. Then if you decide to keep it, send us after 30 days the amount of the freight we have prepaid. Send the first small payment 30 days later and the same amount monthly without interest, until the easy payment price is paid. The amount of each monthly payment is shown with the illustration and description of each Windsor. If you prefer, you may send the full cash price with your order, using one of the regular order blanks or a plain piece of paper instead of the special order blank on Page 374.

But whether you buy for cash or on payments, you are protected by our 30-Day Free Trial. Should the piano fail to please you after the trial, write us for shipping instructions. We will return the money you have sent us and any freight charges you may have paid. You will be under no obligation to us. The trial will not have cost you a cent.

Windsor Elite Player Piano for only \$398.00, payable in easy monthly installments. See our 30-Day Trial Offer at the left.

Has a double veneered case; full metal plate; bushed tuning pins; genuine wool felt hammers; excellent piano action and a dependable player action with metal tubing instead of rubber, as some players have; automatic tracking device and transposing device which enables you to change the key of the player roll to harmonize with other instruments or with the voice. Expression control enable you to bring out your own musical ability just as on the highest priced players.

Height, 57 inches; depth, 29 inches; width, 6 inches. Shipping weight, 1,000 pounds.

Only materials of better grade are used in the Windsor Craftstyle Player Piano.

The piano action is double repeating brass flange construction, keys are genuine ivory, copper wound bass strings, and brass hammers and pedals; case is double veneered under tremendous pressure.

One of the most pleasing features is the player action which is very easy to operate and which is

also equipped with metal tubing and an automatic tracking device which keeps the music in a perfect line. The transposing device, which is part of the tracker bar or mouthpiece, enables you to change the pitch as desired.

Height, 4 feet 9 inches; depth, 29 inches; width, 64 inches. Shipping weight, 1,000 pounds.

Ward's Cecilian Phonograph

What a Phonograph Brings You

MUSIC for every mood! Gay or thoughtful, tired or rested, happy or discouraged—you may have music to please and delight you any time if you own a Cecilian. The world's greatest violinists, pianists, tenors, sopranos and stars of opera and vaudeville—all await you on the Cecilian—all are ready to play or sing for you the music you like best. You may hear them in your home whenever you wish.

Yet the Cecilian does more than amuse, entertain and instruct. Noted doctors and health authorities agree that music is an important influence in the maintenance of health.

Learn the Truth of What Health Authorities Say

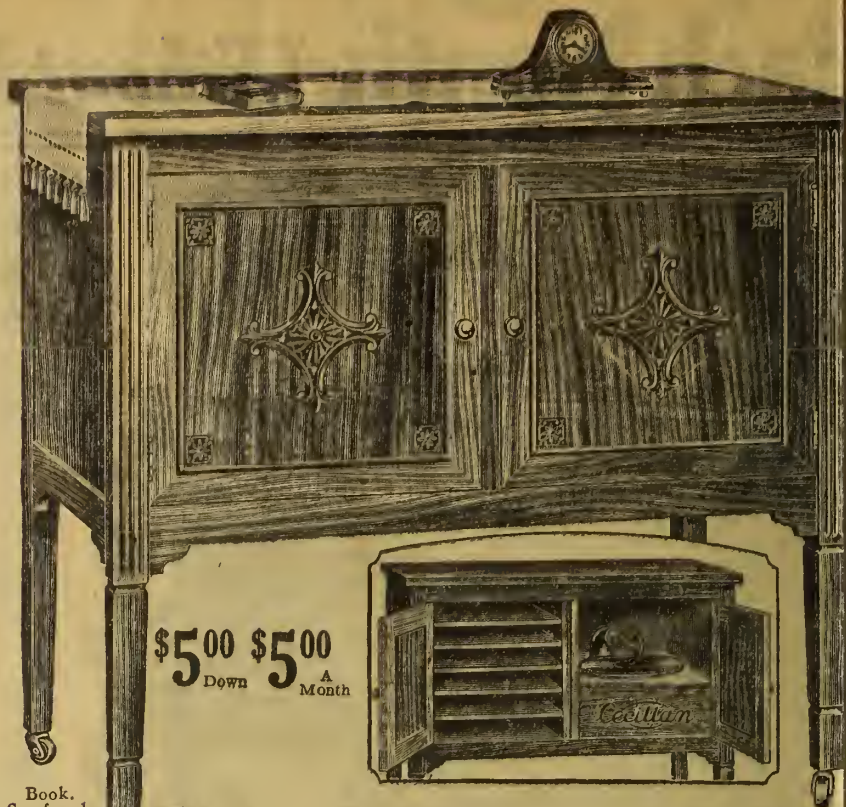

You may prove to yourself that these doctors are right. We help you test their statements. Why continue missing something important you should have? Enjoy music—the music a Cecilian brings—in your home for a month. Notice how much better it makes you feel, how quickly it enables you to forget the strains and cares of the day's work. You relax more thoroughly. You rest better and are eager and fit for your work the following day. You "meet tomorrow with a smile."

We will send any model Cecilian to your home for 30 days' trial. You are not expected to buy it. There is no obligation on your part. All we ask you to do is try it. Learn whether you ever again would be without phonograph music. Compare the Cecilian with other phonographs costing as much as twice our prices. Tell us honestly if you ever have heard a better. We want your opinion.

It Does Not Cost a Cent to Try the Cecilian

On the opposite page we explain our 30-Day Trial and Easy Payment Offers in detail. Read and see how easy it is to have any Cecilian in your home FREE for 30 days. Read, too, why thousands prefer the Cecilian to other makes.

An Inexpensive Model With the Cello Tone

In all our 50 years of business we never have offered a more pleasing phonograph at a price so easily within the reach of everyone. Its gracefully curving lines and pure, rich tone are seldom found in other phonographs at anywhere near our price. And, in addition, our liberal Easy Payment Plan makes it delightfully easy to buy. Our Free Trial Offer enables you hear it in your home absolutely without obligation to us.

Height, 43½ inches; width, 20 inches; depth, 21¼ inches. Solid parts of cabinet are highly figured hardwood. Doors, top and panels are genuine Mahogany or Oak veneer. Genuine Cecilian all wood tone chamber, tone arm, modulator, double spring motor and self acting top. Nickel plated trimmings. Nickel casters. Needles and 10 double sided 75¢ records of Columbia make included. Shipping weight, 120 pounds.

Buys Any Phonograph
on this Page

Our liberal terms make it easy for you to own any of the beautiful Cecilian Phonographs shown on this page. Instead of paying the entire cost of the instrument before receiving it, you may now secure it by sending only \$5.00 with your order, and \$5.00 a month until the full amount has been paid. You may enjoy the Cecilian in your own home while paying for it.

FREE 10 Columbia 75¢ Records 20 Selections

With every Cecilian Phonograph on this page we include FREE 10 double sided 75 cent Columbia Records of our selection. These records give you 20 different musical selections, and make it unnecessary for you to buy records in order to take advantage of our 30 Days' Free Trial Offer. The cost of the records is not added to the cost of the phonograph. Compare our prices with others and prove this for yourself.

The Queen Anne Period Cabinet Looks Well With Any Kind of Furniture

The beautiful lines and handsome finish of this genuine Queen Anne Cecilian alone are enough to place it far above ordinary phonographs. But when in addition to these qualities you get the pure Cecilian cello tone, you have a musical instrument of rare value, indeed.

Height, 47 inches; width, 22 inches; depth, 23½ inches. Genuine quarter sawed Oak or Mahogany finished frames. Top, doors and panels, genuine Mahogany or Oak veneer. All trimmings nickel plated. Improved tone modulator. Double spring Cecilian motor. Lower part of cabinet divided into handy record section. Needles and 10 double sided 75¢ records of Columbia make included. Shipping weight, 140 pounds. Read Our Liberal FREE TRIAL OFFER on Opposite Page.

Until Montgomery Ward & Co. entered the field it was impossible to buy a console phonograph without paying many hundreds of dollars. Even now the Cecilian is the only phonograph you can buy with a permanent table top—the only console design in which the top does not have to be opened when it is played.

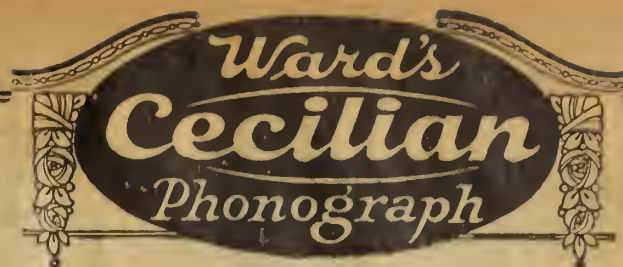

In addition to these desirable features, the model includes the Paco filing system shown in the small illustration. This enables you to index your records conveniently, so that each one may be pulled out easily and quickly.

Height, 36 inches; length, 38 inches; width, 23 inches. Solid parts of cabinet are beautifully

figured hardwood. Doors, top and panels are genuine Mahogany, Walnut or Oak veneer. Even running, double spring Cecilian motor. Plays all disc records. Needles and 10 double sided 75¢ records of Columbia make included with phonograph. Shipping weight, 165 pounds.

Why Is the Cecilian Called "The Phonograph with the Cello Tone?"

THE world's finest violins and cellos are made of wood. So, too, are Cecilian tone chambers. Every Cecilian, therefore, is more than a mere "talking machine." It is truly a musical instrument in every sense of the word. In its sweetly beautiful violin tones are combined with the powerfully rich and mellow notes of the cello. Because of this we have called it "The Phonograph with the Cello Tone."

What Else Should a Good Phonograph Have?

The manufacturers of the Cecilian were not satisfied with excellence of tone alone. They did not rest until the instrument possessed every quality a perfect phonograph should possess. Cecilian reproduction is faithful, accurate and lifelike. To hear a good record on this phonograph is as satisfying as to hear the artist who made it. We need not go into the details of construction which make this possible—the improved Cecilian tone arm, sound box and other features. Our best proof is the Cecilian itself. It costs you nothing to hear it.

30-Day Trial and Liberal Terms Protect You

Fill out the order blank on Page 374 and mail it to us with a \$5.00 deposit. We will send you any Cecilian you wish. Try it 30 days. Test it in every way. Compare it with others. Then if you decide to keep it send us after 30 days the first monthly payment. Send the same small amount every month until full time payment price is paid. The amount of this payment is shown with the illustration of each Cecilian. If you prefer to buy for cash use regular order blank or plain piece of paper instead of special order blank on Page 374. In either case, if the phonograph fails to please you, write us for shipping instructions how to return the instrument. Your money and the freight charges you have paid will be returned promptly. You are under no obligation. The trial will not have cost you a penny.

FREE with These Low Priced Cecilians

With both of these Cecilians we include FREE 10 double sided 75¢ Columbia records of our own selection. Compare our prices with others, and see how much you save.

10 Columbia Records 20 Selections

Our Lowest Priced Cabinet Model

Our lowest priced, full size Cabinet Phonograph enables you to enjoy all the music of the world at an exceedingly moderate cost. All kinds of vocal and instrumental music, humorous as well as serious recitations, Mother Goose Jingles and Nursery Stories for children—a whole world of pleasure at your feet. Order it for your home and know the joy music alone can bring.

We Will Send It to You FREE for 30 Days

The cabinet itself must be seen to be appreciated. By merely filling out and mailing the order blank below—as explained on Page 373—you may learn for yourself how attractive it is. And your ears will tell you that even our lowest priced upright Cecilian is superior in musical ability to many phonographs costing more than twice as much.

It is a full size phonograph of simplified Adam design, beautiful in every line. The workmanship, material and mechanical equipment throughout are of the same high standard used in the more expensive models. It indeed gives you far more for your money than seems possible.

One of the Most Popular Cecilians

A fine upright Cecilian Phonograph of graceful lines and pleasing tone for only \$75. This model invites comparison with others costing several times as much and well upholds the wonderful reputation of Cecilian phonographs. Its low price proves the wisdom of buying direct from us with no unnecessary profits added.

Fill Out the Order Blank No Obligation

Hear it yourself. We will send it to you for 30 days' FREE trial. Put it beside other instruments. Compare the quality and workmanship of the cabinet, the purity and richness of tone, the fullness of volume—and then remember it costs only \$75. If you do not think it a wonderful value in every way, you need only write us for shipping instructions and your money will be returned. The trial will have cost you nothing. See our Free Trial Offer on Page 373 and blank below.

A Genuine Cecilian Phonograph Table Size

This Cecilian differs from the higher priced models only in the size of its case. It has the same genuine Cecilian all wood tone chamber, Cecilian tone arm and the other exclusive Cecilian refinements which have won for Ward's phonographs the reputation of being the phonographs "with the Cello Tone."

If you wish to economize on space in your home, you can not do better than choose this Cecilian model, for it brings to you music at its best as effectively as the larger sizes and yet is small enough to fit conveniently wherever you wish to put it. And you save when you buy it, since we offer it at an exceptionally low cash price. No records included.

Height, 10½ inches; width, 19 inches; depth, 18 inches.
Shipping weight, 50 pounds. Not mailable.

- 252 C 30—Mahogany.....\$29.95
252 C 31—Golden Oak.....29.95
252 C 32—Fumed Oak.....29.95

The Cecilian Portable Model

Although the Portable Cecilian is the most recent addition to the many styles of Cecilian we offer, it already is one of the most popular. The welcome it has received from thousands of our customers is due to its extremely low price, its wonderful convenience and its sweet and full tones. In all those qualities which are found in a truly satisfactory phonograph, the portable is, well worthy of the name Cecilian. Besides this, its light weight and general handiness have won it instant favor for camping parties, yachting, automobilizing, canoeing, picnics, outings, marshmallow roasts, club dances, school activities and other entertainment purposes. It enables you to hear the world's greatest arias and the season's most popular songs whenever and wherever you wish.

Weights but 14½ pounds. Has strong nickel handle built into case. Fits almost anywhere. Mahogany or Oak finished case, built for hard usage. Length, 15 inches; width, 11½ inches; height, 7 inches. Shipping weight, 20 pounds.
152 C 10—Mahogany Finish.....\$21.95
152 C 11—Oak Finish.....21.95
Records not included.

Our Lowest Priced Cecilian

The volume and tone of our lowest priced Cecilian are equal in every way to those found in phonographs of many makes costing much more. And its price is so low there no longer is any reason why your home should be without the delights a phonograph alone can bring. In fact, even if you already have a large phonograph the low price of this table Cecilian suggests your buying it for the children so they may have a "really truly" phonograph. Or you may use it wherever you want a light, easily carried instrument to save your big one. It has all the genuine Cecilian features, including all wood tone chamber and Cecilian tone arm. Height, 5½ inches; width, 15 inches; depth, 16½ inches. Shipping weight, 20 pounds.

Walter Camp's "Daily Dozen"

\$14.50 Cash

Health-Giving Exercises Set to Music

No matter how hard our daily work may be, it has been found that many of our muscles fall into disuse and cause over weight, round shoulders, general run down condition or any of various other more or less serious ailments. Correct exercise—"physical culture"—cures these troubles. Those who were in the U. S. Army know how to exercise the way we should. Those who were not can learn easily. Everyone will find exercising a genuine pleasure if it is done the Walter Camp way—to cheerful, catchy music.

Walter Camp is an authority on athletics and physical culture. He is best known in connection with football, although those who take an especial interest in sports recognize him as perhaps the foremost expert in the world in many other branches of athletics. He is the man whose choice of an "All American" football team is awaited eagerly every year by followers of the great college game. We believe he is one of the best qualified men in America to instruct you in your "setting up" exercises and therefore we offer his course rather than the course of any other physical director.

The "Daily Dozen" are 12 simple movements so efficient, so rousing, so soundly invigorating that by going through them in the morning, you feel better every minute of the day. Health disturbances are corrected—you lose excess flesh if you are overweight, you gain weight if too thin. Indigestion and a host of other minor ills avoided or remedied. And yet it takes only a few minutes to go through the whole 12 exercises and when you do it to music, with a voice on the record giving the commands, these few minutes become a most pleasant and fascinating part of the day.

Set consists of 6 double faced 10-inch records in handsome leatherette bound album with gilt lettering, 12 handsome charts with more than 60 actual photographs showing the exact position to take at each command of the voice on the record, a special physiological diagram and complete directions. Shipping weight, 7 pounds.

Violin Outfits - Big Savings

The violins shown on this page are modelled after the finest instruments ever produced. Each instrument is a faithful reproduction in shape and construction of the product of the master maker whose name it bears. Moreover, you will find that, in spite of our very low prices, these violins are wonderfully full and rich in tone. We guarantee them to please you.

How to Judge a Violin
Making a violin is much like painting a picture. The colors, oils and canvas used in a masterpiece of art cost no more than those in the most ordinary picture.

Similarly, the difference in violins lies in their degree of final perfection. Two violins may be exactly alike in every detail except tone quality, but the one which excels in this point is worth far more than the other which lacks its ability to produce beautiful music.

All Ward's Violins Are Imported

The materials in all Ward's Violins are of the best. They all are carefully made. The tone of each is far better than the tone of others bought at the same price. Those for which we ask more, naturally surpass the others in tone quality.

Our Lowest Priced Violin

The tone of this Violin is truly wonderful when you consider the remarkably low price. Those who hear it are agreeably surprised.

Spruce back. Full lined shell. Reddish brown, slightly shaded to amber. Maple neck. Ebonized fingerboard, tailpiece and pegs. We include with violin a Brazil wood bow with genuine ebony frog, pearl slide and pearl eye; one set of strings; rosin; fingerboard chart; instruction book and fancy paper covered pasteboard box. Shipping weight, 5 pounds.

551 C 807—Full size.....\$5.25
551 C 808—¾ size, for children.....5.25

Stradivarius Model Priced Low

This copy of the genuine world famous Stradivarius Violin is one of our finest low price violins—far above ordinary violins in tone quality. Two-piece maple back with sides to match. Selected spruce top. Hard maple neck. Reddish brown shaded to amber. Ebonized fingerboard, tailpiece and pegs. Complete with Brazil wood bow having ebony frog, pearl slide and pearl eye; one set of gut strings; rosin; fingerboard chart; instruction book and pasteboard box covered with fancy paper. Shipping weight, 5 pounds.

551 C 809.....\$10.50

Concert Strad Violin

\$18⁶⁵

The tone of this Violin—pure and sweet with rich, full volume—is evidence of the sterling worth of Ward's musical instruments.

Back and sides are attractively grained maple. Spruce top. Full lined shell. Amber brown color, end shading "Concert Violin Strad" stamped on back. Dull finish, ebony pegs. Bridge with ebony insert. Steel E string with silk bridge protector, to set on bridge. Complete with full lined bow having pearl slide and full leather grip; tuner; chin rest; rosin; fingerboard chart; instruction book and felt lined imitation leather case with heavy handle, trunk clasps and outside lock. Shipping weight, 7 pounds.

551 C 811.....\$18.65

Specially Priced Outfit

\$14⁹⁵

The excellent tone and construction of this violin will appeal strongly to the student, particularly at the low price we ask. A complete outfit is offered for less than you would usually pay for the violin alone. This is the "Stainer" Model.

Back and sides are beautiful flamed (grained) maple, carefully matched. Name "Stainer" stamped on back. Spruce top. Golden brown center shaded. Full lined shell. Ebony fingerboard and tailpiece. Ebonized pegs. Complete with Brazil wood bow, full lined, stamped "Grimm Berlin," full leather grip, beveled, pearl eye and pearl slide; tuner; chin rest; gut strings; rosin; fingerboard chart; instruction book and shaped, imitation leather case, bow holder, flat handle and hook fasteners. Shipping weight, 7 pounds.

551 C 810.....\$14.95

Guarnerius Model Violin

\$23⁵⁰

A copy of the genuine Guarnerius Violin—a favorite model with many violinists of exceptional ability. The tone is wonderfully sweet, the volume full.

Back and sides, attractively grained maple. Spruce top. Full lined shell. Golden brown, center shading. Highly polished. Narrow model, ebony tailpiece. Dull finish, ebony pegs. Bridge with ebony insert. Silvered wire "E" string with silk bridge protector, to set on bridge. Complete with Brazil wood, Lupot model, octagon bow with full mounted frog, pearl slide, pearl eye and full leather beveled grip; tuner; chin rest; rosin; fingerboard chart; "Most Popular Violin Pieces" and full felt lined, imitation leather case with fancy cord around inside edge of lid. Shipping weight, 7 pounds.

551 C 812.....\$23.50

Antonio Stradivarius Model

\$28⁴⁵

A genuine handmade copy of the famous Antonio Stradivarius Violin. No one who knows violins need be told that there is no comparison between handmade and other violins. Great violinists would never even think of using any but the former.

In offering you this genuine handmade instrument at a price so low, we are accomplishing something few others ever have attempted. A price so low for a quality so high is rare, indeed.

Rich briar brown finish. Transparent varnish shows beauty of grain. Maple back. Spruce top. Ebony pegs and fingerboard. Ebony tailpiece, fluted.

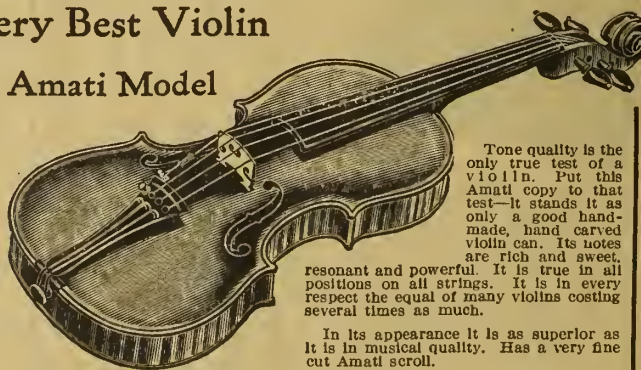

Shipping weight, 7 pounds.
551 C 813.....\$28.45

Our Very Best Violin

\$34⁷⁵ Amati Model

Selected flamed (grained) maple back with fine, transparent brown varnish which brings out the beauty of the grain. Fine old spruce top. Best ebony pegs with gold mountings. Ebony fluted tailpiece. Ebony fingerboard. Highly polished. Shipping weight, 7 pounds.

551 C 814.....\$34.75

Tone quality is the only true test of a violin. But this Amati copy to that test—it stands it as only a good handmade, hand carved violin can. Its notes are rich and sweet, resonant and powerful. It is true in all positions on all strings. It is in every respect the equal of many violins costing several times as much.

In its appearance it is as superior as it is in musical quality. Has a very fine cut Amati scroll.

Splendid Violin Bows in Many Models and at Prices to Please All

Ward's Concertone String Instruments

Banjo Mandolin
The pleasing melodies of popular songs and dances are at their best in the brilliant tones of this instrument. Tuned and played like a mandolin, it has the well liked banjo tone. Has 11-inch bird's-eye maple rim, finished in natural color; 20 nickel plated hexagon brackets; nickel plated straining hoop, patent heads and tail piece. Birch neck, natural finish. Ebonyized fingerboard. White calfskin head. Instruction book included. Shipping weight, 10 pounds.
551 C 828.....\$9.89

5-String Wood Rim Banjo
Five-string Banjo; 11-inch wood rim, dark cherry color; 12 nickel plated brackets; nickel plated straining hoop and tail piece; 20 nickel plated brackets. Birch neck, 3 pearl position dots. Celluloid pegs. Calfskin head. For Solo work and vocal accompaniment. It has no rival. Instruction book included. Shipping weight, 10 pounds.
551 C 830.....\$4.95

Bird's-Eye Maple Rim Banjo
Five-string Banjo; 11-inch bird's-eye maple rim; nickel plated straining hoop and tail piece; 20 nickel plated brackets. Birch neck. Champion "Never-slip" Ebonyized finger-board pegs. Calfskin head. The regulation Banjo is a necessity in every Guit and Mandolin Club. Instruction book. Ship. wt., 10 lbs.
551 C 831.....\$9.75

Tenor Banjo Maple Rim
The Banjo gives life to any party. The one who plays it, usually, is greatly in demand everywhere. This Tenor Banjo has four strings, tuned as follows: First, A, second, D; third, G; fourth, C. Has 11-inch, natural finish, bird's-eye maple rim. Nickel plated straining hoop and tail piece, 20 nickel plated hexagon brackets. Natural finish, birch neck. Champion "Never-slip" pegs. Ebonyized fingerboard. Pearl position dots. Instruction book included. Shipping weight, 10 pounds.
551 C 829.....\$9.98

Our Lowest Priced Ukulele
The sweetly appealing tones of the Ukulele won the favor of millions almost immediately upon its introduction into the United States. This was not only because its notes are so pleasing but also because the instrument is so easy to play. Almost anyone who likes music can learn it with but little effort. It is, we believe, the simplest of all string instruments. This Ukulele has a fine birch body with black rings around sound hole, hand shaped neck, white celluloid binding around top edge and is finished in deep cherry color. Instruction book included. Shipping weight, 3 pounds.
551 C 833.....\$1.79

6-String Hawaiian Guitar
The true Hawaiian tone in all its plainness is found in this genuine Hawaiian guitar when played the Hawaiian way, held across the lap or placed upon a table. Then, instead of fingering the keyboard, the player slides a steel bar up and down upon it. By removing an extension nut, the guitar may be played in the regular way. Fine figured back and sides. Spruce top. Basswood neck. Celluloid bound ebonyized fingerboard. Colored cut block inlay around sound hole and top edge. White celluloid binding around top edge. Rich natural wood finish. Six strings. Nickel plated tailpiece and patent head. Hawaiian guitar steel, set of picks and instruction book included. Shipping weight, 17 pounds.
551 C 832.....\$8.35

Beautiful Mahogany Ukulele
Wherever people gather to have a good time the one who plays the Ukulele usually is a favorite. You too may entertain yourself and your friends by accompanying upon the ukulele the songs all like to sing. Genuine Mahogany body, solid Mahogany neck and patent brass pegs. Natural Mahogany finish. Beautiful Hawaiian block inlay around sound hole, top edge and up through center of fingerboard and head as shown. Instruction book included. Shipping weight, 3 pounds.
551 C 834.....\$3.98

Genuine Koa Wood Ukulele
The Ukulele above is made of the best quantity imported Koa Wood—a product of Hawaii, the birthplace of the ukulele. Even experienced players are surprised at the great improvement in tone this makes. The beauty of the wood is brought into rich relief by the handsome black and white inlay around sound hole and front and back edges. Patent brass pegs. Violin gut strings. Koa wood bridge. Instruction book included. Ship. weight, 3 pounds.
551 C 836.....\$6.25

Ukulele Banjo
The Ukulele Banjo is one of the most delightful instruments. The brilliance and finish of its notes are a pleasant surprise. Has 7-inch bird's-eye maple shell, birch neck and rosewood fingerboard. Nickel plated straining hoop and tailpiece; 12 nickel plated hexagon brackets. Patent pegs; 3 pearl position dots. White calfskin head. Instruction book and wrench for brackets included. Shipping weight, 7 pounds.
551 C 835.....\$5.95

Concertone Flat Back Mandolin
The vibrant tones of this Flat Back Mandolin win friends wherever heard. Birch back and sides. Spruce top. Basswood neck. Ebonyized fingerboard. Black and white inlay around sound hole and top edge. Mahogany finish. Tortoise celluloid guard plate. Shell metal tailpiece. Patent heads. Instruction book included. Shipping weight, 5 pounds.
551 C 837.....\$3.98

Attractive Bowl Mandolin
Some music never sounds its best until played on the Mandolin—dance music especially, and many popular songs. Nearly all music is delightful when played on this instrument. Learn the mandolin—it seldom takes long—and play the new music. You will be surprised, we are sure, how well this instrument brings out the beauty of it—increases its catchiness. Popular songs and dance hits become even more popular. Nine figured hardwood ribs. Hardwood top. Basswood neck. Ebonyized fingerboard. Black celluloid binding around top edge. Fancy guard plate. Instruction book included. Shipping weight, 5 pounds.
551 C 839.....\$4.25

Our Lowest Priced Guitar
Through all the years the soft and sweet strumming of the Guitar never has lost its popularity. Yet the guitar is easy to play. Koa Wood finish, birch top, back and sides. Polished metal tail piece and patent heads. Steel strings. Instruction book included. Shipping weight, 10 pounds.
551 C 838.....\$3.29

Genuine Rosewood Mandolin
The sharply brilliant and clearly defined tones of this Mandolin are superior to the notes of most other mandolins because of the quality of the materials and the unusual care used in building it. We are proud of it and are certain you too will be. Sixteen genuine Rosewood ribs with inlaid white lines between. Mahogany finished neck with counterstank and covered patent machine heads. Large Tortoise Celluloid side guard plate. Colored block inlay around top and edge. Instruction book, 5 pounds.
551 C 841.....\$9.95

Rosewood Guitar
Love songs, the dreamy rhythm of waltzes, the soft, sweet strains of serenades—much of what is most beautiful in music, must be played on the Guitar to be heard in all its beauty. Of all instruments, perhaps, most memories and most romance is associated with this. And it is one of the easiest to play. Birch back and sides. Vertical grained spruce top. Two wide rows of white and black cut block inlay, with pink between, around sound hole and top edge, which also are bound with white celluloid. Hand carved basswood neck. Ebonyized bridge. Instruction book included. Shipping weight, 3 pounds.
551 C 840.....\$5.65

**The beautiful appearance and truly magnificent tone of this Guitar prove beyond question that Ward's not only sell instruments at lower prices than others but also offer their customers better quality than is found elsewhere. Genuine Mahogany back and sides. Spruce top. Imitation pearl and cut block inlay and celluloid binding around sound hole and top edge. Pearl inlaid fingerboard. Beautiful natural finish. Ebonyized pin bridge. Patent heads. Steel strings. Instruction book. Shipping weight, 14 pounds.
551 C 842.....\$9.85**

Ward's Concertone Band Instruments

All Concertone Band Instruments Have Pearl Keys

Ward's Concertone Band Instruments

Concertone Band Instruments combine utmost quality with pleasingly low prices. We have insisted firmly that the manufacturers—who are among the largest in the world—pay close attention to the little details which insure your pride and satisfaction. The popularity of Ward's Band Instruments is the result. Sales for the past 6 months were so great we had difficulty in supplying the demand.

Minor improvements have since been added—although there was but little room for improvement. But now even our lowest priced cornets, for example, have pearl keys. In addition, they have quick change to the A slide and light action, short piston type valves. Our upright horns are of the new short model—easy to handle and attractive in design.

Concertone Instruments may be had in three regular finishes: brass, nickel plated or satin-silver with gold plated bell. The nickel and satin silver instruments require from 10 days to 2 weeks to plate after your order reaches us.

"Concertone" Combination Trio Cornet Three Cornets in One

Our new long shankless "Concertone" Trio Model has combination in C, Bb and A, which adapts the instrument to use with Band, Orchestra, Church Choir or Piano. The tone is clear, pure and strong. Superior workmanship; best material; well braced and light valve action insures easy playing. Has the latest improved boxed valve springs, which eliminate clogging or sticking of valves while playing. Is accurate in tone, pitch and scale. Has three water keys, pearl buttons, and is furnished with extra set of slides to use when playing in low pitch, two nickel silver mouthpieces, each of a different bore. Music rack. Elaborately engraved. Length, 14½ inches. Width, 5 inches. Shipping weight, 8 pounds.

551 C 630—Brass.....\$25.75
551 C 631—Nickel Plated.....\$27.25
551 C 632—Silver Plated, Satin Finish, Gold Plated Bell.....\$34.75

"Concertone" Bb Trumpet

High pitch with low pitch slide which may be set by adjustable sliding rod. Has quick change slide to A. Medium bore and bell. One water key. Nickel silver mouthpiece. Music rack. Light action, short piston type valve with pearl buttons. Length, 20½ inches. Bell, 4¾ inches. Shipping weight, 5 pounds.

551 C 626—Brass.....\$19.95
551 C 627—Nickel Plated.....\$21.75
551 C 628—Silver Plated, Satin Finish, with Gold Plated Bell.....\$29.95

"Concertone" Professional Bb Cornet

Long Model: the springs are boxed and arranged to prevent clogging or sticking; extra slide for low pitch; adjustable sliding rod for quick change to "A"; two water keys, pearl buttons; nickel silver mouthpiece; music rack; neatly engraved bell. Length, 16 inches; width, 6½ inches. Bell, 4¾ inches. Shipping weight, 6 pounds.

551 C 601—Brass.....\$20.95
551 C 602—Nickel Plated.....\$22.45

It requires from 10 days to 2 weeks to plate the instruments shown above. Allow for this when ordering

Italian Model

4 Sets Genuine Steel Reeds

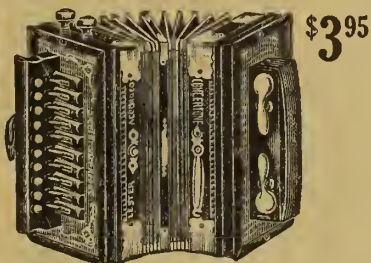

An important feature of the Nicolo Salanti Stradella Model of the Italian Model is the thumb screw which enables the player to make the bellows airtight by a simple turn.

Experienced players will realize at once the importance of this. It assures perfect satisfaction in playing.

Has 21 pearl keys; 12 basses; 4 sets of hand made steel reeds on separate lead plates. Bellows, 18, extra deep fold, leather covered, round Stradella model corner protectors. Rosewood finish frames, edges Italian mosaic inlaid. Bass keys on Liberty silver plate. Cowhide shoulder strap. Felt lined wood case, imitation leather covered. Nickel trunk clasps. Handle, Lock, Key. Shipping weight, 20 pounds.

551 C 857.....\$18.95

Concertone Accordions

To satisfy those who wish an Accordion at a very low price we offer this extremely handsome instrument with the feeling that it will satisfy you completely in tone, volume and appearance.

Has 10 keys; 2 long spoon basses; 10 fold, deep bellows with heavy middle partition and nickel corner protectors. Enameled, mahogany finish panels. Enameled, ebonized moldings, keyboard and two wood stops. Extra wide, hand made, steel bronze reeds. Size, 10½ by 5½ inches. Shipping weight, 5 pounds.

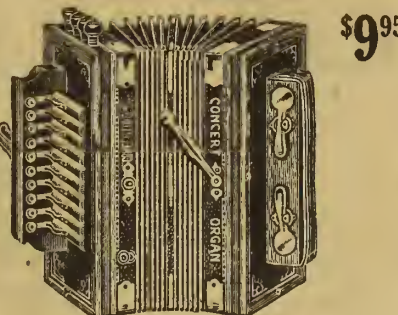

551 C 851.....\$3.95

Many accordion players who prefer the Italian models have waited long for a good Accordion of this type at a low price. We believe the one offered here is certain to satisfy them for it leaves little or nothing to be desired in quality of tone, beauty of appearance or accuracy of workmanship.

It has 10 keys, 4 basses, metal valves and 2 sets of hand made, extra broad, steel bronze reeds. Rosewood finish with fancy white enameled, pressed borders and Oak finish panels with elaborate scroll design give it its handsome appearance. Extra deep bellows, 14 fold, leather cloth covered. Patent thumb screws tightening bellows frame. Size, 10 by 5½ inches. Shipping weight, 5 pounds.

551 C 855.....\$5.65

Suited for professional work because of its exceptionally fine qualities.

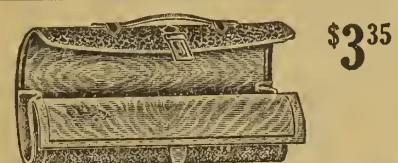

Has 10 keys, 2 long bass keys, extra long gilt valves fastened with screws instead of nails and 4 sets of hand made, extra broad, steel bronze reeds. Flat professional action; 4 enameled wooden stops. Extra deep fold bellows, 12 folds, with heavy middle partition. Octave tuning. Ebonized enamel woodwork, fancy gilt embossings. Size, 12½ by 7 inches. Shipping weight, 7 pounds.

551 C 854.....\$9.95

Whale grain, genuine leather Music Roll with leather strap and handle securely sewed in place. Its design is one which has proved itself most practical for many years, holding music securely. Shipping weight, 1 pound.

\$2.50

A most remarkable opportunity to save money. The Music Case shown above is an unusual value at the price. And you not only save on its low first cost and on the years of good service it will give, but you also save wear on expensive sheet music for it holds music securely and neatly without folding or creasing.

Suitable for business use as well. Walrus grain imitation leather. Cowhide straps. Bound edges. Handles to match. Satin lined. Closed by strap and buckle. Shipping weight, 3 pounds.

51 C 690.....\$2.50

2 Stops—2 Sets Reeds

An Accordion of unusually organ-like tone qualities at a very reasonable price on two enameled wooden stops. Triple bellows, 9 fold, with 2 heavy middle partitions. Two sets of hand made, extra broad, steel bronze reeds. An attractive appearance is given by its ebonized panels and frames with their fancy gilt embossing. Size, 12 by 6 inches. Shipping weight, 5 pounds.

551 C 852.....\$4.95

Music Roll—Of imitation leather seal grained. Bound edges. Cambric lined. Cowhide straps and handle. Nickel buckle and loop. Shipping weight, 7 ounces.

Ward's Junior Grand

\$35.00

Let Your Child Say, "My Piano!"

A REAL piano that your child may have for its very own. It makes all the difference in the world if the child may say, "My piano" and may feel the sense of ownership that is so strong in children. This miniature piano with four full octaves is not just a toy to give pleasure—it is a practical method, a common sense way of bringing the joys of music into your child's life. And there are few greater gifts you can bring to your child than this.

Your Child's Piano Lessons

A famous musician used to advise his friends to start their children's music lessons at an early age in order to be assured of the most satisfactory results. Just think what pleasure it will give your little son or daughter to possess a piano which is all his or her own. If you ever have found it difficult to induce your children to practice, you will realize how important it is that you awaken and hold their interest with a piano of their very own, even though you now may have a big piano.

Our Junior Grand—Built Like a Large Piano

Here is the ideal piano for your children. Not a toy, but of firm construction, built on the lines of a large piano with double strings in the bass, accurate scale, regular size keys and full, rich tone. Antique brown mahogany-finished case. Music rack holds music just as on a large piano. Measures 34 1/4 inches from front to back and 32 1/4 inches wide. The four-octave keyboard is 29 1/2 inches from the floor. And the price—only \$35.00.

Children Use Only Four Octaves in Learning the Piano

In fact, only difficult selections cover a wider range of keys and grown-ups may play this piano with practically as much enjoyment as though playing a piano of ordinary size.

Piano Bench with Adjustable Foot Rest

Children do not play comfortably when perched on a high piano bench, unable to put their feet on the floor. They soon get restless and their attention wanders. With this adjustable foot rest bench children of different ages can play the instrument in comfort.

Satisfaction Guaranteed or Your Money Back

Order a Junior Grand today. If it does not more than meet your expectations, send it back. We will refund your money, plus any transportation charges you have paid—promptly, cheerfully and without argument.

Specifications

Length, 34 1/4 inches; width, 32 1/4 inches; height, 32 inches. Four octaves. Double strings in treble. Double wound steel strings in the bass. Well balanced scale. Mahogany finish. Music rack shown in picture holds music just as on big pianos. Shipping weight, piano 110 pounds, bench 15 pounds.

Neverleak Brand

Sanitary Rubber Goods—Not Returnable

Standard Brand

When you order Rubber Goods from Ward's, you may be absolutely certain that you will receive only fresh, new goods which never have been handled except in the process of manufacture. You are thoroughly protected from any risk in this way because of our strictly enforced rule against the return or exchange of any rubber goods.

Combination Hot Water Syringe Bottle

Neverleak Brand rubber goods compare favorably with rubber goods very much higher in price. Good quality and low price are the two outstanding Neverleak features.

Each of the three pieces pictured above is molded in one piece of new, live, red rubber. The screw socket in the neck of the water bottle is finely cemented and leakproof. Shipping weight, each, 2 1/2 pounds.

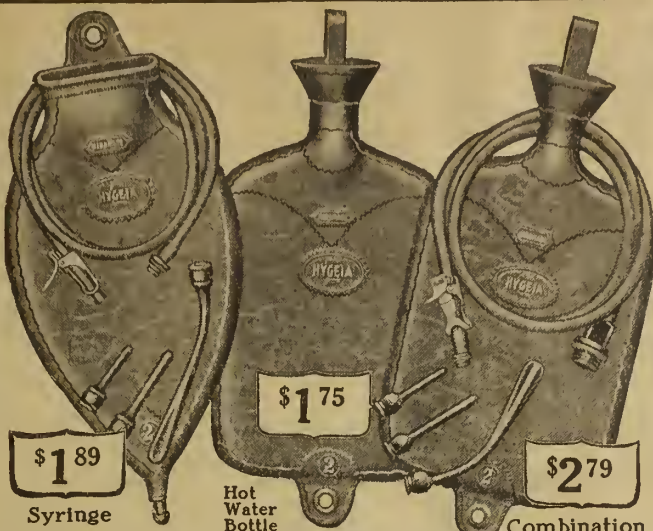

53 C 5003—Hot Water Bottle, No. 2 size (1 1/4 qts.) \$1.27
53 C 5030—Fountain Syringe, No. 2 size (1 1/4 qts.) 1.33

Hot Water Bottle

Syringe

Wardgrade Brand Molded in One Piece

Molded into one piece, without seams, binding, patches or splices. Even the socket, into which the stopper screws is molded into the rubber and the neck of the Wardgrade bottle is reinforced to take care of the strain which comes at this point. Many other hot water bottles are made of several pieces of rubber cemented together with binding.

Only scientifically treated live Para red rubber, which is soft and pliable and will not harden or crack is used in the manufacture of Wardgrade Hot Water Bottles, Syringes and Combinations. The minute you feel this bag you will recognize the quality we have put into it.

Our prices are lower than those at which many inferior rubber goods are sold.

Portable Shower Bath

For Homes without Bath Rooms

No plumbing or running water needed. A perfect Shower Bath—in any home—anywhere. The quick, sanitary way of bathing.

Fill any ordinary bucket with water of the desired temperature and hang it on the hook supplied with the outfit.

Place end of rubber tubing in bucket and press the bulb. This starts the flow which continues until bucket is empty or until you use the shut-off clamp on tubing. To start the flow again release the clamp and press the bulb.

In addition to the metal spray nozzle the outfit is equipped with a metal holder and rubber back brush. Hollow teeth in the rubber brush permit the flow of water through them. Pail and tub not included. Shipping weight, 3 1/2 pounds.

53 C 5093..... \$3.10

Ventilator Mesh Cloth Shoulder Brace

All the pure air on earth will not give the lungs the necessary oxygen if shoulders are in a stooped, cramped position. A well fitting brace will correct such conditions.

Brace is made of white ventilated mesh cloth, light in weight and cool for summer wear. Several couplings take the strain up the strap and prevent stretching. Four covered flexible stays fit closely between the shoulders and form perfect back support.

The self-adjusting back laces adjust the brace to the body by a slight pull of the straps. State measurement around the body close up under the arm. Shipping weight, 1 pound.

53 C 6183.....	\$1.55
----------------	--------

Spinal Shoulder Brace

Any one, no matter how old or young, can wear this brace and will find that it gradually corrects narrow or round shoulders. This is of great importance to young people when the bones are developing and hardening.

Made of gray ventilated mesh cloth with leather tip tempered steel cloth covered stays. Non-elastic web belt; held in position by regular suspender like ends.

Made in even sizes, 12 to 20-inch backs. Ship. wt., each, 3/4 lb. State measure from point A to B, as indicated in illustration.

53 C 6106—Women's Brace.....	\$1.35

How to Measure for Trusses

Read This Before Ordering Trusses

Consult your physician. He is best able to tell you the exact style needed in your particular case. It is a good idea to show him the illustrations on this page and let him help you make your selection. In this way you are absolutely sure of getting just what you require. If possible, have him measure you, also.

Measure full circumference of body in line with rupture, or about 2 inches below the top of hip bone. Avoid the fullness of the abdomen. The tape measure should lie straight across the back at the waist line, and a downward to the place of rupture.

All trusses are carried in even sizes: 30 to 44-inch measurement for adults; 14 to 28-inch for children. Odd sizes will be filled with the next even larger size. Larger sizes at an additional cost of 20¢.

Important: Never order a truss for a child without first consulting your physician. A child is constantly growing and changing in shape and must, therefore, have different style or size every time a new truss is needed.

Suspensories

Light and comfortable. Sack made of soft webbing. All edges securely bound. Straps to hold it in position. Medium or large size. Ship. wt., each, 4 oz. State size wanted

Corrective Shoulder Brace

For Men, Women and Children

This Shoulder Brace tends to improve your general health by encouraging deeper and full breathing. Compels an upright, erect carriage—head up, shoulders back, whether you are walking, sitting or standing. This expands the lungs and helps overcome any form of ill health caused by incorrect breathing. Does these things as they should be done—naturally, easily and so comfortably that you are scarcely conscious of it. Sizes 24 to 42 inches. Be sure to state your chest measure when ordering. Ship. wt., 1 lb.

53 C 6112.....	\$1.45
----------------	--------

Comfortable Abdominal Supporter

A garment which will support the back and abdomen, reduce the hips and do much to overcome excessive fatigue, and help to build up your general health. A body correcting belt. Made especially for wear during the summer months. Light, cool, no lacing—fastens in front by white celluloid covered buttons, adjusted by means of belt straps which are connected to side lacing. It is made of a fabric which is especially intended for such purposes, and is not only very strong and long wearing, and yet so light that you will hardly realize that you are wearing it. Washable and sanitary. Waist measure, 24 to 48 inches. State measure around largest part of abdomen. Shipping weight, 1 pound.

53 C 6110.....	\$1.89
----------------	--------

Abdominal and Uterine Supporter

A very serviceable appliance designed to support weak abdomens and failing wombs. Elastic side straps. Hard rubber cup pessary held in position by rubber tubing. When ordering, state measurement around largest part of abdomen. Shipping weight, 1 1/2 pounds.

Elastic Trusses

Single Double

New York Elastic Truss

A Truss good for mild or small rupture. Designed to give the greatest possible amount of comfort to the wearer. Fine quality elastic belt with elastic understrap. All metal parts are nickel plated. Trunk piece is a stout piece of leather to which the egg shape pads are attached. Made for single or double rupture. Can be used for either right or left rupture simply by reversing the understrap.

This is an inexpensive truss which has gained great popularity because of its genuine worth. You will find it well fitting, comfortable and long wearing. Be sure, when ordering that you follow the instructions at the left exactly. Shipping weight, each, 1 pound.

Abdominal and Hip Reducer

This style opens in the front, has a seven and one-half inch front clasp and regular corset fastening. Laced back allows for adjustment; with the aid of the uplift strap the garment will fit snugly around the hips and abdomen. The hose supporters are fastened by Faust patented feature, which makes it practically impossible to tear off. Length of front, 15 1/2 inches; back, 18 1/2 inches. Take your waist measure over the corset you are now wearing. Garment is made with three-inch opening at lacing for future adjustment. Ship. wt., 1 pound.

53 C 6108.....	\$3.45
----------------	--------

Abdominal Supporter

Present day styles with slender figures and closely fitting garments necessitates the use of an abdominal garment. Golf, tennis, running—in fact, any activity that calls for strenuous movement of the body at unexpected moments, makes an abdominal supporter a necessity.

This Supporter is made of ventilated mesh cloth with corset front clasp which allows garment to be quickly put on or taken off without changing the adjustment.

The slide adjustment and uplift strap make it fit the curve of the abdomen perfectly. State measurement over garment around largest part of abdomen. Shipping weight, 1 pound.

Adjustable Back Chair

Has a comfortable, adjustable reclining back, comfortable arm rests and leg support. Seat and back are both of durable veener perforated to insure proper ventilation. Wheels have hand rims so placed that the occupant can readily propel the chair in any direction.

Height of back from seat is 29½ inches; height of seat from floor, 20 inches; height of seat from footrest, 17 inches; width of seat between arms, 17 inches. Diameter of small wheel, 17 inches; diameter of large wheels, 28 inches; width, over all 27 inches. Is shipped taken apart, and is easily and quickly set up on arrival. Shipping weight, crated, about 95 pounds.

253 C 9062—With oval steel rim wheels. Each.....\$22.00
253 C 9064—With ¾-inch rubber tires. Each.....\$26.65

Special Information

Read Before Ordering

Only the best materials are used in the manufacture of these stockings. Hand woven from rubber covered threads interwoven either with silk or with the finest grade of cotton. Extremely durable if given proper care.

Elastic stockings should never be exposed to anything greasy, such as ointments or liniments, as this affects the rubber. Wash only in luke warm suds, using castile soap. Thoroughly rinse and dry between towels in a moderately warm room.

To make the elastic stockings and leggings properly, 5 to 8 days are required and this time should be allowed when ordering. Since they are made according to the measurements you give, they have no value to anybody with different measurements and therefore cannot be returned.

Woven elastic garments are especially desirable in the treatment of varicose veins—for preventing rupture of veins. Frequently used to protect healing broken limbs after cast has been removed.

Take measurements immediately after rising when the limb is not swollen. The tape measure should be applied closely to the skin—give snug measurements, but do not draw tape so tight that it binds.

Seamless Elastic Goods

For some time Seamless Elastic Goods have been made by only a few manufacturers. This limited the number of people who could obtain these superior comfortable goods. We have arranged to supply Seamless Elastic Goods to our customers who wish them. Made of Silk Woven Elastic material.

Take measurements the same as seamless elastic goods listed on this page.

Stock Tonics

You have enough money invested in our stock to make it well worth while to protect your investment. Powdered charcoal is an excellent conditioner for stock and will keep it healthy.

In order to make your poultry a real profit-making investment, be sure that its health is as good as possible. Crushed Charcoal is in every way a satisfactory conditioner for poultry as the powdered form is for stock.

Recommended as one of the best worm treatments for stock. Also used as a ueruo tonic with very good results. It is given to the stock by mixing it with the food.

Many successful stock owners are constant buyers of Copperas for their stock. It is a strengthening iron tonic of great aid in keeping stock healthy.

Dependable laxative for horses and cattle.

Used as a bowel regulator for live stock.

Make certain that your stock will weigh as much as possible when sold. Ground Flax seed is fattening to live stock.

Nux Vomica is recognized as one of the best general tonics, stimulants, and appetizers known. Montgomery Ward and Company sell only finest and purest grade available for the purpose.

Every stock man knows the value of healthy blood in his stock. Sulphur is one of the best blood-purifiers and is widely used everywhere.

Many stock tonics are made with Linseed Oil Meal. The reason is that Linseed Oil Meal is rich in protein, the ingredient which makes fat and builds your cattle. Be sure to use some in your stock tonics.

Powdered Foenuigreek is an excellent tonic, huller and stimulant. It acts quickly in toning up run-down stock. Stockmen agree that its healthful qualities and low price make it practical as a tonic.

Many all-ments of stock may be traced directly to stomach disorders. Powdered Glauber Salts do excellent work in cleaning out the bowels and keeping them in order. Use it in your stock tonics.

Insecticides

Paris Green
Not available
The best grade and purest commercial quality Paris Green available. Made of the most reliable ingredients which meets all the requirements of the Insecticide Board at Washington, D.C.

553 C 7145—1 pound. Shipping weight, 1 1/2 pounds. \$2.65
553 C 7146—5 pounds. Shipping weight, 5 1/2 pounds. \$1.45
553 C 7147—14 pounds. Shipping weight, 17 pounds. \$3.95
553 C 7148—28 pounds. Shipping weight, 32 pounds. \$7.75

Used to open the milk canals of hard milkers. Nickel plated. Shipping weight, 1 ounce.

553 C 7306. \$2.14

Lead Teat Plug
Self retaining. Length, about 1 inch. Shipping weight, 1 ounce.

553 C 7308. \$2.14

Pilgrim Medicated Salt
"An ounce of prevention is worth a pound of cure" in stock raising as well as in everything else. It is far better to keep your stock in healthy condition than it is to cure them after they are sick and run-down. It is a strengthening tonic and careful stock raisers always keep an eye on the profits.

Put your stock into first class condition and then keep them there by feeding them Pilgrim's Medicated Salt. This will supply them with the ingredients necessary to their health and growth—ingredients often missing from their regular feed. Contains Sodium Chloride, Copperas, Charcoal, Gentian, Fenugreek, Nux Vomica, Worm Seed, and Aroco Nuts.

553 C 7150—25 pounds. Shipping weight, 30 pounds. \$1.89
553 C 7151—50 pounds. Shipping weight, 60 pounds. \$3.00
553 C 7152—100 pounds. Shipping weight, 120 pounds. \$5.35

Salt Brick
More salt is required by horses, cattle and sheep than they ordinarily receive in their food. Bitterlick is a scientific combination of pure concentrated drugs, linseed and salt compressed into brick form, which eliminates all waste in feeding and assuring complete assimilation into the system.

It is recommended by some of the wisest stockmen as a tonic vermifuge, blood purifier and colic preventive. The best method of using the brick is to place it in the metal holder and fix it at a convenient height in the stall. Shipping weight, bricks or holders, each, 1 pound.

553 C 7000—3 bricks. \$57¢
553 C 7002—Metal Salt Brick Holders. 3 for. \$57¢

Standard Stock Remedies
Fleming's Actinorm, formerly called Fleming's Lung Cure, usually removes blemishes or bunches without scar.

553 C 7051—Fleming's Actinorm. Shipping weight 8 ounces. \$2.17

553 C 7028—Dr. Barber's Healing Ointment for horses and cattle, 4-ounce tube. Shipping weight, 4 ounces. \$39¢

Pure Pine Tar
Genuine North Carolina Pine Tar for coughs.

553 C 7016—One quart. Shipping weight, 3 pounds. \$32¢
553 C 7018—Half gallon. Shipping weight, 7 pounds. \$52¢
553 C 7020—One gallon. Shipping weight, 14 pounds. \$85¢

Diamond Hog Powder
Destroys worms prevents disease, builds bones, and produces flesh.

Contains roots, herbs, and minerals which promote growth. The cost of feeding it to a grown hog twice a day is about 1/4 cent. It may be mixed with any kind of hog food because the hogs are especially fond of it. Shipping weights, 6, 27 and 105 pounds.

553 C 7070—5 pounds. \$.59
553 C 7072—25 pounds. \$ 2.89
553 C 7073—100 pounds. \$ 9.59

Powdered Worm Seed
A very good treatment to rid cattle of the worms which keep them in a run-down condition. Has given best results when mixed with the regular feed. Shipping weight of one pound, 1 1/2 pounds; of five pounds, 6 pounds.

553 C 420—1 pound. \$.49
553 C 421—5 pounds. \$ 2.00

Hog and Sheep Worm Capsules
Hogs and sheep frequently have worms unless they are given proper treatment. Worms will prevent growth and fattening. The use of these capsules is an excellent method of ridding hogs and sheep of worms. They are approved by the United States Department of Agriculture. Each outfit consists of 50 capsules, Nickel plated baling gun and jaw spreader.

553 C 7415—Hog Worm Capsule Outfit. Complete with instruments shown. Shipping weight, 8 ounces. \$4.25
553 C 7416—Sheep Worm Capsule Outfit. Complete with instruments shown. Shipping weight, 8 ounces. \$4.25
553 C 7417—Fifty Hog Worm Capsules without instruments. Shipping weight, 3 ounces. \$2.35
553 C 7418—Fifty Sheep Worm Capsules without instruments. Shipping weight, 3 ounces. \$2.35

Blackleg Injector
Made in accordance with a method approved by the United States Government. Has given excellent results in the treatment of calves for blackleg, making the calf temporarily immune. Calves should be treated every four to six months. The outfit consists of one nickel plated single shot pellet injector, one vial of ten pellets, (enough for ten vaccinations), and complete set of instructions. Shipping weight, set, 8 ounces.

553 C 7433—Complete set. \$2.25
553 C 7434—Vial of ten pellets. Shipping weight, 2 ounces. \$.85¢

Fowler's Solution
(Not available)
A tonic of proven ability to increase the appetite of stock. This naturally causes them to put on flesh and gain in weight. It also strengthens them against disease.

553 C 124—One pint. Shipping weight, 3 pounds. \$24¢
553 C 125—One gallon. Shipping weight, 12 pounds. \$1.45

Fertilizers

Phosphate Rock
Corn belt soils need phosphorus. The best yield per acre is made possible by adding to the soil that element (Phosphate) which usually is lacking. The most inexpensive form in which to buy this element is Phosphate Rock.

Experimental stations highly endorse the use of it and it is easily applied. Larger returns per acre convince one of its big value.

Nitrate of Soda.
Nitrate of Soda is used as a top dressing for all soil. It is a very powerful plant food, and should be extensively used. For prices and information write for our Free Circular.

Stim-U-Plant
Gardeners, fruit growers, florists, farmers as well as the housewife growing pot soil or a garden will find an immediate need for this plant food which is higher in fertility than most commercial fertilizers.

No plants can slack as Stim-U-Plant acts. Directions on package. Shipping weights, per box, 8 and 40 lbs.

553 C 7044—Box of 100 tablets. \$7¢
553 C 7045—Box of 30 tablets. \$19¢

Veterinary Instruments

Hard Milker Outfit
A very handy outfit to have. Complete and ready for use. Shipping weight, 8 ounces.

553 C 7426—Outfit. \$2.35

Mouth Speculum
Most practical design made. Either side may be let down. Straps included with each speculum. Shipping weight, 7 1/2 pounds.

553 C 7422. \$7.85

Cattle Trocar
Two sheaths, aluminum handle. Length about 18 inches. Shipping weight, 1/2 pound.

553 C 7286. \$1.25

Disinfectants

Scabolin Dip
Not available
A Dip and Disinfectant for All Live Stock. Scabolin Dip and Disinfectant is an inexpensive healing, and non-irritating mixture recommended for making dipping solutions for stock.

One gallon of Scabolin Dip in seventy-three (73) gallons of water is strong enough for use in the dipping tank or sprayer.

It has been proven on many farms that the regular use of Scabolin Dip as a dip and as a spray for stables, hog pens, barn yards and chicken houses, greatly reduces the losses from contagious diseases.

This Dip can not be used with alkali water.

553 C 7062—1 gallon. Shipping weight, 10 pounds. \$1.35
553 C 7064—5 gallons. Shipping weight, 50 pounds. \$5.25
553 C 7063—10 gallons. Shipping weight, 90 pounds. \$9.85

Scabolin Fly Oil
Not available
Cows bothered by flies lose in weight, and give less and poorer quality milk. Cost of feeding is half lost if you fail to keep the flies away.

Spray with Scabolin Fly Oil and notice your cattle take on weight; notice how much more milk you get and how much richer it is. You will find milking easier, also, as a cow can stand still if not constantly bothered by flies. Constant stamping to chase flies is frequently a cause of lameness. Drive the flies away with Scabolin Fly Oil. It does the work. Shipping weight, per gallon, 12 pounds.

553 C 7100—1 gallon. \$.79

Chamois

The chamois, a very small mountain goat, now is extinct. So-called "chamois skins" are made today from the finest sheepskins, tanned and dressed by the French oil process, which allows them to be washed without losing their softness. We only sell the best grade; desirable because of its smooth, non-scratching texture and long wearing qualities.

It is one of the best polishing cloths known, and is used after washing automobiles, glass and all highly polished wood or metal surfaces. It brings out the luster to the best advantage.

Caution

Use only lukewarm water when washing chamois. Hot water will harden it. When chamois is very much soiled, use a little castile or other non-alkaline soap for suds; but do not apply soap direct to the chamois. Press the water out—do not wring. Dry slowly in a moderately warm room.

Untrimmed Chamois (Full Skin)

We have added to our already large line seven high-grade, nationally advertised brands—Coty, Melba, Mavis, LeTresor, June Rose, Jaccard and Violet. In addition we have our own high quality Wardgrade line. The Wardgrade preparations are excellent in every way, and we are able to offer them to you at remarkably low prices; not because they are inferior, but because we sell them direct to you with only one small profit added.

For Gifts—Ivorette

To give her Ivorette is to pay a rare tribute to her charm and loveliness. The beauty of Ivorette toilet and dresser pieces will appeal to her instantly, but even more will she be gladdened by the thoughtfulness which such a gift expresses. Ivorette pieces are made of the delicately grained, ivory tinted celluloid, formerly known as "French Ivory". Each piece is gracefully designed in a popular pattern and is a perfect gift in itself. Other pieces may be added at any time. Ivorette is as practical as it is beautiful. The smooth, creamy surface is delightfully easy to keep clean and will wear indefinitely. A constant, ever attractive reminder of your thoughtfulness.

We Mount Any Initial You Desire—FREE
Marked with the initial of the owner, Ivorette toilet and dresser pieces are doubly desirable. Any initial will be mounted on the larger pieces free of charge. The delicately tinted background may be had in blue, buff or green. State initial and color wanted.
Smaller pieces, such as manicure articles, salve jars, picture frames, cannot be marked successfully as the ivory surface is too narrow.

Round Bevel Plate Glass Mirrors—Plain Design
Heavy high grade Ivorette Mirrors. Initialed as illustrated. State initial wanted. Shipping weights, 1 1/2 and 2 pounds.

REDMANOL Pipes

The Perfect Mouthpiece

Redmanol is truly called the perfect mouthpiece. It has all the beauty of natural amber, with added strength. It is odorless, tasteless, and will not burn. The true amber substitute.

This fine looking Pipe is much more convenient than the ordinary pipe. It is designed in such a way that it does not tip when you set it down.

It is made entirely of Redmanol (transparent amber-like material). The top band and ferrule (stem band) are rolled gold, and the removable inside bowl is American meerschaum. Each pipe in a plush lined case.

Note—This pipe has been reduced from \$13.25 in 1920 to the very low price of today. 53 C 5540—Straight stem \$9.85
53 C 5541—Curved stem 9.85
Postage, 10¢ extra

Beautiful as Well as Serviceable

This is a remarkable value. French briar bowl, fancy chased gold top and hand, genuine Redmanol mouthpiece. Made with bent or straight stem. Length, 5 inches. Comes in plush lined case. Elegant in appearance. 53 C 5560—Bent stem \$2.59
53 C 5559—Straight stem 2.59
Postage, 5¢ extra

Premier Guaranteed Pipes in Felt Cases

One of the best Pipe values ever offered. Usually sells for \$5.00. Included with each pipe is a written guarantee to replace it at any time if it proves unsatisfactory. Genuine Italian briar bowl, hard rubber stem. Has aluminum cleaning attachment. 53 C 5542—Half bent stem \$3.35

"Santa has made me such a pretty outfit that I am sure most any little girl would be proud to own me. I am always as cheerful as I look in the picture. My dress is striped voile trimmed with hemstitching and a lace gimp. My white straw hat is faced with striped material and tiny rose buds. I wear braided trimmed underwear, white shoes and stockings. My bisque head has large sleeping eyes, with real eyelashes, teeth and a pretty curled mohair wig. My body is of papier mache, exceptionally well formed, and known as the genuine Waltershausen body. I am jointed at neck, hips, knees, shoulders, elbows and wrists. I am 20 1/2 inches high. Shipping weight, 4 1/2 pounds. Imported.

\$1 29
For pond or bath tub. Wind the spring by turning imitation smoke, adjust the rudder and the propeller will carry it off. Boat is 9 3/4 inches long, made of metal enameled red, white and buff color. Gilt ralls 3 1/2-inch flag-stuff. Imported. Shipping weight, 1 1/4 pounds.
48 C 4029.....\$1.29

79¢
Cuts through the water rapidly. The imitation smoke forms the windmill key. It has a strong spring, which operates a propeller. Adjustable rudder. Boat is made of metal, enameled red and light gray. Length, 7 3/4 inches. Imported. Shipping weight, 1 pound.
48 C 4028.....79¢

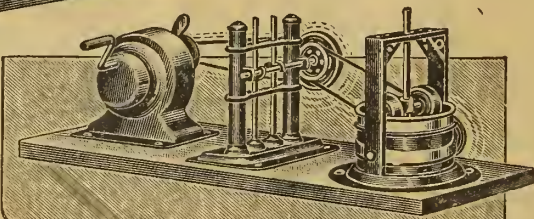

The "Little Giant" Motors Make These Workshops Fairly Hum
The hammers ring—machines whirr—when this mechanical workshop starts operation. Turn the crank a few times—push the control lever into gear and the workshop is being operated at top speed. Reverse the lever and all machines will stop. The powerful friction motor is practically self-operating; an occasional turn of the crank is all that is necessary.

79¢
The Little Wonder Power Workshop
Motor is 2 3/4 inches high and keeps trip hammer and automatic hammer working for a long time. Made of metal, lithographed in colors. Mounted on imitation mahogany base, size, 10 1/2 by 2 1/2 inches. Imported. Shipping weight, 1 1/4 pounds.
48 C 1012.....79¢

\$1 79
The Main Power Plant of Toyland
Wind the friction motor, set the clutch for action and immediately this power plant begins to work. This large set has a motor 3 3/4 inches high, trip hammer, rolling mill and automatic hammer. Made of metal lithographed in colors. Imitation mahogany base is 4 3/4 inches wide by 18 inches long. Imported. Shipping weight, 3 pounds.

Ward's Climax Farm Wagon

Giddap! Whoa, there! You'll have great fun with this honest to goodness farm wagon. Down the road you go in your own farm wagon, just like dad's. And it's big enough to carry things in the back. Nice roomy seat. The wheels turn so smoothly and easily that you will be just as happy playing horse as you will be sitting behind the buckboard. The tongue comes off and you can put on a set of shafts and let your dog or pet goat pull you. And in winter take off the wheels and put on sled runners for riding over the snow.

Seat, sides and ends are removable. Wagon body reinforced with angle iron; very strong and rigid. Diameter front wheels, 13 inches; rear wheels, 20 inches. Half-inch rims. Pressed steel hub caps; steel bushings in hubs to take up wear. Heavy welded, 3/4-inch steel tires shrunk on and riveted; 5/16-inch continuous steel axles. Wagon richly painted—gear in red with black striping and box in dark green with yellow striping. Body measures 18 by 36 inches over all. Hardwood frame. Gearing is made like that on large farm wagons, with bent hounds and adjustable reach. Shipping weight, 60 pounds.

148 C 1651—Wagon as described, complete with tongue only.....\$7.48

148 C 1653—Boys' Large Wagon. Size over all, 18 by 40 inches. Otherwise same as 148 C 1651, including tongue. Shipping weight, about 65 pounds.....\$8.48

The Latest Models from Santa's Train Shops

Electric Train Outfit Complete with Three-Way Transformer
 Surely a train to dream about—or, better, to work and save for. A handsome model with an up-to-date engine of the electric type. A special advantage of this model is the three-way transformer which may be used, without adjustment, on direct or alternating current, on Powerlite, Delco, or any other electric lighting plant. Another special feature of the transformer is the automatic shut-off. Mother will understand that you are safe with this train when you explain that, should the engine be accidentally knocked off the track, the transformer automatically shuts off the current.

The engine is 6½ inches long, 3¾ inches high. It has a double tractor motor, is japanned black and beautifully lithographed. Two lithographed, four-wheeled coaches, 5¾ inches long. Track forms an oval, 36 inches long, 26½ inches wide. The track may be enlarged as much as desired by buying extra No. 48C24 sections shown at the bottom of this page. Shipping weight, complete, 12 pounds.
48 C 10—Complete outfit, \$7.98

Circular Track
 18 Inches Diameter

Our Lowest Priced Train Set

Wind it up and whizz! It goes gally round and round! This inexpensive train and track will make some little boy very happy. The red lithographed engine has well made clock work spring motor with start and stop lever. There are two lithographed cars, each with twelve windows and sliding roof. Track forms a circle 18 inches in diameter. Full length of train, 17½ inches. Ship. weight, complete, 2 lbs.
48 C 13—Complete set, 98¢

Track Forms an Oval
 21 by 40 Inches

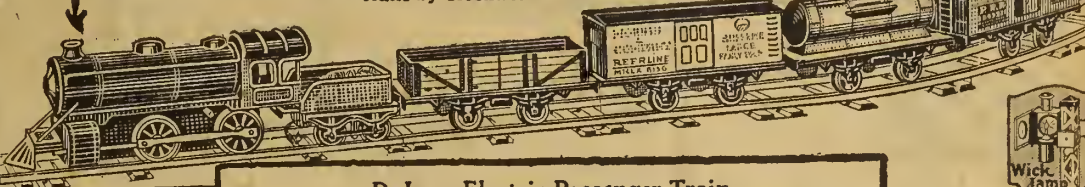

A Train for the Small Boy

This is a fine, large set for the price. The full train is 20¼ inches in length; the track is a 10-piece oval, 21 by 40 inches. Locomotive has a strong clockwork spring with start and stop in pilot house. One lithographed tender and two cars having 16 windows each, and sliding roof which permit the cars to be filled with passengers or anything you may wish to haul. You may have lots of fun with this train. Shipping weight, complete, 3½ pounds.
48 C 14—Complete set, \$2.19

The Fast Freight Sets New Records Every Day

You could not wish for a string of freight cars that would seem more real than this one. Think of the cities you may build up around the edges of the big oval track measuring 50 by 31½ inches; and of the cars constructed to carry all sorts of loads from point to point on the route. A fine signal greatly adds to the fun. It is 10¾ inches high, with imitation green and red glass and wick lamp. Signals are regulated from the base of the signal. The full length of the freight train is 40 inches. The engine is 8¼ inches long. It has automatic couplers; extra heavy, strong clockwork motor; start and stop lever in engine cab, and is realistically trimmed in nickel plate. The train consists of locomotive with tender, two freight cars and oil tank. If desired, the track may be enlarged by buying sections of No. 48C22 track shown at bottom of this page. Shipping weight, complete, 6¾ lbs.
48 C 17—Complete outfit, \$4.48

Runs by Clockwork Motor

Stop and Start

De Luxe Electric Passenger Train

A few ordinary batteries furnish motor power for this simply operated train. One of the most interesting features of this attractive train is the real electric headlight in the front of the locomotive. This makes the train unusually interesting on long winter evenings. The extra heavy, motor equipped locomotive is 7 inches long. The eight-wheel, double-track, lithographed cars are attached to the tender with automatic couplings. The twelve sections of third rail track have a total length of 127 inches, with connections for reversing direction in which the train runs. Length of train, 36 inches over all. Each outfit is well packed in a wooden box. Shipping weight, complete, 12 pounds.
48 C 11—Complete outfit, \$8.48

Must be used in connection with Transformer No. 48 C 21, shown below

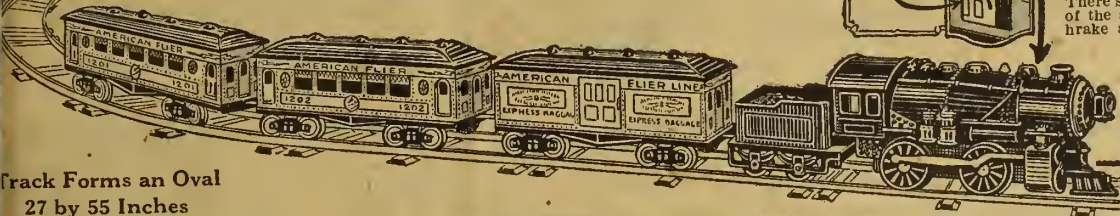

Mechanical Passenger Train

You'll want to call this train, "The Lightning Express" or "The Chicago Limited" or "The Midnight Flyer" or something that sounds equally fast. Warn all points ahead to keep the track clear when this train starts. There's a reason. It can take the curves with such exciting speed because of the strong spring in the iron engine. The track is equipped with a brake and the locomotive has an automatic stop in the cab. And, of course, such a fast train would have a brake. The tender, baggage and passenger cars are made of light steel, nicely enameled. They will carry any loads you put in them. The full length of the train is about 27 inches. The track forms an oval, 27 by 55 inches. Shipping weight, complete, 10 pounds.
48 C 16—Complete outfit, \$3.98

Sliding Doors

Track Forms an Oval
 27 by 55 Inches

Pennsylvania Railroad Fast Freight

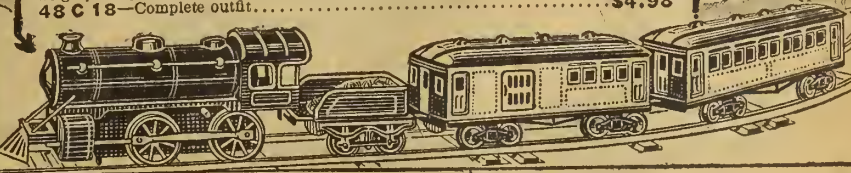

Load up the cars, wind the engine—and whizz, she's off! When you see her come tearing around the curves, you will know she is some train for speed. Such a fast freight of course should have a brake and a hook and you will find one in the cab of the strong iron engine. There is a coal tender, sand car, a box car and chahoose, all made of light sheet steel, nicely enameled. Full length of train, about 25 inches. Has strong spring. Oval track, 120 inches in circumference. Shipping weight, complete, 5½ pounds.
48 C 15—Complete outfit, \$2.39

Track Forms an Oval 120 Inches in Circumference

A Real Speed Train with Reverse Lever and Brake

Look at the driving control and brake in the cab (shown clearly in the illustration at rear of train). This is just as nearly the real thing as a 30-inch train can be made. It may be run forward, backward or stopped completely. The engine is 6¼ inches long, with extra heavy spring clockwork motor which gives it great speed. Reverse and stop lever are nickel-plated. Nickel-plated rails along the side of the engine. Automatic couplers. One passenger and one combination freight and passenger car; each of the double-track cars have eight wheels. The track forms an oval, 31 by 50½ inches. It is made in twelve sections with a stop switch. Shipping weight, complete, 8 pounds.
48 C 18—Complete outfit, \$4.98

Reverse Lever and Brake

Make Your Railroad More Complete

This semaphore, crossing signal, water tank and depot will greatly improve your train service. After the passengers have been loaded at the station, the train goes on a little way and then stops at Mack's Junction to take on water for the engine. The danger sign will prevent your running over anyone where the road crosses the track. Then at the switching point, the semaphore will tell you whether or not there is a clear track ahead. It is equipped with red and green signals operated by wire levers. All four pieces are brightly enameled and the water tank has adjustable spout regulated by cord and weight. Shipping weight, per set, 2½ pounds.
48 C 20—Set of 4 pieces complete, \$1.79

Hanging Decoration 54¢
Retains its attractiveness for years. Made of red and green Japanese roping, ¼ to 1¼ inches in width; 26 inches long; 12½-inch green center band and 4¾-inch tongued bell. Shipping weight, 2 pounds.
49 C 368... 54¢

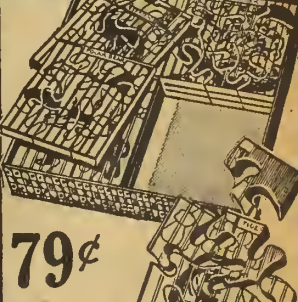

69¢ **The Game for Future Bowlers**
Pins are made of hardwood, 6 inches high, finished with blue hands. The set includes 3 balls, 1½ inch diameter.
**A game which never loses its popularity. Especially amusing at parties as it requires no lengthy explanation. Shipping weight, 5 pounds.
48 C 2398—Per set... 69¢**

Clown Ten Pins
New and funny. There are ten wooden clowns, beautifully hand painted in assorted clown costumes, and one king clown wearing a grotesque full dress suit. Mounted on wood bases. Each clown is 3¾ inches high. Three balls, 2 inches diameter. The game is played exactly like ten pins but is more interesting with these funny grinning clowns. Shipping weight, of set, 4¼ pounds.
48 C 2397—Complete set... \$2.48

Pyramid Blocks 48¢
Contains 10 pyramid blocks, ranging in sizes from 2¾ to 3¾ inches. Made of wood. Blocks nest one into the other. Covered with pictures of animals, birds and other interesting subjects. Alphabet and numerals also illustrated on sides. When set up stands 32 inches high. Shipping weight per set, 1 pound.
48 C 615—Per set... 48¢

Jack-in-the-Box 79¢
Fun for everybody. Release the hinged cover and up pops Old Punch. My, but you'll laugh when you see his long red nose. Squeaks, too. Box has pretty lithographed picture on front. Size of box, 4¾ by 5¼ inches. Shipping weight, 1 pound.
48 C 626... 48¢

Good Books!

"When you buy books from Montgomery Ward & Co. you are buying in one of the largest bookstores in the country. Our huge stock includes practically all the standard books you could buy at any book store—with this difference: They cost you less here.

"Because of the huge volume of our sales we often make special arrangements with publishers to get books practically at the actual cost of manufacture. Frequently we are able to offer them at just about half what you would pay elsewhere.

"Montgomery Ward & Co. built up this mighty volume of sales by studying the reading wants of its customers and supplying them. We were first to provide good books on subjects written in simple, non-technical terms that anyone might understand. Our law course was the first of its kind ever offered, the forerunner of the many correspondence courses now available. In the same way we have discovered the books most wanted in every field, and when they were not available in low priced editions we had special editions printed. I believe good reading to be the foundation of knowledge and power, and this department is dedicated to providing Ward's customers with good books."

New Books for the Fall of 1922

Latest Fiction

As a gift a book always is appreciated and is long remembered. Clean, wholesome fiction broadens the reader's outlook on life. The new fiction listed here was selected from the successful books of the year. Each book is cloth bound. Size 5 1/4 by 7 1/2 inches.

Tarzan
The Terrible
By Edgar Rice Burroughs.
The best yet—the famous Apeman in another series of adventures.
As intensely interesting as the other Tarzan series.
57 C 455.....\$1.80
Postage, 7c extra

The Shorn Lamb
By Emma Sampson.
A thoroughly delightful story of the new South. A little orphan comes, unbidden, to the home of her proud old Virginia grandfather.
57 C 378.....\$1.68
Postage, 7c extra

This Freedom
By A. S. M. Hutchinson. Author of "If Winter Comes."
A great novel, one that will live and in the opinion of discerning critics a finer piece of work than "If Winter Comes."
57 C 374.....\$1.87
Postage, 7c extra

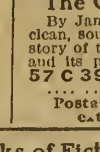

Shadow of the East
By E. M. Hull, author of "The Sheik," one of the outstanding books of the year. "Shadow of the East" promises to be just as fascinating.
57 C 389.....\$1.87
Postage, 7c extra

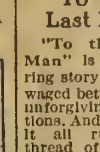

Peewee
By William MacIntyre.
The story of a lost identity of Chicago's "Gold Coast" and its slums, a thrill of mystery with a very human touch. An intensely interesting story.
57 C 379.....\$1.45
Postage, 5c extra

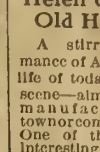

If Winter Comes
By A. S. M. Hutchinson. A great novel cleverly conceived and brilliantly written.
57 C 375.....\$1.87

Modern Carpentry—Steel Square
Two Volumes \$2.35
By Fred T. Hodgson. A thoroughly practical set of books which will pay for themselves by the real value of the suggestions. Covers in detail these subjects: carpenter's geometry with practical, every day examples; joiners' work, including circular work and stairs; handy tables for builders, case making, panels, etc.; doors; layout of roofs; bevels; coping; cornices and dovetailing. Everything written in simple style and made more clear by the generous use of diagrams and pictures. It contains hundreds of methods of solving the "puzzlers" which come up in every carpenter's or handy man's work. It shows hundreds of ways of overcoming everyday difficulties in construction. Few can afford to be without it. It is also the best possible instruction book for the young carpenter. Over 700 pages, with 600 illustrations. Cloth binding, 5 1/2 by 7 1/2 inches.
57 C 3556—Per set of 2 volumes.....\$2.35

If Only Someone Had Told Me

By H. D. Bailey, Professor of Biology, Muhlenberg College.
If the so-called "social diseases" could be entirely eliminated, a surprisingly large percentage of the suffering, crime, and sorrow in the world also would disappear.
It is not only the guilty who suffer the punishment inflicted by these diseases, it is also the innocent—even children yet unborn.
The cause of all this sorrow and affliction is not so much wickedness as ignorance. If only the youth of the world realized the truth, these dread diseases would soon disappear.
Professor Bailey's book presents truth so that it does not offend, and enables parents to instruct their children properly.
Bound in half cloth, 4 1/2 by 7 1/4 inches; 75 pages.
57 C 2164.....\$1.28
Postage, 4¢ extra

Medical Books

Dr. Winslow's Physician, or Home Medical Adviser

Medical knowledge has advanced to a point where few diseases are actually incurable, provided they are discovered before they have gone too far.
But many serious illnesses begin so innocently that we do not realize our danger until it is too late. If we could recognize the symptoms at the very first, much real sickness could be avoided.
How do doctors learn to recognize the various diseases? Through experience and medical books.

A Book for the People

Dr. Winslow's Home Medical Adviser is to the layman what a physician's reference book is to the professional man. It answers in plain language thousands of questions, the symptoms, the causes, the prevention, and the cure, of practically every known disease. The newest, most recently discovered ailments are discussed as well as the old. New remedies are given with the old.
The volume is the result of a lifetime of labor and study. Its author practiced medicine actively for forty years and held diplomas from colleges in many parts of the world. It is one of the latest, most complete, and authentic books ever published. Strongly bound in cloth; 750 pages. Many colored charts. Complete index; 6 1/2 by 9 1/4 inches.
57 C 2120.....\$3.48
Postage, 14¢ extra

The Young Mother's Tokology and Preparation for Motherhood

By Mrs. Annette Slocum, M.D. Too much of the illness and danger suffered by mother and child at birth is due to ignorance. When women are more fully informed the official is neither so difficult nor dangerous. This book answers all those questions which occur to young mothers and expectant mothers; educates them for their own and for their child's protection. In accordance with modern science; 146 pages. Cloth bound; 5 1/2 by 7 1/4 inches.

The Wonder Book of Knowledge

Contains all the marvels of modern industry and invention. Describes the wonderful object lessons afforded by Nature in the animal, vegetable and mineral kingdoms. More than 700 illustrations. 608 pages. The mysterious processes of nature are simply explained as:
What causes an echo?
What makes a chimney smoke?
Why do we get hungry?
Why do some of us have freckles?
What makes teeth chatter?
What causes a lump in a person's throat?
Why does a duck's back shed water?
Why does a lightning bug light her light?
The everyday wonders of the modern industrial age are graphically described.
The Story of Rope.
The Story of the Making of a Pair of Shoes.
The Story of a Pin.
The Story of the Panama Canal.
The Story of the Talking Machine.
The Story of Rubber.
The Story in a Honey Comb.

Postage, 4¢ extra

International Loose Leaf Atlas of the World

Up to Date and Kept Up to Date \$7.50
The world is constantly changing. New countries spring up almost overnight. Boundaries are constantly shifting, new cities are founded and old ones pass away. To keep up with these changes ordinary maps and school books are of little or no help. They become out of date too quickly. Newspapers and magazines do much to keep us informed but this information never is complete and is not in a convenient and permanent form. Any school teacher anxious to impart accurate knowledge or any person desiring to know facts will find that the International is strikingly convenient and always up to the minute.
Montgomery Ward & Co. now makes it easy for all to keep abreast of the times and well informed. By special arrangement with the publisher of the International Loose Leaf Atlas we are able to offer this valuable reference work for school, home or office use at nearly half the publisher's usual price. This Atlas is kept always up to date. Every time a change makes a new map necessary you are informed immediately. Upon sending the publisher 8 cents to cover the postage a new map will be sent you at once.
The International Loose Leaf Atlas of the World contains 124 maps; shows every part of the world; names of 58,000 cities; population 1920 census; 200 illustrations; historical, industrial and picturesque description of the world; blank sheets for your own notation. In all there are 250 pages. Size, 10 1/2 by 14 1/2 inches.

Specimen Types
In the description of each Bible we mention the name of the type in which it is printed. These eight specimens are named and show the exact size.

BLACK FACE MINION
42 And ho

Teachers' Bible

These Bibles are of excellent value, and have been especially selected from the hundreds of different styles offered us, because every detail is perfect. Printed on fine Bible paper, and the binding is of Leatheroid with a beautiful Morocco grain. Looks like leather and wears better and will outwear two ordinary leather bindings.

Brevier Self Pronouncing Type. Size, 5 1/2 by 8 inches, with all Scripture proper names divided into syllables and correctly marked for easy pronunciation. With overlapping covers, and title stamped on back in gold, round corners, red edges.

Standard Keyboard

The Reliance has a Standard Keyboard with four rows of keys and one shift. This is exactly the same as found on the best typewriters. Impartial experts are agreed that it is the fastest, simplest keyboard arrangement devised.

In probably 90 per cent of business establishments this style of keyboard is used. It is the keyboard used and endorsed by 95 per cent of the Commercial Schools and Business Colleges.

Shift Keys and Lock

Two Shift Keys, one on either side of the keyboard, are conveniently reached with either hand. Directly above the left hand shift key is the shift lock.

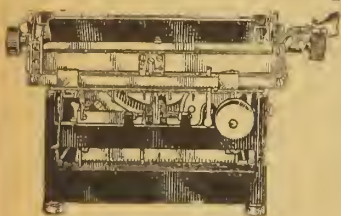

The Writing Is Visible as Each Letter Is Printed

Like all up-to-date typewriters, the Reliance is a visible writing machine. The operator has a clear view of the writing line at all times. Any errors are easily detected and may be corrected without removing the sheet from the machine.

The Scale

The scale which runs along under the ribbon, shows you plainly just how far on each line you have written. The line finder above the scale indicates the base of the writing line.

Ball Bearing Carriage

The Reliance carriage is light in weight, strongly constructed and free from vibration. Eight ball bearing rollers make the Reliance carriage very easy to move. Only the slightest tension is necessary to propel it from one side to the other.

Marginal Stops

The width of the margin may be regulated by the marginal stops, which are conveniently located on the back of the machine.

The Bell

The bell rings five spaces before the marginal stop is reached.

Typewriter Paper

Paper by the Ream

High grade paper put up in packages, each containing one ream (500 sheets). These superfine, white weave papers are manufactured expressly for use on typewriting machines. We do not sell less than one ream (500 sheets).

Samples of Reliance Type Styles

When ordering, mention style of type you prefer, Pica or Elite. The Reliance types both capital and small letters.

For Foreign Language type or different style type, write for our circular.

Pica Type—This style Elite Type—This style

This Standard machine will stand up well under continued use. Our price enables you to own a standard, dependable typewriter at a most attractive saving. It has a standard key board, a light touch, and the writing is visible at all times. The carriage of the Reliance is ball bearing.

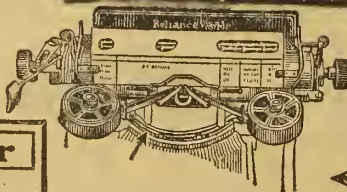

One valuable feature of this machine is the removable key board. For convenience in cleaning parts, the entire type basket and keyboard may be removed. This also makes it possible to substitute new type bars for printing any language you wish. For additional type bar sets, write us for particulars stating what you want.

A Simple Machine to Operate

Any boy, girl or grown up person can learn to operate this typewriter in a few days. Our instruction book accompanies the machine and gives all information necessary.

If Any Other Information Is Desired, Send for Circular. It Is Free

The Improved 1922 Reliance Typewriter

\$65.00

With New
Features

Improved Rebound Action

The perfected rebound arrangement on the 1922 Improved Reliance Typewriter is made of tempered steel and is placed at the base of the key bars. This improvement throws the type bar back in place with the utmost speed and smoothness. It does away with the possibility of type bar piling and damaging the type face.

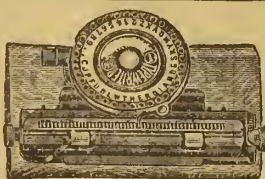

It has every improvement found on most of the higher priced machines, in addition to many special features, such as the Reliance removable keyboard and type, which enables you to use a foreign language keyboard on the same typewriter. (Write us for prices and mention languages in which you are interested.)

The Improved Reliance has the following improvements: Perfected Rebound Arrangement which throws the type bar back in place with the utmost speed and smoothness, doing away with the possibility of type bars piling and damaging the type. Perfected Automatic Ribbon Reverse—accurate and always dependable. Extra wide carriage admitting official 11-inch envelopes.

Bond Paper in Tablets

Tablets for those who do little corresponding. Also for school work. Contains 50 sheets white bond paper. Size, 8 1/4 by 10 3/4 inches. Bound with neat cover and cardboard back. Ship. wt., 11 oz.

57 C 8582—Each. \$1.50

The
Simplex
Type-
writer
\$1.48

The ideal typewriter for little folks. A kindergarten instructor of merit. It is simple to operate and prints in capital letters and figures with periods and commas. Easily inked and is adjustable to note size paper. Made of steel with wood base mahogany finish. Shipping weight, 1 3/4 pounds.

57 C 8521—Complete. \$1.48

Ink for Simplex Typewriters

In small metal tubes. Shipping weight, 2 ounces.

57 C 8525—Tube of purple ink. \$1.50

The Latest Model Reliance Visible Typewriter is identical in appearance to that of the Reliance Visible Typewriter shown above. In addition to all the remarkable features of the Reliance Visible Typewriter the Improved 1922 model has a 11-inch carriage, admitting official No. 11 envelope; five feed rolls, permitting easy handling of small labels, shipping tags and similar items.

The Improved Rebound Action and the Automatic Ribbon Reverse alone are well worth the additional cost. With all these improvements a better typewriter would be hard to find.

The workmanship is excellent, the materials strong and durable, and the appearance extremely pleasing. Every purchaser will appreciate the unusual value of this typewriter all the more when it is compared point for point with others.

Net weight, 25 pounds. Shipping weight, 58 pounds. Unless otherwise requested; shipment will be made by freight.

157 C 8504—Reliance Improved Typewriter. Pica Type. \$65.00
157 C 8606—Reliance Improved Typewriter. Elite Type. \$65.00

Automatic Ribbon Reverse

Automatic ribbon reverse does away with rewinding the ribbon from one spool to the other. With each stroke of the key the ribbon travels one type space toward the opposite spool. This gives you a fresh ribbon surface for printing each character. When one spool is about run off an eyelet catches the arm, indicated in the illustration above by an arrow, and moves it outward. This automatically sets the spools to reverse the winding and the ribbon is slowly wound back on the opposite spool as the keys are operated.

Typewriter Supplies

Typewriter Ribbons

Each ribbon packed in a box. We can furnish the following colors: Black; Black and Red; Purple; Purple and Red; Blue; Blue and Red. State color wanted. Shipping weight, each, 3 ounces.

Loose Leaf Ledgers and Account Files

These exceptionally well made, loose leaf ledgers are light, rigid and of great durability. The expanding back is made of steel and covered with leather. It is fitted with a key lock—a few turns of the key spreads the back enabling you to insert new leaves. When tightened the binder clamps the leaves as though in a vise. The 1 1/4 inch back expands to 2 1/4 inches increasing the capacity of the binder to 375 pages.

57 C 6909—Bound in heavy blue slate canvas, leather corners. Contains 200 sheets; size, 7 1/2 by 10 3/4 inches, and leather tabbed index. Shipping weight, 6 1/2 pounds. **\$7.43**

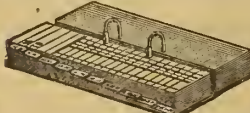

57 C 6916—Bound the same as 57 C 6909, but larger. Has 200 sheets, size 9 1/4 by 11 1/2 inches, and leather tabbed index. Shipping weight, 8 3/4 pounds. **\$8.37**

57 C 6922—Bound in red Russia leather back and corners, corduroy sides. Complete with 200 sheets; size, 7 1/2 by 10 3/4 inches and a leather tabbed index. Shipping weight, 6 1/2 pounds. **\$9.65**

57 C 6932—Similar to 57 C 6922, but larger; 200 sheets; size, 9 1/4 by 11 1/2 inches and leather tabbed index. Shipping weight, 9 1/2 pounds. **\$10.40**

57 C 6923—Extra sheets for ledgers 57 C 6909, 57 C 6922; size, 7 1/2 by 10 3/4 inches. Shipping weight, 1 1/2 pounds. Per package of 100 sheets. **97¢**

57 C 6933—For use in ledgers 57 C 6916, 57 C 6932. Size, 9 1/4 by 11 1/2 inches. Shipping weight, 1 1/4 pounds. Per package of 100 sheets. **98¢**

Strong, Steel Fireproof Safes

The walls of our safes are made of one continuous heavy steel plate, electrically welded to heavy steel front and back. This gives remarkable strength as well as attractive appearance. Front doors are massive and strong. Heavy hinges, with nickel-plated tips. Secure bolts, with projecting member and groove arrangement hold the door shut, even if hinges are knocked off. Has Yale Combination Lock on door.

A special cement filling between the walls solidifies them and makes them fire-resisting. Safes are shipped direct from factory, and are finished and decorated after order is received, usually causing a delay of 15 to 30 days.

Name put on safe in gold letters without extra charge when so ordered. Our name does not appear.

Filing Devices for Home and Office

Four Drawer Filing Cabinet

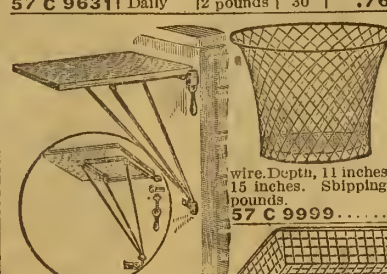

This Four-Drawer File Will Hold 20,000 Letters
Experienced buyers of office equipment admit that great savings are effected through buying from Montgomery Ward & Co. Ward's prices usually are considerably lower than prices elsewhere. In no department is this more evident than in Office Supplies. At the same time, Ward quality—which is always consistently high—is maintained.

The four-drawer file shown here is a good example. The materials used are of the best throughout; the workmanship the most skilled; while the design leaves nothing to be desired in strength, in ability to give good service over an indefinite period of years, and in attractiveness of appearance. And yet, with all its superiority of construction, the price is very much lower than one could really expect it to be.

It is made with the best grade solid oak frame. Joints are interlocked, glued, and screwed, so that there is no danger of its "racking," as inferior files sometimes do. Full height drawers roll easily on hard roller runners. Auto-locking copper drawer pulls and label holders. Golden Oak finish. Drawers are 10 inches high, 12 1/2 inches wide, and 22 1/4 deep. Cabinet is 53 inches high, 15 1/2 inches wide, and 24 1/2 inches deep. Shipping weight, 100 pounds.

Mgr. Furniture Dept.

Buy Master-Made Furniture—It Pays

WHEN a man has spent twenty-five years of his life in the study of a single business, it is reasonable to believe he knows that business. When in those twenty-five years, he has gained the confidence of the public he has served, and when people buy upon his judgment, confident of the value they are sure to receive, there is even a better basis than experience for placing your faith in the merchandise that man recommends.

During almost a quarter of a century it has been my privilege to help furnish thousands of attractive homes. I have studied furniture, how it is made, and bought and sold. I know how furniture must be built to make it last for years; how it must be designed to make it retain its style and beauty; how and where it must be bought to enable us to sell to you at lower prices and still maintain high quality.

Now through this department of Master-Made furniture, I am devoting this intimate knowledge of the business and all my years of experience, to the service of our millions of customers. It is our ambition to offer

in this department good furniture at the lowest prices possible. In this we believe we have succeeded. Master-Made furniture is good furniture, yet it is priced lower here than is furniture equally good elsewhere.

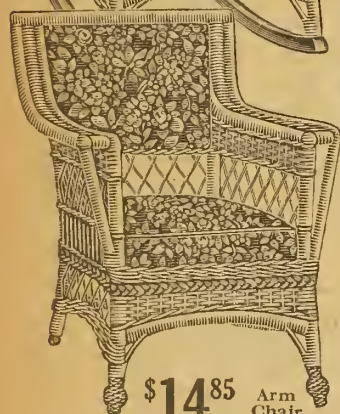

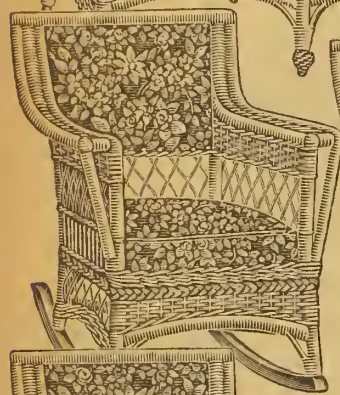

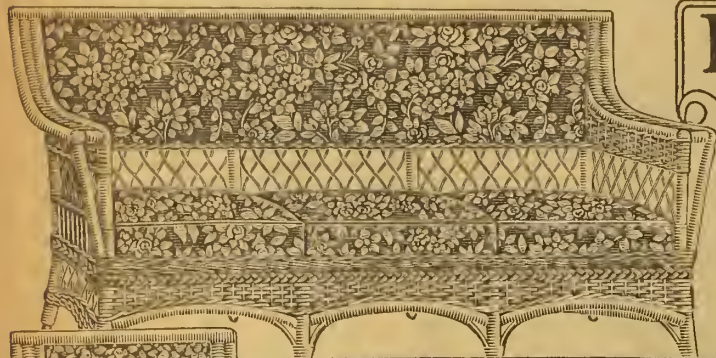

This is not an idle statement. We have carefully compared notes. I have gone to other stores and priced furniture, just as you would do. I have seen what stores in all sections of the country have to offer and I know the values we give you here. With this knowledge, I cannot help but think that Ward's is the logical place for you to buy furniture if you wish to save money.

Thousands have proved our furniture values for themselves; they are now our satisfied customers. To those who have not yet discovered how well made, how correct in style, yet how extremely low priced is Ward's Master-Made furniture, I sincerely recommend that you purchase your next piece here. Then you, too, will remain our customer.

Manager Furniture Department

Beautiful Cretonne Upholstered Reed Set Deeply Cushioned Spring Seats

Upholstered reed furniture deserves its place of prominence in the well furnished modern home. It has style, beauty, and durability and is desirable for almost any room in the house, and especially the sunparlor, porch, veranda, den, living room or bedroom. For comfort, an upholstered set such as this is almost unsurpassed. Made of strong, long-wearing genuine reed, woven over hardwood frames. Finished a rich dark brown. The small picture in the insert shows how the seat cushions are built up with coil springs and overstuffed with cotton. Backs are comfortably padded. The upholstery is a beautiful pattern in durable flowered cretonne.

Rocker

Fiber reed furniture is becoming more popular each season. Intended originally as outdoor furniture, it is now used extensively in parlor, living room and den by people of refined taste. This set is attractive and well built. The frames are of seasoned hardwood. All cross strands of fiber have steel wire centers, insuring great strength. Davenport, settee, chair and rocker have loose cushions over spring seats, and arched and semi-padded backs. Finished a rich Gloss Brown. Upholstered with flowered cretonne. Seats are smoothly tufted. Broad sloping arms add greatly to the beauty and comfort of this set. No home is completely furnished without a dainty serving table, and it should be sturdily made. The one included in this set is of splendid quality in finish and construction. Hardwood frame, circular pattern woven top with solid centerpiece and lower shelf to match. The fernery legs and spindles are of hardwood, fiber-bound. Plant box has fiber corded borders and trellised sides.

Attractive Design
A Mission rocker of seasoned Oak, finished in Fumed Brown. Back bows a rather unusual design with over oiled springs. Spring seat is deeply cushioned and the back well padded. Upholstered in imitation brown Spanish leather. Below the cushion, back has 5 flat banisters, adding strength and beauty. The spring seat is 19 1/2 by 18 1/2 inches; height of back from seat is 23 inches. Shipped taken apart. Shipping weight, about 56 pounds.

Mission Style
Genuine Oak Rocker in Mission style. Comfortable spring seat built over oil-tempered spirals and thickly padded. Covered with imitation Brown Spanish Leather. Fumed Brown finish. Size of seat, 19 1/2 by 19 inches; height of back from seat, 25 inches. Front posts are fully 1 1/4 inches square. Shipping weight, about 55 pounds. Shipped taken apart.

Spring Seat
Padded spring seat, wide back and broad arm-rests. Built of seasoned Oak and finished in a Fumed Brown color. Upholstered in imitation Brown Spanish Leather. Seat, 19 by 18 inches. This rocker is shipped taken apart, but very easy to set up because of the bolt construction which insures a lasting strength and firmness. Shipping weight, about 30 pounds.

Cushioned Back Panel
A very good value. Built of genuine Oak finished Fumed Brown. The seat is fully padded and back panel comfortably cushioned. Upholstered with imitation Brown Spanish Leather. Attractive design of this rocker will harmonize with any other style of furniture. Notice the double scrolled arch of the upper back panel. Seat is 19 by 19 inches. Height of back from seat, 22 inches. Shipping weight, about 45 pounds. Shipped taken apart.

Scrolled Back
A very pleasing scrolled effect in center panel of the back marks a departure from plain Mission lines. Rocker is of genuine solid Oak, Fumed Brown finish, thoroughly well built of seasoned stock. The seat is full cushioned and very comfortable. The broad arm rests add one to relax. Upholstered in imitation Spanish leather seat. Seat is 19 by 19 inches. Shipping weight, about 35 pounds. Shipped taken apart.

Overstuffed Comfort Rockers

First of all, a rocker must be inviting. It is not enough that it be simply a handsome piece of furniture, that it be strong, well built and durable—it must have these qualities, too—but first it must invite you to relax. The rockers shown on this page are of that sort; they have that "sink-way-in" solid comfort appearance about them which makes you want to stretch out and rest. No home—no really comfy home—should be without one or more of these rockers and at the new low prices quoted here every home can afford to have one.

EVERY curve, arch and springy part invites you to sit right down and rest. The spring-edge seat, for instance, is of the famous Marshall spring construction. This means that the loose cushion, built with many spiral springs and stuffed with cotton, is set over a spring foundation of 72 cone-shaped springs. Even the back is inlaid with spiral springs, over stuffed with cotton.

Choice of upholstery—Tapestry, or genuine Spanish Leather. Hardwood frame and runners finished in Mahogany. Seat, 20 by 21 inches; height of back from seat, 26 inches. Shipping weight, about 90 pounds.

266 C 604—Genuine Spanish Leather **\$31.95**
266 C 605—Tapestry Upholstery **\$33.95**
Shipped from Factory in Chicago

SHOWING CONSTRUCTION OF SPRING SEAT

A LUXURIOUS rocker with Marshall spring construction seat. To make the seat, a number of cone-shaped resilient springs are fastened to the braced hardwood frame of the rocker. Over these is stretched a layer of heavy duck canvas. The small illustration shows how the seat is then built up, with 72 spirals, over stuffed with flax fiber and cotton. The restful back of the

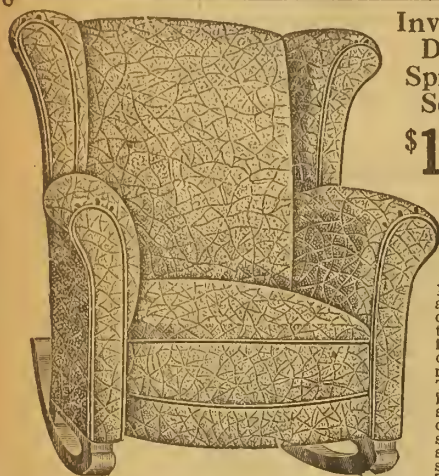

rocker is of the same spring construction as the picture shows. Choice of Moleskin or Genuine Spanish Leather. Wood runners finished Mahogany. Size of seat, 19 by 20 inches; height of back from seat, 26 inches. Shipping weight, about 90 pounds.

266 C 607—Imitation Spanish Moleskin Leather **\$26.**
266 C 609—Genuine Spanish Leather **\$29.**

Comfortable Master-Made Rockers

Quartered Oak Rocker

Genuine Spanish Leather \$11.95

\$11.45 The fine design of this rocker is evident in every line and curve. It is as comfortable as it is handsome. Built of Genuine Quartered Oak finished in a beautiful polished Golden or of select birch, a splendid hardwood, finished Mahogany. For comfort here is all you look for in so fine a rocker. The seat is of spring construction and thickly padded; very comfortable and buoyant. Upholstered with Genuine Spanish Leather. Has curved arms with roll hand grips, scrolled front posts and 7-paneled back. Seat is 19½ by 18 inches; height of back from seat, 30 inches. Shipping weight, about 30 pounds.

\$15.95

Solid Oak Spring Seat Rocker

In this massive substantial rocker is found a unique combination of good appearance and solid comfort. The scrolled curving lines of the arms and front posts suggest the Colonial, a very pleasing style. The big, soft seat is spring filled and the high back is cushioned all the way up; notice the pillowed head-rest. Constructed of selected heavy Oak stock, finished Golden. Arms veneered with genuine Quartered Oak. Upholstered with Imitation or Genuine Spanish Leather; 6 spiral springs in the seat, which measures 21 by 19 inches. Height of back from seat, 26 inches; arms, 23 inches wide. Shipping weight, about 55 pounds.

166 C 709—Imitation Spanish Leather... \$15.95
166 C 711—Genuine Spanish Leather... 17.95
Shipped from Stock in Chicago

High quality and fine taste distinguish this superb rocker. Construction is of Red Gum, that favorite hardwood, which takes the dull rubbed Imitation Mahogany finish so well. The high arched back is accented with a distinctive design, with upright panels, and the curved arms harmonize with the scrolled front posts and Queen Anne feet. Full spring seat is extra deep, buoyant and comfortable; it is softly cushioned with cotton, over tempered spiral springs. Upholstered with Genuine Spanish Leather. Seat measures 20 by 18 inches; height of back from seat, 25 inches. Shipping weight, about 30 pounds.

\$11.95

Soft Spring Seat Quartered Oak

\$9.95

The back is of Genuine Quartered Oak, and enhances the unusually attractive design of this rocker. Highly polished Golden finish. A comfortable rocker, too, because the seat is set with 9 springs, padded with cotton and covered with Genuine Spanish Leather. Seat measures 19½ by 18 inches; height of back from seat, 21½ inches. Shipping weight, about 27 pounds.

Save Your Clothes from Moths

A Cedar Chest is Certain Protection

It Will Fully Pay For Itself
In One Season's Use

Furs and woollens are too costly an investment to treat carelessly. It is unwise to run the risk of moths and the expense of replacing clothes they have ruined. Store them in chests of Tennessee Red Cedar, a wood proven by the U. S. Government to be the one safe protection against moths. The chests here offer such splendid quality at so little cost that no home really can afford to be without one.

The United States Government Department of Agriculture made a test to see how cedar chests killed moths. The report is given in Bulletin No. 707. "A red cedar chest of 10 cubic feet capacity was utilized. On May 6, 1915, 10 adult moths and a supply of flannel were placed in the chest. Ten more moths were added every two weeks until a total of 70 was reached. Two months after the last moth was added examination showed that all had been killed and that no eggs or larvae were present." Two years later a similar test was made with the same chest, and the same result was obtained.

Copper Bound

\$28⁹⁵

\$19⁹⁵

Handsome Design

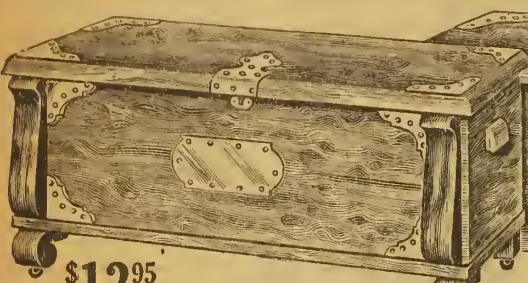

Bands of genuine copper, studded with copper headed nails give this chest exceptional strength and insure a lasting firmness of construction. It is made throughout of fine Tennessee red cedar, absolutely mothproof, and rubbed so the surface shows a handsome finish in the natural red cedar color. Of special interest is the dustproof lid construction. The hinges, lock and brass lid stay are strongly made. The sliding tray is a desirable convenience, neatly finished on the inside. It extends three fourths of length of the chest. Firmly braced throughout.

Wood handles. Rolling Casters. Bag of cedar shavings included.

Showing Construction of Spring Seats

Arm Chair and Rocker

As in the davenport, the arms have a resilient spring construction. Seat contains 12 spiral springs, the back, 11 pillow springs, and the arms, 10 large pillow springs each, all deeply padded. Removable spring cushions contain 36 pillow springs each. Size of seat, 22 by 20 inches. Height of back from seat, 17 inches. Entire height, 34 inches.

Overstuffed Set of Luxury and Beauty

Supreme comfort has been made a part of the construction. You are tempted at once to relax against the deeply cushioned backs and arms, and sink into the resilient, yielding seats. Frame solidly made of hard wood; the exposed parts are hand-rubbed in a dull Mahogany finish. The construction of fluely tempered springs is continued throughout, in arms, seats and backs, and the removable cushion seats are an improved sanitary feature, found only in furniture of a superior grade. Davenport.—The 36 steel coil springs are securely mounted on slats and covered with burlap. Removable cushions, containing 36 springs each are deeply padded with tow and a top layer of downy cotton. The back has 29 pillow springs and the arms contain 10 springs each, heavily padded with tow and cotton. Size of seat, 65 by 22 inches. Height of back from seat, 17 inches. Entire height, 34 inches. Length over all, 34 inches.

Tapestry or Velour Upholstery

Either of these two fine quality materials may be chosen. Silky velour in a rich mulberry or blue coloring, or artistically flowered tapestry. State color velour wanted.

TRUE luxury is to be found in this fine quality overstuffed set and the low price emphasizes the value. The frame is strongly made of hard wood and the exposed parts are hand rubbed in a Brown Mahogany finish. Removable cushion seats are supremely comfortable, and permit easy cleaning underneath. Davenport.—In the seat, thirty coil springs are attached to a steel slat foundation, the tops firmly tied with steel wires and covered with burlap. The removable cushion seats have 30 springs each, softly padded with cotton. The deep padded three paneled back has 27 pillow springs. Size of seat, 63 by 21 inches. Height of back from seat, 17 inches. Entire height, 34 inches. Entire length, 50 inches.

Complete Set in Velour \$139.75

Showing Construction of Spring Seats

Chair and Rocker.—Nine coil springs in the seat of each. The deep removable cushions are made with 30 cushion springs, padded with fine flaxtow and a thick layer of soft cotton. Nine pillow springs in the deeply padded back. Size of seat, 21 by 19 inches. Height of back, from seat, 17 inches. Entire height, 34 inches.

Choice of Upholstery.—The upholstery is in two highly favored materials—a fine quality velour or a rich floral tapestry. The blue mulberry or colored velour is velvet like in its soft pile and is attractively flowered. The floral tapestry is in a pleasing harmony of colors—artistically blended. State color wanted.

Davenport Beds

Like Adding
Another Room
to Your Home

OVER and over again a davenport bed will save its original cost. Besides its beauty and usefulness as a handsome living room piece, it often actually takes the place of an extra room in your home. As a davenport it gives no indication of its two-fold use. Whenever needed it quickly becomes a full size bed.

See Page 473

Queen Anne Period Buffet
Genuine Walnut or Mahogany Veneer

In both design and construction this Queen Anne buffet is of superior quality. The lines of this Period have artistic grace—they will give distinction to your dining room. In the dull rubbed Walnut or Mahogany veneer, the beauty of this buffet is brought out to best advantage and the exquisite carvings add greatly to its charm. On the front, top and ends, genuine Walnut or Mahogany veneer is used. Other parts of seasoned gumwood finished in Walnut or Mahogany. The proportions of this buffet are unusually roomy and convenient, with a full length linen drawer, a smaller drawer and a felt-lined cutlery drawer at the top. Two cupboard compartments. Mirror is of plate glass. If desired this buffet may be bought without mirror. Easy-gliding casters. Size of top, 60 by 22 inches. Plate mirror, 54 by 8 inches. Height with mirror 46½ inches; without mirror, 40 inches. Shipping weight, with mirror, about 185 pounds; without mirror, about 170 pounds. State finish.

DINING set in the beautiful and artistic Queen Anne style. Excellently constructed of seasoned hardwood, each piece has a lasting firmness. The finish is a rich Walnut.

The decorative carvings are of unusual beauty and add to the distinctive grace of the Queen Anne design. Delicate embossed molding trims the edges of all pieces except the chairs. Raised ornaments, which show an unusually attractive grain, decorate cabinet, buffet and server doors. The legs are bowed in the true Queen Anne style and are strongly braced. The chairs are upholstered with rich, Genuine Brown Spanish Leather, which wears extremely well. Construction is sound and durable; all parts are accurately cut and fitted. Joints are mortised and turned, and glued under heavy pressure. Every detail is carefully finished. The larger pieces are equipped with casters. For a set of such desirable quality the price is remarkably low.

Queen Anne Period furniture is considered by many to be one of the most beautiful of all styles. It grows steadily in popularity.

Master-Made Kitchen Cabinets are Attractive, Sturdy Helpers

White House Cook Book Free

To every purchaser of The Luxury we send, without extra charge, the famous big White House Cook book. This is the same famous cook book, brought up to date, from which our mothers learned their wonderful cookery. It is a big thick book, and on each of its hundreds of pages are recipes and suggestions which will teach you how to prepare and cook new and delicious dishes. It will tell you, also, of new economies in cooking and baking, and in other branches of home work. As a constant helper and reference book, it will become invaluable. It is included free with The Luxury.

The Luxury—An Extra Large Cabinet Designed to Lighten Every Kitchen Duty

The woman whose kitchen work is made easier by The Luxury begins each day with time gained from the start. In The Luxury we have included features of excellence not found in any other cabinet. You will be pleased with its handsome appearance in your kitchen, and welcome its help in making your work more pleasant.

Spotless White Enamel or Lustrous Golden Oak

You may have your choice of washable White Enamel or Golden Oak. The White Enamel cabinet is built of select seasoned hard wood, and is finished white enamel inside and outside. This attractive finish is especially suited for the kitchen because of its spotless whiteness. It is easily washed with a damp cloth and the hard enameled

finish is unharmed by the steam and gases which often fill the kitchen at cooking time.

If your choice is the Golden Oak cabinet, you are equally certain of beautiful appearance, service, and durability. It is made of select, genuine Oak, built sturdily and carefully, up to Master-Made standards of construction, and the interior of upper section is finished in white enamel. The cabinet is given several coats of a varnish unaffected by steam or gases. As a result your Cabinet will retain its clean, handsome appearance.

Labor-Saving Features

Large tilting flour bin has sifter and hinged metal cover, so you may see at a glance when it needs refilling. Swinging spice jars, with metal cap and metal automatic dispenser. One coffee, one tea, and five spice jars, all with metal covers. Metal bracket and block for food chopper. Nickel plated towel rack. Upper cupboard with wood shelf and art glass door. Lower cupboard of upper section closes with roll curtain front. Five convenient small drawers. Removable bread board.

The design of the base of this cabinet indicates the care and thought exercised to make it of the greatest possible assistance to the housekeeper. It has four different size drawers. Special metal cake and bread drawer with sliding metal. Extra large cupboard with removable wire shelf. Metal tray on bottom pulls out, bringing pots and pans within easy reach. Pan racks on doors.

Beautiful Nickeled Hardware

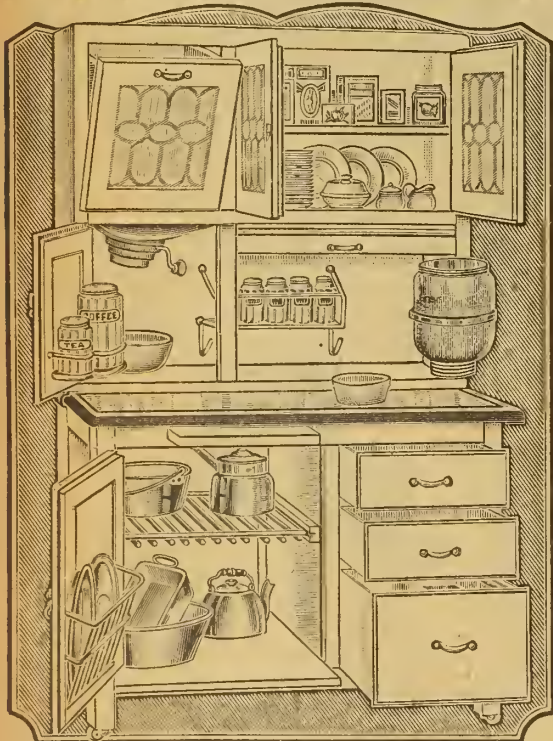

Porcelain Enamel Extension Top. All the doors of The Luxury are equipped with automatic latches, and the drawers with metal pulls. All hinges, latches and pulls are heavily nickel-plated. The doors and drawers are dust-proof—an added feature. The porcelain enamel table top may be extended to provide a large working surface—stain and acid proof.

The Luxury is 48 Inches Wide

The large size of The Luxury provides additional storage capacity and a larger table top—two desirable features. Entire height, 73 inches. Height of table top from floor, with casters, 40 inches. Size of table top when closed, 48 by 37 inches; when extended, 48 by 37 inches. Dishes, groceries, pots and pans are shown demonstrating the uses of the cabinet but are included in the price. Shipping weight, about 195 pounds.

Free Cook Book

\$29⁷⁵

White Enamel Cabinet with Porcelain

Just below it is a full depth, small drawer, and at the bottom a large bread board slides under the table top. A removable bread board slides under the table top. In a rack on the center compartment are five spice jars, included free. To the left, arranged on the door of a small cupboard, are the tea and coffee jars, also free. All these jars are of crystal glass, with aluminum tops. Other articles displayed not included.

Entire height, 70 inches. Height of table top from floor, with casters, 33 inches. Size of table top when closed, 40 by 25 inches; when extended, 40 by 36 inches. The dishes, groceries, pots and pans are shown to demonstrate the uses of the cabinet but are not included in the price. Shipping weight, about 200 pounds.

The Betsy Ross

The Betsy Ross is built of selected hard wood, with white enamel finish, or of selected solid Oak, finished a beautiful Golden color. In the Golden Oak cabinet the interior of the upper section is white enameled. Rigidly built to give years of good service.

Special Features

Suppose you are going to bake. The crockery and cooking utensils can be kept within easy reach in the lower compartment, shown with the door open. The wire tray inside holds the smaller articles, and the pot and pan covers fit in the door rack. The flour bin above, at the left, tilts to a convenient angle, and is hinged so it cannot tip too far. Has a capacity of 35 pounds; decorated art glass front.

The inverted sugar jar holds 10 pounds, and swings in and out on an adjustable metal bracket; very convenient. Keep your salt and pepper shakers and many other small pieces in the first compartment, which closes with a roll curtain. For the preparation of full meals you will find the Betsy Ross equally as convenient as for baking or for other work. At the upper right of the lower section is a cutlery drawer.

The Leisure

Compare the up-to-date features and the general arrangement of the Leisure with any cabinet in your neighborhood sold at anywhere near the price, and you will be convinced of its superior value. It is equipped with the most worthwhile labor-saving features found on the best kitchen cabinets. One of its most useful features is that it combines pantry, china closet, and the utility of a large kitchen table—all at a remarkably low price.

No longer need the cost of a kitchen cabinet prevent you from enjoying its many advantages. Free yourself now from much of the drudgery and most of the needless steps connected with your daily kitchen duties.

Saves Thousands of Steps

In the upper section is the flour bin of thirty-five pounds capacity, fitted with a sifter and hinged to be drawn forward for filling. Concealed stop prevents it from coming too far. Large cupboard is fitted with a shelf. Automatic gravity latch. Articles constantly in use may be kept in the full width open cupboard. This section is equipped with sugar jar on a swinging metal rack, tea and coffee and five spice jars. All jars have aluminum covers and are included free. Extra large cupboard in base for pots and pans. Wire pan rack on door; three dustproof drawers. The lower drawer is metal lined with a ventilated sliding lid. Can be used for bread and cakes.

Porcelain Enamel or Metal Table Top

Sliding table top may be pulled out to provide large working surface. Choice of porcelain enamel or metal. Cabinet is built of seasoned genuine Oak. The sturdy construction insures long satisfactory service. Finished Golden.

Height of the Leisure, 68 inches. Height of table top from floor, with casters, 32 1/2 inches. Size of table top, closed, 40 by 25 inches; extended, 40 by 32 inches. Only the articles mentioned are included. Shipping weight, about 195 pounds.

High Quality and Low Prices Give You Here The Biggest Values Possible

The Princess—A Master-Made Cabinet Beautiful and Highly Efficient

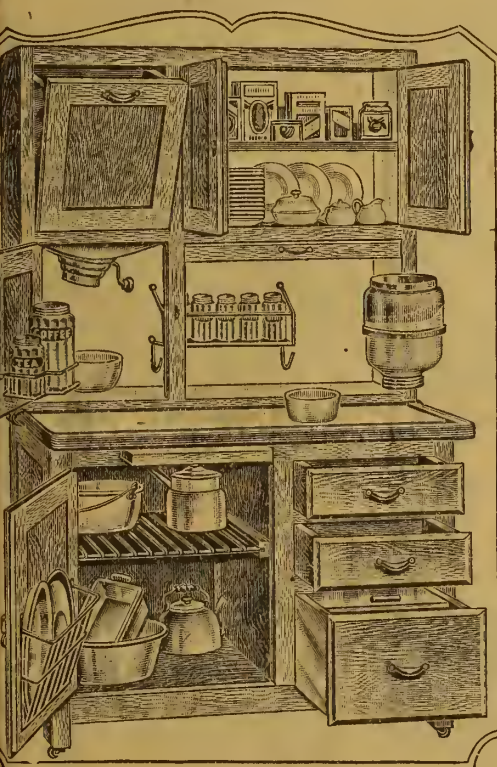

The Princess is truly an "all-feature" cabinet. We have taken all the most desirable things about the best kitchen cabinets made, and combined them in the Master-Made cabinet pictured here. The Princess will save your time, speed up your cooking and baking, and lighten every kitchen duty. It is built for service; for efficiency; offered at a fair price.

In Two Finishes—White Enamel or Golden Oak
For those who prefer the Oak finish for the Princess, we have a fine, substantial cabinet of selected, seasoned Oak stock, in a highly attractive Golden finish; a cabinet of which any housewife might be justly proud.
For those who wish the White Enamel, there is the smooth, shining white face which commands it to a woman's appreciation of snowwhite spotless surfaces; interior and exterior are in a beautiful, washable White Enamel, easy to clean and fulfilling, to the last degree, the good housekeeper's demand for a thoroughly sanitary kitchen aid.
In either finish the cabinet is equipped with sliding porcelain enamel top, having a firm, hard face which does not spring or warp. In the Golden Oak finish, the interior above the table top is finished in White Enamel.
All doors have decorative outside nickel-plated hinges, and new patented gravity door-catches hold doors tightly. All metal parts on this cabinet are first copper plated, making them rustproof. Corners have rounded corners, so there are no sharp edges. Sliding curtain allows upper section to be tightly closed.

The Princess is Extra Large; 48 Inches Wide
The Princess stands 71 inches high, is 48 inches wide and 27 inches deep. Table top, closed, is 27 inches in size; when pulled out, working surface is 48 by 37 inches.

Princess Time-Savers
Powering flour bin with sifter; has a capacity of 50 pounds. Has window front, which tells at once whether it needs refilling. Sanitary metal dust-proof cake and bread box drawer with a sliding metal lid which operates automatically as the drawer is opened. At bottom of cupboard in base section is a sliding metal White Enamel tray, which enables you to bring contents in easy reach. Half way up is a wire rack for pans. In the upper right-hand drawer is a sliding removable tray for knives, forks, spoons. Sliding bread board under porcelain top. Towel rack and block for chopper at side of cabinet. Five glass jars for spices on shelf in upper section, and tea and coffee jars on wire shelf on hand upper door. Attached to the doors in upper section you may see the convenient want list, recipe list, coin list, card and book rack, and hooks for bills. In the small picture to the right shown the Aluminum kitchen set, which is sent free with every Princess Cabinet.

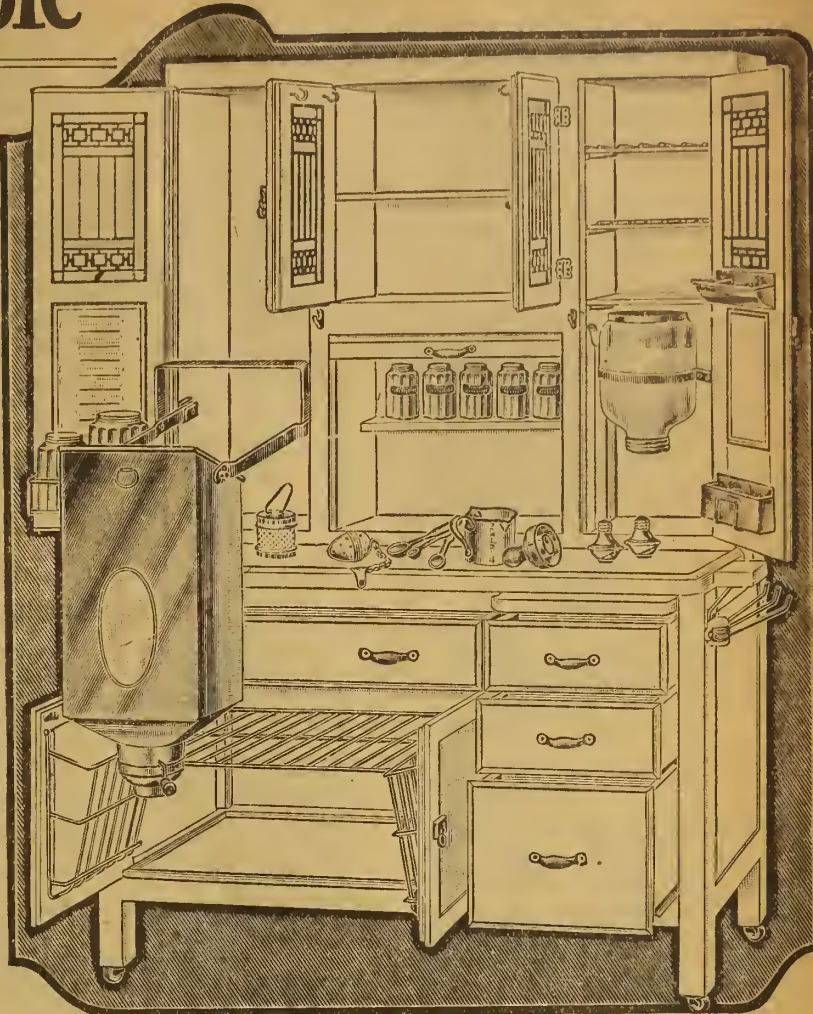

Handy Aluminum Kitchen Set—FREE
Salt and pepper shakers, graduated measuring spoons, egg boiler, doughnut cutter, grater for coffee grounds, and graduated measuring cup. All shown in picture at right.

Let This Low Priced Cabinet Drive Drudgery From Your Kitchen
No longer need the price of a kitchen cabinet prevent housekeepers from enjoying the short cuts and conveniences which it provides, for our Windsor Cabinet combines many of the practical labor-saving devices of the more costly cabinets with a price remarkably low.
The dishes, groceries, pots and pans are shown only to demonstrate the uses of the cabinet and are not included.
Shipping weight, about 195 pounds.

The Windsor
You Will Appreciate These Many Short-Cuts
We have included in this cabinet many useful features designed to make the kitchen a better place in which to work. There is the elevated tilting flour bin, with sifter. Tea and coffee jars are set in separate rack on left-hand cupboard door. Five glass spice jars and rolling pin rack are set in the back wall of the upper cupboard. The capacity of the swinging glass sugar jar, with an automatic dispenser, is about 10 pounds. Deep metal-covered cake and bread drawer; wire rack for pans, and sliding wire shelf are additional features which make for convenience. Removable. Last, but not least, there is the roll curtain front, which enables you to close up the front and keep the cupboard absolutely dustproof.
Its Solid Oak Construction Insures Long Life
The Windsor is of solid Oak, in Golden finish, the interior of the entire upper portion is finished in White Enamel, washable and sanitary. The entire height is 67 inches. Height of table top from floor, with casters, 31 inches. Size of extension table top, 40 by 25 inches; when extended, 40 by 32 inches. This top may be had in nickel-plated metal or in porcelain enamel. We recommend the porcelain enamel because of its non-staining qualities and because it is acid-proof.

Low Prices Emphasize the Big Value Here

The Liberty
The Liberty Kitchen Cabinet is sturdily built of seasoned solid Oak, and in construction, it is sound and durable. All parts requiring extra strength are securely braced and blocked; the joints are accurately cut and fitted, and glued under heavy pressure. These facts assure you of the durability of the Liberty; it will give years of helpful, satisfactory service.
Durable Golden Finish
The Liberty is finished Golden; an important feature of the varnish used is its moisture-resisting character, which makes it impervious to any steam and smoke which may come from a nearby stove. It will retain its fresh, attractive appearance.
White Enameled Interior
Interiors of the cupboards in the upper section are finished in washable white enamel, which may always be kept spotlessly clean by simply going over with a damp cloth.
These Many Helpful Features Will Lighten Your Work
In the upper section is an elevated lowering flour bin, with a hinged metal top, a sifter bottom with dust cap, and a glass window in the front. Capacity, about 42 pounds. This bin keeps your flour clean, sanitary and convenient. Through the window front you can always tell when it needs refilling.
There is a winging sugar jar of about 10 pounds capacity. Five spice jars, and tea and coffee jars, on wire racks. All jars are of crystal glass, and have aluminum tops. Included free.
The doors which close the upper section are dustproof. They are fitted with panels of art glass, which give to the Liberty a distinctive and handsome appearance. Nickel-plated automatic door catches. Lower cupboard of upper section closes with roll curtain front.
The lower section of the Liberty is arranged to accommodate the many utensils necessary for daily work in the kitchen, and also provides a bread drawer. The large lower cupboard is for pots and pans, and similar articles. It is fitted with a removable wire shelf and a sliding white enameled metal tray on the bottom. Closes with a dustproof door which is fitted with a wire cover rack. Nickel-plated automatic catch.
Four drawers, one of which is extra large, for cutlery. The bottom drawer is of metal, with a sliding metal lid. Intended for use as a cake and bread drawer. Drawers have nickel-plated pulls. There is a removable hardwood cutting board.
The table top of the Liberty extends, providing an extra large working surface. The extension table top may be ordered in metal, or porcelain enamel. Entire height of cabinet, 70 inches. Size of table top, closed, 40 by 25 inches; extended, 40 by 36 inches. Rolling casters.
The dishes, pots, and pans are shown to demonstrate the uses of the cabinet, but are not included at the price. Shipping weight, about 230 pounds.

Queen Anne Set
Walnut or Mahogany Veneer

\$20⁸⁵ Bed

\$19⁸⁵
Dressing Table

\$31⁸⁵
Dresser

Beautiful Queen Anne Period set, consisting of the four most necessary bedroom pieces. The prices are low enough to justify purchasing the full set. Splendidly made in Mahogany or Walnut veneer over frames and posts of select, seasoned hardwood. The set is sturdily built. End panels of the bed and the tops, fronts, and sides of dresser, dressing table and chiffonier, are of veneered, or built-up construction. Joints are accurately fitted, block-braced, and glued tightly under heavy pressure. The drawers are dovetailed, with extra strong bottoms and sides. They slide in and out easily and are dustproof when closed. Mirrors are of genuine plate glass. The sound, durable construction and the skillful workmanship account for the exceptionally high quality of Master-Made furniture. Our low prices make big values certain. You may purchase this handsome set with the assurance that it will give years of satisfying service.

Colonial furniture never seems to lose its charm. Its popularity increases and it always is in good taste. In this beautiful Martha Washington set with four-poster bed, you are offered well made bedroom furniture of lasting beauty at prices exceptionally low; a value seldom seen.

Choice of Quartered Oak Veneer or Walnut Finish
This set is built in your choice of two woods and finishes. One set is of fine selected hardwood veneered with beautifully grained genuine Quartered oak, with end panels on dresser and chiffonier veneered with a fine quality plain Oak. Your other choice of wood is Red Gumwood, that excellent hardwood in such high favor for good furniture, with rich American Walnut finish.

Whichever wood or finish your choice may be, you will receive a set of exceptional value. Both are built of select material, carefully seasoned and kiln dried before using. The construction of each is sound and lasting. All parts are accurately cut and tightly fitted. Joints are reinforced and block braced throughout. Drawers fit snugly and slide easily; they have extra

Four Poster Bed—Colonial turned posts and end rail; handsomely paneled head end. Height, 54 inches with 3-inch posts. Foot end, 43 inches high. Steel side rails. Rolling casters.

Dresser—Top, 40 by 20 inches, with adjustable side mirror, 24 by 30 inches; 2 large and 2 small drawers fitted with wood pulls. Entire height, 68 inches. Beautiful, useful and well built. Rolling casters.

Dressing Table—Top, 18 by 36 inches; mirror, 14 by 20 inches; 2 adjustable side mirrors, 6 by 18 inches, each. Entire height, 57 inches. An absolute essential in the perfectly furnished bedroom.

strong sides and bottoms, and their joints are dovetailed. Tops of the large pieces, and also the end panels of chiffonier and dresser, are of veneered built-up construction. This is a feature which produces great durability, as it absolutely prevents warping or drawing of the wood, and adds years to the life of the pieces.

Chiffonier—Entire height, 53 inches. Top is 18 by 36 inches. Has 2 small drawers at top, with cabinet below containing 4 sliding trays. Dustproof, keeps the daintiest clothing fresh and neat. Rolling casters.

Rocker and Straight Chair—A bedroom never well furnished without a comfortable chair or rocker. These are sturdily built with shaped floor seats, turned legs and rungs, and decorative back panels.

Dressing Table Chair—Seat, 18 inches from floor; height of back from seat, 12 1/2 inches. The back permits freedom of movement when dressing the hair.

TRADE MARK

Quartered Oak Veneer

\$21⁹⁵
Bed

A HANDSOME, well built Colonial bedroom set at prices which save you dollars on every piece. Built according to Master-Made standards, which means that the material used is carefully selected, properly prepared before use, and fashioned by skilled workmen. Built throughout of seasoned, clear grained, select Oak. The bed, dresser, dressing table and chiffonier are veneered on fronts, tops, sides and end panels with genuine Quartered Oak, showing to advantage the rich flaky grain of that beautiful wood. This veneered or built up construction is the same as used in furniture of the highest quality. Such construction absolutely prevents warping or drawing, preserves the solid, attractive appearance of the furniture and adds years to its life. Joints are mortised, tenoned and glued under heavy pressure. Parts requiring extra strength are block braced to add to their rigidity. Drawer joints are dovetailed, bottoms and sides are extra strong. The drawers fit accurately and slide in and out smoothly. At every point there is evidence of the superiority of Master-Made construction. Not a detail is overlooked which might add to the serviceability of the set. The pleasing Colonial design is admirably suited to the well furnished American home. All front posts and the mirror standards are scrolled in artistic curves, both ends of the bed are neatly shaped. Chairs and rocker have ornamental back panels; drawers have Colonial wood knobs. Every line is pleasing and harmonious. All pieces are finished a beautiful Golden Oak.

Bed—Height of head end, 50 inches. Height of foot end, 36 inches. In 54-inch width only. Rolling casters. Reversible steel box springs with slats or hangover springs. Beautiful scroll shaped ends.

Dresser—Size of top, 21 by 42 inches. Adjustable plate mirror, 24 by 28 inches. Entire height, 69 inches. Two large drawers, and two convenient small drawers, which lock. Rolling casters.

Dressing Table—Size of top, 19 by 36 inches. Center mirror, 12 by 22 inches. Adjustable side mirrors, each 8 by 20 inches. Two convenient drawers with locks. Entire height, 56 inches.

Chiffonier—Size of top, 18 by 32 inches. Adjustable plate mirror, 14 by 20 inches. Entire height, 70 inches. Four large drawers, and two convenient small drawers, which lock. Rolling casters.

Straight Chair and Rocker—Height of back from seat, 20 inches; straight chair, 20 inches. Shaped seats.

Dressing Table Chair—Height of seat from floor, 19 inches. Low back permits freedom of movement of arms and shoulders while dressing.

Sturdily Built—Reinforced Construction

The charm of the Adam design is shown to advantage in this bedroom set. Its lines have artistic beauty, its decoration is exquisite. To every detail, painstaking care has been given, and the set throughout is of modern, thorough construction. Built soundly throughout, with special care taken to accurately cut and fit all joints; thoroughly reinforced. The low price makes it an exceptional value. It puts within reach of every household, furniture of the better grade.

Genuine Oak or genuine Walnut Veneer

There is a choice of fine seasoned Oak, finished a lustrous Golden gloss; or a select Red Gumwood, a favorite hardwood, finished a rich American Walnut, with fronts, tops and ends veneered with genuine Walnut. The molded tops and decorations are of special beauty. Brass drawer pulls. Larger pieces are fitted with casters.

Bed—Height, head end, 46 inches; foot end, 33 inches. Reversible metal side rails enable you to use box springs with slats or hangover springs. Rolling casters. In 54-inch width only.

Dresser—Size of top, 40 by 20 inches. Entire height, 68 inches. Plate mirror, 22 by 28 inches. Two large drawers; three small drawers at top. Rolling casters.

Dressing Table—Size of top, 18 by 36 inches. The center mirror is 12 by 22 inches. Adjustable side mirrors are 6 by 18 inches. One large drawer.

Chiffonier—Size of top, 18 by 32 inches. Entire height, 68 inches. Good plate mirror, 12 by 20 inches. Four large drawers and two small drawers. Rolling casters.

Imitation Quartered Oak

An opportunity to own a handsome, high quality four-piece bedroom set and still save money. The price is lower than it has been in years. It is an astounding bargain, but despite this low price, each piece is attractive, serviceable, and well built in every detail. Built of select hardwood, thoroughly seasoned and kiln-dried. The frames are rigidly built, and are braced at all joints to insure long and satisfactory service. Every detail even to the construction of the drawers is given close attention; they are accurately fitted, close tightly, open easily and have strong sides and bottoms, joints are all tightly dovetailed. All drawers have wooden knobs. Each piece has smooth rolling steel casters. The set is grained and finished in imitation of genuine Quartered Oak, showing to advantage the rich flaky grain of that beautiful wood.

The design is very attractive; tapering posts support the gracefully framed mirrors, harmonizing with the tapered feet.

Bed—Height of head end, 46 inches; foot end, 33 inches. Sanitary steel side rails enable you to use box springs with slats or hangover springs. Rolling casters. In 54-inch width only.

Dresser—Size of top, 38 by 18 inches. Clear adjustable plate mirror, 22 by 24 inches. Entire height, 68 inches. Two large drawers and two small top drawers. Rolling casters.

Princess Dresser—Size of top, 38 by 18 inches. Clear adjustable plate mirror, 16 by 30 inches. Entire height, 69 inches. One full length drawer and two small drawers. Rolling casters.

Chiffonier—Size of top, 18 by 30 inches. Entire height, 49 inches. Full length drawers. Rolling casters.

Chiffonier

A very attractive Colonial bedroom set, consisting of a comfortable bed, a chiffonier of ample capacity and a large dresser. The set is built throughout of select hardwood, veneered with genuine Oak on tops, fronts, sides and end panels. Construction is massive and sturdy; all joints are reinforced and glued under heavy pressure. The favorite Colonial design is carried out in the gracefully curved posts and mirror standards, also in the neatly scrolled bed ends. All drawers are fitted with Colonial round wood knobs.

Our price for this splendid set is very low. Such high quality and excellence of construction and design would be priced higher elsewhere. Ward's Master-Made furniture offers you the opportunity to obtain better furniture at lower cost.

Bed—Height, head end, 49 inches. Foot end, 35½ inches. Width, 54 inches (full size). Casters.

Dresser—Size of top, 40 by 19 inches. Mirror is hinged and adjustable. Made of clear plate glass; size, 26 by 22 inches. Height of dresser, 67 inches. Fitted with two large and two convenient small drawers. Casters.

Chiffonier—Size of top, 32 by 18 inches. Adjustable plate mirror, 16 by 14 inches. Entire height of dresser, 66 inches. Has three full width drawers and two convenient smaller drawers. Casters.

Solid Oak-Serpentine Front Style Prices Lower Than in Years

\$695
Steel Bed

\$1995
Dresser

\$1945
Chiffonier

\$1845
Dressing Table

\$1985
Princess Dresser

Bedroom set of four genuine Oak pieces, with a modern, sanitary steel bed. An unusually good value, not only because the prices are very low, but also because the construction is sound and practical. The sturdy Oak frames are rigidly blocked and reinforced at all the joints, and are glued under heavy pressure. The drawers have extra strong sides and bottoms, and open and close easily. Round wood knobs. A touch of the dainty French style is seen in the curved legs and feet, which harmonize with the serpentine fronts and scrolled mirror standards. The wood finish is a lasting Golden Oak, and the bed is finished Ivory Enamel or Vernis Martin (Gold Bronze).

Steel Bed—Continuous posts, 1½ inches in diameter with five ¾-inch steel filler rods in both head and foot ends. The arched effect produced by this construction harmonizes very nicely with the serpentine front pieces. In the bed you have your choice of Ivory Enamel or Vernis Martin (Gold Bronze) finish. Height of head end, 50 inches. Height of foot end, 34 inches. Width, 4½ feet.

Chiffonier—Five extra large drawers, round wood knobs. Top, 18 by 30 inches; adjustable mirror, 12 by 18 inches. Casters.

Dresser—Top, 19 by 38 inches; adjustable mirror, 20 by 24 inches. Neatly shaped mirror standards. Two small top drawers and two large full length drawers give plenty of storage space. Casters.

Dressing Table—A dainty dressing table which any woman would appreciate. Bowed front legs add to its graceful appearance. Top, 18 by 36 inches. Height, 53 inches. Center mirror, 12 by 20 inches; wing mirrors on either side, 6 by 18 inches each. Side mirrors adjustable. Has large single drawer with ample room for toilet articles.

Princess Dresser—Low dresser base and very high, adjustable mirror. Top, 19 by 34 inches; plate glass mirror, 16 by 30 inches. One large and two small drawers give storage to daintier articles of clothing.

Any of these pieces may be ordered separately.

Master-Made Oval Tube Steel Beds

The new oval tube construction is a further development of the strength and beauty of Ward's Master-Made Steel Beds. These beds are built with oval upright tubing and bottom cross tubing in each end. The enlarged view in the circle on the bed below illustrates this method. The advantages to you are many. Oval tubing is stronger and far more durable than tubing of any other shape. It presents a pleasing and distinctive appearance and adds a touch of variety to the most conservative design. Many of our oval tube beds have also the beautifully turned Windsor feet. These features and our low prices, emphasize the big values available in Master-Made beds.

Master-Made Steel Beds Artistic Wood Finishes

Regardless of where you buy, or how carefully you inspect and compare, we are confident that nowhere will you find better beds in design, soundness of construction, and beauty of finish than Ward's Master-Made Metal Beds. Seldom, if ever, will you find beds of the excellence of quality which we maintain offered at prices so low. We believe these are the very best beds you can buy for the money.

Master-Made beds are built in one of the greatest bed factories in the world—a factory famous for the high quality of its product. Only the best of material is used, and the most advanced methods of construction are employed, always with the thought of making better beds and insuring greater satisfaction in their use. Steel, for instance, is cold rolled by a secret process, producing stronger, better beds than it is possible to produce by any other method. There are many such features. They are priced so low only because their manufacture has been reduced to a science and because only one small profit is added to cost of making.

A Bed of Exquisite Beauty Golden Oak, Mahogany or Walnut

For their durability, economy, and sanitary features, Master-Made steel beds always have stood supreme; and now to further recommend them, is their exquisite beauty. Our art design beds are finding place in the most charmingly furnished

bedrooms. They are made of round edged square tubing, finished to duplicate the appearance of rich and beautifully grained woods.

This bed, with gently arched ends, is simple, beautiful and dignified in design. Finished Golden Oak, Mahogany or Walnut and may be had in full or twin sizes. Made of high carbon steel, cold rolled by a secret process. The continuous posts are electrically welded; in each end nine steel tubing upright rods are tightly wedged. Equipped

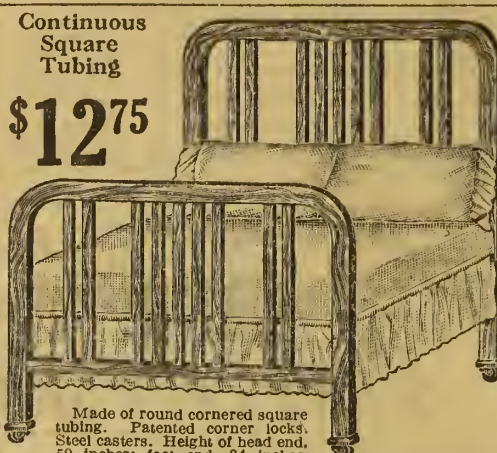

with reversible side rails and easy rolling casters. Height of head end, 50 inches; foot end, 36 inches. Width, 54 or 39 inches (twin size). State size wanted. Corner posts, 1 1/2 inches square. Upright rods, 1 1/2 by 3/4 inches. Shipping weight, full size, about 95 pounds.

Bed and Spring Outfits

Few persons appreciate the importance of the bed spring to really restful, health giving sleep. You must have a rigid, noiseless bed and a downy mattress in order to sleep even reasonably well; but before your night's rest can bring you the healthful, refreshing vigor that it should, look to your bed spring. It is the most important part of your bed. It must support you firmly, without sagging, yet it must yield to every movement. In order to give you the greatest sleeping comfort, Ward's Master-Made Bed Outfits have been made. Each outfit consists of an excellent bed and a resilient spring, designed as a unit. The spring and bed of each outfit are made to fit each other perfectly, and each gives best service when used with the other. The purpose—and result of making beds and springs to be used together is to give you the greatest sleeping comfort and the biggest value. Beds and springs are made by the most famous bed makers of the world. Their years of experience are concentrated on these beds, which we offer you through our pages. Here are beds, and springs, skillfully designed, carefully made and constructed of the best materials. They are, we believe, the finest beds and springs possible to secure for the price. In any of these combinations you may purchase your bed and spring complete, knowing that you have a perfect outfit and at a decided saving.

Oval Tube Steel Bed Complete with Coil Spring

The massive oval steel tube bed with its enamel finish in Ivory or Vernis Martin (Gold Bronze) is a piece you will be proud of, but only by experiencing the soft and buoyant comfort of the deep coil spring illustrated, can you appreciate what true bed value means. The spring is evenly inlaid with deep spiral coils. It will gently cushion your body, inducing sound, healthful slumber.

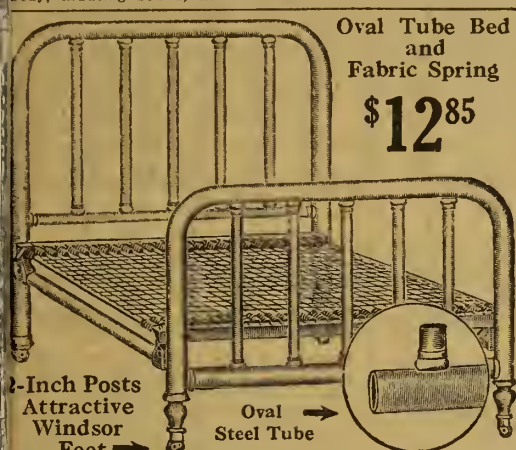

The continuous bed posts are two inches in diameter. The cross supports, at the bottom and uprights are of oval steel tubing. Oval tubing is unusually strong and graceful in appearance. The cross tubes are 1 1/4 by 3/4 inches; tubes at head and foot are 1 1/2 by 3/4 inches. Bed has the new Windsor feet, beautifully shaped; pressed steel corner locks. Steel casters. Height of head end,

50 inches; foot end, 34 inches. Shipping weight, bed and spring, about 100 pounds. In 54-inch width only.

Coil Springs Of Luxurious Comfort on which Your Sleep is Sound and Restful

Please note that the steel Angle End ends around the corner and extends along the side. It braces the entire spring. The heavy spring holder wire is also shown.

Spring for Bow End Bed

Construction is exactly the same as spring for straight end bed, except as shown above. When ordering, give measurements as explained at top of Page 471.

Four Superior Features of This Unusual Spring

1. The new angle ends, and the doubly braced construction at each corner prevent shifting side sway; a steeper, more durable spring.
2. The buoyant spiral springs along both edges are of extra heavy tempered steel wire, absolutely will not sag; greater durability.
3. The side edges are further supported by heavy steel wire, which prevents sagging. Buoyant by attaching to coiled springs at ends.
4. Each group of four small cross springs, attached to a metal plate. They do not touch each other. This makes the spring noiseless and more durable.

Ninety-nine Oil Tempered Coils in This Luxurious Spring

The comfort of your night's rest depends upon the spring on which you sleep. If you would have sleeping comfort such as you have never known before—order this—our best bed spring. Its long spirals are so sensitive they yield delightfully to the slightest touch. Even the edges are springy, yet sagless. The whole effect is of a supreme comfort.

Ninety-nine Coil Springs. Firmly set in individual sockets, on steel slats, are 99 oil tempered spiral springs. They are built into the frame in what is known as the double deck construction. This means that the steel slats at bottom of the bed

spring are lower than the side rails and that all the springs except those at the edge, which are 7 inches deep, have the advantage of extra length. Long coils are more resilient than short ones, so this spring, with its 9-inch spirals, gives perfect cushioning.

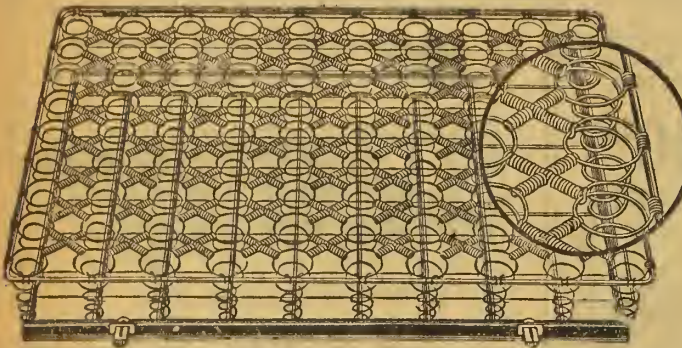

Noiseless Cross Springs. The top of each large coil is firmly tied to four coiled cross springs. Where these small cross springs come together, they do not cross one another, but each group of four is attached to a small square plate. This prevents rubbing of spring against spring and quiet rest is assured. Friction is reduced and the life of the spring prolonged.

Strongest Construction. The angle ends with rounded corners are made of sturdy steel, not simply wire, and rigidly braced against the angle iron sides of the frame. They absolutely do away

with side sway or sagging; shown only in this spring. The heavier 7 inch springs along each side are all attached to extra strong wire edges, which are spring supported and attached to the angle ends. All the large spirals are set on steel slats which extend across the width of the spring at the bottom.

Fits Wood or Metal Beds. Adjustable metal brackets are provided so the spring will fit perfectly either on a wood or a metal bed. Finish, Gray Enamel; 48-inch and 54-inch widths. State size wanted. Shipping weight, largest size, about 83 pounds.

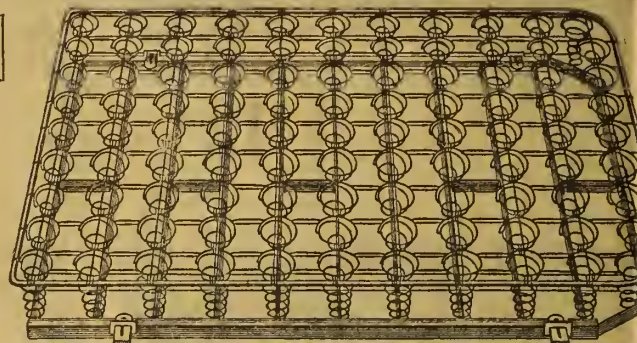

166 C 5401—For straight end bed.....\$11.95
166 C 5402—For bow end bed.....12.45
Shipped from Stock in Chicago

Follow Instructions at top of Page 471 when ordering.

Ninety-nine Coils Fastened To Cross Springs Double Deck
\$8.98

Fits Bow End or Straight Bed
\$4.98

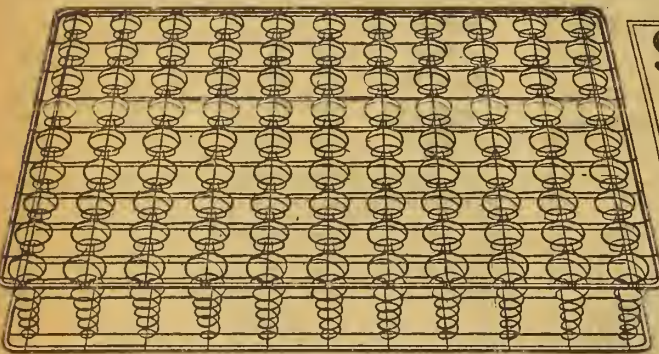

A buoyant spring that will provide you many nights of sound, comfortable sleep. It has 99 coils of heavy oil tempered steel wire. These coils are extra deep and, therefore, more buoyant and resilient. They extend below the side rails, and their bottoms secured to steel slats; this is known as the double deck construction. At the tops all spirals are fastened to small cross springs. The border is of heavy steel wire.

Frame of the spring is rigidly made of strong angle iron, and the steel slats which cross the frame at its bottom add to its rigidity. Has adjustable metal brackets so spring can be used on wood or metal beds. Finish is gray enamel. Sizes, 39 inches and 54 inches. State size wanted. Shipping weight, largest size, about 68 pounds.
166 C 5489.....\$8.98
Shipped from Stock in Chicago

The coil spring is the most comfortable known. There are 99 spiral coils in this bed spring, and each separate spring is oil tempered and resilient. All coils are set on a steel slat base and fastened in place, then tied at the top by intersecting cross wires. Heavy border wire around all edges.

The frame is of strong angle iron. Has adjustable metal brackets to fit wood or metal beds.

Bow or Straight End Bed. The illustration shows spring for bow end bed. Be sure to state wanted for Bow or Straight End bed. Finish, gray enamel. Sizes, 36-inch, 39-inch, 42-inch and 54-inch widths. State size wanted. Shipping weight, largest size, about 52 pounds.

Shipped from Stock in Chicago

Very Comfortable Spring for a Wood Bed

The sensitive coils of this buoyant spring yield to the slightest pressure. There are 99 oil tempered cone shaped spirals, tied all around the edges with a substantial border wire and fastened over tops and bottoms with intersecting cross wires. Even along the edge this inviting springiness is preserved, yet there is no tendency to sag. The wire corners are rounded—a valuable feature.

Made only to fit on a wood bed, but can be placed on metal rails by using the adjustable slats, Number 166 C 5403 illustrated at the right. Sizes, 40-inch, 46-inch, 50-inch, 52-inch widths. State size wanted. Finish, gray enamel. Shipping weight, largest size, about 29 pounds.

166 C 5407.....\$3.48
Shipped from Stock in Chicago

Springs for Wood Beds

These springs are very good values, but fit only wood beds. We recommend that you order a spring, which fits either a wood or metal bed, so you may change to a metal bed without inconvenience, whenever you wish.

\$3.48

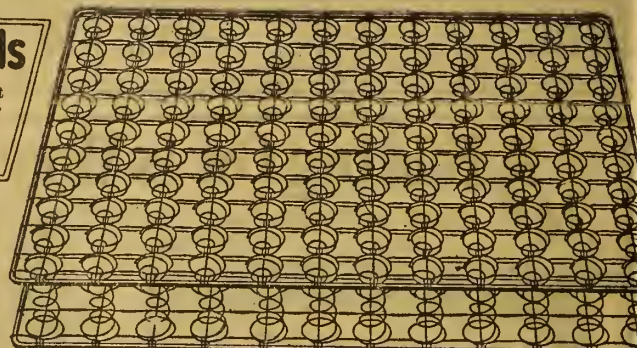

\$1.98

Adjustable Slats

Strong, adjustable metal slats to support wood bed springs in metal beds. Adjustable to fit any size metal bed. Made of steel with rust-resisting black finish. Fit securely over side rails.

166 C 5408—Set of 4 slats. Ship. wt., 25 pounds.....\$2.35
Shipped from Stock in Chicago

Low Priced Coil Spring—A Good Value

A coil spring which offers much of the comfort of higher priced springs, at little cost. It is well built throughout, composed of 120 cone shaped coils set in uniform, even rows, and tied at tops, and bottoms with intersecting cross wires.

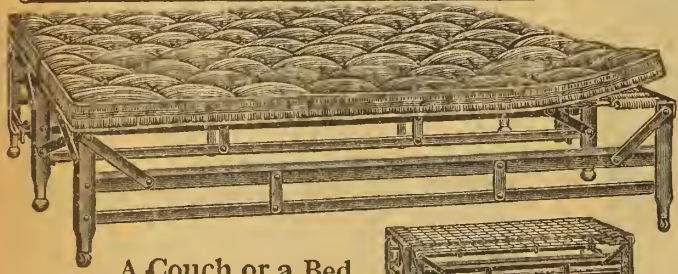

All around the edges on both top and bottom are strong border wires which give considerable strength.

Fits wood bed. By using adjustable slats shown at the left, spring may be used on metal beds.

Finish, gray enamel. Sizes, 34-inch, 40-inch, 46-inch and 52-inch widths. State size wanted. Shipping weight, largest size, about 25 pounds.

166 C 5410.....\$1.98

Sanitary Couch Beds and Double Day Beds—Priced Low

A Couch or a Bed

When draped with a neat couch cover, its pleasing appearance gives no evidence of the double purpose it serves. Yet on those many occasions when an extra bed is needed, you slide the concealed section from underneath the frame and you have a comfortable double bed.

Steel Frame. Couch bed is built with angle steel frame, well braced. All corners are mitered, a new improved construction; this means that the steel frame is not riveted at the corners, but that the end and foot pieces are in one continuous piece with rounded, bent corners. This effects a saving in cost and improvement in design, and also adds greatly to the strength of the couch bed.

When used as a couch or divan, the bed section slides out of sight beneath the other part. Has easy rolling casters. Finish is gray enamel.

Buoyant Spring. Both sections have a twisted link wire spring which is attached to the frame at the ends and made resilient by 58 strong coiled springs. This makes a comfortable, soft surface.

Felted Cotton Mattress. An 18-pound mattress of genuine felted cotton is supplied with the couch bed. Covered with a good grade of green denim and cotton tufted. Sewed with box edges. When the bed section is pulled out, mattress covers completely. It is hinged through the center and folds to fit the couch.

Size as couch, 24 by 72 inches; as bed, 45 by 72 inches. Height, 16½ inches. Shipping weight, couch, bed and mattress, complete, about 93 pounds.

Mahogany Finished Ends

The Double Day Bed is growing in popularity each season. It is an attractive couch when closed, and serves as a comfortable full size bed when open. This day bed is made of steel tubing, finished to duplicate the appearance of Mahogany. The extra section slides under the couch section on rolling casters. Spring and inner frame finished gray enamel.

Diamond Link Spring. Strong and comfortable. Attached to the frame by 68 highly tempered coiled springs.

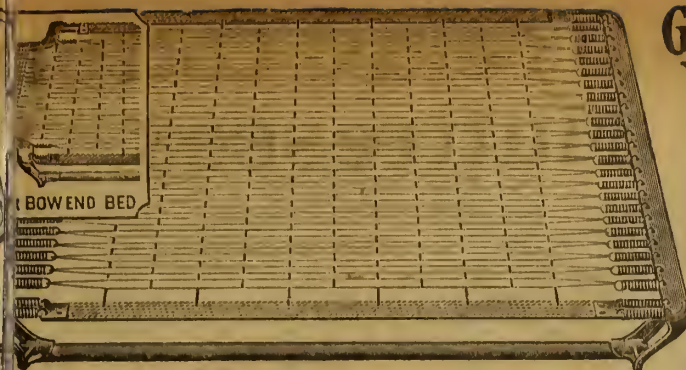

Double Day Bed and Mattress

Drape Mattress. A genuine 25-pound felted cotton mattress uniformly tufted, is furnished with the Day Bed. Made in parts, hinged together, to be folded and unfolded as required. Good fancy art crotonne is used, sewed with box edges. Mattress has pretty drape on both sides and ends.

Size as couch, 28 by 72 inches; as bed, 50 by 72 inches. Height, 16½ inches. Shipping weight, day bed and mattress complete, about 115 pounds.

166 C 5202—Day Bed with Mattress.....\$19.95
Shipped from Stock in Chicago

Give These Sizes When You Order

When ordering state whether spring is for Wood or Metal bed and give the exact width and length of the spring wanted. State if for bow foot or straight foot bed.

Width of spring for metal bed: Measure the width of the bed from the outside edge of one side rail to the outside edge of the other.

Width of spring for wood bed: State length of one of the slats.

Length of spring for metal or wood bed: State length of the side rail of the bed.

Cable Fabric Spring—Round Corners \$6.98

ing comfort is built into this spring. It is with a buoyant cable wire fabric. Each cable is of seven tightly twisted single wires which are held in place by strong cross wires so that an evenly level surface is assured. A resilient, comfortable is given by the 58 sensitive coiled springs which fasten the mesh firmly to the frame. Side rails are of oval steel tubing, 1 1/4 inches diameter, and the end rails are of strong angle steel.

The side and end rails are connected by heavy iron castings of double strength. These castings have round corners, a patented modern invention making each corner of this spring

smooth, so as not to rip the mattress or bed clothes. The spring surface is elevated six inches above the side rails making the edges of the spring as comfortable as the center. Both edges are strengthened with a 1 1/4-inch steel band and will not sag. Durable gray enamel finish. Fits straight end or bow end beds. In 54-inch width, for metal beds only. Shipping weight, about 55 pounds.

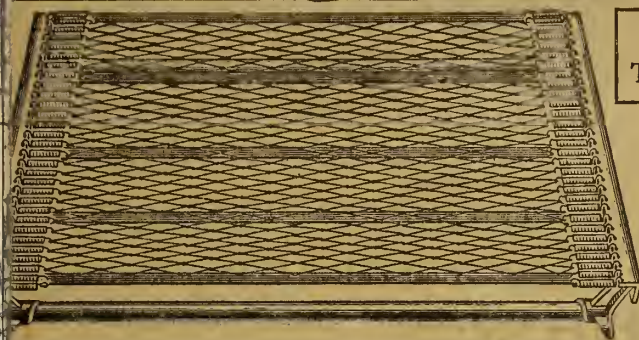

166 C 5310—Straight end \$6.98
166 C 5311—Bow end 7.48
Shipped from Stock in Chicago

Steel Slat Fabric Spring—Round Corners \$5.96

A well made, comfort giving spring with smooth steel band surface. The slat steel bands are firmly bound together by lacing cross wires. Fifty-four tempered coiled springs fasten the steel bands to the frame and allow the surface to yield comfortably to the body. The side rails are of 1 1/4-inch oval steel tubing, the oval construction adding strength. The end rails are of heavy angle steel. The side and end rails are connected by rounded iron corner castings—a patented, modern improvement making each corner smooth and safe for bed clothing and mattress. The double bracing at the corners insures lasting rigidity. The spring is elevated six

inches above the side rails, and is strengthened on each side by bands of steel, 1 1/4 inches wide. Because of this construction the edge will not sag under strain and is as comfortable to lie upon as the center of the spring. Durable gray enamel finish. Shipping weight, largest size, about 60 pounds. Sizes for metal beds, 48-inch and 54-inch widths. For wood beds, made to order. Only three days required. State size wanted.

Small Illustration Shows Couch as Bed

A couch bed which assures both comfort and long service. The frame is of strong angle steel and each end is rigidly supported on an arched base. The spring is of steel wire, firmly twisted and woven to form a square mesh. It is supported by three rows of steel spiral springs on a foundation of heavy steel cross wires. Attached to frame by 48 coiled springs. Strong enough to insure firmness, but tempered to yield comfortably to the body. The sides lift easily to form a full size bed and the automatic lock holds

them rigidly in place. The finish is a durable gray enamel. Smooth running steel casters. Size as couch, 73 by 26 inches; as bed, 73 by 50 inches. Shipping weight of bed, about 67 lbs.; mattress, 20 lbs.

Restful Master-Made Felted Cotton Mattresses

TRADE MARK

See how the Sleep-Right is extra heavily padded in the center, where the wear is hardest. Of course, this heavily padded area is compressed by machinery and presents the same smooth surface as the edges.

Sleep-Right—Felted Cotton

The Sleep-Right is Ward's feature value in mattresses. It is made of pure felted cotton throughout and weighs 50 pounds. The center is reinforced with extra layers that preserve the shape and buoyancy of the mattress, and the expert attention given to every detail of construction makes the Sleep-Right a splendid value. It is Master-Made—your assurance of quality.

To make cotton felt, all the new clean cotton is run through a felting machine which separates and rearranges the countless soft cotton fibers and builds them up in great downy layers. These layers, one upon the other, are smooth and even all the way through. They are then pressed into a firmer body, the right size and softness for comfort. After the felted filling is enclosed in a good floral art drill ticking it is machine tufted, leaving a restful surface, regular and smooth. Three rows of stitching on all edges. An Imperial Roll edge all round the four sides, on top and bottom, and also an extra row of stitches through the center of the side. This construction enhances the appearance of the mattress, prevents spreading or sagging at

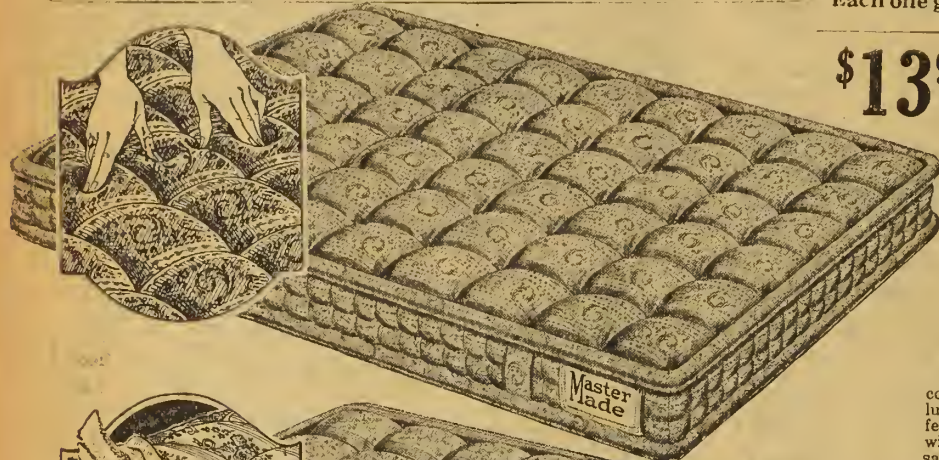

the sides and aids in making a neat bed. Each corner fitted with a loop handle. The Sleep-Right bears our Master-Made label, which guarantees comfort and quality. This label is your assurance that high standards have been enforced at every stage of the construction of the mattress. We believe that no more worthwhile value can be found. Shipping weight, 3 pounds more than actual weight.

Luxury—Best Felted Cotton Mattress

Master Made
TRADE MARK

Our finest, softest cotton felt is used in the supremely comfortable 50-pound mattress. See in the illustration at the side how easy one's fingers press into the soft buoyant filling. This yielding cotton felt conforms to every line and curve of the body. Restful undisturbed sleep is the result.

Into the building of this mattress we have put the greatest possible care. It bears the Master-Made label, and for luxurious comfort and lasting wear it is a worthy leader of all our mattresses. Springy cotton is felted into layers, built softly one upon the other in a great fluffy mass, then compressed into the proper size for comfort and buoyancy. In this manner all lumping or sagging is avoided and a perfect mattress results. It is then covered with a floral art ticking, a good grade of sateen, and evenly machine tufted. The edges

are strongly stitched all around in three rows. Imperial roll edge and an extra row of stitching through the center of the sides strengthens the entire mattress, prevents spreading and helps in making a neat bed. The corners are rounded and have loop grips for easy handling. Our best Master-Made mattress. Shipping weight, 3 pounds more than actual weight.

Rest-Well—Buoyant Felted Cotton

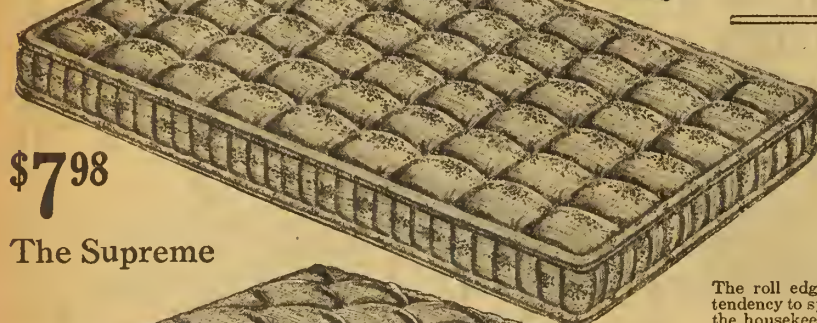

Mattress made with especially prepared, new, clean cotton, built up layer upon layer of felted cotton, as shown in the illustration at the side. This soft, buoyant filling conforms to every line and curve of the body; the true test of mattress quality and the only test that really proves its comfort. It is 50 pounds in weight.

The springy filling and felted even construction make the Rest-Well ever so soft and inviting to sleep upon. The illustration at the side shows how the layers are built up one over the other producing sound, enduring comfort. It bears the Master-Made label, proof of the high standards enforced. This label is your assurance of quality in material and skill in workmanship. Art ticking in floral pattern is used, and the edges have the 3-row stitching. Tufts are machine made, uniform and smooth.

Imperial roll edge and an extra row of stitching through the center of the sides strengthens the mattress and adds to its appearance. Round corners prolong the life of the mattress and do not sag. Cloth grip at each corner are handy. Shipping weight, 3 lbs. more than actual weight.

The Supreme

Supreme—Roll Edge and Round Corners

In the Supreme mattress, the cotton used and the built up layers are as sweet and clean as in our higher priced mattresses. It is soft, comfortable and buoyant, inducing sound, restful slumber; and well made that it will not lump or sag. Weight, 45 pounds.

In the Supreme you will find good mattress value. The springy cotton stock is thoroughly felted and built up—not blown in or stuffed. The tufts are machine made, uniform and firm, producing the evenness of compression at all points which is so necessary to rest and comfort. The roll edges and round corners are also machine stitched and extra strong. The roll edges at sides, top and bottom prevent any tendency to spread, add greatly to the appearance and help the housekeeper make a neater bed. The round corners greatly prolong the life of the mattress, as they will not catch and interfere in handling. The rounded construction

also prevents sagging at these points. Straps near each corner make it easy to handle. We do not hesitate to give the Supreme our recommendation. It is a comfortable mattress, well built and will give long service. Shipping weight, 3 pounds more than actual weight.

See how the soft, buoyant felted cotton filling yields to every curve of the form, giving restful, relaxing support.

a good grade of all new cotton is used, and properly felted. The Premier is machine tufted, just like our more expensive mattresses. The illustration at the side shows clearly how soft and yielding it is. The tufts are regular and are tied at a uniform compression. Good, strong art ticking is used and the edges are very strongly stitched. Weight in the full size is 45 pounds; a good size for a practical, sanitary mattress. Has handles

Premier—Made of All New Felted Cotton

The comfort giving and sound construction of this mattress, and the real service it has given so many of our customers, has proved that it is a very good value. Rest and ease are assured by the many built up layers of new, fluffy felted cotton. The highest standards of purity and cleanliness are followed in its construction.

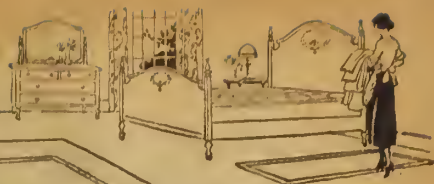

It is surprising how many features of quality can be built into a mattress at this low price. Of course, the highest point of excellence in the Premier is its pure felted cotton filling. No filling can be more highly recommended for comfort and reliability, than genuine felted cotton, and here

to facilitate lifting and moving. For a mattress built up and priced low without any sacrifice of comfort, we call your attention to the Premier. In our opinion, it is an exceptionally big value at the low price here quoted. Shipping weight, 3 pounds more than actual weight.

Inner-Strap" Felted Cotton Mattress

\$10⁹⁸

Felted Cotton Mattress
Weights 50 Pounds

All Pure Felted Cotton

Only pure clean cotton, built up in felted layers, is used in the construction of this mattress. Our mattresses are all built according to Master-Made standards, which means that the material used is carefully selected, properly prepared before use, and fashioned by skilled workmen. It is built with the famous "inner strap" as shown in the illustration at the side; this prevents any tendency to spread and reinforces the tufts, producing a sound, even mattress of real comfort and buoyancy.

Pure fluffy cotton, fresh and clean, is felted into smooth, even layers by the felting machine. These layers are built up one upon the other, to form a deep downy mass, then compressed by special machinery to exactly the proper thickness. By smoothing out and rearranging of the fiber, evenness is assured in this mattress all the way through.

Inner Strap: By the use of the inner strap in this mattress, spreading is prevented, sagging or lumping is avoided and the tufts are reinforced. The straps, as the illustration shows, are laid under the ticking between rows of tufting and are the exact width of the mattress. They completely take up the slack in the felted layers and leave a delightful smooth surface.

Machine Tufted: Uniform tufts are assured by machine tufting, which produces a firm, sound mattress that is durable and strong. Corners are rounded.

A strong floral art ticking is used, sewed with the Imperial Roll edge. This reinforces the edge and is a real aid toward dressing a bed neatly. Side handles at each corner. For shipment, mattress is wrapped in heavy paper, then covered with burlap, and guaranteed to reach you in a clean, sanitary condition. Shipping weight, 53 pounds.

Famous KAPOK Mattresses

30-Pound KAPOK Mattress

A deep, thick mattress, very buoyant and comfort giving. In the Master-Made Kapok mattress we use only the finest Javanese Kapok. This material is a fluffy snow white, vegetable fiber, light and airy, will not bunch up or pack together. It is so delightfully soft, clean and silky that for many years it was called Silk Floss. Although tightly packed and full size, the Kapok mattress is very light, and requires little effort for turning and handling.

The ticking is an excellent quality sateen, in a pretty floral pattern. Mattress is evenly machine tufted and has the Imperial roll edge all around and on top and bottom. Neat round corners and side handles.

Shipping weights, 3 pounds more per mattress than actual weights.

28-Pound KAPOK Mattress

An excellent Kapok mattress in a little lighter weight, very comfortable and serviceable. Kapok has long been recognized as an ideal mattress filling. We use only the genuine Kapok from the seed pod of the Randoe tree in Java. This downy buoyant fiber is so light and airy that great fluffy masses of it may be packed into a mattress without greatly increasing the weight. Thus it provides a mattress which is light and easy to handle, yet supports your weight evenly from head to foot and permits a degree of relaxation which is very pleasant. Indeed, High standards of purity and cleanliness prevail in the making of Master-Made Kapok Mattresses. The close, even, machine made tufts, regularly spaced, insure smoothness of surface and filling. A good quality art drill ticking is used, printed in a nice floral pattern. Mattress edges are plain stitched with the corners rounded and fitted with handles.

Shipping weights, 3 pounds more per mattress than actual weights.

The Purity

The Purity—A Good Low Priced Mattress

The clean, sanitary filling of this mattress well deserves the name Purity. It is built with the same exacting care, to preserve its cleanliness and insure comfort, as our higher priced mattresses. The center is filled with a thin layer of clean corn husks, free from lumps or roughness and carefully smoothed out. Both above and below the corn husks are layers of wood wool which is curly, soft and resilient. The wood wool gives buoyancy and comfort to the mattress because of its springy qualities, and it also tends to maintain the smoothness of the center layer.

As a final means of providing soft and restful comfort, layers of genuine felted cotton are placed over the wood wool. These downy, cushioning layers are placed on both top and bottom of the mattress,

so that both sides are equally comfortable, and mattress may be reversed.

The Purity is covered with an extra good quality woven ticking in a striped pattern. The tufting machine done, and is uniform and even, so that Purity presents a smooth, even surface, and will not lump or sag. Edges are strongly stitched with thread.

All these exceptional features, seldom found in a mattress so low in price, emphasize the big value offered in the Purity. We believe you would be far for another mattress of similar high grade construction, at a price nearly so low. Shipping weight, 3 pounds more than actual weight.

The Jewel

The Jewel—Fresh, Clean and Well Made

Every Ward Mattress is a good mattress regardless of low price. In fact, we take special care in the construction of our low priced mattresses, and are always careful to use none but clean, fresh fillings, so that you are assured of good value and clean, sanitary construction throughout. The Jewel is built up to this high standard.

The center filling is of sanitary, curly excelsior, absolutely clean and free from foreign substances. We assure you of its sanitary qualities for your protection, as their absolute cleanliness is one of the most important features of our low priced mattresses.

On both sides of the excelsior center (on top and bottom of the mattress) are heavy layers of grade cotton felt. The thickness of these soft cushioning layers is one reason for the suppling comfort of the Jewel. The felt is smooth, yielding, restful, and insures sound, healthful slumber.

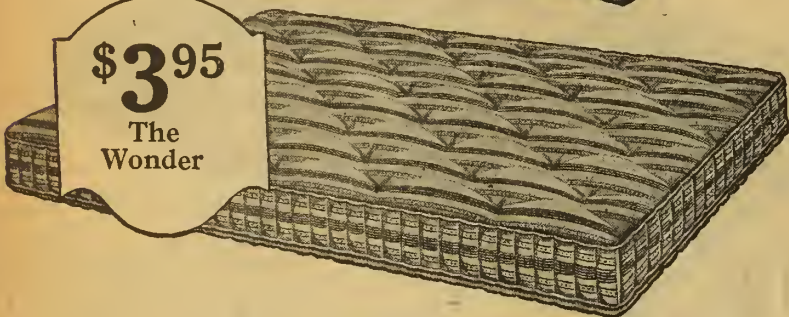

The durable woven ticking is well stitched at edges, insuring durability and good service. Machine tufted, smoothly and evenly, so the Jewel will not lump nor sag at any part. A clean, comfortable mattress at a very reasonable price. Shipping weight, 3 pounds more than actual weight.

The Wonder

The Wonder—Our Lowest Priced Mattress

The Wonder is marked down to the lowest price at which a good mattress can be sold; it is comfortable, clean and sanitary throughout, and will give excellent service. This is assured by the high quality of its construction. It is made with a center filling of new, clean excelsior, very curly and springy, with layers of felted cotton on top and bottom. The use of good clean excelsior enables us to sell the Wonder

at its very low price, and the layers of felted cotton on top and bottom give assurance of great comfort. The ticking is a very durable grade of striped goods. Deep, uniform machine tufting checks tendency to spread, and insures a permanent shape and smooth surface. Shipping weight, 3 pounds more than actual weight.

Bolster Roll

Ward's "Imperial" All New Feathers and Pillows

No matter what grade of Feathers or Pillows order from us, you will receive only sanitary and dry picked feathers free from all dust and foreign substances. This high standard of quality never is varied. We accept only new dry feathers and reject all others. The selected feathers are put through an extensive cleaning and sterilizing process which gives them life

and resiliency. Then they are dried with large, powerful fans and come out curled, clean, light and fluffy. One of the special features which make our feathers and pillows superior to others is the fact that they are absolutely free from quills, pin feathers, coarse feathers, and scales. This makes them plumper and softer, weight for weight. In every case the correct quantity of

feathers is used to form pillows neither too thin nor too firm, but of fluffy, resilient comfort. Tick seams are securely stitched, and the pillows are properly shaped to insure a neat appearance. All our feathers and feather pillows are described exactly, as to grade and quantity of the feather content—the only positive method by which you could know the exact value received.

Pillows are very carefully prepared for shipment. They are wrapped in paper, and each pair placed in a strong pasteboard box, which weighs about 2½ pounds. When figuring transportation charges, add this amount to the actual weight of the pillows. When pillows are shipped with other merchandise, however, do not add the 2½ pounds as no extra box is needed.

Downy White Goose Feathers

White Goose Feathers with down, unsurpassed for buoyancy, comfort and long usefulness. Nothing but feathers, especially prepared for us by a process which adds to their life and buoyancy. Covered with a strong art ticking in combination blue stripe and floral pattern. Our best value.

Feathers

When you order from us you get the exact weight of feathers you order, the bag is not weighed in. The weight of the bag would make quite a difference if it were counted as part of the weight of the feathers. Our feathers are weighed entirely separate from the bag and you get your full money's worth.

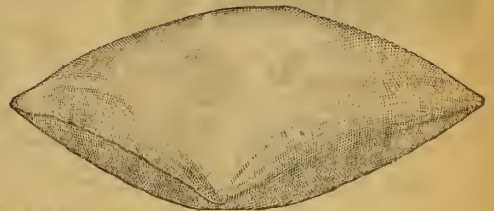

All the feathers listed below represent the best and truest values possible, because we describe the exact kind and quantity of feathers in every instance. All feathers absolutely free from quills, pin feathers, coarse feathers, and scales. They make plumper, softer, ticks and pillows. For shipping weight of bulk feathers, add from 2 to 8 ounces to actual weight.

These Descriptions are Exact

Hen Feather Mixture —About ¼ white and ¾ colored. All new, dry picked, pure, clean and odorless. Treated by our special process, making them exceptionally buoyant. 66 C 5905					
Light Colored Hen Feathers —Good quality mixture of ¼ white and ¾ colored Hen Feathers, all especially treated and curled. These are the best Hen Feathers obtainable. 66 C 5906					
Colored Duck Feathers —Highest quality Colored Duck Feathers are all clean, new and buoyant, and specially treated. Will make soft, comfortable pillows. 66 C 5907					
Duck Feather Mixture —Mixture of ¾ White Duck and ¼ Colored Duck Feathers; all new and clean. The Colored Feathers are really as buoyant and resilient as the White. 66 C 5908					
Goose and Duck Mixture —One-half Gray Goose and ½ Colored Duck. As for buoyancy and comfort, a high quality mixture. All new, clean, dry picked feathers. 66 C 5909					
Goose and White Duck Feathers that have been dry picked, cleaned and curled into fluffy buoyancy. One-half Gray Goose and ½ White Duck Feathers. A fine mixture. 66 C 5910					
Gray Goose Feathers —The highest quality obtainable, except for the color. Absolutely clean, new soft and springy. Have great buoyancy. 66 C 5911					
White Goose Feathers —Fluffy, buoyant, in the highest degree. All new, clean, and the pick of all Goose Feathers. Light and springy; our finest grade. 66 C 5912					
Duck and Goose Down in Bulk					
Duck Down —¾ Genuine Duck Down with ¼ Hen Down. Mixture that makes possible high quality and low price. All new, clean, dry picked curly and buoyant. 66 C 5913					
White Down —A mixture of ½ White Goose Down with ½ White Hen Down. Really exceptional softness and buoyancy at a price made possible by the use of the Hen Down. 66 C 5914

Sofa Pillows

New Turkey and Chicken Down

Mixed Chicken and Turkey Down made buoyant and resilient by our special cleansing process, which removes every particle of dust and foreign matter. The Turkey feathers insure good quality, and the Chicken feathers make possible the lower price. Covered with good cambric, and just as soft and buoyant as can be. A delightfully comfortable and inviting pillow and an exceptionally big bargain.

Kapok (Silk Floss) Sofa Pillow

Kapok, known as Silk Floss, is exceptionally light and soft, and makes an ideal sofa pillow filling. It is a light and fluffy silk-like vegetable fiber, from the seed pod of the Rhandio tree, in Java. Kapok makes an exceptionally plump, fluffy pillow, without adding noticeably to the weight. Good cambric cover retains the Kapok, and makes a fluffy, pleasant pillow.

Bancroft Sunfast Holland Shades Made to Order

These shades are made to order, and cannot be matched in color with opaque shades. In these shade goods, the art of the manufacturer has been brought to a point of perfection far beyond anything heretofore attained in this country or in Europe. The colors of these shades will stand exposure to the sun and will not fade. They do not shut out the light as the opaque cloth shades do. Furnished in the following colors: White; olive green, or ecru. State color wanted. Cannot be returned or exchanged, if sent as ordered. It is well to allow about 5 to 7 days' time after we receive your order for making these special sizes. Prices include slat, brackets and nails. Each shade wrapped separately.

Venetian Striped Holland Window Shades

These shades are made from a very fine quality of Venetian striped cloth and are much used in high-class modern homes. The shadow stripe effect has proved very popular. They are not as opaque as the dark colored shades, but when down to exclude the sun will give a soft diffused light. Mounted on dust-proof, self-acting, spring rollers. Venetian striped Holland Shades will give unusually long wear and excellent satisfaction in every way. They are furnished in these two colors only: White or Ecru. State color wanted. Prices include roller, slat, brackets and nails.

Window Shades

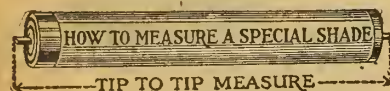

Buy suitable shades for your windows. Our wide selection includes plain fringed, sealed-fringed and plain window shades in many pleasing colors—you may satisfy your preference. If your windows are of an unusual size or shape and our ready-made shades will not fit, our efficient Made-to-Order Department will make exactly what you want. And our prices will suit you as well. The inexpensive water color shades are of a reliable quality. The oil opaque shades give absolute satisfaction by their smooth, neat appearance and their long service.

Instructions for Ordering Made-to-Order Shades

Be exact in writing your order. It is the best way to secure prompt service, as it requires three to four days to make up shades after your order is received.

Be sure to say whether you want the shades to hang on the inside or outside of your window casings.

When shades are wanted to hang on the outside of casing, give measurement from tip to tip of roller, including the extreme tip of the iron ends. See "tip to tip measure" illustrated below.

When shades are wanted to hang on the inside of the window casing, give us the exact width between your window jambs at the top of the frame. Do not measure with a cloth tape line. Measurements should be given very accurately even to a sixteenth of an inch.

For length of shades, measure from top to bottom of window and add six inches. The extra inches make raising the shade more easy.

State the color. If you want your window shades to match in color order them all of the same quality, as different qualities will show different colors.

To have a fringe sewed on your shades, see the extra prices and description of the fringe given on this page.

If the exact size wanted is not shown on the above list, state your measurements and send money for the next largest size listed. We will make them as stated on your order. For sizes larger than we have quoted, or for colors not listed, prices will be sent on request.

Lettering

We also letter shades for stores and offices in shaded gilt lettering. The charge is 60 cents extra for running foot of letters. Print carefully the lettering that you wish put on your shades.

Window Shade Rollers

A good spring and high grade materials make this roller one of lasting, practical value. The end of the roller containing the spring is covered by a dustproof metal cap; no working parts are exposed. Prices include slat and brackets. Outside brackets will be sent unless otherwise specified.

Drapery Materials

Art Denim

This good quality denim has many uses in home decoration. It makes attractive draperies and table covers. Used also for pillow tops, fancy work and borders around rugs. The particular advantage of denim is its wearing quality. Offered in two shades, plain green or brown. Width, about 36 inches. Shipping weight, per yard, 5 ounces.

72 C 7001—Green, 25¢	72 C 7005—Brown, 59¢
72 C 7002—Brown, 25¢	72 C 7006—Green, 59¢
	72 C 7007—Blue, 59¢

Mercerized Rep

Plain mercerized rep; a pretty material for draperies. It is also attractive for use in fancy work and it makes an artistic background for embroidery designs. The material is firmly woven and fully mercerized. It comes in brown; green, or blue. Width, about 36 inches. Shipping weight, per yard, 5 ounces.

Casement Cloth

Pleasing effects may be obtained in the home by the use of this material. For overdraperies, covers and similar uses it is most desirable. It is of excellent wearing quality. Made in a good choice of colors—green; brown; rose, or ecru. Width, about 36 inches. Shipping weight, per yard, 5 ounces.

Postage, each, 6¢ extra

Curtains of Beauty and Practical Worth

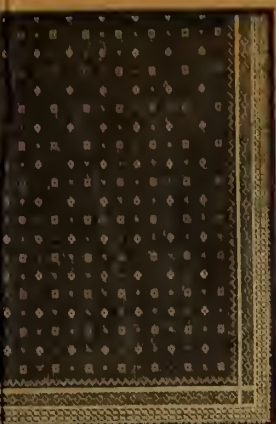

Filet lace curtains are the strongest and most durable lace curtains made, because of the way they are woven. Each thread of the strong cross weave is twisted and tied which not only makes for greater strength but permits unusually dainty and artistic patterns. With ordinary care, filet curtains may be laundered a great many times without tearing or losing their shape. Not until you have seen their beauty and examined closely their weave will you fully appreciate their superiority.

Panel Curtains

Economy!—

ONLY one panel curtain is needed to properly dress the average window. This reduces the cost of curtaining about one-half. They are designed to hang straight from the rod without fullness, one curtain to a window. Charming effects are obtained by using plain colored overdraperies with the allover figured curtains or figured draperies with the plainer designs.

Beautiful Drapery Materials in newest patterns and colors shown on Page 173

92¢
Each

72 C 5105—Nottingham Lace Panel Curtain. Offers real beauty and quality at a low cost. Made of dependable Nottingham net which will wash well and retain its freshness. White only. Width, 48 inches. Length, 2½ yards. Postage, each, 6¢ extra

You will find suitable rods for any style of curtains or overdraperies listed on Page 479.

Scrim, Marquisette and Muslin Curtains

Easy to Keep Fresh and Dainty

FOR KITCHEN, bedroom or living room where windows are kept open and curtains soon become soiled and dingy—scrims, marquisettes or muslins are a happy choice. They wash and iron so easily that they may always be kept fresh; they cost so little that even the loveliest are economical; they wear so well that they are a wise purchase, and are so pretty that you enjoy owning them. Ruffled styles are particularly good this season.

\$2.49
A Pair
72 C 5611—Dotted Marquisette Curtains. Especially pleasing to women who seek daintiness and individuality. Ruffled curtains are the newest vogue. Made of sheer marquisette embroidered in polka dots. Has ruffled edge. White only.
Width, each curtain, 30 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

\$1.29
A Pair
72 C 5865—Floured Scrim Curtains. Made of fine quality scrim with a delicately tinted figure and edged with a full ruffle of self material. If you want the newest fashion, be sure to buy ruffled curtains. COLORS: White with gold, rose, or blue figures. State color wanted.
Width, each curtain, 28 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

59¢
A Pair
72 C 5955—Crisp Muslin Curtains. A simple style which for generations has retained its popularity. Much in demand at present because ruffled curtains are this season's favorite. The price affords a decided saving. White only.
Width, each curtain, 24 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

Sealed Envelopes protect your curtains from the time they leave the factory until they are placed in your hands.

98¢
A Pair
72 C 5801—Scrim Curtains. A decidedly good value in plain curtains made from good quality scrim, firmly and strongly woven, certain to wear and launder to your satisfaction. Neatly finished with 2-in. hemstitched border. COLORS: White or Ecru. State color wanted.
Width, each curtain, 33 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

Laundrying curtains becomes an easy matter when one possesses the proper Curtain Stretchers. See Index.

\$1.75
A Pair
72 C 5845—Scrim Curtains. Excellent in quality, pleasing in design and low in price.
The scrim is exceptionally fine in texture, yet firm and strong. Will wear well and retain its body through frequent washings. Made with a 2-inch hemstitched border finished with an edging of equal width lace. COLORS: White or Ecru. State color wanted.
Width, each curtain, 34 inches. Length, 2 1/2 yards.
Postage, per pair, 6¢ extra

\$2.45
A Pair
72 C 5810—Scrim Curtains. An exceptionally fine soft quality, tastefully finished with narrow hemstitched border and pretty lace edging. A lace medallion combined with drawn work makes an attractive corner display. COLORS: White or Ecru. State color wanted.
Width, each curtain, 33 inches. Length, 2 1/2 yards.
Postage, per pair, 6¢ extra

Sealed Envelopes protect your curtains from the moment they leave the factory until they are placed in your hands.

72 C 5830—Scrim Curtains. Attractive in its neat simplicity, this three-piece Dutch Colonial curtain set is made of fine scrim, finished with hemstitched border two inches wide. COLORS: White or Ecru. State color wanted.
Width, over all, 78 inches. Length, 2 1/4 yards. Length of valance, 16 inches.
Postage, per set, 6¢ extra

72 C 5635—Marquisette Curtains. Popular three-piece Colonial style, made of good quality marquisette, finished with narrow hemstitched border and pretty lace edging. An excellent value at a very moderate price. COLORS: White or Ecru. State color wanted.
Width, over all, 78 inches. Length, 2 1/4 yards. Length of valance, 16 inches.
Postage, per set, 6¢ extra

72 C 5835—Marquisette Curtains. Unusually attractive, high grade curtains in three-piece Colonial style. Made with paneled inserts of delicate filet lace in flying bird design and finished with hemstitched border edged with rich cluny lace. Hemmed, ready for the rod. COLORS: White, Ivory, or Ecru. State color wanted.
Width, over all, 50 inches. Length, 2 yards. Length of valance, 16 inches.
Postage, per set, 6¢ extra

\$1.65
A Pair
72 C 5610—Marquisette Curtains. A simple style finished with narrow picot edged ruffle. You'll find them pretty as well as practical. Marquisette launders beautifully and may be ironed instead of stretched. Ruffled curtains are the season's most popular style. White only.
Width, each curtain, 30 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

\$1.35
A Pair
72 C 5844—Ruffled Scrim Curtains. A firm, close weave in a neat style, finished with picot edged ruffle. Comes to you ready to be hemmed for the rod. These curtains will launder excellently and the price is less than it would cost you to buy material and have the curtains made. White only.
Width, each curtain, 30 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

Fresh New Curtains suggest fresh wall paper. Write for our latest Wall Paper Book. Sent free on request. Prices are very low.

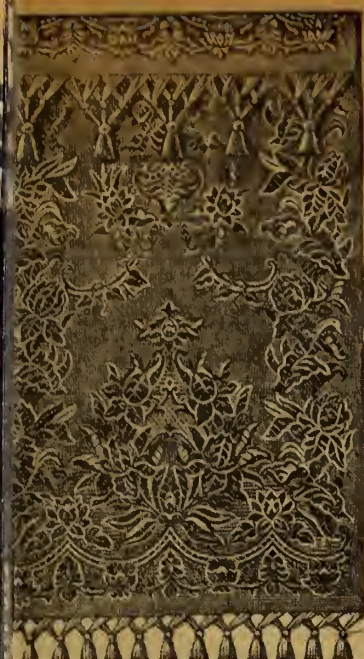

\$1.89
A Pair
72 C 5615—Marquisette Curtains. This trim, attractive style of curtain will add a pleasing note of grace and dignity to your furnishings. Daintily finished with hemstitched border two inches wide and cluny lace edging of equal width. Will wear well and launder easily. COLORS: White or Ecru. State color wanted.
Width, each curtain, 33 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

These are Curtain Values of which we are proud. Not for many years have we been able to offer such good quality at these moderate prices.

\$1.98
A Pair
72 C 5617—Marquisette Curtains. Simple in design, but rich in effect. Made of a good quality of material, and woven for long satisfactory wear. The two-inch hemstitched border is finished with handsome lace edging. Excellent value. COLORS: White or Ecru. State color wanted.
Width, each curtain, 33 inches. Length, 2 1/4 yards.
Postage, per pair, 6¢ extra

\$3.25
A Pair
72 C 5620—Marquisette Curtains. Made of firm, closely woven material, pre-shrunk and dependable for satisfactory wear. H Seamless Tapestry Brussels Rug

Another pleasing pattern in our best grade Tapestry Brussels. The rich, subdued color scheme is brought out effectively by the small all over design. Soft and comfortable to the tread.

Number	Size	Shipping Weight, About	Each
172 C 2195	9 by 12 feet	30 pounds	\$23.78
172 C 2196	4½ by 7½ feet	9 pounds	8.98
172 C 2197	6 by 9 feet	15 pounds	13.78
172 C 2198	8¾ by 10½ feet	24 pounds	21.98
172 C 2199	11¼ by 13½ feet	42 pounds	37.98

J Seamless Tapestry Brussels Rug

A heavy quality that lies flat on the floor and will not curl or rumple up. This is our best grade of Tapestry Brussels, woven with a soft, thick pile which is most comfortable to the tread. The pattern illustrated is in small all over design in a very pleasing color effect. The various sizes are moderately priced.

Number	Size	Shipping Weight, About	Each
172 C 2200	9 by 12 feet	30 pounds	\$23.98
172 C 2201	8¾ by 10½ feet	24 pounds	21.88
172 C 2202	11¼ by 12 feet	38 pounds	31.78
172 C 2203	11¼ by 15 feet	47 pounds	41.58
72 C 20	27 by 54 inches	2½ pounds	2.18

K Seamless Tapestry Brussels Rug

Woven of durable wool yarns in floral medallion pattern and pleasing color combination. Very moderately priced. A rug that can be depended upon for good service. Suitable for any room.

Number	Size	Shipping Weight, About	Each
172 C 2140	9 by 12 feet	25 pounds	\$15.98

L Seamless Tapestry Brussels Rug

A pretty floral medallion pattern on a tan background. The colors do not show soil readily. Wears well.

Number	Size	Shipping Weight, About	Each
172 C 2055	9 by 12 feet	25 pounds	\$18.98
172 C 2056	6 by 9 feet	14 pounds	11.28
172 C 2057	7½ by 9 feet	18 pounds	13.78
172 C 2058	8¾ by 10½ feet	20 pounds	16.88
172 C 2059	1¼ by 12 feet	31 pounds	24.58

M Seamless Tapestry Brussels Rug

A beautiful Chinese pattern carried out in tan against a background of the now popular dull blue. An unusually pleasing design in a quality which will give satisfactory service.

Number	Size	Shipping Weight, About	Each
172 C 2020	9 by 12 feet	27 pounds	\$20.58
172 C 2021	8¾ by 10½ feet	22 pounds	19.28

N Seamless English Brussels Rug

In English Brussels rugs you will find the weave exceptionally close and fine because a great many more threads are used for each square inch than are used for Tapestry Brussels. The design and coloring of the rug illustrated emphasize its good quality. The pile is thick and luxuriously soft to the tread. Rugs which will give you long and satisfactory service.

Number	Size	Shipping Weight, About	Each
172 C 2376	9 by 12 feet	31 pounds	\$32.88
172 C 2377	8¾ by 10½ feet	25 pounds	29.98
172 C 2378	11¼ by 12 feet	39 pounds	45.88

Rugs Shown in Colors on Opposite Page are Described Below

Seamless Velvet Rugs

The small illustration shows the fine close weave of our velvet rugs. The surface is formed of innumerable tiny loops which are cut to make a deep firm pile. This gives our velvet rugs their soft rich appearance. Velvet rugs are not only handsome, but very serviceable as well.

A A firmly woven rug of dependable wearing quality. The design is pleasing and attractively colored and will be suitable for almost any room in the home. The pile of the surface is unusually springy. Seamless.

	Size	Shipping Weight, About	Each
172 C 2412	9 by 12 feet	29 pounds	\$23.75
172 C 2413	7½ by 9 feet	19 pounds	16.75
172 C 2414	8¼ by 10½ feet	23 pounds	20.95

No Small Rugs to Match A

B Made of high grade select wool, this velvet rug will give lasting, satisfying service. The coloring is quiet and restful in effect, and the "velvet-like" surface is comfortable to the tread. Seamless.

	Size	Shipping Weight, About	Each
172 C 2430	9 by 12 feet	29 pounds	\$22.95
172 C 2431	6 by 9 feet	15 pounds	13.75
172 C 2432	7½ by 9 feet	19 pounds	16.45
172 C 2433	8¼ by 10½ feet	22 pounds	20.95
172 C 2434	11¼ by 12 feet	35 pounds	30.85

No Small Rugs to Match B

C A pleasing allover pattern against two toned tan background; the design in a combination of colors which will blend nicely with almost any color scheme. Seamless.

	Size	Shipping Weight, About	Each
172 C 2556	9 by 12 feet	33 pounds	\$36.75
172 C 2557	6 by 9 feet	20 pounds	20.50

How To Order Carpets and Rugs of Special Size

We Furnish You Free Estimates

Absolutely free of charge and without obligating you in any way, we will estimate the cost of floor covering for any room in your home.

When Ordering Carpets Follow These Simple Instructions

Give the exact size of room. Make a diagram to show the room and mark on it, any window, fireplace and any offset or irregularities in the shape of the room, giving exact measurements of each. State whether you wish strips to run the long or short way of room. Unless otherwise specified, we always cut carpet the long way of room. Allow about 1 1/2 yards waste for matching pattern for every 25 yards of carpet.

Be Sure to Include Sewing Charges

For sewing Ingrain or Rag Carpet, add three cents per yard extra. For Brussels, Velvet or Axminster Carpet, add four cents per yard extra. For Brussels, Velvet or Axminster carpet with border, add ten cents per yard extra. When ordering hall runners made from stair carpet, allow 1/4 of a yard extra for mitering ends and \$1.00 extra for sewing.

Use the Table Below

In case the size of your room is not given in this list allow enough money for the next larger size. The necessary waste for matching is included. In case we use less we will return the balance to you. We do all cutting, matching and sizing FREE of charge.

Size of Room in Feet	Yards 27-inch Carpet Needed	Yards 27-inch Carpet, Including Border Needed	Yards 36-inch Carpet Needed
9 by 9	13	17	9 1/2

15 by 15	36 1/2	40 1/2	26 1/2

Special Size Rugs

Choose the carpet you want with border to match from styles shown on opposite page. We will make a rug to fit any size or type of room. Be sure to send us a complete diagram of room, showing all measurements. If you estimate your own requirements, follow carefully the instructions given below.

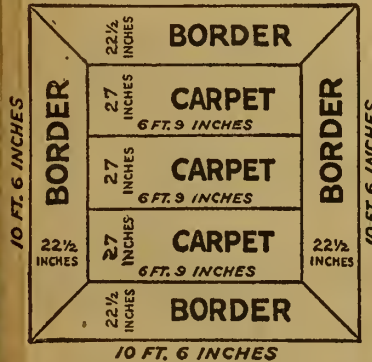

For determining the amount of border required, measure the distance around the room. For instance, if the room is 10 feet 6 inches square as shown on diagram at bottom of page, it would take four times 10 feet 6 inches, or 42 feet, which is 14 yards of border.

To find the number of strips of carpet required, subtract the width of two strips of border, or 45 inches, from 10 feet 6 inches (126 inches). This gives you 6 feet 9 inches, or 81 inches. Dividing this by 27 (the width of one strip of carpet) gives the number of strips needed.

To get the length of strips, deduct width of two strips of border (45 inches) from 10 feet 6 inches; the result is 6 feet 9 inches. Three strips 6 feet 9 inches long would be 20 feet 3 inches, or 6 3/4 yards.

Allow 1 1/2 yards for matching. This makes the carpet and border required to fit a room 10 feet 6 inches square, a total of 22 1/2 yards. To this cost add a cost of 10 cents per yard, the charge made for sewing carpet with border.

10 FT. 6 INCHES

NOTE: By sending \$1.00 extra to cover sewing charges, you can get a small rug 3 feet 9 inches square from the waste due to mitering the corners of large rug. This makes an extremely inexpensive rug of convenient size and good appearance.

Chinese and Japanese Grass Rugs and Matting

China Matting

A firmly woven Matting of heavy grade. At an unusually low price. Your choice of brown or green. Width, 36 inches. Shipping weight, per yard, 1 1/2 pounds.

172 C 3583	6 x 9 feet	18 lbs.	2.75

Carpet Remnant Rugs

Small rugs that are splendid bargains because of their quality. Made from Tapestry Brussels and Velvet carpeting, finished with harmonizing fringe. We will supply best selection possible from stock.

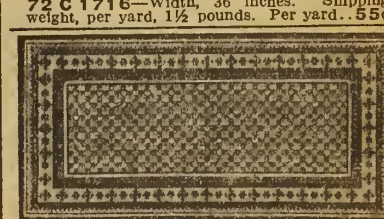

72 C 1676—Sizes vary from 22 1/2 to 27 inches in width and from 1 1/4 to 1 1/2 yards in length. Shipping weight, 2 pounds. \$1.29

Kolor Fast Fiber Matting

Reversible fiber matting in a neat, green colored pattern. It may be sewed like a wool carpet and is quickly and easily handled. Matting is much favored as a floor covering because a simple mopping makes it as bright as new.

72 C 1716—Width, 36 inches. Shipping weight, per yard, 1 1/2 pounds. Per yard.... 55¢

Ward-o-leum Mats

These mats are sanitary and waterproof. Neatly patterned. A protection for your floor in front of the stove, sink or table. The remarkably low price means a genuine saving. A coat of varnish about twice a year will prolong the wearing qualities.

72 C 1730—Size, 18 by 36 inches. Shipping weight, 1 1/2 pounds. 43¢

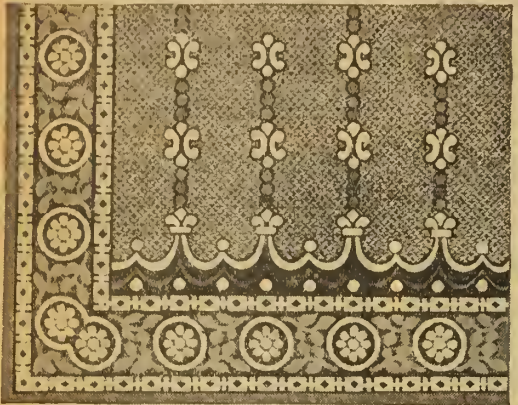

Wool and Fiber Rugs

Wool and Fiber Rugs

These rugs are desirable because of their excellent wearing qualities and low prices. Supplied in a pretty shade of blue or brown with contrasting colored figures and border. State color wanted.

Ward-o-leum

See Opposite Page for Descriptions and Prices

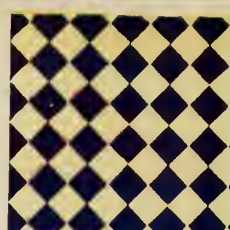

Ward-o-leum Rug Border

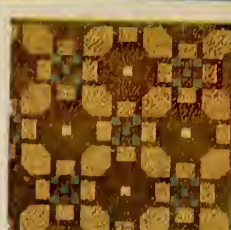

To show your rugs to best advantage, be sure there are no defects in the floor space around them. If your floor is worn, uneven or splintery, use this Ward-o-leum rug border. It has the appearance of hardwood flooring.
A good varnish applied every six months will prolong its wearing qualities. It may be cleaned with a damp mop.

Linoleum

See Opposite Page for Descriptions and Prices

This durable and sanitary floor covering is priced to save you money. Made of carefully selected materials on strong burlap base, it wears very well. Popular colors and patterns—designs suitable for bedroom, dining room or kitchen. Do not use strong soaps or alkali in cleaning—a mild soap and a little water are sufficient.

Inlaid Linoleum

See Opposite Page for Descriptions and Prices

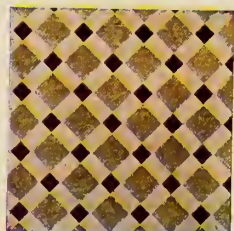

The superior quality of inlaid linoleum makes the price a secondary consideration. The colors are inlaid to the base. They are made to retain their bright fresh tones.
The burlap base and the carefully selected materials are strong and durable, and will give excellent service. In granite, plain or figured designs.

Descriptions of Ward-o-leum pictured in color on opposite page

Our Ward-o-leum and Linoleum is sold by the running yard. This means that for one yard of 6-foot width you get two square yards; one yard of 9-foot width, three square yards; one yard of 12-foot width, four square yards. Considering this, you will find our prices extremely low.

Ward-o-leum is sanitary, waterproof and economical! The low price of this floor covering means a worthwhile saving to you. Only because this is as a product made especially for Montgomery Ward & Co., can it be sold at such a low figure.

For years our customers have used Ward-o-leum. They have told their friends about it, and everywhere people select Ward-o-leum—the floor covering they know to be good.

Every woman who has scrubbed a splintery wooden floor will appreciate the time, toil and discomfort she will save herself by using Ward-o-leum floor covering.

Made of dependable materials on a durable felt base. If Ward-o-leum is varnished about every six months, it is practically indestructible.

To Lay—Spread the roll flat, allowing about ¼ inch space between seams or expansion. Cut the material clear through. Do not try to rip it. Then you will have a smooth, neat floor covering that does not require tacks or any other fastening, except at the seams.

Super Ward-o-leum—An extra heavy grade Ward-o-leum. At this low price it is a worthwhile investment, for its specially selected materials will give you long continuous wear.

\$500 A Blue Enamel Beauty \$500 Down Sold on Easy Payments \$5 a Month

ALL ENAMELED PARTS GUARANTEED FOR TEN YEARS

We believe our Admiral Blue Windsor is the best value porcelain Enamelled Coal Range offered on the market today. In it we have endeavored to combine the highest possible quality with the most handsome appearance.

The Admiral Blue is built for service—the heaviest kind of service! Put this range in your kitchen; no matter what your requirements of a range are, it will handle them easily. You may fire it just as long and just as hard as you want to, day after day and year after year. At the end of 15 or 20 years you will realize that it never has been equalled for long life and service. Your stove worries are ended when you buy the Admiral Blue Windsor.

The design of the Admiral Blue is out of the ordinary. All nickel parts are perfectly smooth—and in just the right proportion to set off the high gloss turquoise porcelain enameled body of the stove. Porcelain, properly applied, improves the appearance of a range, saves blacking, and prevents rust and coal soot from eating its way into and destroying the metal. If any enameled part of this range chips, cracks or discolors within 10 years, we will gladly replace the part free of charge.

Time Payment Order Blank on Page 504

The terms on which the Admiral Blue is now offered place it within the reach of all. Just think of it—\$5.00 a month is only 17 cents a day! These terms make it possible for everyone to have the best stove that is produced. Fill in the order blank on Page 504 and mail with your cash deposit of \$5.00 today.

Body. Made of extra heavy, high grade cast iron. All joints carefully fitted to make a body that will not waste heat. The left end

of this body is swelled for the purpose of creating an extra strong draft when you want to heat the stove up quickly.

Cooking Top. The cooking top is made in three interchangeable sections. These sections may be moved about so as to more than double the life of the top. Measures 49 by 26 inches, including the reservoir. Has two fuel-saving cyclonic lids (see picture of cyclonic lid on next page), three extra heavy regular lids, and one sectional reducing lid for getting direct heat on a small cooking utensil. Furnished without extra cost in a highly polished finish which turns gun barrel blue when heated and requires no blacking.

Oven. A wonderful baker. Nickel-plated drop door with white enamel panel and heat register in center. Unusually large size: 20 inches wide, 20 inches deep and 13 inches high. Big enough for the largest baking, but will handle a small one just as economically.

Fire Box. Made large for heavy work. Size for coal—18 inches long, 9 inches wide, and 5½ inches deep. With the end linings removed, this fire box takes 21-inch wood. Equipped with a strong duplex grate for burning either coal or wood. Special lug design fire back that is almost indestructible. Guaranteed 10 years.

Warming Closet. Convenient and roomy. With doors down, it is 23 inches deep. Nickel-plated drop door frames, with blue porcelain panels. Heavy, nickel-plated brackets and white enameled splashers back and top rail. Takes 7-inch pipe.

Reservoir. Hand made of heavy, pure copper. Will not rust or leak. Heats by contact. Holds 23 quarts—enough hot water for any purpose all the time.

Water Front. For heating range boiler. Fits in front of fire box. Shipping weight, 15 pounds. Add.....\$5.50

About Windsor Prices and Quality

W. G. Baumhoger
Manager Stove Dept.

Our prices this fall on Windsor Stoves and Ranges are so very much lower than prevailing prices for other stoves of similar size, quality and equipment, that it may be necessary to assure customers who never before have used a Windsor Stove or Range, about Windsor quality.

I have spent most of my life in the stove business and can truthfully tell you that Windsor Stoves and Ranges are among the very best made. Another stove of the same or even lower price may, for a short time, seem to give Windsor service. But no stove at our price will outlast a Windsor or give more thorough and complete satisfaction.

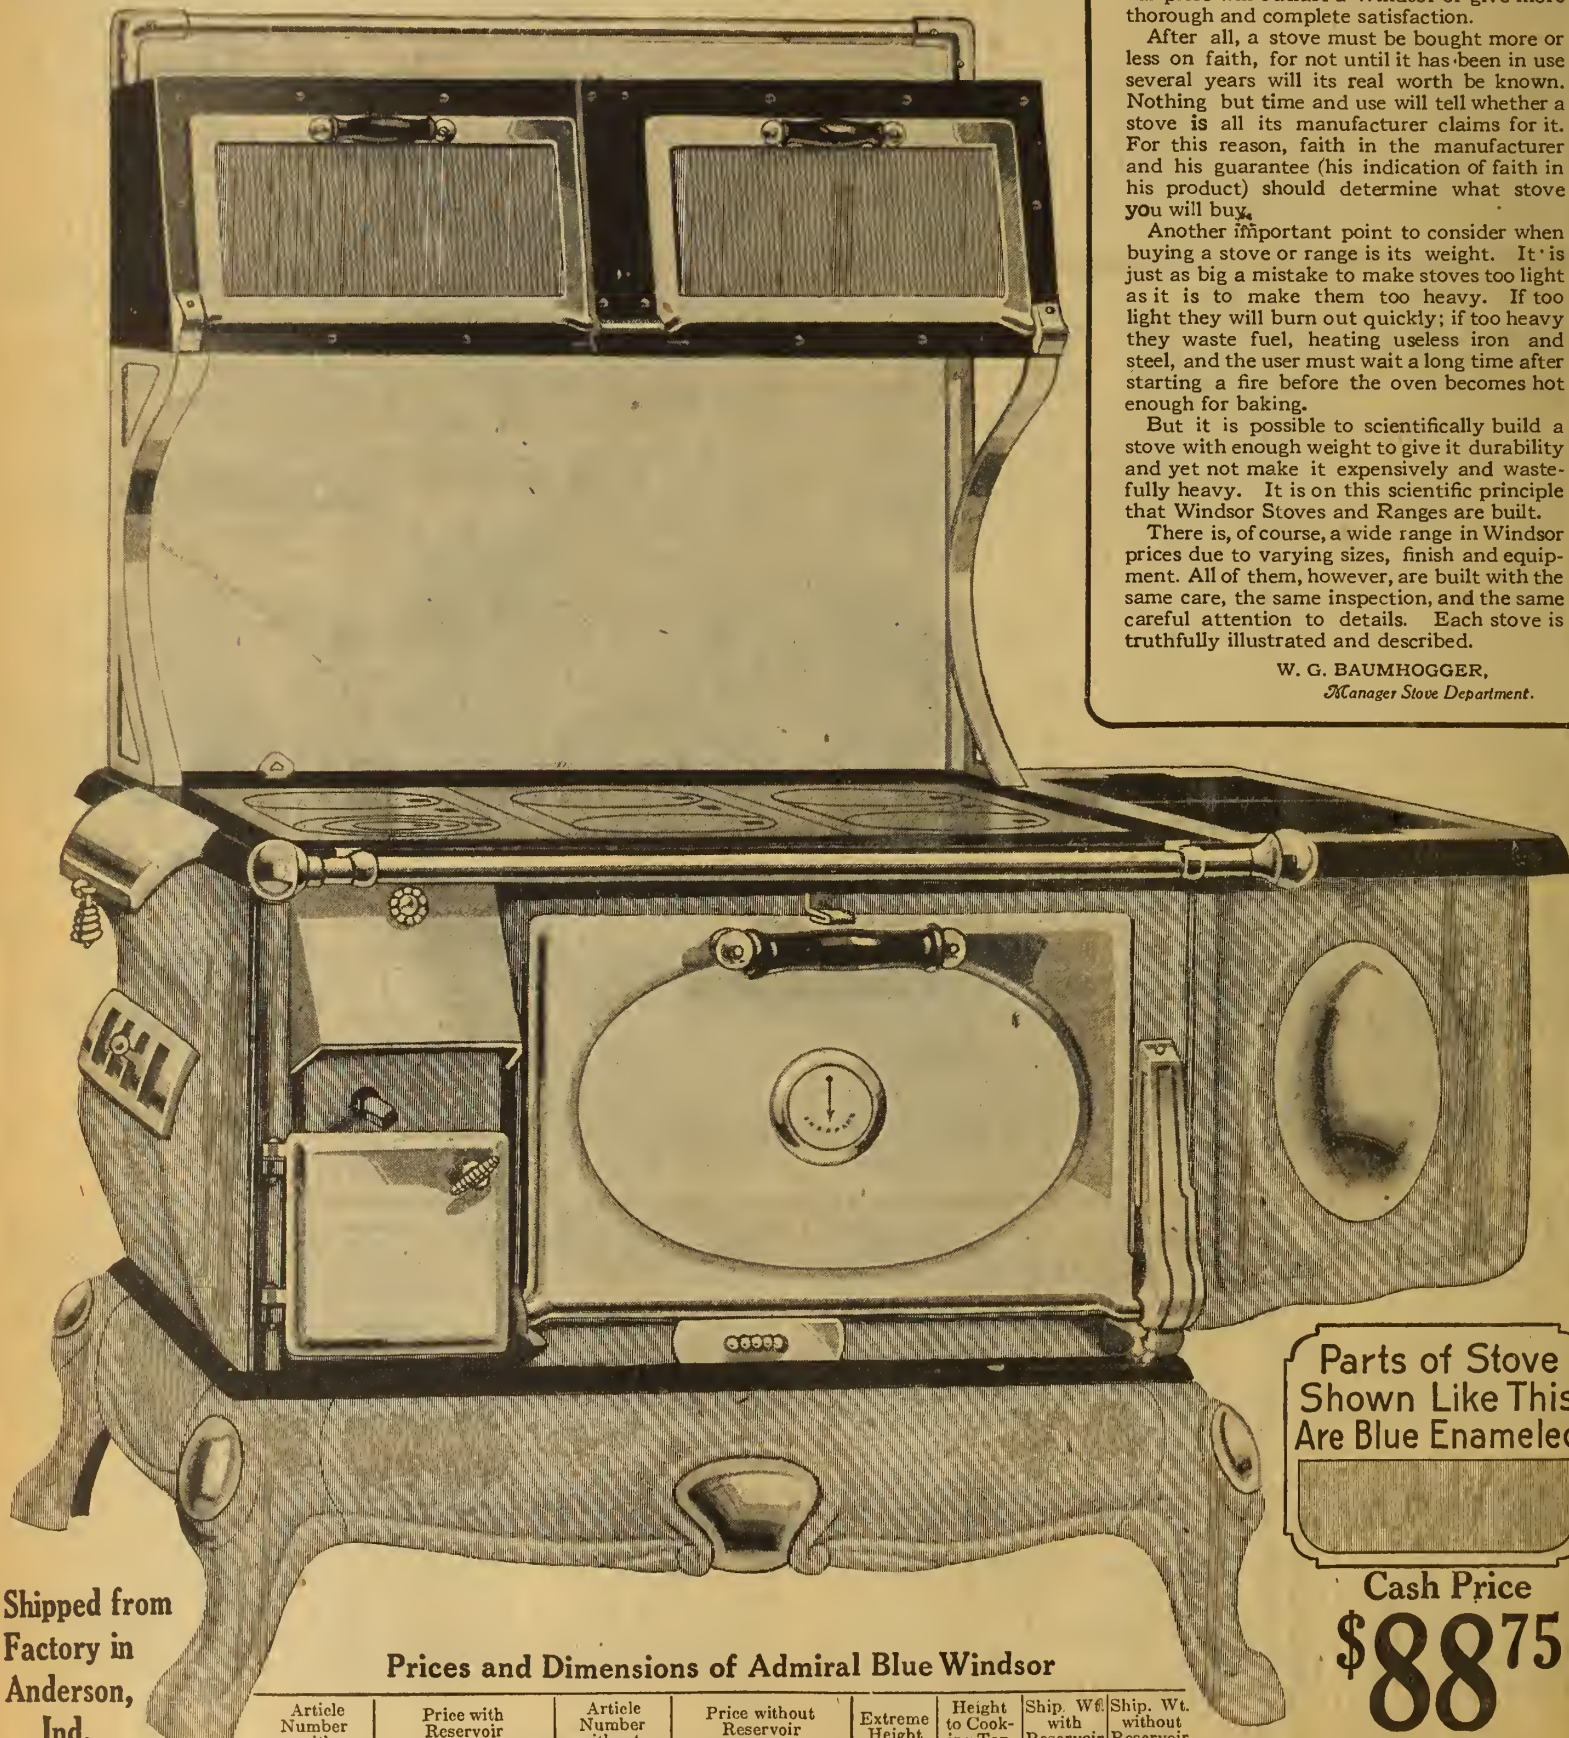

After all, a stove must be bought more or less on faith, for not until it has been in use several years will its real worth be known. Nothing but time and use will tell whether a stove is all its manufacturer claims for it. For this reason, faith in the manufacturer and his guarantee (his indication of faith in his product) should determine what stove you will buy.

Another important point to consider when buying a stove or range is its weight. It is just as big a mistake to make stoves too light as it is to make them too heavy. If too light they will burn out quickly; if too heavy they waste fuel, heating useless iron and steel, and the user must wait a long time after starting a fire before the oven becomes hot enough for baking.

But it is possible to scientifically build a stove with enough weight to give it durability and yet not make it expensively and wastefully heavy. It is on this scientific principle that Windsor Stoves and Ranges are built.

There is, of course, a wide range in Windsor prices due to varying sizes, finish and equipment. All of them, however, are built with the same care, the same inspection, and the same careful attention to details. Each stove is truthfully illustrated and described.

W. G. BAUMHOGGER,
Manager Stove Department.

\$5⁰⁰ Down
\$5⁰⁰ a Month

The Family Windsor is a heavy and strongly built Steel Range. It responds with pleasing readiness to every cooking need, and having a steel body it uses less fuel than any other large range we ever have sold. It is a really exceptional fuel saver.

Body.—Made of heavy copper bearing steel, lined with an extra layer of steel. Between these sheets of steel is a layer of asbestos millboard which prolongs the life of the range and saves heat. This steel body will eventually burn out, but before it does so it will have saved you more than the price of a new range on fuel alone.

Fire Box.—Extra large for wood; takes 24-inch lengths, with end linings removed. Size for coal, 18 by 7½ by 5½ inches. Equipped with duplex grates—burns any kind of fuel. Linings all made in sections to prolong life.

Oven.—Unusually large, 18 or 20 inches deep. Bakes quickly and inexpensively. Cast iron nickel-plated door frame; steel panel with accurate heat indicator in center.

Cooking Top.—Made in three interchangeable sections which may be moved around so as to double the life of the top. Six holes; either 8 or 9-inch lids. Furnished in highly polished finish which turns blue when heated, for \$2.00 extra.

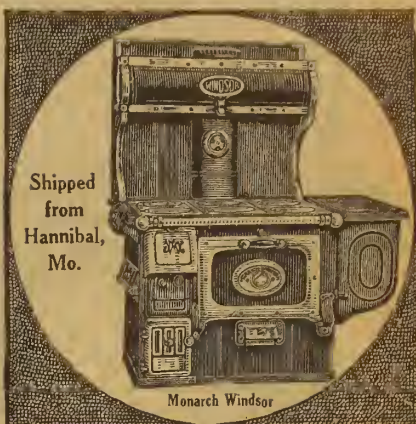

Warming Closet.—Convenient size. Made of polished steel with nickel trimmings. Balanced roll steel door. Check register in pipe to cool oven.

Reservoir.—Built-in type; heat circulates around it. Made of cast iron, lined with white porcelain. Holds 20 quarts. May be removed for cleaning.

Water Front.—For heating range boiler. Shipping weight, 15 pounds. 268 C 445—Add..... \$5.50

Monarch Windsor

The Monarch Windsor is exactly the same stove as the Family Windsor, except it stands on the body extended to the floor instead of standing on a base and legs. The stove costs slightly less to build this way, and is preferred by some people to the other type.

Shipped from Hannibal, Mo.

All prices quoted for Family Windsor and Monarch Windsor are for Time Payments. Deduct \$6.00 for Cash

A Large and Handsome
Cast Iron Range

The Amazon Windsor is a first quality Cast Iron Range. It is a stove of such unusual beauty that it is the pride of every family owning one. Its simple and artistic design, together with its brilliant nickel and white porcelain enamel parts, all go to make it a range of truly remarkable beauty. We consider the Amazon one of the most attractive stoves ever made.

Its generous size and weight make the Amazon a perfect servant for the largest family, yet it is so economical to use that a small household will find it a wise investment. A little more fuel is required to make it hot than is needed for a lighter stove, but it holds its heat much longer on account of its heavy weight. It may be fired as long and hard as ever is necessary.

Body.—Made of extra large and heavy iron castings. All joints ground and fitted perfectly tight; cemented and bolted together. Large, swelled left-end front gives an exceptionally strong draft when desired.

Fire Box.—Made very large to take care of the heaviest kind of work. Has duplex grate—burns wood, coal or any other fuel. Size for coal, 18 by 9 by 5 inches. Takes 21-inch wood, with end linings removed. Extra heavy cast iron fire back. Guaranteed 10 years.

Cooking Top.—Full six-hole size; has two cyclonic lids, three extra heavy plain lids and one three-piece reducing lid for getting direct heat on small cooking utensils. All lids are combination 8 and 9-inch; either size dish fits firmly into opening when lid is removed. If desired, we will furnish this range with a highly polished top which turns blue when heated and requires no polish. See price table below.

Oven.—Bakes perfectly and does not warp. Nickel-plated drop door with white enamel panel and accurate heat register in center. This oven is big enough to take the largest size roaster or baking pan, but will handle small bakings quickly and with a reasonable amount of fuel.

Warming Closet.—Drop door style, full 13 inches deep. Nickel-plated door frames with white enameled centers. Nickel-plated brackets, full white porcelain enamel splashers back and back guard.

Reservoir.—Unusually large and deep. Made of especially heavy rustproof copper. Holds 28 quarts and heats by contact. Smooth, rounded, full nickel-plated panel.

Base.—Made of heavy cast iron. Two front legs and front base strip finished in beautiful smooth nickel.

Nickel-plated Parts.—Feed and ash doors, oven door frame, towel bar, reservoir panel, front base strip, both front legs, high closet brackets, high closet door frame and back guard corners.

Enameled Parts.—Oven door panels, high closet door panels, entire splashers back and back guard corners.

Water Front.—For heating range boiler. Shipping weight, 17 pounds. 268 C 462—Add..... \$5.50

The Artistic Windsor—A Semi-Enameled Range

\$5⁰⁰ Down—\$5⁰⁰ a Month

This is one of the most attractive Ranges in appearance, quality and price that we ever have sold. A glance at the specifications below will quickly show you that it is a first class stove in every detail of construction. It is built to withstand the hardest and heaviest kind of service, yet it is so extraordinarily attractive that it fully justifies the name "Artistic."

In building this range we have used just enough brilliant turquoise blue enamel to form a most pleasing contrast with the jet black body and snow white panels. All enameled parts are guaranteed 10 years against chipping or discoloring. It is cleaned by simply wiping with a damp cloth, and is used on the parts of the range that require most frequent cleaning, thereby saving time and trouble for the housekeeper.

Parts of Stove Shown Like This Are Blue Enameled

Body—Extra heavy cast iron, all parts carefully ground and fitted together. Rigidly braced wherever bracing is required. Swelled left end front gives strong draft when desired.

Cooking Top—Made up of three loose sections which may be changed around so as to more than double the life of the top. Two fuel saving cyclonic lids, one three-piece and three regular lids. All lids combination 8 and 9-inch—a great convenience.

On this range we furnish without extra charge a highly polished top which turns gun barrel blue when heated and does not require blacking.

Oven—Extra large and a splendid baker. It will bake just as perfectly ten years from now as it does today. Convenient drop door with blue enamel frame, white enamel panel and accurate heat indicator in center.

Fire Box—Burns any kind of fuel; has a duplex grate—one side for coal, other side for wood. Size for coal, 18 by 9 by 5 inches. With the end linings removed, it will burn 21-inch wood.

Fire Back—Patented lug design that will outlast any other. Guaranteed 10 years. If it burns out within that time we will replace it. An important feature in this stove.

Reservoir—Heats by contact. Very large—holds 28 quarts. Made of extra heavy pure copper, tinned on the inside. Will never rust and is easily kept clean.

Warming Closet—Big and roomy. Handy drop doors may be used as shelves when open. Blue enameled door frames with white enamel panels; nickel brackets.

Base—Cast iron legs, plated with brilliant nickel. Heavy nickel steel base strips. A sturdy, rigid base of pleasing appearance.

Nickel Parts—Back guard corners, warming closet brackets, towel bar, heat indicator frame, base and legs.

Blue Enamel Parts—Warming closet door frames, oven door frame, fire door frame, reservoir panel frame and flue stop.

White Enamel Parts—Back guard, entire splashier back, warming closet door panels, fire and oven door panels, reservoir panel.

Water Front—For heating water in range boiler. Shipping weight, 17 pounds. 168 C 462—Add\$5.50

Time Payment Order Blank on Page 504

Our Monthly Payment Plan makes it easy for you to buy this splendid range. Instead of paying the entire price of the stove at once, you may pay only \$5.00 with your order and the balance \$5.00 each month, while you are using the stove.

One of the Best Stoves that can be built

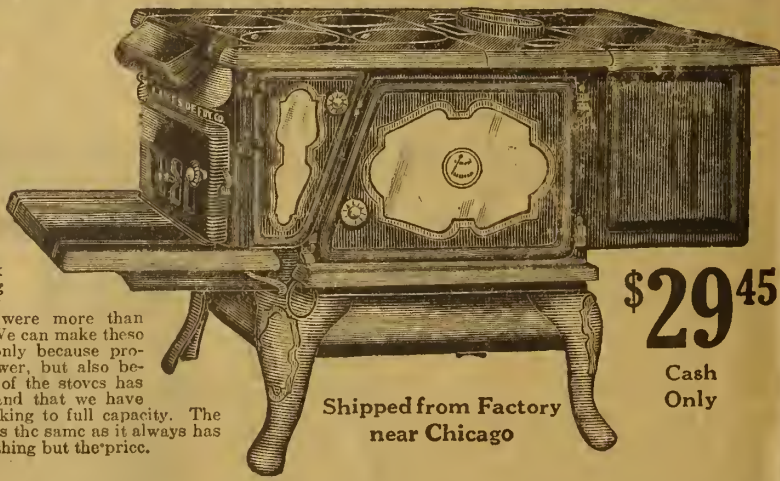

Jerome—High Grade Windsor Cook Stoves—Julian

\$26⁹⁵
Cash
Only

Shipped from Factory
near Chicago

These fine Cook Stoves are now being sold at unusually low prices—1919 prices were more than 50 per cent higher. We can make these big reductions not only because production costs are lower, but also because the reputation of the stoves has created such a demand that we have kept our factory working to full capacity. The quality of the stoves is the same as it always has been; we have cut nothing but the price.

\$29⁴⁵

near Chicago

This is the Jerome Windsor—a first class plain Cook Stove, strongly made of heavy cast iron. It will give you years of freedom from stove troubles. Exceptionally economical of fuel; no matter what you burn, you may be sure the Jerome is using every particle of heat value in it. Large cook-

ing top with four 8-inch pot holes. Big oven with automatic kicker on right hand door; 15-quart contact type reservoir, made of galvanized iron.

Fire box fitted with same duplex grate used in our best ranges. Burns wood, coal, coke or cobs. Takes 18-inch wood and has a pouch for feeding coal. Size of fire box for coal, 16½ by 5 by 8 inches. Fire back is guaranteed for five years. Ashpit is extra deep. Takes 7-inch pipe.

The Julian Windsor is our best Cook Stove in its class. Unusually well built, ornamental as well as sturdy; an economical stove for a small family, yet large enough to supply the needs of any ordinary size household.

Big roomy oven, opening from both sides. Right hand oven door is fitted with heat indicator and automatic

kicker. White enamel panels in fire and oven doors. Full size 4-hole cooking top, firebox with duplex grate—burns any kind of fuel. Size for coal, 16½ by 5 by 8 inches. Takes 7-inch pipe. Fire back guaranteed 5 years. Ash pit is extra deep. Reservoir is made of galvanized iron and holds 15 quarts.

Monthly
Payments
\$5⁰⁰ Down
\$5⁰⁰ a Month
Order Blank on
Page 504

Popular for Many Years

There may be more attractive ranges in this catalogue than the Advance Windsor, but there are none of better quality or which will give longer, more satisfactory service. It has been on the market for many years, during which time it has proved its worth to thousands of housewives. We guarantee it to please you and fulfill your stove requirements in every way.

The Advance is built of large heavy castings, carefully fitted by hand. Every part is ground so that it goes into place easily, without being forced, and the body is cemented and bolted together so tightly that there are no heat-wasting leaks. This is why the Advance uses so little fuel, despite its large size and huge cooking capacity.

Oven.—Unusually big and roomy—20 inches square. Bakes perfectly in every corner and will not warp or get out of shape. Steel lined cast iron drop door with accurate heat register.

Cooking Top.—Very large. Extra heavy combination 8 and 9-inch lids; two cyclonic, one sectional and three plain lids. The cyclonic lids save considerable fuel. Can be furnished with highly polished top that requires no blacking. See table.

Fire Box.—Size for coal, 18 by 8 by 5 inches. With the end linings removed, it takes 21-inch wood. Burns absolutely any kind of fuel because it is equipped with a duplex grate; one side for coal, other side for wood. Will be replaced if it burns out within 10 years.

Reservoir.—Made large and serviceable like the rest of the range; holds 28 quarts. Heats by contact. Hand made of heavy pure copper, tinned on the inside. Will not rust.

High Closet.—Nickel plated bands, brackets, nameplate, door handle and back guard corners. The high closet is large and commodious and is closed by a balanced roll steel door.

Shelf.—Handy shelf, 34 inches long and 6 inches wide, between high closet and cooking top. White enamel splasher strip underneath shelf.

Towel Bar.—Nickeled towel bar across front of stove.

Water Front. For heating water in range boiler. Shipping weight, 17 pounds.

Patented Cyclonic Lid Saves Heat

Challenger Windsor
A Medium Weight Cast Iron
Range of Striking Appearance

In the Challenger Windsor we offer a medium weight Cast Iron Range of splendid cooking and baking qualities, as well as most attractive appearance. While it is not as large and heavy as our Advance Windsor, the Challenger is nevertheless a range which will give you many years of perfect satisfaction. It is intended particularly for families of average size, but will take care of any ordinary cooking and baking requirements without difficulty.

This range gets its striking appearance from the liberal use we have made of brilliant nickel and white porcelain enamel. The prices quoted below are unusually low for such an excellent and handsome range.

Body.—Built entirely of pure cast iron, medium heavy. Carefully made and beautifully finished. Takes 7-inch pipe.

Cooking Top.—Six holes; three full size 8-inch lids, two cyclonic lids and one sectional reducing lid. If desired, we will furnish a highly polished top that turns gun barrel blue when heated and requires no blacking, for \$1.00 extra.

Oven.—Generous in size and an exceptionally good baker. Nickeled drop door frame with white enamel panel and heat indicator in center.

Fire Box.—Equipped with duplex grate for burning either wood or coal. Size for coal, 16 by 7¾ by 5 inches. With the end linings removed, this range will burn 17½-inch wood. Handy pouch for feeding coal may also be used for toasting and broiling. Ash and fire doors nickeled.

High Closet.—Conveniently roomy. Nickeled brackets, drop doors with nickeled frames and white porcelain enamel panels. Full white enamel splasher back and nickeled back guard corners.

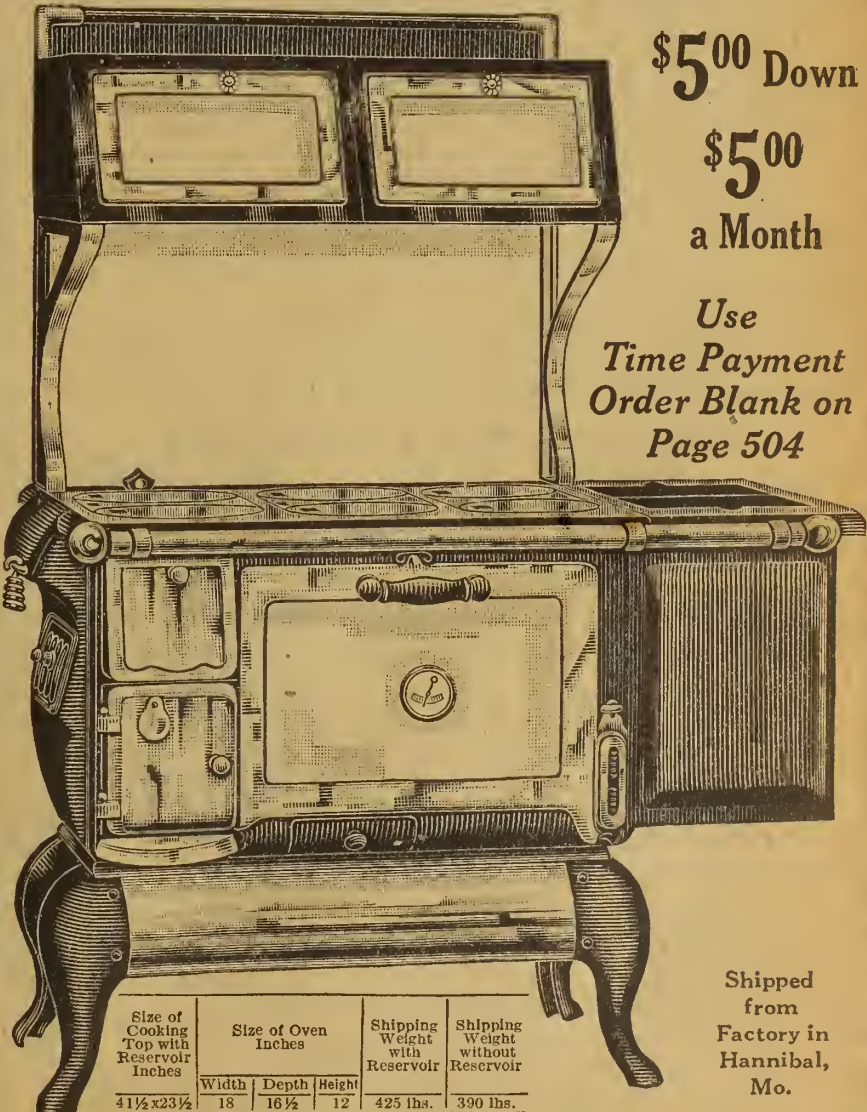

Reservoir.—Holds 15 quarts. Made by hand of pure copper; will not rust. Heats by contact.

Water Front. For heating water in range boiler. Shipping weight, 10 pounds.

Medium Weight Plain Cast Iron Range

A Very Unusual Value

\$39⁵⁰

Complete with
Reservoir and
High Closet

**Sold for
Cash Only**

The New Crescent Windsor is a perfectly plain Cast Iron Range. There is not a penny's worth of trimming on the entire stove. That is why we are able to sell a range of such good quality and design at such a remarkably low price. The New Crescent is "all stove." It has the latest improved type of drop door high closet.

Made of the same high grade cast iron used in our higher priced ranges and assembled with the same care. The only differences are the size and weight. If your cooking and baking requirements are not larger than average, the New Crescent Windsor will take care of them without difficulty.

Body—Solid cast iron of good quality. All castings ground off smooth and carefully finished. Not a heavy body, but strong enough to give you much satisfactory service.

Oven—Generous size and a good baker; 18 inches wide, 16½ inches deep and 12 inches high. Has spring balanced drop door with accurate Windsor heat register in center.

Cooking Top—Full six-hole size; plenty of room to cook a big meal. Two cyclonic lids, one two-piece lid and three plain lids. All lids 8-inch. Size of top with reservoir, 41½ by 23½ inches. Size without reservoir, with end shelf, 36½ by 23½ inches.

Firebox—Equipped with our regular duplex grate for burning either wood or coal. Size for coal, 16 by 7½ by 5½ inches. Takes 17½-inch wood, with end linings removed.

Pouch Feed—Feeds coal to firebox. Handy for toasting or broiling.

Reservoir—Made of galvanized iron; will not rust. Holds 15 quarts. Heats by contact and may be detached when not required. Easily cleaned.

Base—Smooth, rounded cast iron legs; steel base strips.

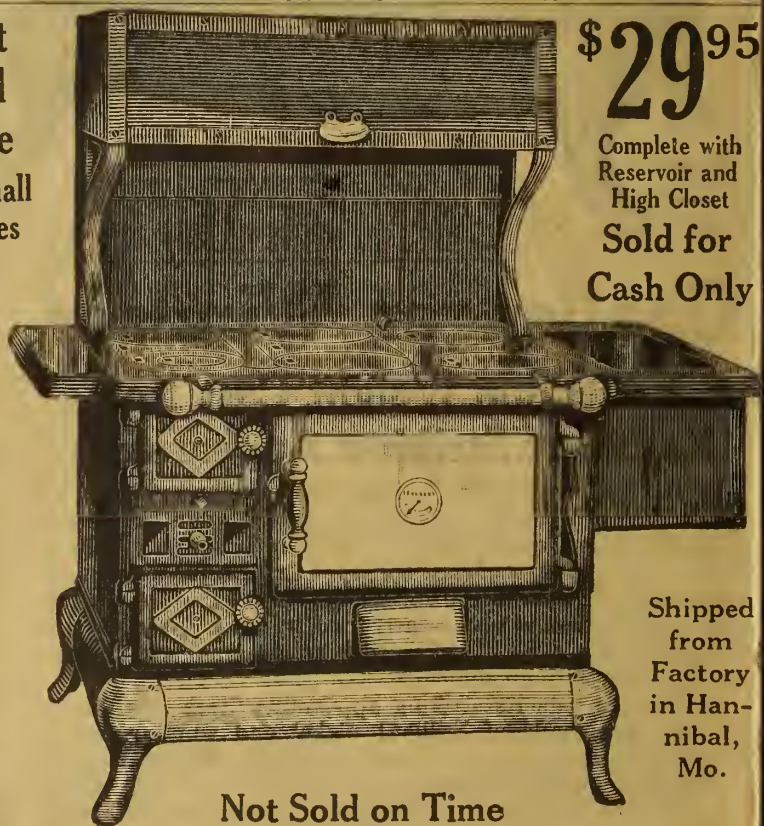

Takes 7-inch pipe.

268 C 4517—Water Front. For use with circulating boiler where water is under pressure. Shipping weight, 10 pounds. \$5.50 extra.

**Light
Steel
Range
For Small
Families**

\$29⁹⁵

Complete with
Reservoir and
High Closet
**Sold for
Cash Only**

For small families, or families whose cooking and baking requirements are not large, we recommend the **Grenadier Windsor**. The **Grenadier** is a serviceable and attractive little range. It is just as light and inexpensive as we can build it, and therefore cannot be fired hard for long periods and must be given reasonable care. Heats up on a few handfuls of chips and takes very little fuel to keep hot. Requires less fuel to operate than any other stove offered in this catalogue.

Like all steel ranges, the **Grenadier** will eventually burn out; but by the time it does so you will have saved more than the price of a new range on your fuel bills.

Body—Medium weight steel. Keep the flues perfectly clean and you will double the life of this body.

Cooking Top—Has six full 8-inch lids; two fuel saving cyclonic lids, three regular and one two-piece reducing lid.

Firebox—Size for coal, 15 by 5½ by 7 inches.

Has extra grate for burning wood. Linings are of cast iron.

Reservoir—Made of galvanized iron; cast iron top. Fits tight against either end of the range. Holds 16 quarts and heats by contact.

Oven—Enamel panel and heat indicator in door.

Takes 7-inch pipe.

The Jubilee Windsor

Shipped from Factory near Chicago

For Dimensions, See Table for Jupiter Windsor, Below

Extraordinary Cast Iron Range Value!
\$47⁵⁰ A New White Enamel Trimmed Hearth Range

Complete with Reservoir and Enameled High Closet
Sold for Cash Only

At the price quoted here, the Jubilee Windsor Cast Iron Range is a most unusual value. We do not think you ever before have seen such a low price on a stove of this quality and appearance. A handsome, substantial, semi-enameled cast iron range at this price is something quite new in the stove industry.

The Jubilee is a first class stove in every way, although it is not our largest or heaviest range. It is just the stove for the medium size family looking for an attractive and reliable range—a range that is both economical to buy and economical to use.

Body.—Made of high grade pure cast iron of medium weight. All parts are carefully ground and fitted so as to make a range that will not waste heat.

Cooking Top.—Full six-hole size; measures 42 inches wide and 24 inches deep, including the reservoir. Gives plenty of room to cook a big meal. Has 8-inch lids.

Fire Box.—Has duplex grate; one side for wood, other for coal. Size for coal, 16½ by 5 by 7 inches. With end linings removed, takes 18-inch wood.

Oven.—Large size. Swing door with white enamel panel and accurate heat indicator in center. Fitted with automatic kicker.

High Closet.—Has balanced white enamel roll door. Handy size. Full white enamel splashier back.

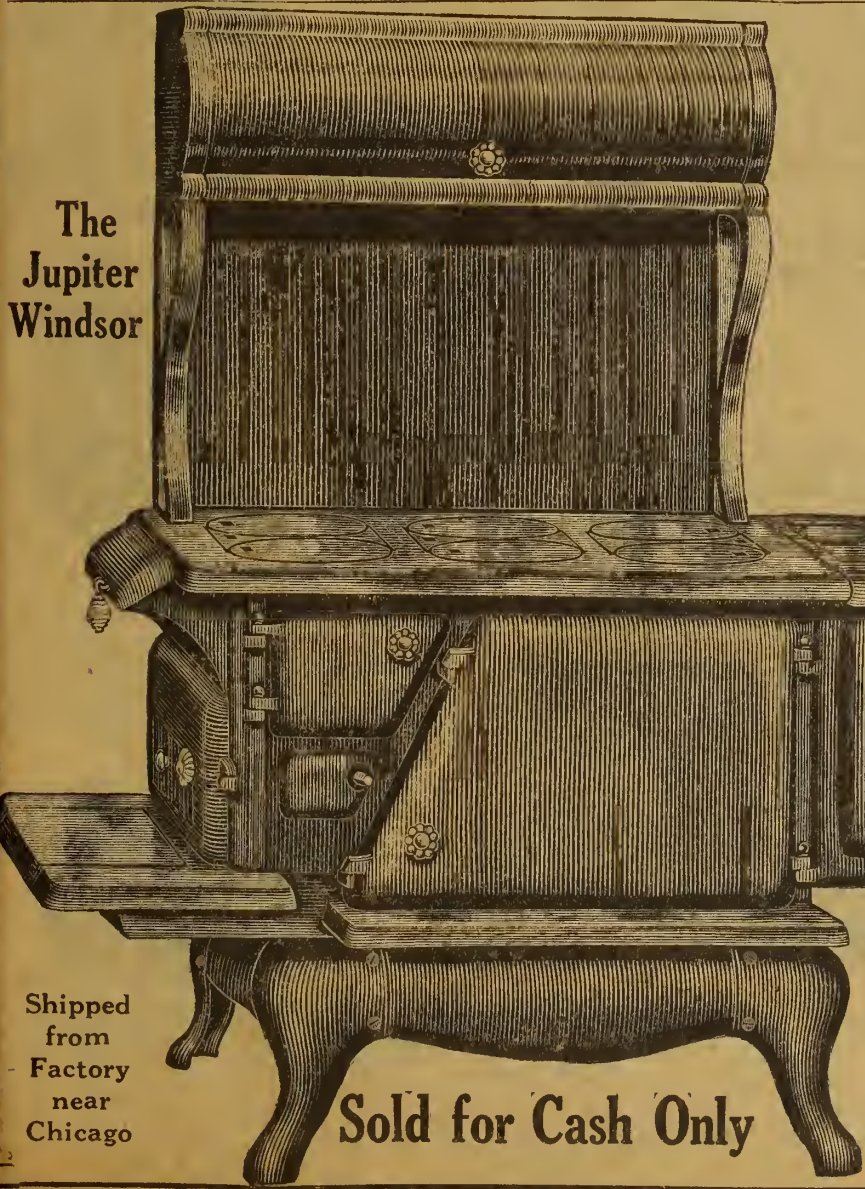

Reservoir.—Heats by contact. Holds 15 quarts and is made of rustproof galvanized iron. White enamel panel in front.

Base.—Legs made of cast iron, rounded design. Two front legs and cast iron front base strip are white enameled. Side and back base strips of heavy rolled steel.

The Jupiter Windsor

Shipped from Factory near Chicago

Sold for Cash Only

Low Priced Cook Stove
\$15⁹⁵
Complete with Reservoir
Cash Only

The Grenard Windsor is a light and inexpensive Cook Stove. It is suitable for small families, but is not heavy enough to stand hard use. With reasonable care it will serve a small household well for a long time, but it should not be expected to last like a cast iron range.

Body.—Made of light weight steel and cast iron. The entire stove is japanned a glossy black so it will not rust. Takes 6-inch pipe.

Cooking Top.—Four 8-inch lids; 2 cyclonic, one two-piece reducing and one plain lid. Also two handy 5-inch lids.

Fire Box.—Size 17 by 5½ by 7 inches. Burns all grades of soft coal and wood, but is not adapted to burning hard coal. Has cast iron linings.

Reservoir.—Made of galvanized iron. Holds 16 quarts and heats by contact. May be attached to either end of stove.

Hearth Range
A Big Value

Some people prefer a Hearth Range to any other kind. For them, and for all who want a plain well made cast iron range at a price that is surprisingly low, we have designed the Jupiter Windsor.

The Jupiter is an exceptionally good cooker and baker. It is a medium size range, intended especially for families whose requirements are not larger than average.

Body.—Made entirely of cast iron, in a smooth rounded design that is practical and easy to keep clean because it does not catch dust and dirt.

Fire Box.—Equipped with our regular duplex grate; burns any kind of fuel. Has handy pouch for feeding coal. Size for coal, 16½ by 7 by 5 inches. Takes 18-inch wood. All linings are made of heavy cast iron.

Cooking Top.—Has six full size 8-inch lids. The top stands 30 inches from the floor and measures 42 by 24 inches without the reservoir.

Oven.—Big enough to handle the largest baking. Bakes perfectly in every corner and holds its shape.

High Closet.—Convenient size; room enough to keep a whole meal warm. Balanced roll steel door.

Reservoir.—Made of rustproof galvanized iron. Holds 15 quarts. Heats by contact.

★★ Montgomery Ward & Co. Chicago

Montgomery Ward & Co.,
Chicago, Ill.

Gentlemen:

After having given the Armada Windsor heater a thorough trial during some of the coldest weather ever experienced in this part of the country (about 30 or 40 degrees below zero), in an ordinary dwelling house and using wood as a fuel, I wish to state that I am perfectly satisfied in every detail with the above mentioned heater and will recommend it to anyone requiring a stove of this kind.

The Armada Windsor is the most perfectly controlled heater I have ever seen. The one which I now have is under somewhat of a handicap, being piped with another stove, (hooking range, also a Windsor stove from your company) to one short flue, yet the draft in both stoves is very strong.

The whole fact "in a nut shell" is that I would not take twice the price of the Armada Windsor for the one I now have if it were not possible for me to purchase another.

Very truly yours,
Robert L. Bickford
Robert L. Bickford

Letter printed with Mr. Bickford's permission. We have many more letters like this about the Armada and other Windsor Stoves.

on Page 504

The Armada Windsor Heater is the biggest, finest hot blast oak heating stove on the market today. During all our years in the stove business, we never have seen a heater that was or is its equal. It is our greatest success as builders of high grade heating stoves.

Unusually large and massive—nearly five and one-half feet in height—the Armada looks every inch the master heater that it really is. In design it has the beauty of simplicity. It is generously decorated with smooth polished nickel, but free from fussy and ornate trimmings which demand constant cleaning. You will be delighted with its appearance in your home.

In spite of its large size and superior quality, the Armada is not an expensive stove. It may be bought on terms of \$5.00 with your order and \$5.00 per month, which puts it easily within reach of everyone.

This heater will keep the largest home comfortably warm during severely cold weather, yet it may be regulated so exactly that it will radiate just enough heat to take the chill off a smaller home during the mild days of fall and spring. This system of regulation is explained along with the illustrations below.

The Armada Windsor Heater stands on a heavy cast iron base, approximately two and one-half feet square. The legs are of smooth design, heavily plated with shining nickel. An extra deep ash pit prevents the ashes from piling up and burning out the grates. The ash pan is made of unusually heavy galvanized iron, and the ash pit door fits airtight. The draw center shaking grates are made heavy and strong so that any clinkers may be shaken out without danger of injury to them.

Above the extra heavy fire pot, which is described fully in the paragraph below, is a wide, nickle-plated cast iron ring. This ring deflects heat toward the floor and keeps it agreeably warm at all times. Experience has probably shown you how difficult it is to keep floors warm with the ordinary heating stove.

The body of this stove is made of extra heavy special heat and rust-resisting steel. The front is of solid cast iron. The feed door is cast iron and has four mica windows so that you may see the fire. The door measures 11 by 15 inches—large enough to admit big blocks of wood. All three doors are machine fitted and are paper tight, so fire can be held with proper preparation for two days. On each side of the feed door are beautiful nickle-plated wings, in which the regulating dials shown below are located, and above the door is another nickle-plated ring. The swing cover and urn are handsomely nickle-plated. Takes 7-inch pipe. Self feeding magazine for hard coal, \$3.25 extra.

Some Special Features of the Armada

The Urn Thermometer

In the urn of the Armada Windsor Heater is a thermometer, as shown in the illustration above. This thermometer, with the aid of the regulating handles in the wings (see paragraph below), enables you to regulate the heat and fire of the Armada to exactly the degree you want. You have perfect control over the fire at all times and can regulate it so that it holds over night and longer without the slightest difficulty.

The Regulating Dials That Give You Perfect Control of Fire

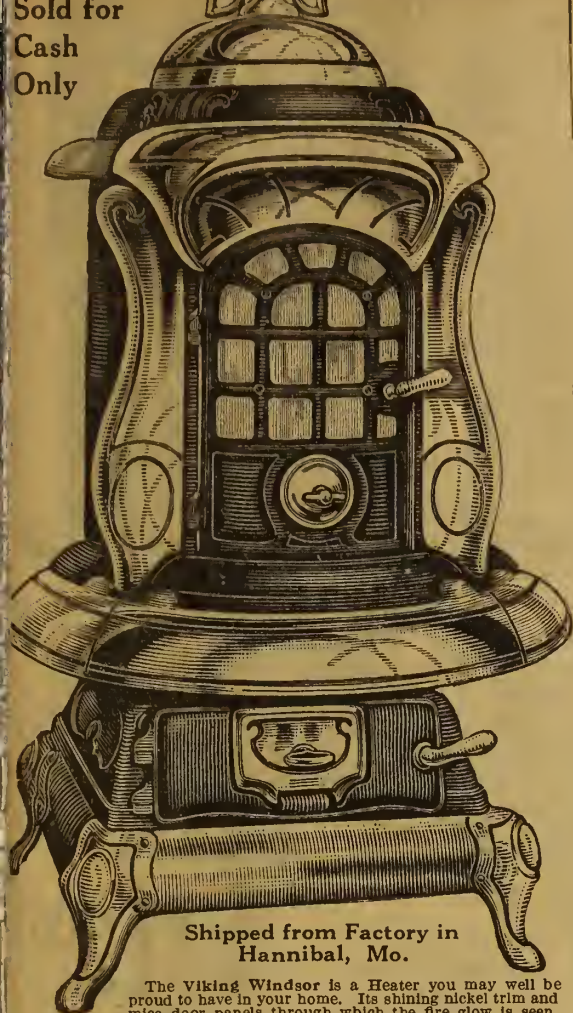

In each wing of this stove is a dial with a regulating handle. When opened, cold air is taken in from the back, carried around the steel body and heated. This hot air is then forced on the fire through a series of nozzles. It churns up the smoke and holds it on the fire until all the gases are consumed. When the smoke goes up the chimney it is light gray in color—all possible heat has been extracted. This explains why the Armada is so unusually economical of fuel—why it costs less to operate than smaller heaters.

The Inch Thick Fire Pot

The fire pot is the most important part of any heating stove. In an ordinary heater it is about a quarter of an inch thick. In the Armada Windsor it is one full inch thick—as heavy as a furnace fire pot! This fire pot was built especially for the Armada Windsor. It will last for many years, saving you the necessity of buying a new one every few seasons. If you have ever owned a heater with a light firepot, you will know at once the value of this feature.

\$18⁹⁵ High Grade Medium Size Heater

Sold for Cash Only

Shipped from Factory in Hannibal, Mo.

The Viking Windsor is a Heater you may well be proud to have in your home. Its shining nickel trim and mica door panels through which the fire glow is seen, make it a bright spot in any living room.

Body.—Made of polished steel, extra heavy. Tightly fitted to base and top so as to prevent leaks. The entire front, base, legs, top and swing cover are of heavy cast iron.

Fire Pot.—Good weight cast iron, heavily corrugated. Bolted snugly to the steel body of the stove. A wide deflector ring around the top of the fire pot throws the heat toward the floor.

Doors.—Feed door made extra high and wide for large lumps of coal and pieces of wood. All doors are machine fitted. Screw drafts. Feed doors 9 inches wide; 11½, 12½ and 14 inches high.

Magazine.—If desired, we will furnish a magazine with the Viking Windsor that makes it a self feeder of hard coal. This magazine furnished with two larger sizes only. Extra, \$3.25.

Nickelied Parts.—Urn, swing top, steel top ring, side wings, reflector above feed door, deflector ring, front legs and base strip, drafts. Takes 7-inch pipe.

\$12⁹⁵ Serviceable Plain Heater

Sold for Cash Only

Shipped from Factory in Hannibal, Mo.

Some homes do not require such large heaters as our Armada or Brilliant Windsor. For smaller homes, this medium size Saxon Windsor stove will do the work quite as satisfactorily. The Saxon Windsor is a plain, neat appearing heater of excellent quality. It will do its work without being crowded or wasting any fuel. It is a very economical stove, as it radiates a surprising volume of heat compared to the amount of fuel used.

Body.—Made of copper bearing steel, fitted tight to top and fire pot. Doors fitted accurately so that heater will hold fire over night.

Base.—Cast iron legs and rigid steel base strips. Base and bottom of cast iron. This stove has an ash pan.

Fire Pot.—Medium weight cast iron—heavy enough for this size of heater.

Nickelied Parts.—Swing top and urn, top ring, side wings, deflector ring, drafts, nameplate.

An Attractive and Efficient Heater

Ward's Brilliant Windsor

Built Especially for Particular People

In designing and building the Brilliant Windsor we have endeavored to produce a Heater of exceptional beauty. First of all, however, it is a heater that will give the service 5,000,000 satisfied customers of Ward's have a right to expect.

The illustration shows just how well we have succeeded in combining fine appearance with Ward's famous Windsor quality. Notice especially the generous use we have made of beautiful, satin finish nickel. This, together with the large feed door with its fifteen mica windows, is what gives the Brilliant Windsor its exceptional beauty. You will be delighted when you see this heater in your home, for no matter how fine your furnishings are, the Brilliant Windsor will be entirely in keeping with them. Its beauty will make you proud of it, and the warm glow of the fire through the mica door will lend a new note of cheer to your home.

The heating capacity of the Brilliant Windsor is not as great as that of the Armada Windsor on the opposite page, but it is far above the average of large heating stoves. Unless your living rooms are much larger than average, this heater will take care of them without difficulty.

Body.—Made of highly polished steel, tightly fitted into the top and fire pot. The feed door is large enough to permit you to burn big chunks of wood.

Base.—Heavy cast iron in a plain smooth design. The base strips and legs are attractively decorated and finished in satin nickel. The ash pit is generously deep to protect the grates and has a big galvanized iron ash pan.

Fire Pot.—Extra heavy to prevent burning out and deeply corrugated to give it additional strength. The grates are also made of heavy cast iron.

Doors.—All carefully ground and close fitting. The ash door is airtight. Feed doors 9½ inches wide; 11½ and 12¾ inches high.

Nickel Parts.—Swing cover and urn, top ring, reflector over the feed door and wings at sides, three-piece footrail around the stove, draft door in ashpit door, all four legs and the front and side base strips.

Magazine for converting stove into hard coal self-feeder, can be furnished for \$3.25 extra.

Takes 7-inch pipe.

Hot Blast Heater

An Improved and Economical Soft Coal Burner

For burning the cheaper grades of soft coal, the Apollo Windsor Hot Blast Heater has no equal. It represents the latest developments in this type of heating stove.

This heater works on the principle of holding the smoke on the fire until all the combustible gases are burned out of it. Air is taken in by the hot blast tube through the center of the main top. It is intensely heated while being drawn in and is discharged directly into the combustion chamber, consuming all the smoke and gases arising from the soft coal fire. This makes a fire free from soot, comparatively little ashes and no clinkers.

Body.—Made of extra heavy, highly polished steel, double seamed at the back and double seamed to a heavy steel bottom, making an absolutely airtight construction. Saves one-third fuel—makes it possible to hold fire over night. Body is lined with cast iron throughout—keeps steel from burning out. Door for starting fire is plain cast iron with nickelied register for starting fire. Door lies flat against pouch feed opening. Both parts are machine fitted.

Base.—Cast iron; cast iron nickelied legs. Stands on space slightly more than one and one-half feet square.

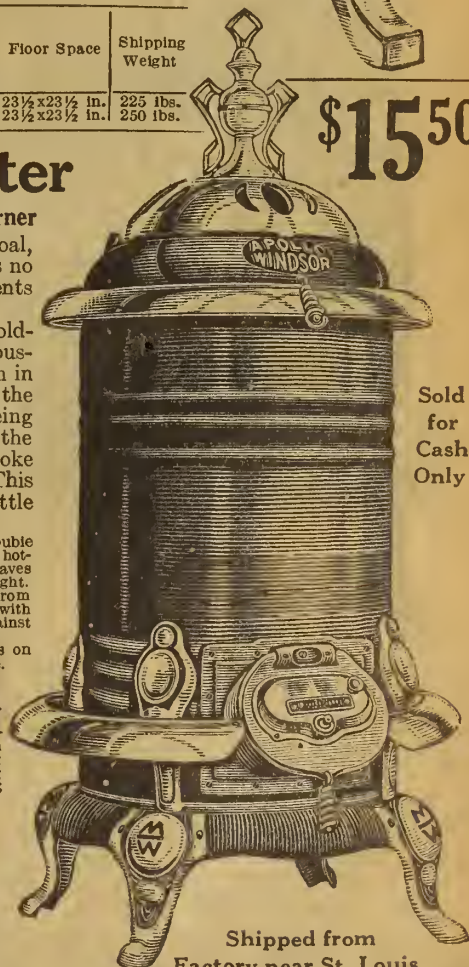

Foot Rail.—Nickelied cast iron, held in place by cast iron brackets which also are nickelied.

Fire Pot.—Upper and lower fire pots of cast iron. Cast iron grates.

Top.—Made of cast iron; feed door in front has nickelied Alaska lifter. Nickelied cast iron swing cover, with attractive nickelied urn. Slide damper for operating draft under swing cover. Nickelied pressed steel ring around top of stove. Nos. 13 and 15 sizes take 6-inch pipe; 17 and 19 sizes take 7-inch pipe.

Wood or Coal Heater

\$19⁹⁵

Shipped from Factory in Hannibal, Mo.

Many people prefer a low type heater to any other kind because it keeps the floor warm.

It is easy to heat the ceilings because hot air naturally rises; the difficult task is to heat the floor. When the floor of a room is warm, the rest of the room is comfortable also.

The Elect Windsor is our best grade low type Heater. It is also an attractive and cheerful looking stove, with its mica window feed door, nickel wings and nickeled reflector. Body made of heavy polished steel with east iron swing top, base and legs. Tight fitting doors with screw drafts for regulating the fire. Reversible pipe collar. Burns large chunks of wood, coal or any other kind of fuel.

Elect Windsor

Windsor Hi-Oven Stove

Cooks, Bakes and Heats

The Windsor Hi-Oven Stove is the most compact combination heater and cooker we ever have offered. It is ideally suited to a small home or to any quarters where space is limited.

In all ordinary stoves the heat is forced around the oven by the flue at the back of the stove. In this stove the oven is so located that the heat comes up to it without being forced. Naturally less fuel is used than if the heat had to be forced. This unusual adaptation of the simplest laws of nature makes the Windsor Hi-Oven one of the most economical stoves ever built.

The stove is strongly made of high grade cast iron. It has a large cooking top, measuring 27 by 21 inches, including handy shelves on both ends. The top stands 21 3/4 inches from the floor and has four full size 8-inch lids. A deflector plate over the fire pot throws the heat to the front lids, making them all equally hot. The fire pot is 11 inches in diameter and is deeply corrugated all around to keep it from warping or burning out.

The oven and the backguard which supports it are made of polished steel. The oven is 16 inches wide, 11 inches deep and 12 1/2 inches high. It is divided in the center by a wire rack, making two shelves for baking. Has a drop door with two glass panels and a reliable heat indicator in the center. Full asbestos lined. Takes 6-inch pipe. Shipping weight of stove and oven complete, 150 pounds. No. 90 Windsor Hi-Oven Stove complete.

268 C 908 \$12.50

\$12⁵⁰

Rosemont Windsor

Base Burning Wood Heater

\$17⁵⁰

Shipped from Factory in Hannibal, Mo.

The Rosemont Windsor Heater is so constructed that the air and smoke must go entirely around the body before passing up the chimney. The heat stays in the stove longer than in other heaters, and makes it much hotter.

This construction makes the Rosemont one of the most economical wood burning heaters we ever have sold. Every piece of wood put in the stove gives you the maximum amount of heat. Not an ounce of fuel is wasted.

The outer body of the Rosemont Windsor is built of heavy steel. The inner body, or lining, is of solid cast iron. The smoke and gases are forced around

between the steel body and cast iron lining, as shown in the small illustration. The fuel is placed inside the cast iron lining—does not touch the steel at any point.

Both ends of the Rosemont are cast iron, also the nickeled swing cover, name plates and foot rail. Only one foot rail is furnished, as the stove is intended to be placed near a wall. The screw draft in the front door is also nickeled. Legs and hearth are cast iron. Pipe collar is reversible.

\$11⁹⁵ Low Priced Wood Heater

Shipped from Factory in Hannibal, Mo.

This simple, sturdy little Wood Heater will appeal to people who are looking for a stove that will give them first class service and who do not care for trimmings. It is of plain design but solid, reliable construction, and is priced at an exceptionally low figure.

The body of the Delight is of refined steel, but all the parts subject to contact with the fire are of cast iron. It is lined part way up with cast iron and has a cast iron top, front, bottom, legs and foot rails. The foot rails are of unusually generous size and are plated with brilliant nickel. The ash pit is deep and is closed by a drop door that has a nickeled screw draft for regulating the fire.

When ordering one of these stoves, be sure to specify a size sufficiently large for your needs.

Variety Windsor Heater

For Homes
Churches
Schools, Shops
and Garages

9⁹⁵

As its name indicates, the Variety Windsor Heater is a stove of many uses. It is an excellent heater and also makes a splendid all-around stove for families living in small quarters or wanting a double purpose, low priced stove. It may be used for heating, cooking, washing; and when fitted with a drum oven (see Page 511) it will bake well.

The Variety is sturdily built and with proper care will last a long time. The entire stove is made of cast iron with the body heavily ribbed. Each of these ribs strengthens the body, prevents warping and radiates heat. The big, circular lower fire pot deflects heat directly against the floor.

The stove will burn any kind of fuel and has a pouch at the top for feeding coal—a great convenience when the cooking top is in use. There is a large feed door for feeding wood in the upper front of the fire pot. The lower part of the fire pot is of extra heavy cast iron—will not burn out for years. The grates also are of cast iron, and the ash pit is made deep so that ashes will not pile up and cut off the draft or burn out the grates. Stands on a heavy solid base. Two sizes. Takes 6-inch pipe. Shipping weights, 135 and 145 pounds.

An Especially
Attractive
Wood
Heater

At a
Reduced Price

Built Low—
It Keeps the
Floor
Warm

Shipped from Factory in
Hannibal, Mo.

The Delcon Windsor Wood Heater is a stove which fairly radiates comfort and good cheer. The glow of the fire through the mica windows has an appeal that is irresistible, while the big, wide footrails offer an invitation of warmth and rest to chilled or tired feet. The Delcon Windsor will add to the cozy and homelike appearance of any room.

Like other Windsor stoves, the Delcon is built of high grade materials and with all the care that skilled stove makers can give it. The parts of the stove which come directly in contact with the fire are made of durable cast iron. The body is made of heavy rolled, polished steel. Inside the body is a cast iron lining which protects the steel from the fire. This lining extends above the zone of the greatest heat and adds years to the life of the heater. The nickered swing cover, front, legs, bottom and nickered foot rails are all of cast iron. The Delcon Windsor is built to take long wood and give plenty of heat.

Elite Windsor

Burns Wood
or Coal

\$17⁷⁵

Shipped from Factory in
Hannibal, Mo.

This little Heater is of the same high quality as our Elect Windsor, shown on the opposite page, but it is of plain design and finish. It is made to give the largest amount of service possible for a stove of its size, and to sell at a low price. During the few years we have been selling this heater, it has grown to be one of the most popular stoves in our entire line.

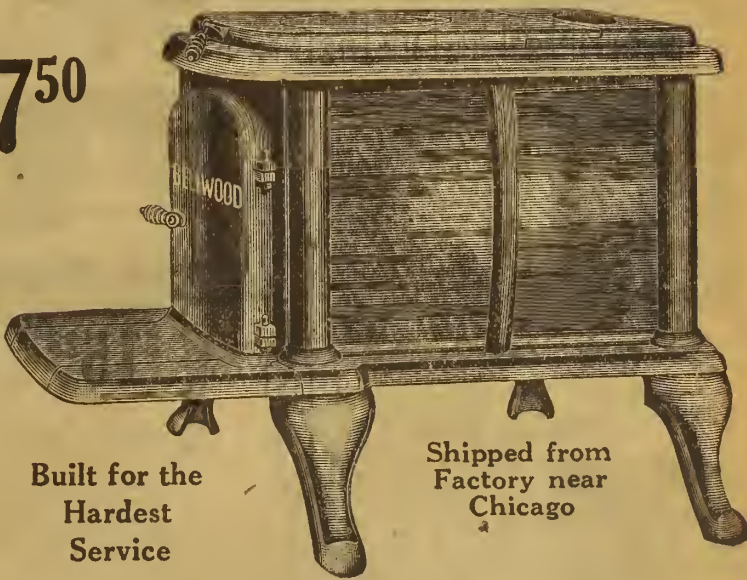

The Elite Windsor burns all grades of wood and coal. It is especially adapted for burning big blocks of wood because the whole top swings open. You can use up large, knotty logs without the trouble of splitting them.

Strong steel body, bolted tightly to cast iron top, base and front. Nickered urn, top ring, wings and hearth. Reversible pipe collar. Takes 7-inch pipe.

Plain Cast Iron Wood Heater
Strong and Durable

\$7⁵⁰

Built for the
Hardest
Service

Shipped from
Factory near
Chicago

If you want a plain solid Wood Heater that will stand the hardest kind of usage, buy the Bellwood Windsor. The Bellwood is an all cast iron stove, plain in design but strong and heavy. It is intended for people who want service, not especially fine appearance.

Every casting in this heater is extra heavy and strong. In addition to this, the stove is given still greater strength by the heavy corner columns and the top to bottom cast iron braces on the sides. It is made this way so it may be crowded beyond ordinary limits when necessary. You can fire the Bellwood red hot without damaging it.

The Bellwood has a large swing top which permits you to burn big, rough chunks of wood without splitting or sawing them. The four larger sizes have two handy cooking lids in the top, and the small size has one. The top is 26 inches from the floor in all sizes. Takes 6-inch pipe.

Efficient—Windsor Oil Stoves—Economical

\$24⁹⁰ Windsor Wonder

Complete with
Shelf and
Oven

Improved Wick Oil Stove at an
Exceptionally Low Price

Sold for
Cash Only

The New Windsor Wonder Wick Oil Cook Stove represents the most advanced ideas in the building of this type of stove. It is a distinctly superior oil stove in every way. Scientific tests have proved it to be one of the most economical and efficient oil cookers on the market. We do not hesitate to back it with our unqualified guarantee of absolute satisfaction or your money back.

This stove is built entirely of the best grade of automobile body steel. The body is finished with a coat of baked-on glossy black automobile fender enamel.

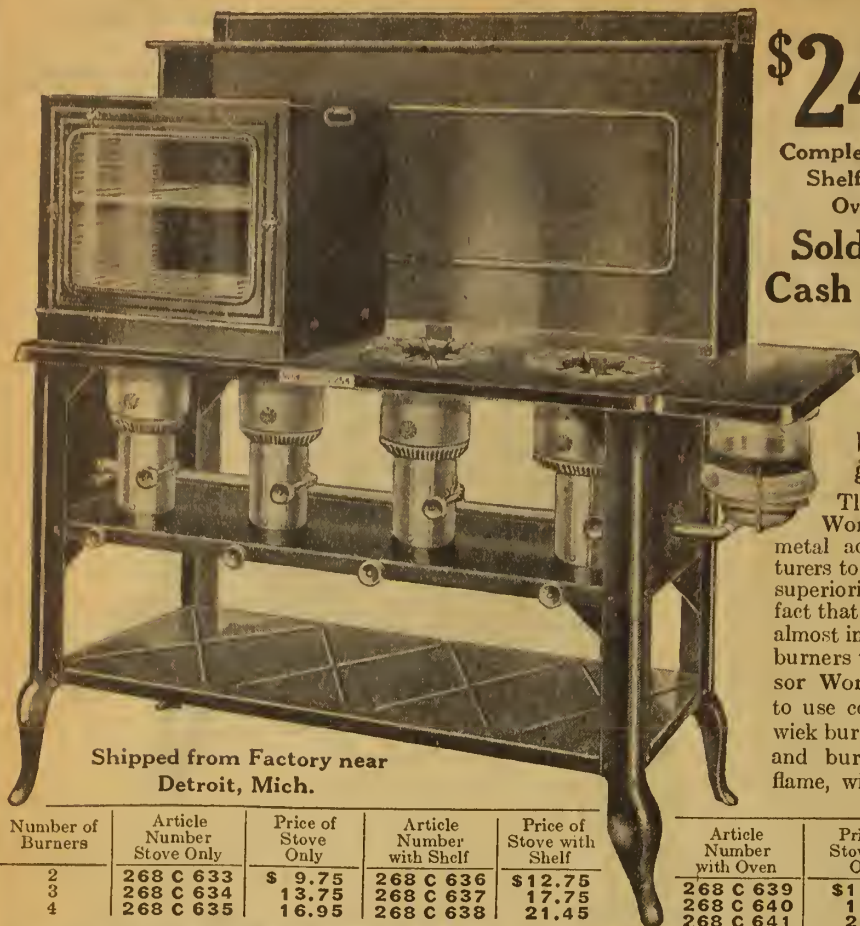

The burners used on the Windsor Wonder are of solid brass, a metal acknowledged by all manufacturers to be the best for this purpose. Its superiority is further attested by the fact that makers of low grade oil stoves almost invariably gild their inferior steel burners to resemble brass. The Windsor Wonder burner has been proved to use considerably less oil than other wick burners, yet it furnishes more heat and burns with an intensely hot blue flame, without smoke or odor.

The burners are bolted firmly to the middle shelf, and are fastened to the oil feed pipeline by a ground union, which is very easily disconnected when desired. They are fitted with permanent brass carriers that will never need to be replaced and use extra long wicks, thus reducing the cost of operating the stove.

The drums are made of steel, finished a soft velvet black by the Parkerizing process. They will not corrode nor burn through.

For description of oven, see 268 C 750 below. All Windsor ovens fit this stove.

Windsor Gas Stoves, Airtight Heaters and Laundry Stoves

\$31.50 Cabinet Gas Range

The Windsor Cabinet Gas Range is designed to make kitchen work easier for the housewife. All the working parts are elevated, so it is never necessary to stoop when cooking or baking. Oven is 16 inches wide, 18 inches deep and 12 inches high. Has separate broiler oven, 5 inches high. Cooking top, 29 inches high; has one giant and three single star burners. Nickeled door frames; white enamel door panels, front legs, splashers and back guard.

Number with Right Hand Oven	Number with Left Hand Oven	Price
268 C 386	268 C 387	\$31.50

Less Than Present Manufacturer's Cost!

\$1.95

These handy little Gas Plates are now being offered for less than what it costs most manufacturers to make them today. They are most unusual bargains at our prices. 4 inches high, 9 inches wide. Plain finish. 468 C 320—2-burner size; 17 inches long. Shipping weight, 15 pounds. \$1.95 468 C 321—3-burner size; 23 1/2 inches long. Shipping weight, 20 pounds. \$2.95 Shipped from Factory near Chicago—Mailable

Gas Rangette

This little Windsor Rangette is a splendid Gas Stove for a small family or for use in a crowded kitchen. It is a substantial and attractive range, and an especially good value at the price quoted below. Has 27 by 15-inch cooking top with one giant and two single star burners; 16 by 12 by 12-inch oven with 7 by 12 by 12-inch broiling oven separate. Enamel panels in door. Shipping weight, 90 pounds.

Sun Windsor Laundry Stove

268 C 900—Four-hole all cast iron Laundry Stove (as illustrated). Heavy and strongly built; 20 by 21-inch cooking top; 22 inches from floor. Fire pot, 11 inches in diameter, deeply corrugated. Takes 6-inch pipe. Shipping wt., 100 pounds. \$5.75 268 C 915—Two-hole Laundry Stove similar to illustration, with feed pouch in front. Shipping weight, 75 pounds. \$4.75

Shipped from Factory near Chicago

\$5.75

Low Priced Gas Heater

You will get a world of comfort out of the Windsor Gas Heater, especially during the fall and spring months when you do not want to start a big stove just to take the chill out of your rooms. This heater has a corrugated deflector made of solid copper. The linings are also of copper. The copper deflector and linings throw the heat around the room and give the heater a most attractive appearance. Guard bars across the opening make it entirely safe.

Lion Windsor Laundry Stove

The Lion Windsor is a sturdy cast iron Laundry Stove having an eight-sided firepot with an extra ring of brackets around the base. These brackets hold the flatirons against the fire pot where they heat quickly. At the same time the top may be used for cooking. Size of top, 20 by 21 inches; 21 3/4 inches from floor. Four 8-inch lids; 11-inch fire pot. Takes 6-inch pipe. Shipping weight, 107 pounds. 268 C 903. \$6.45 Shipped from Factory near Chicago

\$6.45

Solid Cast Iron Kitchen Heater

Where a gas range is used for cooking, the Windsor Kitchen Heater is needed for burning your rubbish, garbage and waste. At the same time it heats your kitchen very economically because it burns fuel which otherwise would be thrown away. Built along the same lines as our regular ranges. It is made of best quality cast iron, and stands on cast iron legs which are adjustable to the height of your gas range. Cooking top measures 14 by 26 1/2 in.; has two 8-inch lids. Fire box has duplex grate—burns any kind of fuel. Takes 6-inch pipe. Shipping weight, 140 pounds. 268 C 524. \$17.75 Shipped from Factory near Chicago

\$17.75

Drum Ovens

\$2.95

Why let costly heat go to waste up the chimney every day? Why not bake with it? All you need to do is to insert this round Drum Oven in the pipe of your laundry or heating stove. No extra fire is required. Steel body, 14 1/2 inches wide and 18 inches long. Fits 6-inch pipe. Shipping weight, 20 pounds. 268 C 904. \$2.95 Shipped from Factory near Chicago

Tank Heater

The Mogul Windsor Tank Heater makes it possible for you to have an abundance of hot water whenever you need it. It is made heavy so that it will stand hard firing; will heat about 40 gallons of water per hour. While the water is heating, you can cook on the top of the stove. Top, 20 by 21 inches; 21 3/4 inches from floor. Pipe size, 3/4 inch. Tank not included in these prices. 268 C 913—Two-hole size. Shipping weight, 70 pounds. \$9.75 268 C 914—Four-hole size. Shipping weight, 105 pounds. \$10.95 Shipped from Factory in Southern Illinois

\$10.95

Tank and Fittings Not Included. See Tanks on Page 616

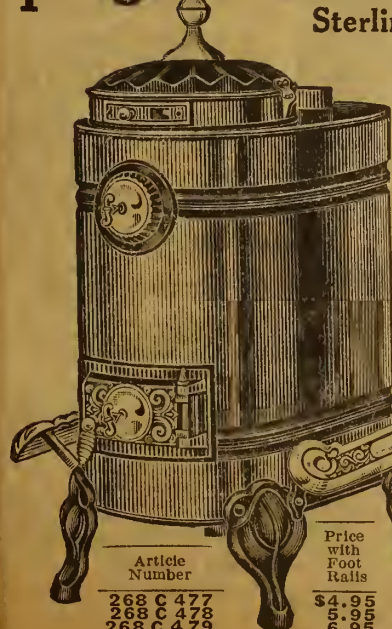

Low Priced Airtight

The Cedar Windsor is our lowest priced airtight. It is small but well made. While it should not be fired hard, it is very convenient where quick heat is wanted. Well made steel body, double seamed at top and bottom. Pressed steel legs. Three sizes—18, 22 and 24 inches long. Be sure to order a sufficiently large size. Shipped from Factory near St. Louis

\$1.48

Article Number	Price	Shipping Weight

Sterling Windsor Airtight Heater

\$4.95

In the Sterling Windsor we offer an airtight heater of unusually high quality. Its heating capacity is larger than that of the average airtight, and it is of much more attractive appearance.

Nickeled footrails. Heavy steel body, double seamed at all joints. Reinforced by inner steel lining. Strong cast iron legs. Ash pouch with hinged door. Ashes may be removed with shovel. Hot blast upper draft.

Shipped from Factory near St. Louis

\$4.25

This is the most efficient Drum Oven you can buy. It is unusually large, built entirely of high grade steel, and has an extra shelf inside. Oven door is drop type, the same as used on our best ranges. Makes a handy shelf when open. This oven may be inserted in the pipe of any stove. Inside dimensions—15 3/4 inches wide, 11 inches deep and 12 1/2 inches high. Fits 6-inch pipe. Shipping weight, 30 pounds. 268 C 920. \$4.25 Shipped from Warehouse near Chicago

Hot Blast Airtight

On the Windsor Hot Blast Airtight Heater, the upper draft regulator is connected with a pipe inside the stove which forces air downward onto the fire, so that all combustible gases are burned instead of being wasted. There is also a check draft on the top which may be used to regulate the fire.

Body made of even colored blue steel, partially lined with another sheet of steel. Sturdy pressed steel legs. Burns any kind of dry wood, rubbish or cobs, but is not intended for burning coal. Four sizes; heights over all, 28, 31, 34 and 37 inches. Shipped from Chicago

Article Number	Price	Depth of Body	Pipe Size	Shipping Weight

\$3.35

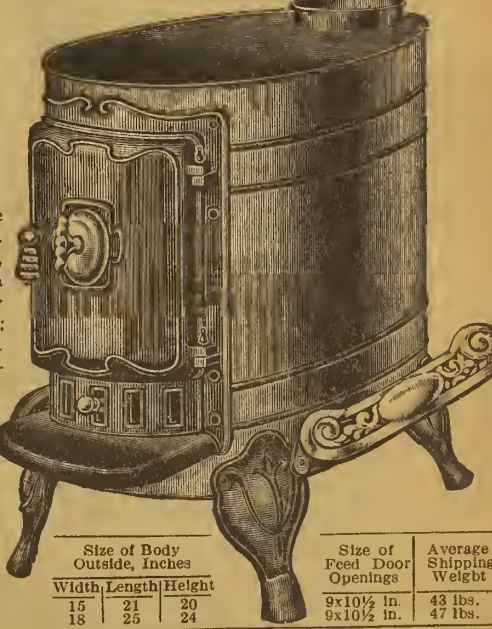

Our Best Airtight Heater—Apollo Windsor \$6.75

The Apollo Windsor Airtight is the highest grade airtight we have ever sold. It is far superior to most airtight heaters, having an extra heavy steel body and a solid cast iron front. It is lined with heavy steel (lining can be replaced if it burns out); has solid steel legs and nickeled footrails. The large flat top may be used for cooking, as it is well braced.

Burns dry wood, rubbish, garbage or chips very economically, and gives quick heat. The big feed door permits burning of large size wood.

Our American Dinner Ware Furnished in 36, 55, 56 and 100-Piece Sets

Safe Delivery Guaranteed

On the following pages we offer a complete and varied selection of Dinner Ware. Practical plain white dishes are shown as well as light, dainty china of the finest quality.

In choosing our dinner ware, we have considered carefully the appearance of the entire set on the table. We do not carry patterns which are gaudily colored or not conservatively decorated.

Both the American and Imported Dinner Ware we offer is the best of its kind obtainable. And because of the large quantities we sell, we are able to quote extremely low prices.

Substantial savings may be made by purchasing a complete set at our exceptionally low prices. The pieces for our various sets have been selected carefully. No useless pieces have been included. In accordance with the most modern table appointments, our sets include bread and butter plates instead of individual butter dishes.

You risk absolutely nothing by buying your dishes from us. We guarantee safe delivery and will replace without charge any pieces broken in transit.

On the opposite page we give lists of the various pieces included in the American Dinner Sets shown on Pages 514 and 515.

Imported Dinner Ware is shown on Page 516.

This Illustration Shows The Pieces Which Make up a 100-Piece American Dinner Set

All White Embossed Dinner Ware

For the large family, boardroom or institution, nothing is more serviceable than this durable, plain white ware. Although it is comparatively light in weight, it will stand rough handling. A neat embossing trims the edges and handles. Our prices speak for themselves. In comparing our prices with others, remember that our American semiporcelain is the best obtainable.

Bluebird and Apple Blossom Set

A pleasing change from the ordinary Bluebird Dinner Ware. This pattern shows the bluebirds flying among sprays of palest pink apple blossoms. Each piece is attractively covered with the design, and the colors are so delicate and well harmonized as to give the set an air of daintiness.

Edges and handles are gold trimmed. For list of pieces in the various sets, see top of Page 515.

This Illustration Shows The Pieces Which Make up a 36-Piece American Breakfast Set

An appealing pattern for those who like a touch of cheerfulness in the table setting. The body of the ware is our usual highest grade American semiporcelain. Each piece is attractively decorated with dainty sprays of roses in harmonizing shades of pink and green. Edges and handles are traced with gold. Though our price is extremely low, the decoration has been skillfully applied. For list of pieces in the various sets, see top of Page 515.

55 Piece Dinner Set - \$15.98 Service for 12 Persons

Special American Near China Set
Price is no indication of the quality of this dinner ware. It is not semi-porcelain like our other American sets, but has a harder and lighter body. A special arrangement with the manufacturer has made it possible for us to offer this ware at our extremely low price. The unique floral wreath design of pink roses combined with old blue and lavender asters is very effective. Handles are trimmed with gold.

Our Lowest Priced Conventional Design

This set appeals to the woman who likes a simple, effective table setting. While the border is quite narrow—an ivory background with garlands of pink roses and foliage—it has touches of black which give strength to the design. The edges and handles are gold traced. The body is our usual high grade American semi-porcelain ware.

55 Piece Dinner Set - \$16.98 Service for 12 Persons

18-Karat Yellow Gold Band Pattern
Richness and dignity are the keynote of this gold banded American semi-porcelain dinner set. The color is not gaudy as on many low priced sets, but is a soft, yellow gold of unusual daintiness and good taste. The broad handles are half covered with gold. The sauce boat has a fastened stand.

Gold Initial and Gold Band Set

You may have your own initial in bright gold script on each piece. It has the elegance of a white and gold set with the added personal note. A broad band of bright gold surrounds the edges and a narrow gold line encircles the center. All handles are half covered with bright gold. American semi-porcelain. Plain edge shape.

55 Piece Dinner Set - \$14.45 Service for 12 Persons

55 Piece Dinner Set - \$19.45 Service for 12 Persons

Our Daintiest Conventional Pattern
A colorful conventional pattern in which bright shades of pink have been used with such skill and daintiness as to give the set the richness and elegance of imported dinner ware. The pink border is broken at intervals with sprays of roses and violets. Handles half covered with gold. Edges roses and violets. The body is our high grade American semi-porcelain. For list of pieces in sets, see top of page.

A Striking Ivory Toned Border

You will always enjoy seeing your table set with this attractive dinner ware. The outline design of black and old gold color on a deep ivory background is enlivened with clusters of pink roses. Gold on edges. Handles half covered with gold. Our regular high grade American semi-porcelain ware. For list of pieces in sets, see top of page.

Our Lowest Price Imported Set

\$21.95

56-Piece Set

The well known Derby shape is used in this Rose pattern of genuine H. & Co. Bavarian China Dinner Ware. The decoration, is bright and cheerful, yet dainty and artistic. Clusters of pink roses and apple blossoms, with natural colored foliage, are brought into delicate relief by the pearl gray foliage in shadow effect. The edge of each piece is finished with a narrow gold band and the handles are traced with gold. Our price is extremely low for an imported dinner set so beautifully decorated. The few pieces of this set illustrated above, show the beauty of the shapes and the charming decoration. For list of pieces in sets, see top of page.

NIPPON CHINA

When held to the light its thinness and translucency are especially noticeable

Genuine Imported Nippon China Dinnerware

\$34.98

56-Piece Dinner Set

Service for 12 Persons

Daintiness and delicacy characterize this beautiful translucent Nippon China Dinner Set. The body of the ware, though very hard and strong, is extremely light and thin. It is a rich white with a smooth clear gloss. The decoration consists of a gold band around the edge with an inner gold thread line, broken by medallions of dull green, violet and gold. The delicate coloring of the pattern makes this thin shell-like china most attractive.

This set contains the following 56 pieces (service for 12 persons):
12 Teacups and Saucers, 1 Covered Vegetable Dish, 12 Dinner Plates, 10-inch, 1 Oval Open Vegetable Dish, 9¾ inch, 12 Fruit Dishes, 5½-inch, 1 Platter, 13¾-inch, 1 Sauce Boat, 1-pint, 1 Cream Pitcher, ¾-pint. Shipping weight, 70 pounds.

150 C 370—56-Piece Set. **\$34.98**

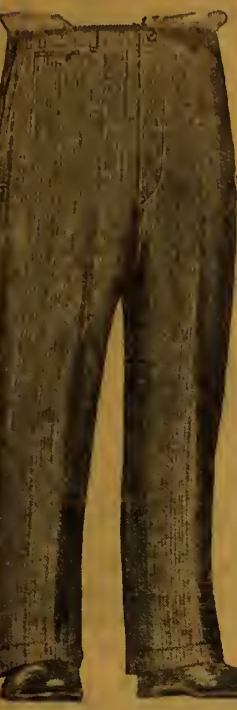

Heavy Plain White Tableware

Best quality, semi-vitreous ironstone china of medium thickness with heavy glaze. Will not stand rough handling—is suitable for use where good, strong, serviceable ware is desired.

Postage, 8¢ extra

Linoleum Rug

New Pattern
Glistening cleanliness is always possible when one possesses a Linoleum rug, and a genuine linoleum rug at \$14.85 surely offers a most desirable saving to you. Linoleum rugs are so durable, so sanitary and so easy to keep clean that, more and more, they are taking the place of wool rugs in rooms where hard service is a consideration.
The linoleum illustrated shows a very attractive rug pattern in taupe ground with touches of gray blue in figures and border. These are colors which do not show dust readily. The burlap back prolongs the wear and adds to the resiliency.

Bed, Spring and Mattress Bargain

\$18.98
Complete 3-Piece Outfit

THE BED OUTFIT bargain of the year! A special purchase of hundreds of these splendid outfits makes it possible to offer them to you at prices you may never see again for bedroom pieces of the quality shown here.

Steel Bed. Built of cold rolled strip steel, very strong and durable, yet very light in weight and easily handled. Continuous posts, 2 inches in diameter. Diameter of bottom cross rods, 1½ inches; of upright rods—five in each end—1¼ inches. Height, head end, 50 inches; foot end, 34 inches. In 54-inch width only. Bedding shown not included. Finished Ivory Enamel or Vernis Martin (Gold Bronze). Shipping weight, about 85 lbs.
166 C 5033—Ivory Enamel.....\$6.98
166 C 5035—Vernis Martin (Gold Bronze).....7.23

Inner-Strap Mattress. A soft, comfortable, felted cotton mattress made of pure, clean cotton in built up layers. Reinforced with sturdy straps which bind the layers together and prevent sagging or lumping. Covered with a floral art ticking and sewed with roll edge and round corners. Cloth grip at each corner. Size, 54 by 76 inches. Shipping weight, 48 pounds.
166 C 5527.....\$9.98

Spring. Made with a durable, rust resisting steel wire fabric which is attached to the frame by twenty-nine tempered coil springs at each end. Steel band edge—the fabric is raised four inches above the side rails, insuring softness even at the edges. The strong steel tube side rails are 1½ inches in diameter. Gray enameled frame. In 54-inch width only. Fits wood or metal beds. Shipping weight, about 60 pounds.

Postage, per bundle, 8c extra

\$1

Big Value!
Winter Weight Ribbed Cotton Union Suit
Note these three things about this Union Suit and you will agree that it is one of the best underwear bargains that ever has come your way.
First—The materials of a quality that usually commands a much higher price—a special grade of fine cotton.
Second—Every detail in the finishing is strictly up to our high standards. All seams are flat lock, smooth and comfortable. Military shoulders, made by inserting a strip of strong, elastic fabric on shoulder, giving additional strength and removing strain at that point. Collarete neck. Ribbed cuffs, perfect fitting closed crotch, will not bind or gap.
Third—The price is so unusually low, quality considered, that you can not afford to miss the opportunity to buy not one, but several suits.
SIZES: 34 to 46-inch chest.
State size wanted.
29 C 175—
Cream color only
Postage, 3c extra

Socket Wrench Set for Autos and Tractors

Give him this set—it is one of the most practical and appreciated gifts for anyone who uses an automobile, tractor or farm machinery. Nuts and bolts can be tightened in one-third the usual time by using this set. The sockets fit snugly, so they do not damage the bolt heads or slip off and injure the hands. In time of trouble this set will always be first on the job. Set consists of a Ratchet Handle, fifteen Hexagon Sockets, from 15-32 to 1 inch, two Square Sockets, a Spark Plug Socket, a Long Extension, a Universal Joint (permitting use of the wrench at an angle up to 90 degrees), a good pair of Pliers and 5 Double End Wrenches—all in a black japanned steel box. Every socket is high grade pressed steel, guaranteed not to break. Put up in holly gift package. Shipping weight, per set, 10 pounds.

61C 9500—Complete set....\$4.95

86 C 2150.....\$1.29

The Water Seal Steam Canner

For Cold-Pack Canning Holds Four 1-Quart Mason Jars

The cold pack process is one of the quickest, cheapest and most satisfactory methods of canning. The Water Seal Steam Canner preserves fruit by the cold pack process, but does away with heating the jars in hot water. First, the wire tray is put into the pail in about two inches of water. The "cold-packed" jars with the caps loosely in place, are put on the rack; the air chamber cylinder is slipped over the jars and rack, forced down into the water and locked into position by means of the wire locking brace. It is then ready to place on the fire for steaming.

Each canner is composed of three parts, as shown in small illustration. The pail and cylinder are coated with very durable gray enamel. Wire rack is rust proof. A complete time table, with directions for use is included. Shipping weight, 10 pounds.

186 C 666—Complete \$2.98

THE COMPLETE SET

**"I Give Them
The Same Tests
You Do"**

T. E. MALEY, Manager of
Home Furnishing Division

It is my aim to show on these pages only those articles which will meet the requirements of the most particular women.

To determine whether or not an article shall appear in the catalogue, I first have it tested thoroughly just as you might test it in your own home. The article must be of practical usefulness, it must be of good quality—and neatly made. The fact that you see it on these pages is proof that it measures up to our high standards.

You may rest assured that any merchandise you select from these pages compares most favorably with the best of its kind produced.

For example: it would be possible for me to purchase aluminum utensils to sell at lower prices than we ask for Royal Aluminum Ware. They, perhaps, would look as well as our Royal, but they would be much lighter in weight. My experience has taught me that such utensils do not prove satisfactory.

I am very careful in specifying to our factories that only first class merchandise is acceptable, but I do not stop there.

In order to be sure that every article comes up to our standard of perfection, we have trained men and women who receive the goods and examine them. Any article that does not fully measure up to our standard is rejected and returned to the factory. That is the reason why **Montgomery Ward & Co. can and do guarantee satisfaction or your money back.**

T. E. MALEY, Manager
Home Furnishing Division

Housekeepers:

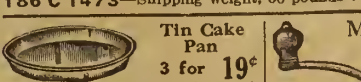

You need no longer spend your afternoons in the kitchen beside a hot stove preparing your evening meal. The Windsor Duplex will do this for you. Years of study and experimenting have perfected the Windsor to such a degree that it roasts, boils, or bakes; keeps in all the delicious flavor of your food; requires absolutely no watching. The cooking is started over the fire, the food then placed in the Windsor with the heated soapstone discs and completely forgotten until time to eat it. Because of the Windsor's patented steam vents, pies, cakes and roasts are deliciously browned.
Strongly made of sheet metal lined with aluminum. Equipped with light rolling casters. Book of directions and delicious recipes included with each cooker.

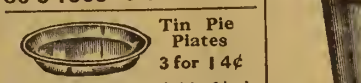

The Double Windsor Duplex

Length, 28 inches; width, 12 1/2 inches; height, 18 inches. Equipped with one 10 quart and two 4-quart vessels; 3 soapstone discs, disc lifter, folding baking rack and aluminum mat. Not mailable.

Our Steam Pressure Cooker

COOKS AN ENTIRE MEAL IN 1/3 THE USUAL TIME

By pressure Cookery, a most remarkable achievement in cooking economy, hundreds of housekeepers are cutting down their fuel bills and saving many hours each week in the preparation of their meals. With a Windsor Pressure Cooker you start dinner at 11:30 and serve it at noon. You can cook a ham in 50 minutes, pork and beans in 40 minutes, and my vegetable in from 10 to 15 minutes, at the same time reducing your fuel bill two-thirds. Thirty minutes cooks a fowl to a tender consistency. Besides, the steam pressure cooker actually cooks food more thoroughly. A quick, economical and easy way to cook the cheaper cuts of meat. All the savory flavor is retained. Cast aluminum rack and vessels enable you to prepare several dishes at one time, none of them absorbing the taste or odors of the others. Used with equally good results over gas, oil, coal, or electric stoves. Our strong guarantee backs every Windsor Pressure Cooker. The pressure cooker is the ideal method for One-Period Cold Pack Canning—see Farmers' Bulletin Number 839, U. S. Department Agriculture.

Construction

Made of heavy polished, cast aluminum. Steam gauge shows exact pressure of steam. Safety valve releases steam automatically should pressure exceed 20 pounds. All but the largest size are fitted with basket and pans. Various pressures are regulated by steam valve at top.

Article No.	Capac.	Diam.	Depth	Holds jars	Ship. Wt.	Price
486 C 1475	10 qts.	9 in.	9 1/2 in.	4 pt. or 3 qt.	13 lbs.	\$14.45

86 C 1769—20-inch size. 39¢

Famous Angle Lamps

The Angle Lamp provides an improved and safe method of illumination. It is different from all other lamps. The flame burns at an angle, throwing the brightest light downward through the clear glass globe, while the opal glass chimney spreads a soft light to the upper part of the room. The flame projects from the side of the lamp which does away with the shadow thrown by the burner and fount of the ordinary lamp.

It is easy to light. Simply raise the burner and apply the lighted match. No chimneys or globe to remove. It may be burned low or to full height without flicker or odor. The top chimney protects the flame from drafts, preventing smoke.

The Angle Lamp burns 20 hours on one quart of oil, while the ordinary lamp burns only 10 hours on this amount. The oil pot may be lifted out for filling without removing chimney, globe or burner—it is not even necessary to extinguish the light.

Cast Metal, Old Gold Finish

\$14.50

This Two-Burner Hanging Lamp, cast from white metal, is of an unusually impressive classic design, old gold finish. Bottom globes are of clear plain glass, chimneys are of white opalescent ribbed glass. The patent lift-out fount holds about a quart of oil, and will burn ten hours. Shipping weight, 23 pounds.

450 C 900—\$14.50
50 C 903—Spring Extension for above lamp. Shipping weight, 8 pounds. \$3.10

A Reading Lamp of Unique Design

It has not always been possible to buy a table lamp with appearance and lighting properties of such excellence. In this single burner Reading Lamp you will enjoy a steady, soothing light, as well as a lamp of unusual beauty. The artistically designed metal base is finished in old gold. The height to top is 15 inches. Bottom globe is of clear, plain glass, chimney is of white opalescent ribbed glass. Cast patent lift-out fount holds about a quart of oil, which burns 20 hours. Shipping weight, 28 pounds.

450 C 901—\$11.95

The Latest Type of Wall Lamp

Of white metal, in old gold finish, this Wall Lamp is a marked improvement over the old style wall lamp. Patent lift-out fount holds one pint of oil which burns 10 hours. Bottom globe is of clear plain glass, chimney opalescent ribbed glass. Shipping weight, 20 lbs.

450 C 902—\$8.95

Match-Lighting Gasoline Lamps

The Match-Lighting Gasoline Lamp produces a soft white light of 300 candlepower—brighter than city gas or electricity. Though bright, the light is mellow and restful to the eyes. Lamp is perfectly safe—will burn upside down or in any position. The gasoline cannot escape. It is lighted with a common match in 10 to 15 seconds. No dirty wicks to trim or chimneys to clean—no dirt,

smoke or odor. One cleaning a month will keep the lamp in good condition. It will burn 20 to 24 hours on one filling (4 pints of gasoline). The base and trimmings are finished in polished nickel. Complete with a double mantle burner, air pump, extra generator and wrench. Use 50 C 950 mantles listed below.

Lights in 15 Seconds—Makes Its Own Gas

Easily Filled or Drained by Hose Coupling Furnished with Tub

Provides the convenience of a large size bath tub to farm homes, summer cottages and camps. Entirely does away with the need of clumsy wash bowls, foot tubs and galvanized or wooden tubs. Strong hardwood frame with body of thick rubber-covered duck. Inside is smooth, soft and silky. Bottom rests on floor so it cannot tip or sway. It will not spill, leak or splash. Hot water does not hurt it. Filled from a faucet by means of a hose connection or you can fill it up just as you would an old fashioned tub. Length, 5 feet; width, 27 inches; depth, 16 inches. Weight, 15 pounds. Shipping weight, 16 pounds.

186 C 1341.....\$6.48

Match Lighting Gasoline Lantern

Gives More Light Than Twenty Kerosene Lanterns

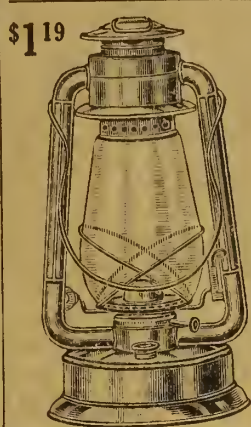

Takes only 10 to 15 seconds to light. It is efficient, safe, powerful and economical. Will burn anywhere in any position and in any kind of weather. It is blizzardproof and bugproof. No wicks to trim, no globes to clean, no smoke, no soot, no flicker. Can't spill. Easy to light and extinguish. Simple in construction and operation. Burns 12 hours on one filling. 1 quart of gasoline. About 300 candlepower. Extremely steady light. Equipped with extra generator, extra tip, tip cleaner, wrench, pump and one set of mantles.

Complete instructions for use with each lantern. Height, 14 inches. Shipping weight, complete, 5 pounds.

Thuro Electric VACUUM CLEANER

Has Every Improved Feature

Since the invention of the Electric Vacuum Cleaner, housework has lost one of its greatest annoyances—Dust. The more efficient your vacuum cleaner, the more dustless will be your rugs, curtains and furniture; the purer will be the air you breathe, and the easier will be your housework.

You will agree with us, after you have tried the Thuro Electric Vacuum Cleaner, that it is a most effective dirt remover. It is the result of years of study and experimenting. Its name tells its story.

The Thuro removes every particle of dirt and grit from your rugs and gathers it safely into the dustproof bag. It leaves your rugs fresh, clean and bright. Compare the Thuro with any vacuum cleaner on the market, regardless of price. If you are not entirely convinced that it is one of the best, return it to us.

Suction.—There is a straight passage of air from the wide mouth of the nozzle to the center of the cast aluminum fan. That is what makes the Thuro clean so well. It has 20 per cent more suction than the average vacuum cleaner.

A simple device on the floor wheels revolves the brush with just enough force to dislodge the embedded germ-laden dirt and lint. The suction does the rest. The Thuro will add years to the life of your rugs.

Construction.—The body is of one piece, cast aluminum. The swivel rear wheel makes it easy to swing the Thuro in any direction. The dust bag is easily removed for cleaning.

Motor.—The 1/2 horsepower motor is air cooled and has self-feeding oil wells. The fan keeps the motor from over-heating.

The Thuro runs equally well on either direct or alternating current, 100 to 130 volts, 60 cycle or less. Shipping weight, 15 pounds.

486 C 572.....\$34.95

The Thuro for Farm Lighting Plants

Equipped with motor of 32 volts, for homes where farm lighting plants, such as Powerlite or Delco are in use. Shipping weight, 15 pounds.

486 C 573.....\$35.95

Cleaner Floors

Without Electricity—No Exertion—The Fan Does the Work

In all electric vacuum cleaners, suction is created by a revolving fan. Exactly the same fan action is used in our Improved Wardway Vacuum Cleaner—operated without the aid of electricity. The wheels passing over the floor propel an easy running motor, which causes the powerful fan to revolve. Owing to its special construction, this fan has greater suction power than most electrically driven machines because it makes more revolutions per minute. Best of all it does this without any special exertion on your part.

Easy Running.—Just a push and the powerful suction draws every particle of dirt, lint, ashes and grit into the bag. You can use it every day without tiring. Your first cost is your last. It has what many housekeepers consider an added convenience in that there are no cords, plugs, sockets or other fixtures.

Construction.—Our Improved Wardway has a polished aluminum body with rust proof parts which defy dampness and will last for years. Be sure to note that you have the combined advantage of a swiftly revolving 12-inch bristle brush driven by cog wheels and a powerful air suction. The brush loosens thread and lint which cling to the surface of rugs and enables the suction to pick them up readily.

Outstanding Features.—Runs on noiseless rubber wheels. A protective rubber bumper prevents marring furniture. Handle stands upright when not in use. Mechanism requires practically no oiling. Weighs but 7 1/2 pounds—one of the lightest, easiest running machines on the market.

Costs Only About Half What You'd Expect to Pay.—You need no longer do without a vacuum cleaner because of the high price or because you do not have electricity. Our improved Wardway costs but little, considering that it is a really efficient vacuum sweeper. Its simple mechanism means a low manufacturing cost and we give you the benefit of this saving.

86 C 516 — Shipping weight, 15 pounds.....\$19.98

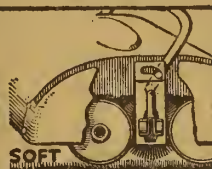

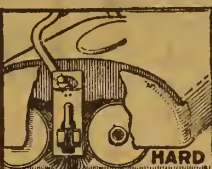

The Fan

Thuro Electric Vacuum Cleaner Attachments

Specially designed for the cleaning of bedding, upholstery, draperies, clothing, furs and the interior of automobiles. 486 C 860.....\$3.98

Note the Features of the Wardway Illustrated Above

\$2.48

Do Not Judge the Wardway by Its Price

Why pay more when the Wardway will clean your rugs as efficiently as any similar carpet sweeper made? Run it face forward over your floor, and it lightly brushes up surface dirt. Then reverse the sweeper—Instantly it forces the bristles down into the rug, removing the injurious embedded dirt. The extra high quality Imported Bristle Brush may be dropped to three different levels, renewing its effectiveness three times. This feature, which more than doubles the life of the Wardway, is found in no other make. Full face of brush (not merely tufts) is always in direct contact with the rug. Has self-adjusting rubber tired wheels. Only 4 1/2 inches high, 9 inches long and 13 3/4 inches wide, over all. Cold-rolled, reinforced steel case has baked-on enamel surface of olive drab with green trimmings. Rounded corners protect the furniture. Double sidewalls make it absolutely dustproof. Nothing on sides to break off or loosen. Shipping weight, 5 pounds.

Improved Triumph Electric Washer Equipped With Extra Large Wringer-12 Inch Rollers

IF you know the cost of the average copper tub electric washing machine, you will appreciate the wonderful value we offer in the Improved Triumph.

You will find it not only economical to purchase, but equally economical to operate. An entire tubful of clothes may be washed in ten or fifteen minutes at the cost of only a few cents for electricity. It is practically noiseless and the easiest running electric washer obtainable at the price. Some of its features are:

Corrugated Copper Tub. Thoroughly tinned on the inside. It is impossible for it to rust and soil the clothes. There is no part of the tub to lift out and clean after the washing is completed.

Dolly Type Washer. Rapidly reverses, forcing the hot suds through the clothes so that it quickly removes every speck of dirt. It does not rub the clothes and therefore does not wear them out.

Swinging Reversible Wringer. Is driven by electricity. Mounted on a strong supporting post. Has extra large 12-inch rollers which will wring the heaviest bedspreads as well as the lightest fabrics.

Read Our 30-Day Trial Offer

The best way to test a washing machine is to use it in your own home, washing your own clothes. Send for our Improved Triumph Electric. Examine its bright copper tub, the swinging reversible wringer, and see for yourself how quickly and easily it will make your linen fresh and snow white. Try it for 30 days. If it should fail to please you during that time, write us for return shipping instructions and we will refund your deposit and the freight charges you paid.

Improved Triumph Engine Drive Power Washer

Improved Triumph Engine Drive Washer, platform model; the platform measures 24 inches wide and 43 inches long—large enough to hold two tubs and basket. Complete with all-position wringer and 10-inch drive pulley. Should not be operated faster than 200 revolutions per minute.

SPECIAL Lever permits swinging and locking of wringer in any desired position. Easily operated. A slight pressure of the finger shifts it from one position to another. An extra wide reversible drainboard prevents water from running over on floor.

Splashproof Motor has ample power to operate both washer and wringer at the same time.

Bronze Faucet at side for draining tub. Hose may be attached if desired.

Steel Extension Frames hold two tubs and a clothesbasket. May be folded against side when not in use so that complete machine occupies no more space than an ordinary 1-tub machine.

Easy Rolling Steel Casters permit ready moving from place to place.

Triumph Washer- Electric or Engine Drive

THE original loveliness of fluffy wool blankets and snow white linens may be retained if you launder them with our Triumph Washer. The Triumph cleanses thoroughly. The dolly plunger forces the hot suds back and forth through every fiber of the clothes, and quickly loosens the dirt without wearing out the fabric or injuring the clothes in any way.

The machine is provided with a special disc for delicate clothes, and you can launder your finest blouses and laces without fear of spoiling them.

Thirty-Day Trial Offer

The Triumph Two-Tub Model is built to wash in large quantities. You can wash clothes in both tubs and use the wringer at the same time. Simple, easily operated levers enable you to use either tub alone or only the wringer if desired.

In order to give you an opportunity to test the Triumph Electric or Engine Drive Washer, and prove to yourself how easily, quickly and satisfactorily it washes your clothes, we allow 30 days' trial. If the washer does not please you, write us for return shipping instructions and we will refund the amount you paid, including freight charges.

The Water Queen Electric The Minnehaha Electric

Eccentric Cylinder Action

THE Water Queen washes without a rub! This feature has won for it universal popularity. Instead of rubbing the life and beauty from your clothes, it plunges them in and out of the washing suds until every particle of dirt is removed. The cylinder turns from side to side with each revolution. This action, together with its revolving wringer, gives the Water Queen remarkable washing power. The stubbornest dirt loosens its hold from the coarsest or finest fabric. The octagonal cylinder is of hard metal, with smooth perforations. It measures 19 by 16 inches, and holds six sheets, five shirts or their equivalent.

Our Easy Terms

Our Easy Terms. Simply fill out and send us the order blank at bottom of page. Enclose \$5.00 with order. We will then ship you the power washing machine you choose, complete with power wringer. If after 30 days' trial you decide to keep it, send us \$10.00 a month until the full purchase price has been paid.

In a short time, almost before you realize it, the machine will be paid for in full. While you are sending the Easy Payments, the machine really pays for itself in the time, the clothes, and the labor it saves.

Water Queen Electric

Motor. The 110-volt 60-cycle alternating current motor has ample power to run machine and wringer at the same time. An automatic Safety Clutch prevents the motor or fuse from burning out should the machine become overloaded.

Gravity Wringer. The wringer is tilted slightly, as shown in illustration. This feature eliminates the possibility of clothes becoming entangled on the rollers. A safety release removes all pressure from rolls in case of emergency.

The wringer is reversible and may be swung into four positions. It is locked with a convenient lever. High quality rubber rolls, fully enclosed cogs. Adjustable to wring dainty faces or heavy blankets. It may be started, stopped or reversed as desired. Convenient Drain. The Water Queen is easily drained. A pail may be placed under the faucet or it may be emptied by a hose, as the faucet is threaded for standard hose coupling.

The Water Queen occupies floor space measuring 25½ by 25½ inches. Ten feet of reinforced cord and attaching plug are included with each machine.

Water Queen with Armco Iron Tub

The toughest metal of its kind known. Will not rust like ordinary galvanizing.

Powerful Figure 8 Action

THE famous figure eight action, so universally recommended, has made the Minnehaha a popular favorite with our customers.

The copper tub, resting on a cradle, is swung back and forth fifty-eight times a minute—fifty-eight times in every minute a perfect figure eight of hot soapy water sweeps through the tossing garments, loosening every particle of dirt and making the clothes snow white. There practically is no wear on the clothes as in hand rubbing.

All Metal Cabinet. The cabinet is nicely finished in battleship gray; it completely encloses the mechanism, and makes it perfectly safe.

Minnehaha Electric

Solid Copper 12-Shirt Tub. Capacity of tub, 6 to 7 sheets or 12 shirts. Tub may be removed easily should occasion require it. Both the lid and the body of the tub are ribbed to insure strength. Interior is heavily retinned, making tub rustless and non-corrosive. No cracks or crevices to collect dirt.

The Motor. Motor has sufficient strength to operate both wringer and washer at the same time; one-fourth horsepower—waterproof. Made by a manufacturer of national reputation.

The cost to operate averages 2 cents per hour. You can see how cheap this is when you consider that you can easily wash about four tubs of clothes in that time.

Adjustable Wringer. Has large reversible 12-inch rollers. Equipped with quick release safety control lever. Adjustable to any position, and may be operated while clothes are being washed. This enables you to wring from tub to rinse water, then from rinse water to bluing water, and from bluing water to basket without moving machine or stopping the washer.

Stationary Base, Easy Rolling Casters. See illustration at the right. A touch of the toe on this device instantly changes it from the easy rolling casters to rigid iron feet.

Water Drain. Water is drained completely out of tub through faucet located directly before door which opens in front of machine.

Control. Two simple levers control both the washing and wringing operations.

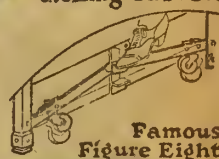

Size. Cabinet measures 38 inches in length, 23 inches in width, and 35 inches in height. Height to top of wringer, 53 inches.

The Old Faithful

Grooved flywheel
makes it possible
to run machine by
motor if
desired.

Fitted with
Easy Rolling
Casters

\$17.48

Small Illustration Shows
Washing Principle

Because of its reliability, the Old Faithful
has been a favorite in the homes of American
Housewives for more than 25 years. It is
practically a washboard operated by machinery.
Instead of stooping over a washtub and lub-
bering by hand, you merely move the lever
back and forth, washing the clothes spotlessly
clean. At every movement of the lever the
two washboards work in opposite directions.
The daintiest garments may be washed in the
Old Faithful without danger of tearing. The

high speed flywheel is operated by the cog-
wheel. Starts and runs very easily due to
the long double bearings on which it works.

The gears are all protected for safety. All
hardware and castings are galvanized to
prevent rust. Height, 30 3/4 inches. Length,
35 inches. Width, 20 1/4 inches. Capacity,
12 shirts or their equivalent. Shipping weight,
120 pounds.

Our Veribest High Speed Washer

\$15.45

May Be Operated by Motor
As Flywheel is Grooved For Belt

Recommended to those who prefer a dolly
type Washing Machine. Its speed and ease
of operation, combined with substantial
quality, insure lasting satisfaction.

One noteworthy feature of this machine
is the adjustable handle. It may be placed
in six different positions making it possible
to sit or stand while washing.

The high speed flywheel makes 300 revolu-
tions per minute. Flywheel is mounted on a
steel shaft which runs on long double bear-
ings, making it operate
very smoothly.

If operated by electric
motor the lid may be
opened or closed while
motor is running.

The tub is of water-
resisting cypress and has
a capacity of 8 shirts.
Shipping weight, 90
pounds.

Features of Sewing Machines

Shown on Pages 534 to 538

Damascus Grand Rotary

Sewing Machines equipped with the Damascus Grand Rotary Sewing Head are shown at bottom of this page and on Page 535.

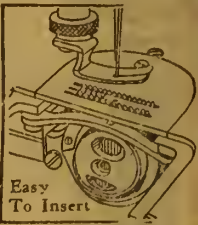

SIX exclusive features make the Damascus Grand Rotary Ward's best and most popular model; superior in every respect to the ordinary sewing head. **Rotary principle.** The bobbin case is round instead of cylinder shape and revolves in a continuous circle instead of moving back and forth as in the vibrating type. This gives speed and silence. The Damascus Grand Rotary sews one-third faster than any ordinary machine, and does it without the noise of the vibrating shuttle. The bobbin is easy to reach, easy to thread and easy to keep in order. It makes a double lock stitch.

Automatic Bobbin Winder stops when the bobbin is full: The Damascus Grand Rotary has two spool pins; you wind the bobbin without unthreading the machine. **Easy Threading:** The Damascus is so easy to thread that you can almost do it with your eyes shut. **Easy action:** Best of materials, expertly fitted together, assure you a smooth, easy running machine. Every part has been thoroughly adjusted and tested with cotton and silk thread before it leaves the factory. The stand is fitted with high grade ball bearings, and is the proper height for sewing comfortably. The large fly wheel, protected with a dress guard so belt will not come off when machine is closed, runs smoothly and easily, with no noise and almost no effort on the part of the seamstress. Sewing head has high arm, giving ample room to insert and handle heaviest materials. Oil holes within easy reach—no lifting or turning to find them. In every respect a high class, well built machine, equipped with every device, for convenience and ease of operation. Backed by Montgomery Ward's & Co.'s 20-year guarantee against defects of material or workmanship.

Each time the needle goes through the cloth, a hook on the revolving shaft catches the upper thread and passes it around the bobbin. The "Take-up" pulls it tight and locks it. It cannot loosen and will not unravel. **Automatic Tension** adjusts itself to any size thread without your aid; no matter what kind of sewing you do, the Damascus Grand Rotary will turn out even, perfect stitching. **Stitch Size** is regulated by convenient lever. You push it along the rules and it stays. It cannot work loose in the middle of a seam.

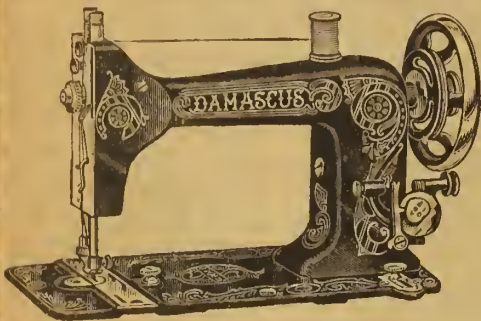

Rotary Hook

Easy To Insert

Damascus Vibrating Shuttle

The Sewing Arm is made of high quality gray iron, finished in baked-on black luster enamel which will resist wear and will not check or peel off. All working parts are made of best grade tool steel, hardened in oil. All surface parts are heavily nickel plated to prevent rusting. Every part is carefully finished and expertly fitted together. The entire machine is correctly adjusted and tested with cotton and silk thread before it leaves the factory. Like the Rotary, the sewing stand is designed to run smoothly;

It is impossible to find a Vibrating Shuttle Sewing Head better constructed, easier running or more convenient than the Damascus. It is our best vibrating shuttle model and an ideal sewing head for the family machine. It is sturdily built to withstand long use, expertly constructed to give smooth, swift, easy action, and equipped with Damascus exclusive features which make it convenient and pleasant to use. **Automatic Tension** insures perfect stitching without changing for each grade of thread. **Stitch length** regulated by simple thumbscrew near base of arm. **Indicator** shows size of stitch being made. **Improved Presser Foot** holds thick or thin material smoothly.

Positive feed carries goods evenly under the needle and assures perfect stitching. Needle is self-setting.

What Is the Vibrating Shuttle?

Unlike the Rotary, the vibrating shuttle which holds the bobbin, is cylindrical in shape. Instead of revolving in a circle, it moves back and forth. The needle, carrying the upper thread, dips with each stitch, forming a loop of thread through which the shuttle passes, forming the double lock stitch. Damascus "take-up" draws it tight, forming a perfect stitch.

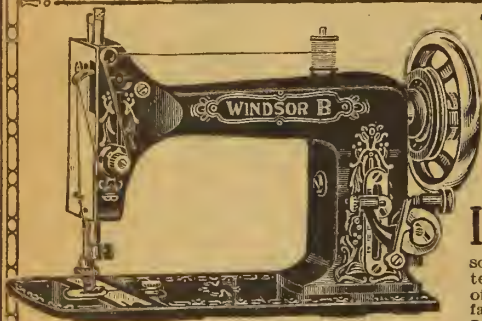

The Shuttle (Self-Threading)

equipped with improved ball bearings making it very easy to operate. Treadle is properly adjusted to work without tiring the operator, and is swung on adjustable steel centers. Stand is firm and will not wobble or vibrate when machine is in motion. Guaranteed for 20 years against defects of material or workmanship.

Sewing Machines equipped with Damascus Vibrator Sewing Head are shown on Page 536

Windsor B Vibrating Shuttle

Easy Action Sewing Stand

The sewing stand is just the right height for sewing comfort. It is fitted with improved ball bearings, making it easy to run. Large flywheel is equipped with belt retainer—it will not become unbelted when machine is closed. Made of high grade cast iron, well braced and finished in smooth black enamel. Wears splendidly and is easy to keep clean. Ward's reliable guarantee protects you for 20 years against defects of material or workmanship.

IN the Windsor B Vibrating Shuttle Sewing Head you get an excellent, easy running machine at a low price. The Windsor B is as carefully made, adjusted and tested as higher priced machines. It is made of high quality steel with all bearing surfaces hardened to resist wear and all working parts nickel plated to prevent rusting. The Windsor B is in every respect a dependable machine, equipped with all standard features to make it easy and satisfactory to run. Windsor B features are: Easily regulated Disc Tension; Handy Thumbscrew; Stitch Regulator; Automatic Bobbin Winder, insuring evenly wound bobbins. Tension automatically released when presser foot is lifted; Self-Setting Needle, easily inserted; Self-Threading Shuttle. Illegible arm gives ample room to insert and handle bulky materials. Sewing Machines equipped with Windsor B Sewing Head are shown on Page 537

Brunswick Vibrating Shuttle

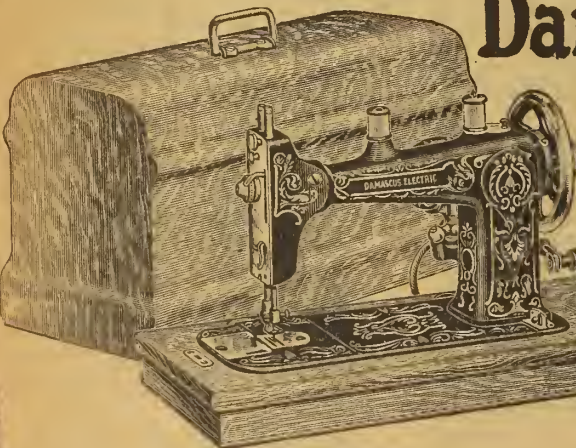

Comfort in Sewing

The Brunswick stand is made of cast iron, braced and finished, and fitted with ball bearings to insure smooth action. Large flywheel has labor saving belt retainer. Stand is the proper height for comfort and the treadle is correctly adjusted to minimize the effort required to operate it. Brunswick will do any kind of sewing that can be done on any standard machine. It does not have all of the improvements found on our more expensive models, but in other respects it is a desirable machine at a very low cost. Sewing Machines equipped with Brunswick Sewing Head are shown on Page 538

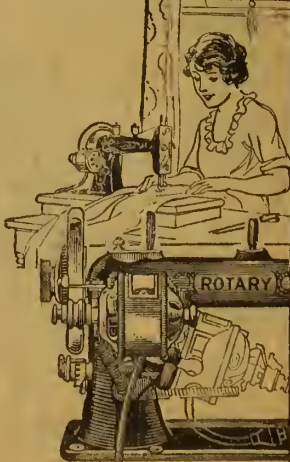

ALTHOUGH the Brunswick C is lighter than our other models, it is a sturdy machine and will give dependable satisfactory service for many years. Like our most expensive sewing heads, it is carefully adjusted and tested before it leaves the factory, and is backed by our 20-year guarantee against defects of material or workmanship. The Brunswick is an excellent value in a low priced but well built machine. Brunswick features are: Tension control conveniently located at top of sewing arm; handy thumbscrew Stitch Regulator in base of arm; Automatic Bobbin Winder; Self-Threading Shuttle Carrier; Self-Setting Needle and Tension, easily released. With ordinary care a Brunswick will sew for many years as perfectly as it does the day you receive it.

Damascus Grand Rotary Electric

Easy Payment Plan—30 days' trial. Pay only \$4.00 now. If after 30 days' trial the machine does not please you, you need only ask us for instructions how to return it. Your deposit and all freight charges will be refunded. If you decide to keep it, pay \$4.00 each month until full amount is paid. **USE SPECIAL CONTRACT ORDER BLANK, PAGE 531, properly filled out.** **Cash Payment Plan—90 days' trial.** If you pay the entire purchase price in cash, we give you the benefit of the saving to us in bookkeeping expense and allow you a discount on the easy payment price. If after 90 days' trial the machine does not please you, return it and the full purchase price and all freight charges will be refunded. Shipping weight, 60 pounds

EVEN the easiest running foot power machine tires you. It costs only a few dollars more to buy an electric machine, which makes sewing easy, comfortable and pleasant. The Damascus Grand Rotary, our finest sewing head, equipped with a small high grade, sturdy electric motor, sews much faster and just as economically as any foot power machine. Connects with any electric light socket; a slight pressure on the foot control regulates the current; increased pressure speeds up the machine. All you do is guide the sewing. The machine stops instantly when the foot pressure is released. Runs quietly and smoothly. This machine is light (weight only 25 pounds), portable (14 inches long, 10 inches wide and 12½ inches high) and convenient—you can carry it easily from room to room, set it on any firm table, and when you are through sewing put it in a closet out of the way. Has eight-foot attaching cord. Nicely finished Golden Oak stand and box cover.

High grade motor is attached to sewing arm. Folds under arm when not in use. Nothing to get out of order.

very one of our Sewing Machines is correctly
 ured, carefully inspected and thoroughly tested
 both cotton and silk thread before it is allowed to
 re the factory. With each machine we include a
 ten guarantee, properly signed and bearing the
 al number of the machine. If any defects of work-
 ship or material develop at any time within 20 years
 or the machine reaches you, we will put the machine
 perfect running order without cost to you, and
 the freight charges both ways.

With each machine we send you *FREE* a complete
 set of nickel plated Greist Attachments, packed in
 a case which fits into the sewing machine drawer.
 With the aid of these extra attachments you may
 give your clothes the tailored appearance of ready
 made garments. Set includes ruffler, tucker, braider,
 5 hemmers, special foot, under braider and shir-
 ring slide. With each machine we include 12 needles,
 6 bobbins, thread cutter, screwdriver, gauge, oil
 can (filled) and illustrated instruction book.

If you order on the *Easy Payment Plan*, send only
 \$4.00 with your order. If, after you have had the
 machine 30 days, it does not please you, you only
 need ask us for instructions how to return it and
 your deposit and freight charges will be refunded.
 If you order on the *Cash Plan*, send the full pur-
 chase price with your order. Keep the machine for
 90 days and, if you are not pleased, you only
 need ask us for instructions how to return it and
 the full purchase price and freight charges will be
 refunded.

Damascus Grand Rotary

WHEN you have decided on a Damascus Grand Rotary Sewing Head, your next step is to select the case which will prove equally practical and satisfying. This four-drawer model, simple and attractive in design, with ample drawer space for everything you need while sewing, is one of the most popular Damascus machines. It is strongly built of richly grained, well seasoned oak; table and drawer frames of quarter-sawn; front drop, side panels and top lid of built-up stock; perfectly matched and finished in highly polished golden oak. The automatic lift brings the sewing head easily and quickly into place when the machine is opened. With the same operation the front drop is drawn well out of the way, giving plenty of room for the knees. An 18-inch measure is imprinted on the front of the big, roomy sewing table. The easy action of the Damascus Rotary sewing head, ball bearing flywheel, correctly placed treadle and convenient height of the sewing table, make this machine easy and pleasant to operate, and the Damascus Grand Rotary Sewing Head insures perfect sewing service. With each machine we include a set of tools and a set of Greist attachments.

Damascus Grand Rotary

THIS roomy six-drawer model will appeal to the woman who wants the best of sewing machines and at the same time wants a case which will add to the appearance of the home. This is an unusually handsome model. Is substantially built of well seasoned oak; table and drawer frames of quarter sawed; top lid, side panels and front drop of built-up stock. Finished in golden oak, highly polished. For the home where there is a great deal of sewing to be done, there could be no better choice than this Damascus Grand Rotary Model. Its swift, smooth action; the broad, well placed treadle; the sewing table at just the right height for comfort; all combine to make it possible for a seamstress to sew for hours without becoming tired, and to turn out perfect work. The convenient automatic lift brings the sewing head up with a single, easy motion and draws the front drop well out of the way of the knees. When the work is done, the sewing head is quickly lowered down into the case where it is protected from dirt and dust. The stand is firm and well braced. Attractively finished in black enamel paint and fitted with casters. Does not wobble or vibrate. A complete set of Greist attachments, a set of tools, and instruction book are included free with each machine.

THE Cabinet is the most practical case for the good machine. It protects the working parts from dirt and dust, and at the same time is an attractive piece of furniture suitable for any room in the house. This cabinet for the Damascus Vibrating Shuttle is unusually attractive in design. It is constructed throughout of oak; the door, side panels and top lid are of built-up stock and the frame of quarter sawed. Has rich, dark golden oak finish. Doors handsomely embossed. Square pillars form the corners. Base stands flat on floor. Handy wooden pockets on inside of the doors provide the space for accessories.

The cabinet is firmly constructed and the stand securely anchored to its frame. It will not work loose. You will find it as firm and steady as a cast iron stand. Has the time and strength saving automatic lift. Foot form treadle, correctly adjusted, adds to the ease and comfort of sewing. Adequately ventilated through holes in back of case. The Damascus Vibrating Shuttle sewing head assures you many years of faithful service. With ordinary care it will retain its smooth, easy action far beyond the 20 years covered by our guarantee. Complete set of high grade nickel plated Greist attachments is included free with every machine.

Windsor B Sewing Machines

Cash Payment Plan with 90-Day Trial Offer

THE Sewing Machines shown on Pages 537 and 538 are sold only on our cash payment plan. Any of these machines will be sent to you for 90 days' trial. Send full purchase price of machine with your order, and if

you are not satisfied after three months' trial, you need only write us for shipping instructions. Full purchase price and all freight charges paid by you will then be refunded.

20 Years' Guarantee

WE guarantee the Windsor and Brunswick Sewing Machines for 20 years, the same as our most expensive models. Our Guarantee is fully explained on Page 535.

Sewing Head Is Described on Page 534

Windsor B Vibrating Shuttle

THE best way to judge the quality of a Sewing Machine is to sew with it. Our 90-day trial offer allows you to have this machine in your home for three months. During that time you may use it for any sewing you would do with the most expensive machine and see how quickly, easily and perfectly it stitches. You can assure yourself that both case and sewing head are well made and well worth

the low price asked. This five-drawer model case is substantially built of oak. The side panels are mortised and secured to the legs with iron clamps. The top lid is of genuine oak veneer, excellently finished. It will not warp. Finished in handsome dark golden oak. Has accurate 18-inch measure imprinted on sewing table, and convenient slots in center drawer for holding extra bobbins.

The Windsor B Vibrating Shuttle sewing head used in this model is described fully on Page 534. Although it is a less expensive model than our Damascus heads, it is made by sewing machine experts, and is carefully inspected and tested with both silk and cotton thread before it leaves the factory. It is backed by our 20 year guarantee against defects. Complete set of Greist attachments included free.

286C73—Cash Price. \$27.95

This model is not sold on the easy payment plan. Send full amount with your order. If after 90 days' trial, the machine does not please you, you only need write us for instructions how to return it. Full purchase price and freight charges will be refunded.

Windsor B Vibrating Shuttle

THE Martha Washington Model is built of beautifully grained oak, finished in rich, dark golden oak. The table, frame, drawer frames, head frame and top are made of solid stock veneered with genuine quarter sawed oak. The drawers are gracefully curved, harmonizing with the shaped front drop which is ornamented with a simple embossed design. This model has the automatic lift which brings the sewing head into place with a single easy motion. An accurate 18-inch measure is imprinted on the front of the roomy sewing table. The Windsor ball bearing

stand insures easy action, while the Windsor sewing head guarantees long years of perfect sewing service—and all at an exceedingly low price. It has all the improvements to be found on any machine at this price, and many that ordinarily are found only on higher priced models. Our liberal trial offer allows you to have this machine in your home for three months, where you can prove to your own satisfaction that it is a remarkable value. Although we sell the Windsor for much less than our Damascus models. It is backed by the same guarantee against defects.

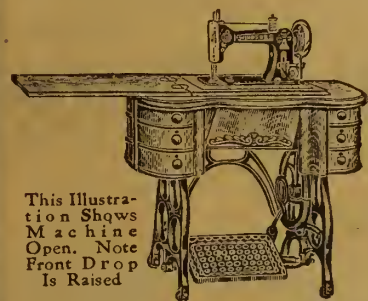

Greist Attachments

We send with each Windsor B a set of Greist attachments equipped to sew everything that home sewing or expert dressmaking may demand. They are made of the very best grade of steel, nickel plated, packed in a neat case. In addition to the Greist Attachments the following supplies are included: 12 needles, 6 bobbins, thread cutter, screwdriver, gauge, oil can (filled) and illustrated instruction book.

Windsor B Vibrating Shuttle

YOUR machine is always useful if you select a cabinet. When not in use for sewing, it is convenient and attractive and with room inside to tuck away sewing materials. This Windsor Model is made of richly grained oak, door and side panels of quarter sawed; frame and table of solid stock; well finished in dark golden oak. The shaped door panel is decorated with embossed design. Base is flush with floor—leaving no crevice for dust to gather. Roomy wooden pocket on inside of the door provides space for accessories. Foot form treadle gives support for the feet while working and makes bottom of the case easy to reach for cleaning. Automatic lift quickly brings sewing head into place when machine is opened.

When sewing is finished the head is just as easily dropped into the case where it is protected from dust and dirt. All castings are securely anchored to the case and will not work loose. This model is as firm as any cast iron stand machine and works with as little vibration. The Windsor B sewing head, described fully on Page 535, is an excellent low priced machine. It has conveniences not found on most machines at this price. Carefully tested and adjusted before it leaves the factory, and is backed by our 20 year guarantee against defects just as our highest priced machines.

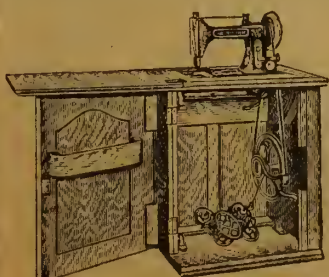

Each Machine Tested Before Shipped from Factory

In selecting your machine, keep in mind that all our models, no matter what the price, are carefully tested with both cotton and silk thread before they are allowed to leave the factory. With each machine we send a written guarantee against defects of workmanship or materials. If any develop within a period of 20 years, we will put it in order, free of charge, and pay freight charges both ways.

Brunswick Vibrating Shuttle

THE Brunswick Vibrating Shuttle is an exceedingly popular and satisfactory low priced machine. This particular case may be had in either a five or a seven-drawer style. Frame is made of quarter-sawn oak; table and panels of built up

stock, and balance of cabinet is solid oak. All nicely finished in dark golden oak. The front of cabinet is in serpentine effect. The Brunswick has many improvements not found on even higher priced machines.

Our 90-Day Trial Offer allows you to have this machine in your home for three months. You can try it with any sewing that you would do with a more expensive machine and see for yourself that the Brunswick is well worth the price asked. With this machine we include a complete set of Greist attachments, made of high grade steel, nickel plated and packed in a metal box.

\$33.95

Brunswick Vibrating Shuttle

THIS Brunswick Model is our lowest priced cabinet, yet it compares favorably with the most expensive, and will add to the comfort and convenience of the seamstress. Substantially built of solid oak with attractively ornamented

doors. Top rail and lid of built-up stock. Finished in dark golden oak. Automatic lift, footform treadle, ventilated, correct sewing height—all the details of the more expensive models make it pleasant to use.

The Brunswick Sewing Head described on Page 534 is an exceptionally good value in a low priced machine. It does not have all of the special features found in the Damascus and Windsor sewing heads, but it sews the popular lock stitch easily and perfectly. With ordinary care it will give you good service and long outlive our 20 year guarantee.

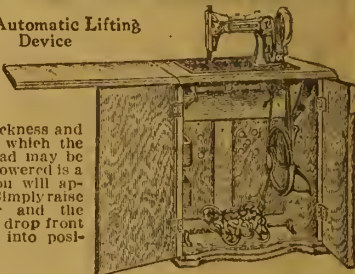

286 C 86—Cash Price.....\$33.95

This model is not sold on the easy payment plan. Send the full purchase price with your order. If after 90 days' trial, you are not pleased with the machine, you only need write us for instructions how to return it. The full purchase price and all freight charges will be refunded.

The Automatic Lifting Device

The quickness and ease with which the sewing head may be raised or lowered is a feature you will appreciate. Simply raise the cover and the head and drop front swing up into position.

A Free Book of Instructions is Included with Each Machine

A Free Book of Instructions is Included with Each Machine

Brunswick Vibrating Shuttle

A GOOD sewing machine for less than \$20. The Brunswick sewing head, although less expensive than our other models, is a good sewing machine and is backed by our 20 year guarantee. It will give many

years of easy, perfect sewing. The case is of solid oak, substantially built and well finished in bright golden oak. The stand is well proportioned, allowing the operator a comfortable position.

With this machine we include a complete set of tools, 12 needles, 6 extra bobbins and an illustrated instruction book. We also include a complete set of Greist attachments, made of high quality steel, nickel plated and packed in a neat box which will fit into the machine drawer. These attachments will save you money—you can make many trimmings that you otherwise would have to buy.

Shipped from Factory in Northern Illinois

We believe this to be the greatest value in a low-priced machine offered anywhere today.

Sewing Machine Supplies and Attachments

How to Order

Important! When ordering parts for any of our sewing machines, it is absolutely necessary for you to give us the name and number of your machine. By number we mean not only the number of the article in our catalogue, but also the machine number. This you will find underneath the front shuttle slide of all vibrating shuttle machines, and on the base of the sewing arm of rotary models. It is also on your guarantee.

Instruction Book

The Instruction Book which we include with all of our machines, contains complete lists of the various parts and their prices.

When ordering repair parts for machines other than ours, we require the name of the machine and sample of the broken parts.

Sewing Machine Needles

There is no such thing as a universal needle. If you do not use a needle made for your machine, the machine cannot do good sewing.

We carry Needles of all makes. When ordering needles be sure to send a sample, pinned to a piece of cardboard or cloth, to prevent loss in transit. Also be sure to give us the name and number of your machine.

Radio Book Free

You Can Easily Receive Radio Messages in Your Home, Without Previous Experience

Now you can sit back comfortably in your easy chair right in your own parlor and enjoy, without cost, the fine musical concerts and world's latest news, sent to you through the air. No longer need you spend dull evenings, nor is it necessary for you to leave the comfort of your own fireside to seek amusement when you have a Radio Receiving Outfit.

Think what this means to you, your family and your friends. It brings the best entertainment from nearby cities right into your own home for you to enjoy.

With our Radio Receiving Sets you can distinctly hear concerts, sermons, lectures, Board of Trade and stock reports, news items, weather forecasts and sporting news, which are sent from broadcasting stations situated in many sections of the country. One of these stations is in your vicinity, and it is simply a question of selecting the proper Radio Receiving Set to enable you to take advantage of these programs.

Remember—With one of our high grade Radio Receiving Sets, programs originating at broadcasting stations hundreds of miles away may be heard distinctly in your own parlor.

You need not be acquainted with Radio, for with our simple and complete instructions you can take any of the Receiving Outfits which we have assembled for you and easily install and operate it. Our complete instructions are written so that everyone can understand them. All you need to do is select the outfit that meets your requirements and the few connections that are necessary can be made without any difficulty. We tell you how.

Complete Assortment of Radio Parts

Those who are familiar with the construction of Radio Apparatus frequently buy the necessary parts to assemble their own Receiving Sets. Our complete assortment of high grade parts is also shown in our Radio Catalogue.

The Radio Sets We Sell Have Been Tested in Our Own Radio Station—We Know They Operate Successfully

Every type of Radio Apparatus listed in our Radio Catalogue has been tested in our own Radio Station. We have selected outfits and materials made by the leading manufacturers of Radio Supplies in this country. The splendid results our customers are enjoying and the great army of Radio friends we have made is a positive indication that our Radio equipment is worthy of the strong guarantee that backs every sale.

Radio Sets Are Not Expensive

At the prices quoted in our free Radio Catalogue you need no longer deprive yourself and your family of this wonderful entertainer, instructor and business help.

Write TODAY for your FREE copy of our Radio Catalogue. Simply send us a postal and we will mail it at once.

Lighting Fixture Catalogue

Correct Lighting Fixtures for Your Home

Improper lighting, besides being very injurious to the eyes, interferes greatly with the study of the children and work done by the entire family. The soft mellow light which floods the rooms lighted by electricity not only protects the eyesight but adds greatly to the beauty of the home.

Naturally you want to make your home as cozy and attractive as possible. So much depends upon correct and artistic lighting that we have gone a long way to make it easy for you to find exactly what Electric Lighting Fixtures

you will need this fall. Our new Lighting Fixture Catalogue shows the great variety of finishes we offer in ACTUAL COLORS, and it will be easy for you to select the finish that will blend best with the furnishings of your home.

In this big 64-page book practical suggestions for the arrangement of the Lighting Fixtures are both illustrated and described, showing how to light your home to the best advantage. The catalogue is yours for the asking. Simply drop us a postal requesting it.

Without Great Expense You Can Now Have Your Home Wired for Electricity—Let Our Experts Figure the Cost for You

We are prepared to furnish wiring estimates free and without obligation on your part. When you see how much money you can save at our prices, you can order all the necessary wiring materials from our Lighting Fixture Catalogue. The latest improved materials and methods are fully shown in this book. With every ship-

ment of wiring materials we include a free book giving full instructions for wiring your home, so that you can take care of the work yourself, if you like. Let this catalogue be your guide when you want Lighting Fixtures of dependable quality at a low price.

Magnavox—the Best Loud Speaker that has Yet Been Developed

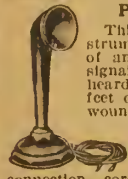

Stands on table where all may hear, without the use of headphones. For use in connection with Radio receiving sets. With a remarkable clearness it reproduces music, speeches, sermons, etc. The volume of sound can be so regulated that it can be toned down to meet the needs of the home but its carrying power can be increased so that large assemblies can hear the programs distinctly under ordinary conditions. Easy to operate. Connections are simple and there are no adjustments to make. Best results are obtainable with a set using one or two steps of amplification. No special circuits are required. Simply connect in place of head phones and attach six-volt current on horn circuit. Plate voltages on amplifier can be from 50 up to 300 volts, and 00 volts has been found to be a good working voltage. The higher the voltage, the louder the sound. Horn diameter, 14 inches. Black enamel finish. Shipping wt., 17 pounds.

563 C 690.....\$45.00

Loud Speaker Radio Horn
With this Horn you may make your own loud speaker by simply inserting one of the phones from your headset in the base. Carefully constructed of brass throughout. Black enameled finish. Any make of radio receiver may be used. Works best on two stages of amplification, although one stage often produces sounds of sufficient volume. Ship. weight, 4 lbs.

63 C 693.....\$4.69

Pleophone Loud Speaker
This complete loud speaking instrument, when used with two stages of amplification, will give sufficient signal intensity so that it may be heard distinctly for a distance of 15 feet or more. Consists of a special wound high resistance receiver mounted in the base, to which is connected a heavy amplifying horn. Finished in black enamel. Fitted with six feet of green silk connection cord. Base diameter, 5 inches. Height, 12 1/2 inches. Bowl diameter, 3 1/2 inches. Shipping weight, 4 pounds.

63 C 695.....\$13.75

Head Phone Set
High Grade Supersensitive Radio Receivers

A high grade set of Head Phones offered at a very reasonable price. Equal in sensitivity and results to many phones selling at much higher prices. Light in weight and of substantial, durable construction. Headband is covered with heavy webbing. Black polished, molded receiver cases. Six-foot connecting cord with enclosed terminals. Equally suitable for use on the highest grade sets or the inexpensive crystal sets. Ship. wt., 1 1/2 lbs.

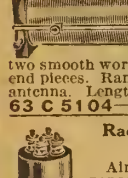

63 C 5160—2000 ohms total resistance.....\$4.80

63 C 5161—3000 ohms total resistance.....\$5.75

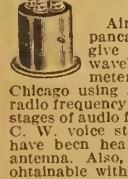

Arlington Type Receiving Transformer
An efficient, high grade long wave tuner. Will receive all government time stations such as Arlington and Key West. Works up to 4,000 meters. Very effective on short waves, 200 to 600 meters. Primary controlled by slider. Secondary inductance varied by a 10-point switch mounted on formica panel. Covered wire windings. Brass metal parts polished and lacquered. Mahogany finished woodwork. Base is 18 inches long, 6 inches wide. Ship. wt., 14 lbs.

563 C 601.....\$7.70

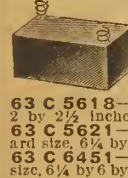

Two Slide Radio Tuning Coil
Machine spaced enameled copper wire winding. Nonshrinkable tube. Control is by means of two smooth working sliders. Mahogany finished end plates. Range up to 1,000 meters on average antenna. Length, 8 1/2 inches. Ship. wt., 4 lbs.

63 C 5104—Each.....\$3.10

Radio Frequency Amplifying Transformer
Air core type, with windings in pancake style. This Transformer will give very satisfactory results on a wavelength band from 180 to 500 meters. During tests conducted in Chicago using a hookup including one step of radio frequency amplification, a detector and two stages of audio frequency amplification, Amateur C. W. voice stations along the Atlantic coast have been heard on an ordinary one wire antenna. Also, very long ranges of reception are obtainable with indoor loop antennas. Windings enclosed in sealed case with connections and supports for mounting. Shipping weight, 1 pound.

63 C 6639.....\$4.40

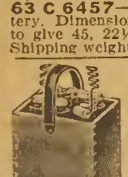

Vacuum Tube Plate Circuit Battery
Our "B" Batteries are made of the finest materials by one of the best battery makers. We guarantee them to equal in results any battery on the market. Fresh stock at all times.

63 C 6457—45-volt, double Navy size Battery. Dimensions, 6 1/4 by 4 by 3 inches. Tapped to give 45, 22 1/2, 21, 19 1/2, 18 and 16 1/2 volts. Shipping weight, 9 pounds.....\$3.60

Storage "A" Battery
A Battery specially designed for radio purposes; extra heavy plates. The case is made of a natural colored, varnish finished hard maple with dovetailed corners. Rubber covered wire terminal leads with brass wire connectors.

563 C 492—6-volt, 40-ampere size. Ship. wt., 30 lbs.....\$8.95

563 C 494—6-volt 75-ampere size. Shipping weight, 42 pounds.....\$13.25

Our Special Complete Radio Receiving Outfit

Simple to Operate—Best Results

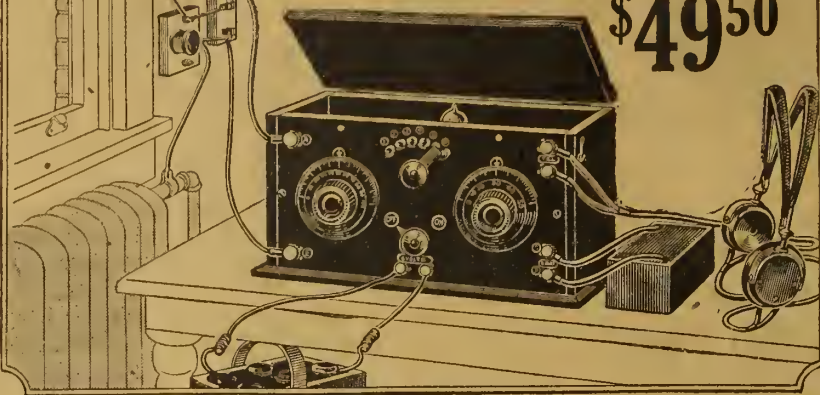

ceiving signals, radio music, lectures, stock reports, market reports, or any other radio program being sent out within your range. Wavelength range, 180 to 600 meters, which includes broadcasting stations, amateur and commercial ship and land stations.

The Complete Outfit Includes:

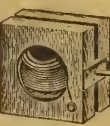

Tuska Combined Tuner and Detector which is so simple in operation, that a child can handle it.
Telephone Head Set—Our Special 2000-ohm Double Head Set—reproduces messages loud and clear.
Radio Storage Battery, 6-volt, 40-ampere hour capacity.
One Detector Tube.
One "B" Battery.
Antenna Equipment, including 150 feet bare copper wire, 25 feet insulated wire, porcelain base double throw switch, lightning protector, ground clamp, two screw eyes and 25 feet of wire for connecting instruments. Ship. wt., complete outfit, 40 lbs.

563 C 639—Complete Outfit.....

\$49.50

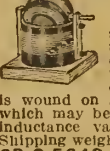

Variometers

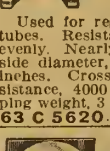

A high grade Variometer. May be used separately for grid and plate tuning in any audio or radio frequency tuner. Designed for very low dielectric losses and maximum range of inductiveness. Rotor element contacts are positive and permanent. Solidly built; 1/4-inch shaft. Shipping weight, 2 1/2 pounds.

63 C 5640.....\$4.45

Variocoupler
A high grade loose Coupler, designed especially for use in conjunction with the wood frame variometers, quoted above. The secondary is wound on a rotating element turned out of kiln-dried wood. The primary is wound on a bakelite tube and has seven taps which may be connected to switch points and the inductance varied by means of a switch lever.

Shipping weight, 2 1/2 pounds. 63 C 5642.....\$3.80

Graphite Potentiometer
Used for regulating filament current of detector tubes. Resistance may be varied accurately and evenly. Nearly pure graphite, molded solid. Outside diameter, 2 1/4 inches. Inside diameter, 2 1/8 inches. Cross section size, 3/8 by 3/4 inch. Resistance, 4000 ohms. Ends copper plated. Shipping weight, 3 ounces.

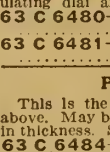

63 C 5620.....69¢

Variable Condenser Table Mounting Type
Both stationary and rotary plates stamped from sheet aluminum. Accurately machined spacers insure perfect centering of plates. Square formica sheet ends with engraved scale. Regulating dial and pointer. Ship. weight, 3 pounds.

63 C 6480—21-plate size. Capacity, .0005 mfd.....\$3.69

63 C 6481—43-plate size. Capacity, .001 mfd.....\$4.45

Panel Mounting Type
This is the same high grade Condenser shown above. May be mounted on any panel up to 3/4 inch in thickness. Shipping weight, 2 pounds.

63 C 6484—11-plate size.....\$2.65

63 C 6485—21-plate size. Capacity, .0005 mfd.....\$2.95

63 C 6486—43-plate size. Capacity, .001 mfd.....\$3.25

Audio Frequency Amplifying Transformer
Designed to meet the requirements of Radiotron UV-201 and Cunningham C-301 tubes. Winding ratio of 10 to 1. Specially constructed, produce maximum amplification without distortion or howling. Shipping weight, 1 pound.

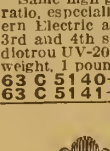

63 C 6426—Mounted.....\$4.05

63 C 6428—Unmounted.....\$3.15

Same high grade Transformer wound with 3 to 1 ratio, especially for use with A. P. Moorhead, Western Electric and similar tubes. Also desirable for 3rd and 4th stage of amplification when using Radiotron UV-201 or Cunningham 301 tubes. Shipping weight, 1 pound.

63 C 5140—Mounted.....\$3.85

63 C 5141—Unmounted.....\$3.65

Electrode Insulators
These Insulators have been used for radio purposes a number of years. They are molded of a shellac base composition which gives good service as an insulator. Have galvanized wrought iron eyes for attaching wires. Ship. wts., 3 lbs. 2 lbs. and 2 1/2 lbs.

Radio Plugs
Especially designed for use in connection with above jacks. Large spaces for attaching cord. No solder

Polar Cub Vibrator

A motor driven Vibrator which gives the correct scientific movement. Powerful enough for high-ly satisfactory results in home treatments. Finely finished. Light weight. Very durable. Complete with 3 applicators, six-foot attaching cord and instructions. For use on 105 to 120-volt alternating or direct current. Net weight, 1 1/2 pounds. Shipping weight, complete, 3 pounds.

63 C 1572—Complete.....\$4.55

Home Massage Vibrator

\$9.90

High grade motor operated instrument. Runs smoothly and quietly. Recommended for home and semi-professional use. Six-foot connecting cord, attaching plug, instruction book, and four different applicators included. For use on 110-volt alternating, or direct current. Shipping weight, complete, 5 pounds.

63 C 1576—Complete.....\$9.90

Fine Quality Vibrator

Gives a strong vigorous kneading vibration when desired or a milder motion for light applications. With it the benefits of massage may be obtained by any one right in the home and at a cost of but a few cents per treatment. Switch regulates speed. Six applicators and complete instructions included. Equipped with six-foot attaching cord and plug. Shipped in attractive case. Shipping weight, 5 pounds.

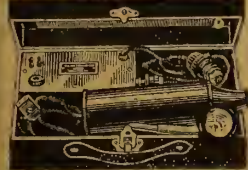

63 C 1578—For 105-120 volt current.....\$15.50

63 C 1579—For 30-32 volt current.....\$15.50

Two Cell Medical Battery

Complete with two dry batteries, one electric hair brush, one nickel plated foot plate, two 3-foot conducting cords, two sponge electrodes with two insulating wooden handles. Two metal hand electrodes, and book on home electro-medical treatment. Gives a varying intensity of current. Size of cabinet, 6 1/2 by 8 3/4 by 8 inches. Shipping weight, complete, 15 pounds.

463 C 475—Complete.....\$9.45

Home Violet Ray Machine

A most interesting and valuable development of science during the past few years has been the application of electricity and electrically produced light rays to the relief and cure of many minor ailments.

The Violet Ray Machine we offer here is very effective and may be used for medical, dental, toilet and beauty purposes. Consult your doctor about its various uses.

For home use only. Size, 10 by 5 1/2 by 3 inches. For 105 volt to 120 volt current. Shipping weight, complete, 4 pounds.

63 C 1553—Complete.....\$9.40

Electrically heated. You do not come in contact with current. Makes lasting waves or curls. Cord will not kink when in use. Comb is aluminum. All other metal parts attractively nickel plated. Handle is ebonized. Comb acts as tonic for hair and scalp—makes hair luxuriant and dries it quickly. Complete with 6-foot cord and plug to attach to any lighting socket. For use on 105 to 120 volt current. Shipping weight, 2 pounds.

63 C 1897.....\$5.70

Curls quickly without bother and may be used as a Waver Rod. Very handy when traveling. 6-foot cord and plug for attaching to any ordinary light socket; 3/8-inch rod. Metal parts nickel plated. Heating parts guaranteed. For 105 to 115-volt current. Ship. wt., 2 lbs.

63 C 1894.....\$3.95

Similar to 63 C 1894 but with smaller rod, and shield is not detachable; 3/8-inch rod. Metal parts nickel plated. Heating parts guaranteed. Six-foot cord and plug. For 105 to 115-volt current. Shipping weight, 2 pounds.

63 C 1895.....\$2.90

Electrical Goods

A Quality Electric Iron at a Low Price

The special low prices at which we are offering these Electric Irons are much below their present market value. You will recommend this iron to your friends after you have seen the splendid work it does. Fully guaranteed. We will replace promptly any iron which proves unsatisfactory. They are perfectly balanced—a feature which will appeal strongly to the housewife who does her own ironing, especially if the ironing is large. It does away with unnecessary tire-strain. Heavily nickel plated and highly polished. Excellent quality

Electric Percolator Set A Fine Quality Article at a Very Low Price

Set consists of 10-cup Electric Percolator; tray, 12 by 16 inches; sugar bowl and gold-lined creamer. Percolator made of copper, nickel plated and polished; fiber tipped feet. Heats quickly and retains heat. Artistically shaped mahogany handles on percolator and tray. Tray, sugar and creamer are nickel plated and polished. Inside of percolator and sugar bowl have double tinned finish. Will not tarnish. Operated right on table. Convenient and clean; 6-foot cord and plug included. Uses 400 watts current. For 105 to 110-volt current. Shipping weight, complete set, 12 1/2 pounds. Percolator only, 5 pounds.

Insulated Wire Connector

By the use of the Wire Connectors shown here it is possible to eliminate entirely the mess and labor of soldering joints, and to complete your wiring installation in considerably less time. A screwdriver is the only tool required. Makes an Underwriter's approved connection. For fixture outlets and motor leads. We believe them to be the best method of making splices or taps known today. And we recommend their use in all installations. They save time, trouble, money and material. Used for connecting sizes 12 and 14 single conductor wire only. Shipping weight, each, 2 ounces.

FREE ESTIMATING SERVICE

We offer our Estimating Service to help you select the necessary materials to wire your house or buildings for electricity. Send diagram of floors you want wired, indicating which way the joints run and where you want lights; whether building is already built or under process of construction. We will then send you correct list of materials required. If you want to do the work yourself, we will send you a book of instructions free with order. House may be wired properly by average man with the help we give. If you wish instruction book before placing your order, send for copy by article number below.

63 C 3000—Book on modern methods of wiring houses, with special reference to farm electric plant systems. Shipping weight, 5 ounces. Each, \$.25c

Wire Lamp Guards

Lamp Guard to cover 16 C. P. carbon or 15, 25 or 40-watt Tungsten lamps. Shipping weight, each, 2 ounces.

Open bottom guard permits changing lamp without removing guard. Ship-weight, each, 2 oz.

63 C 4721—Each, \$.17
Per dozen, \$ 1.89

Mill Type Tungsten Lamp

A new type of lamp recently put on the market, which has the filament so constructed that it will stand vibration better than the ordinary lamp. Especially suitable for use in factories, mills and other places where there is considerable vibration due to the operation of machinery or other causes. Can be supplied with clear bulbs only in 25 and 50-watt sizes, for use on 110-volt current. Shipping weight of five, 3 pounds.

63 C 4819—25-Watt. For 5, \$1.69
63 C 4820—50-Watt. For 5, 1.69

Lamps for 30-32 Volt Farm Plant Current

These lamps are for electric lighting plant current of 30-32 volts (15-16 cell storage battery plants). All fit regular Edison base sockets. Shipping weight, per package of five, 3 to 5 pounds, according to size.

With Clear Bulbs		
Article Number	Watts	Price For 5

30-32 Volt Nitrogen Lamps

Highly efficient nitrogen gas-filled lamps with clear glass bulbs. Produce a brilliant white light. Shipping weights, 1 to 3 pounds.

Article Number	Watts	Each
63 C 4900	25	54c
63 C 4902	50	54c
63 C 4903	75	64c
63 C 4905	100	92c

Extension Cord

Made of No. 18 Twisted Pair Cotton Lamp Cord. Has regular Edison base, key socket wired on one end and separable black composition attachment plug on the other. Shipping weight, about 10 ounces.

63 C 4636—6-Foot Extension Cord complete with socket and attaching plug, \$.65c
63 C 4638—10-Foot Extension Cord complete with socket and attaching plug, \$.73c

Adjustable Reading Lamp

Adjustable Reading or sewing lamp. Stand on floor. Handy and attractive. May be moved anywhere and set along side of chair or bed. Heavy cast base. Adjustable arm and shade. Arm is flexible. Requires no screwing to change position. Puts the light where you want it. Key socket. Finished in teakwood bronze (a smooth dark green). Nine-foot cord. No bulbs included. Shipping weight, 30 pounds.

63 C 8613, \$4.95

Electric Boudoir Lamp

A very attractive Boudoir Lamp at a very low price. Seat and simple in design. Metal parts in old ivory finish, a pleasing contrast with the rose colored, silk-lin shade.

A pair of these lamps makes an acceptable gift for any occasion. A lamp of this type greatly improves the appearance of the boudoir. This is a durable lamp, nothing to break. Height, 12 inches. Wired with push button socket and six feet of cord. No bulbs included. Shipping weight, 4 pounds.

63 C 8896, \$2.95

Electric Boudoir Lamp

The sheer, figured silk shade blends harmoniously with the dark mahogany finish of scrolled and carefully finished base. A lining of rose silk adds a warmth to the soft light of the lamp. Height of lamp, 12 inches. Wired with key socket, six-foot silk cord and attaching plug. No bulbs included. Shipping weight, 2 pounds.

63 C 8630, \$3.25

Electric Boudoir Lamp

An exceptionally beautiful Boudoir Lamp in a genuine old ivory finish. Removable frame covered with silk fitted inside the metal shade. The silk may be changed easily if desired. Soft blue silk shade with old rose lining, especially effective when lighted. The shade is 6 1/2 inches in diameter. The lamp stands 13 inches high. Complete with six-foot silk cord, push key socket and attaching plug. No bulbs included. Shipping weight, 4 pounds.

63 C 8697, \$4.75

Electric Table Lamp

A simple and beautiful portable Table Lamp. Shade of six amber-ivory bled art glass panels overlaid with metal scroll in leaf design. Neat cast metal base in bronze and gold finish. Diameter of shade, 14 inches. Height of lamp, 21 inches. One pull chain socket, six-foot silk cord and attaching plug. No bulbs included. Shipping weight, 40 pounds.

63 C 8698, \$7.95

Electric Table Lamp

An especially attractive two-light Portable Lamp, Flemish antique finish. Twelve-panel, six-sided shade with amber, ivory and green art glass, overlaid with metal. The metal overlay is embossed in a graceful and interesting scroll design. Shade, 16 inches in diameter. Lamp, 23 inches high. Two pull chain sockets, six feet of silk cord and attaching plug. No bulbs included. Shipping weight, 45 pounds.

63 C 8699, \$10.75

Royal Bronze Table Lamp

Metal Table Lamp of exceptionally pleasing design. Eight-panel blended amber-ivory art glass shade, overlaid with metal in leaf and flower design. Grecian vase-shaped base. Metal parts finished in Royal bronze—a mottled brown—with touches of green on the leaves. This is a well proportioned lamp, of excellent quality. The price at which we offer it is exceptionally low. Height of lamp, 23 inches. Diameter of shade, 17 1/2 inches. Two pull chain sockets, six feet of silk cord and attaching plug. No bulbs included. Shipping weight, 45 pounds.

63 C 8652, \$13.80

Tungsten Flashlights

\$1.69

Shock Absorber Protects Bulb

Positive Contact Switch

A New and Very Powerful Searchlight

Extra large, highly polished metal reflector, 3 3/8 inches in diameter. Fitted with powerful beveled lens. Brilliant rays of light thrown a great distance will penetrate fog or smoke. Especially useful to fishermen, policemen, automobilists, motor boat owners, trappers and others who require a portable light of great power.

New style octagonal headlight will stay where you lay it. Switch for flash or continuous light. Safety cutoff—give rear cap a half turn and switch does not work. Shock absorber protects bulb from ordinary jolts. Two styles—black fiber case with nickel trim or polished nickel plated brass. Complete with battery and lamp.

Fiber Case		Nickel Plated Case		No. of Cells	Size Inches	Ship. Weight

63 C 2020	1.38	63 C 2057	1.78	1 1/2 by 9	3	27 oz.

Belt Clip Flashlight

Equipped with adjustable swivel clip for fastening to pocket, belt or buttonhole. Adjusts to direct light anywhere, regardless of user's position. Leaves both hands free. Particularly adapted for emergency night repairs on machines or doing chores after dark. Hard black composition fiber case equipped with mirrored reflector of high power, 2 1/2

inches in diameter. Bullseye lens and switch for flash or steady light. Length, 6 3/4 inches. Diameter, 1 1/2 inches. Takes 63 C 2204 battery, 63 C 2300 bulb. Shipping weight, 22 ounces. Complete with two-cell battery and Mazda tungsten bulb.

63 C 2030\$1.59

Focusing Flashlight

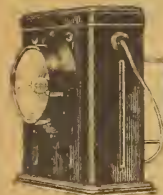

May be focused so as to concentrate its rays exactly where wanted. Will throw a bright, clear beam of light 300 feet. This is by far the most powerful and most efficient flashlight on the market today. Every one of these lights is equipped with an extra bulb which is carried inside the back end cap, as shown in the small illustration at the left. This feature will be especially appreciated by campers or others who

have burned out flashlight bulbs and been unable to replace them immediately. Switch for flash or continuous light. Strong mirrored reflector with heavy glass lens which is not easily broken. Two styles of cases: Brass, polished nickel plated, or plain black fiber with nickel trimmings. 63 C 2038—Fiber case. Shipping weight, 27 ounces. \$2.55

63 C 2039—Nickel case. Shipping weight, 27 ounces. \$2.90

Double-Cell Hand Lantern

Designed and built for hard usage on farms, boats, in oil houses, garages, powder mills, on vehicles of all kinds and as a guide light at camp. Wind, rain, sleet and snow will not harm it. Case is of heavy drawn Japanese steel. Size, 7 1/2 by 5 1/2 by 2 3/4 inches. Flanged base prevents upsetting. Triple silver plated reflector, 3 1/4 inches in diameter. Switch to turn light on and off. No parts to rust.

63 C 2026—With 3-volt bulb for use with two regular No. 6 dry cells. Shipping weight, 1 1/2 pounds. Without batteries. Each. \$1.80

63 C 2028—With 6-volt bulb and with two long-life 3-volt batteries. Gives a very brilliant light and has wonderful lasting power. Shipping weight, 8 pounds. Each. \$3.15

Our Flashlights are priced to save you money

Electric Spotlight Lantern

Throws brilliant shaft of light. Just the thing for farmers, automobilists, watchmen and campers. Metal case. Easy grip handle and bail. Finished in black enamel. Will not rust. Size, about 3 by 7 1/2 inches.

63 C 2034—Lantern fitted with 1 1/2-volt bulb for use with any standard No. 6 battery. Shipping weight, 12 ounces without battery. \$1.15

63 C 2036—Lantern fitted with 3-volt bulb and 3-volt battery. Shipping weight, 5 pounds, including battery. \$1.82

3-Volt Lighting Battery

For lighting devices having small lamp lighted by battery current. Same size as regular battery, 2 1/2 by 6 inches. Will replace two regular dry cells on any lighting system. Not for ignition work.

63 C 2529—Each. \$68
See Page 545 for Regular No. 6 Dry Cell Battery

Save Money on Electric Light "Bulbs"

Our Lamp Prices Are Much Lower Than Usually Asked

These Automobile Lamps are the very best quality. In addition to being used for automobile lighting, they may be used in connection with storage battery lighting for many other purposes, such as motorboat and tractor lighting. Shipping weight, 1 pound per package of five.

Nitrogen Type C Lamps For Headlights and Spotlights

These bulbs give a brighter, whiter light on less current than the vacuum type.

Lamps for Ford Magneto Lighting

Nine volt, 2 ampere, 18 candle-power, double contact base Tungsten Headlight Lamp for Fords. Used on magneto lighting systems. Shipping weight, 5 lamps, 1 pound. 63 C 2824—Per package of five lamps. \$95c

For complete line of Automobile Lamps, see Pages 576 and 583.

Special Double Filament Lamp for Ford Headlights

High grade, double filament Type C ultraclean filled Lamp. Same type now furnished as standard equipment on Ford cars. Latest development in Ford headlight bulbs. Four candlepower filament furnishes correct light for city driving; twenty-one candlepower filament provides powerful light for country roads. Double contact base. Six to eight volts. Shipping weight, 5 lamps, 1 pound. 63 C 2850—Five Lamps. \$1.80

Dash Ammeter

A high grade Ammeter. Used as standard equipment on many makes of cars. Equal in quality to any meter on the market. Black enamel face. Polished nickel flange, 2 3/8 inches diameter, for flush mounting. Diameter of body, 2 inches. Indicates charge and discharge up to 30 amperes. Shipping weight, 8 ounces. 63 C 2565—Each. \$1.12

Roller Smith Universal Ammeters

Standard size, small, direct current Ammeter. Can be used on all makes of automobiles, regardless of type and voltage of system. Guaranteed against burnouts. Used as standard equipment on many popular cars. Flush mounting flange; diameter 2 3/8 inches. Diameter of body, 2 inches. Indicates charge and discharge up to 30 amperes. Shipping weight, 8 ounces. 63 C 2557—Black enamel flange. Each \$2.75

63 C 2558—With Polished nickel flange. Each. 2.75

Special Ammeter for Ford Cars

Direct current Ammeter, made especially for use on Ford cars. Same type as meter now being supplied as standard equipment. Flush mounting flange; diameter, 3 inches. Registers charge and discharge up to 20 amperes. Diameter of body, 2 1/4 inches. Face and dial, black enamel finish. Shipping weight, 1 pound. 63 C 2567—Each. \$1.20

Switchboard Meters

For Direct Current Only
Switchboard Meters for use on small switchboards, or farm lighting plants. Are durable and accurate. Large, easily read figures. Nickel plated cases. Diameter, 2 1/2 inches. Brass posts 3/4 inch long project from back so that meter may be fastened on a slate board. Shipping weight, 5 ounces. 63 C 2554—Ammeter scaled 0 in center. Shows charge or discharge up to 20 amperes. Each. \$1.65

63 C 2556—Voltmeter scaled 0 to 12 volts. Each. \$1.65

Make and Break Coils

Make and Break Coils—Steel case coil for use on engine with make and break ignition. Not affected by water or weather. Low current consumption. Size, 2 1/2 by 2 1/4 by 6 1/2 inches. Shipping weight, 2 1/2 pounds. 63 C 2635—Without switch. Each. \$79c

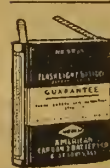

63 C 2637—With switch, as illustrated. Each. \$85c

63 C 2636—Coil without switch, to operate direct from 32-volt farm lighting plant current. Each. \$1.10

Jump Spark Coils

Economical in battery consumption and positive in action. Genuine Tungsten rivets used for contact points. Nicely finished on case, small enough to fit any ordinary battery box. Operates on 4 or 5 cells, connected in series or on 6 volt storage battery. Shipping weights, 3 1/2 and 6 1/2 pounds. 63 C 2625—Single cylinder coil. \$2.69

63 C 2627—Double cylinder coil. \$3.38

\$1.95 Electric Caplight

Meets the requirements of miners, engineers, inspectors, hunters and others who need a strong, concentrated light. Does not blow out, cause fires or explosions. Fastens firmly to the cap or clothing by means of two-prong attachment bracket, leaving both hands free. Powerful nickel plated reflector and 1 1/4-inch bullseye lens. Includes long-life coat pocket battery and 3-foot connecting cord. Uses bulb, 63 C 2311. Shipping weight, 3 pounds. 63 C 2081—Each. \$1.95

63 C 2240—Extra battery. \$45

Eveready Ignition Magneto

After engine is started, magneto will supply ample current to ignite any engine, even the largest. Must be run at speed of about 2500 revolutions per minute. Automatic governor prevents magneto from running faster than necessary. Shipping weight 12 pounds.

Eveready Make and Break Magneto

63 C 375—With 2 1/2-inch friction drive pulley without spark coil. Each. \$9.25

63 C 377—2 1/2-inch friction drive pulley, make and break coil mounted in arch. \$9.95

63 C 380—With 2 1/2-inch belt drive pulley for 3/4 inch round belt, without spark coil. \$9.95

63 C 382—2 1/2-inch belt drive pulley, make and break coil mounted in arch. \$10.65

Eveready Jump Spark Magneto

63 C 385—With 2 1/2-inch friction drive pulley without spark coil. Each. \$9.65

63 C 387—With 2 1/2-inch belt drive pulley for 3/4 inch round belt. No spark coil. \$10.35

Switches. For use on low voltage circuits. Unbreakable metal base. Brass contacts and switch blade

Insulated handle. Shipping weight, 2 ounces.

63 C 2680—Single throw. \$20c

63 C 2682—Double throw. \$27c

American Ignitor Dry Cell

Designed especially for hand work on gas engines, automobiles, motorboats, etc. Size, 2 1/2 by 6 inches. Average initial amperage, 25 to 30. Shipping weight, each, 2 pounds.

63 C 2501—Each... \$.37
63 C 2502—Per dozen... 4.20

American Regulator Battery
For telephones, door bells, and all light service. Size, 2 1/2 by 6 inches. Average initial amperage, 18 to 22 amperes. Shipping weight, each, 2 pounds.

63 C 2504—Each... \$.36
63 C 2505—Per dozen... 4.08

Battery Meters

Indicate condition of dry cells or storage battery. Metal dial, brass case, nickel plated and polished. Diameter, 2 inches. Detachable flexible cord, to connect to battery. Shipping weight, each, 2 ounces.

63 C 2541—Ammeter for testing dry cell batteries. Reads 0 to 35 amperes... 69¢

63 C 2542—Voltmeter for testing storage batteries. Reads 0 to 10 volts... 78¢

63 C 2543—Combination voltmeter and ammeter for testing both dry cell batteries and storage batteries. Reads 0 to 35 amperes, 0-11 volts. Each... 93¢

Unit Battery

Provides ignition current for stationary gas engines and tractors, current for bells and buzzers, lighting for closets and camps. Made of four regular 2 1/2 by 6 inch ignitor cells connected in series and enclosed in hermetically sealed fibroide case. Will outlast two sets of ordinary dry cells. Test 6 volts, 22 to 30 amperes. Size, 10 1/2 by 2 1/2 by 7 inches. Shipping weight, 10 pounds.

63 C 418—Per set... \$1.95

Multiple Battery

Same as Unit Battery but enclosed in enameled metal case. Especially adapted for motorboat ignition or where exposed to moisture, weather, heat or rough handling.

63 C 414—Set of 5 cells in series. Test 7 1/2 volts, 22 to 30 amperes. Container size, 13 by 7 1/2 by 7 inches. Shipping weight, 12 pounds... \$3.45

63 C 412—Set of 8 cells, 4 in series, two multiples. Tests 6 volts, 45 to 60 amperes. Container size, 10 1/2 by 5 1/2 by 7 inches. Shipping weight, 20 pounds. Per set... \$4.95

Professional Telegraph Set

Regulation instrument used by professional operators. Souder and key mounted on polished oak base. A frame of sounder polished brass with aluminum lever and hard rubber-covered magnets. Key, polished brass frame with steel lever, hard rubber knob and circuit breaker. Shipping weight, 3 pounds.

63 C 1730—4-ohm combination set... \$3.78
63 C 1732—20-ohm combination set... 3.98

Amateur Telegraph Set

Full size key and sounder, mounted on a polished oak base. A good instrument for beginners. Prices include up-to-date Operator's Manual containing Morse code; Instructions for telegraphing, and other information. Shipping weight, 2 1/2 pounds.

63 C 1715—With 4-ohm sounder... \$2.65
63 C 1719—With 20-ohm sounder... 2.98

Pony Relay

A relay working in conjunction with each instrument will improve the efficiency of any telegraph system, when several instruments are connected on the same line. Also used on burglar alarm systems. Finely finished. Made of high grade materials. Resistance, 20-ohms. Shipping weight, 2 1/4 pounds.

63 C 1745... \$3.35

Sounders

Same as used on our professional combination set. Shipping weight, 2 1/2 ounces.

63 C 1735—4-ohm sounder... \$2.30
63 C 1737—20-ohm sounder... 2.50

Lever Keys

Steel Lever Keys. Same quality as used on our professional combination sets. Shipping weight, 14 ounces.

63 C 1739... \$1.85
63 C 1741—Lest key to screw to top of table or desk... 1.95

Special Type Transformer

Operates only when connected to alternating current line of 100 to 130 volts, 60 to 133 cycles. Special Transformer 60-watt capacity. Produces from 2 1/2 to 27 1/2 volts in 2 1/2-volt steps. An efficient, small, neat and compact device that will operate trains and motors, bells, buzzers and low voltage lamps. Equal in quality and efficiency to any transformer made. Fitted with 7-foot cord and attaching plug. Shipping weight, 4 1/2 pounds.

63 C 1695... \$2.58

Private Line Telephone

These Telephones will withstand much usage and maintain steady, dependable service for many years. They are ideal for connecting various rooms in the home, from house to barn, or several buildings on the farm or nearby farms. A press of the button calls the party wanted. Complete instructions included, so system is easily installed.

Set consists of two complete telephones for points within 500 feet. Made entirely of metal, black enameled. Operate on 4 ordinary dry cell batteries. Makes an ideal home telephone. Carries the voice clearly and costs very little to operate. No batteries or wire included. Only two of these telephones used on a line. Shipping weight, per pair, 6 pounds.

63 C 1165—Per pair (2 telephones)... \$5.75

Insulated Bell Wire

63 C 5960—Single conductor. Size 18. About 150 feet to the pound. Per pound... 45¢

63 C 5962—Double conductor. Size 18. Two insulated wires, twisted. About 65 feet to the pound. Per pound... 48¢

Electric Bells

Nickel plated clear ringing gong. Operates on single ordinary dry cell or from bell ringing transformer. Very sensitive. Built to last for years. Coils carefully protected. Japanned iron box. Shipping weight, 9 ounces.

63 C 5945—2 1/2-inch gong... 50¢
63 C 5947—3-inch gong... 54¢

Electric Bell Transformer

Attach Transformer to regular lighting wires. Makes current suitable for door bells, buzzers, annunciators or door openers. Registers on meter only when current is used. Produces three voltages, 6, 8, and 14. Operates on alternating current of 100 to 120 volts, 60 cycles. Lasts a lifetime. Working capacity, 24 watts. Shipping weight, 2 pounds.

63 C 5921—Transformer only, without bell... \$1.05

Electric Signal Buzzer

Makes a low buzzing sound where loud ringing of a bell is not desirable. Working parts carefully protected against injury. Operates on any ordinary dry cell. Shipping weight, 6 ounces.

63 C 5952... 48¢

Push Button

Nicely finished wood push button composition set. Positive spring contact. Ship. wt., each, 1 ounce.

63 C 5936—Per dozen... 70¢

Insulated Staples

For fastening wires to wall. Insulated saddle eliminates danger of short circuiting. Height, 3/8-inch. Shipping weight, per hundred, 3 ounces.

63 C 5932—Per 100... 20¢

Magnet Wire

One piece only on a spool. Wire is standard B and S gauge.

63 C 2689—Double pole, double throw switch. Base size, 2 1/2 by 4 inches. Shipping wt., 1 pound. Each... 48¢

Standard Type Transformer

Operates only on alternating current of 100 to 125 volts, 60 to 133 cycles. 100-watt Transformer produces 1 1/2 to 24 volts, 150 watt, 1 1/2 to 30 volts in steps of 1 1/2 volts each, and in addition can produce constant voltages, so that a number of different voltages can be drawn at the same time. Fitted with 7-foot cord and attaching plug.

63 C 1697—Capacity, 100 watts. Shipping weight, 10 pounds... \$4.70
63 C 1699—Capacity, 150 watts. Shipping weight, 13 pounds... \$5.95

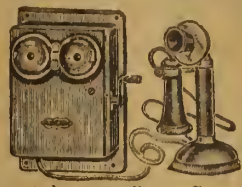

Bridging Type Standard Telephones

Bridging Telephones are recommended for any kind of telephone service (private exchange or party line) and are specially designed for use on either long distance or short party lines. Outside of cities and large towns telephone service is usually secured by bridging telephone party lines.

Important Points to Remember

If a line is already in operation in your neighborhood, and you wish to connect with it, no matter if the instruments already in use are not of our make, you may use our telephones.

When constructing a bridging party line or when installing an instrument on a line already in operation: All of the telephones on any one line must have Ringer Movements wound to the same resistance. Our Bridging Telephones are made with ringer movements of either 1000, 1600, 2000 or 2500 ohms resistance. Therefore before ordering your telephone, find out the resistance of those already installed on the line and order your telephone with ringer movement of the same resistance.

Modern Desk Telephone

For use on any rural bridging or private line. May be placed in any convenient position. Used while seated or standing. Generator and ringer mounted in fine oak cabinet. Improved transmitter stand, black enamel finished.

This is the newest type of telephone. You can sit at your table and telephone in comfort. It is especially suitable for use on the desk as it permits greatest ease in writing while speaking. Handsome in appearance and very compact. Stands and tools for use with this type of telephone are shown in our furniture section. See Index. Shipping weights, 32 to 36 pounds.

Convenient Wall Telephone

For use on any bridging or private line of any length. Oak cabinet, finely varnished and polished. Easily installed, with the complete directions included free. Equipped with solid back transmitter, bi-polar receiver, lightning arrester, adjustable ringer movement with 2 1/2-inch gong, powerful generator with laminated magnets, each bar consisting of three distinct magnets tempered and magnetized separately. Every 5-bar generator has 15 magnets and every 6-bar generator has 18 magnets. Length 20 inches, width 9 inches. Shipping weights, 32 to 38 pounds.

Prices include two dry batteries

Shipped Promptly from Factory in Northern Indiana

Details of Construction

The Generator is constructed on strictly scientific lines and retains its power permanently without deterioration. Each bar of the generator is made up of three distinct magnets so that every 5-bar generator has 15 magnets and every 6-bar generator, 18 magnets. This method is superior to the solid bar constructions, as the generator is enabled to supply more power and retain its efficiency longer. The entire generator is self-contained and mounted in the box in such a manner that it may be removed instantly.

The 5-bar generator is standard with power more than enough for any line of standard construction. For all ordinary lines it will give perfect satisfaction. The 6-bar generator is especially recommended for long, heavily-loaded lines, and will ring strongly where many other generators could not penetrate.

The Ringer Movement in our Telephone will ring loudly and clearly. Its construction is so planned and the parts so balanced that continued use will not decrease its efficiency.

The Transmitter is of the long distance, solid back type and gives the best of service. It transmits low articulate sounds distinctly over the longest lines. This transmitter, if not tampered with, lasts indefinitely and requires little attention or repairs.

The Receiver is bi-polar and equipped with laminated magnets. This construction insures an absolutely permanent receiver, which may be relied upon at all times. The shell is extra heavy, the binding posts are concealed inside the case, the cord is heavy and will wear well.

The Lightning Arrester. When properly connected it positively protects the telephone against lightning. It is enclosed in a metal casing. We agree to replace any parts of the telephone damaged by lightning provided telephone has been properly installed.

Repairs

We furnish Repairs for any of our telephones at any time. If you have one of our telephones which needs repairs and you do not find the parts you need on this page write for our telephone repair parts list.

Our Telephones Are Guaranteed

We guarantee that every telephone will be exactly as described and give perfect satisfaction, or you may return it and receive back all money you have paid, including transportation charges. If any part proves defective, we will replace or repair it without charge. This guarantee applies to the complete instrument and all its parts.

Telephone Extension Bells

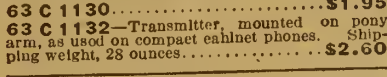

May be connected with any telephone at any point away from phone, in another part of house or in some nearby building. When in use, bell rings, Extension Bell rings also. Does not interfere with telephone in any way. Extension bell must have exactly the same OHM resistance as ringer movement on telephones with which it is connected. Shipping weight, 4 pounds.

Single Pole Lightning Arrester

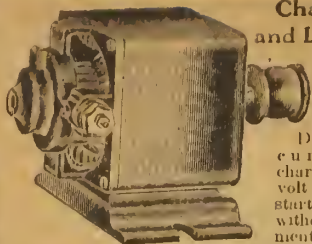

63 C 1255—Single Pole Lightning Arrester or line protector for grounded or single wire lines. Western Union pattern. Length, 4 1/2 inches. Shipping weight without fuse, 4 ounces... 29¢

63 C 1257—Double Pole Lightning Arrester for metallic circuit (two wires) lines. Length, 4 1/2 inches. Shipping weight, without fuse, 8 ounces. Each... 40¢

Fuses. Flat Mica enclosed. For standard fuse blocks. Shipping wt., per doz., 8 ounces.

63 C 1260—Per dozen... 36¢

Charging and Lighting Generator

Delivers current to charge any six-volt lighting or starting battery without adjustment. Also

may be attached direct to lighting line of motorboat and tractor lighting systems, or for any other purpose where direct current of about 8 volts, 8 to 10 amperes is required. Has base for convenient attaching to flat surface. Shipping weight, 10 pounds; 6 inches high, 7 1/2 inches wide, 8 1/2 inches long. Fitted with pulley, 2 1/2 inches diameter. Delivers about 8 volts, 8 amperes against battery resistance when run at a speed of 2250 revolutions per minute. Amperage increases with speed.

463 C 292—With pulley for 3/8-inch round belt.....\$11.95

463 C 296—With pulley for 1-inch flat belt.....\$11.95

463 C 290—With pulley for 3/8-inch round belt and with low voltage cutout to disconnect charging circuit when voltage drops below 7 volts.....\$14.95

463 C 294—Fitted with pulley for 1-inch flat belt and low voltage cutout.....\$14.95

Storage Battery Charging Panel For Use With 30-32 Volt Farm Electric Plant Current

Charges one to five 6-volt batteries, or either equivalent in combination of 6 and 12 volts, from 32-volt farm electric plant current. Simple to operate. Complete instructions included. Just attach to line and hook on the batteries. Rheostat controls current. Ammeter indicates charging rate. Fuse protects farm plant side. Cost of charging batteries is but a few cents.

463 C 520—Complete.....\$18.50

Electric Meters

Electric Meters; 3/4-inch face. Black enameled. Two 1 1/4-inch posts with nuts and washers project from back for mounting. Direct current meters—D'Arsonval design. Alternating current meter well damped. All are very accurate. Shipping weight, 2 pounds.

Charging Clips

Made of special steel heavily lead coated. Provide perfect connection to battery terminals at all times. Will not develop resistance to current even after long usage. Length, 3 3/4 inches. Shipping weight, 2 pounds per dozen.

63 C 6197—Per dozen.....\$1.75

Charge Your Own Storage Batteries

Use This Improved Battery Charging Rectifier

For charging exhausted batteries or boosting low batteries. The largest starting and lighting battery can be charged for a few cents, usually less than 10 cents even on high rates. Just screw plug into the light socket, attach leads to battery and turn on current. Battery may be left right in the car if desired. Large connecting clips make it easy to hook on to any battery.

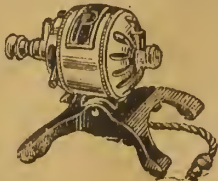

Note: These rectifiers are for use only on 105 to 115 voltage 60-cycle alternating current, which is the usual city lighting current. Will not work on direct current nor 25-cycle currents.

Prices include 10-foot connecting cord with socket plug, ammeter, battery leads and two clips. Length, 7 inches, width, 5 inches, height, 7 inches. Shipping weight, 10 pounds.

63 C 6193—Charges 6-volt battery at 7 amperes rate. Each.....\$13.95

63 C 6191—Charges 12-volt battery at average rate of 5 amperes. Shipping weight, 10 pounds. Each.....\$13.95

Hamilton Beach Home Motors

Simple Fan Attachment

Fan Attachment, converts motor in a moment into a highly efficient 8-inch electric fan. Shipping weight, 2 pounds.

63 C 6059.....\$2.40

Emery Wheel and Buffer

Combination Emery Wheel and Buffer for polishing and grinding. Attaches to motor easily. Shipping weight, 2 pounds.

63 C 6061.....\$1.35

Egg Beater and Salad Mixer

Attaches to home motor. Beats eggs, whips cream, and mixes salads. Shipping weight, 2 pounds.

63 C 6062.....\$4.80

Adapted to any kind of machine except parlor cabinet models. Easily attached without the use of bolts, screws or clamps. Simply place the drive pulley of the motor under the hand wheel of the sewing machine, put foot on lever, and the machine will run until lever is released. Runs fast or slow, as desired.

Shipped complete with foot control, cord and attaching plug. Shipping weight, 8 pounds.

Powerlite Brings Electric Light and Power to Your Farm

You can now afford to have electric lights and power on your farm. In fact, you no longer can afford to be without them. Our Powerlite Farm Electrical Equipment is now priced so low that it is false economy to deny yourself and your family the many comforts of electricity. Our prices have placed city conveniences within easy reach.

While the Powerlite units listed below are exceptionally low in price, they are of decidedly superior quality. They are the highest type of electrical equipment for use on the farm, and are so simple that anyone can operate them. There is nothing about them to require expert attention.

With the Powerlite units shown below we include plans and instructions for setting up

and operating lighting plant. The instructions are written in simple, non-technical language that anyone can understand. The only piece of machinery necessary in addition to the Powerlite generator, batteries and switchboard listed below is a 3 horsepower engine. If you do not already have an engine of this capacity on your place, see page 642 of this catalogue.

Powerlite Generator

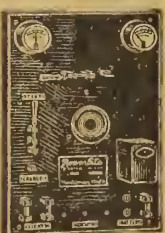

A large sturdy machine with a capacity of 40 volts, 25 amperes, 1000 watts when operated at a speed of 1800 revolutions per minute. It is of the four-pole type insuring high efficiency, continuous service and an even flow of current. The rating given is the continuous load capacity and the generator can deliver 25 per cent more current than its rated capacity, without excessive heating. The Powerlite Generator has large ringed oil bearings, cast from heavy high grade, special composition metal. Equipped with a sliding base so that the belt slack can be taken up without moving the floor fastening. In order that we may determine what size pulley you should have, we must know the speed of your engine. Also the diameters of the fly wheel and driving pulley. Give us this information when sending your order and we will supply the pulley on the generator of the proper diameter without extra charge.

Regular pulley equipment: Diameter, 4 inches, face, 4 inches. Shipping weight, of generator complete, 150 pounds.

163 C 189—Generator only as described above. Each.....\$49.50

63 C 1200—Field Rheostat for use with above generator. Shipping weight, 3 pounds.....\$6.95

Powerlite Switchboards

Powerlite Switchboards are made of oil finished black marine slate of the best quality and highest insulating properties. Size, 24 by 16 inches. Carries a complete set of high grade instruments with which to control the lighting plant. The voltmeter indicates current pressure. The amperage meter indicates amount of current flowing in or out of the battery. The rheostat raises or lowers voltage. An automatic circuit breaker protects plant and wiring against short circuit. It is the heart of the plant and is positively dependable at all times. Charging and starting switch enables you to crank gasoline engine by electricity. Light fuses protect battery. Battery fuse is placed between batteries and generator.

Price of Switchboard Separately

163 C 193—Switchboard for floor mounting, according to our instructions, and if they are recharged not often than twice a week. If for any reason the battery proves defective or does not give good service within the 5 year period we will make an adjustment allowance toward the purchase of a new battery on the basis of time in service.

63 C 1202—Endless Leather Belt, 2 inches wide 14 feet long for connecting lighting plant generator to gas engine. Ship. wt., 3 lbs. \$3.75

Powerlite Storage Batteries

They will replace the original storage batteries of any make or type 32-volt farm electric (lighting) plant, no matter what make of batteries was originally with the plant. Price includes 16 complete cells of batteries, together with the necessary connecting bolts and straps. All sets carefully crated and packed. We guarantee safe delivery. Shipping weights, 520 and 930 pounds.

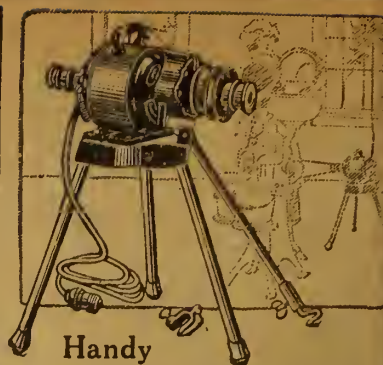

Article Number	Battery Size	Price Complete Set
163 C 141	8-br. Discharge Rating Amp. Hr.	120
163 C 144	16-br. Discharge Rating Amp. Hr.	240

163 C 141 has 7 plates, 5 3/4 by 7; 163 C 144 has 11 plates, 5 3/4 by 8 3/4.

Battery 163 C 141 has a capacity of 2560 watts and will light 16 20-watt lamps for 8 hours. Battery 163 C 144 has a capacity of 5120 watts or just twice as much as 163 C 141 Battery.

Our Battery Guarantee

We guarantee these Batteries to give lighting service for 5 years when installed and operated according to our instructions, and if they are recharged not often than twice a week. If for any reason the battery proves defective or does not give good service within the 5 year period we will make an adjustment allowance toward the purchase of a new battery on the basis of time in service.

Handy Home Utility Motor Outfit

This Motor will be found very useful around the house, workshop or barn. Can be attached to a washing machine, churn, cream separator, ice cream freezer, grindstone, pump, fan mill or any other machine requiring not over 1/4 H.P. By means of the handle on top, it may be carried easily wherever it is needed. Iron tripod base has rubber caps on ends of legs to prevent slipping. An adjustable rod with clamp for attaching motor to machine which is to be driven is provided for keeping the belt tight. Fitted with 15-foot cord and plug for attaching to lighting socket. Motor revolves at a speed of 1750 revolutions per minute. Fitted at one end with a combination grooved and flat pulley, diameter, 2 inches. At the opposite end is a reducing gear fitted to combination pulley revolving at 290 R.P.M. This combination pulley has two flat pulleys and 2 grooved pulleys, diameters, 4 and 2 inches each. All grooved pulleys take 3/4-inch round belt and flat pulleys take 1-inch flat belt. Shipping weight, 75 pounds.

163 C 225—For use on farm electric plant current of 30 to 32 volts.....\$39.50

163 C 230—For use on 110-volt, 60-cycle alternating (central station) current.....\$38.50

Splashproof Motors

For use in places where liquids, such as water and milk are liable to be splashed on to it. Ends carefully enclosed to exclude entirely any ordinary splash, yet are arranged to allow free air circulation for cooling. With this motor, most any hand power washer with a revolving balance wheel may easily be made into an electric. The cream separator, churn, ice cream freezer and stiller machines may be driven with it. May be attached to any lighting socket. Fitted with 10-foot cord and attaching plug. Speed about 1750 revolutions per minute except 25-cycle which has a speed of about 1450 R.P.M. Develops better than 1/4 horsepower and will carry a temporary 50 per cent overload with but slight rise in temperature. Grooved pulley, effective diameter, 1 1/4 inches for 3/4-inch round belt. Shaft diameter 1/2 inch. Shipping weight, 39 pounds.

463 C 200—For 110-volt, 60 cycle, A.C.....\$15.95

463 C 201—For 110-volt, 25 cycle, A.C.....\$19.90

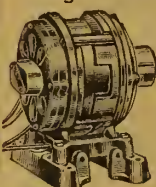

463 C 202—For 220-volt, 60 cycle A.C.....\$17.65

463 C 205—For 32-volt, D.C.....17.45

463 C 206—For 110-volt D.C.....17.45

463 C 207—For 220-volt D.C.....18.90

Single Phase Induction Motor

These motors are especially adapted for operating machinery which requires not over 150 per cent of the power rated to start the load. Designed for continuous hard service. Equipped with ball bearings. Has a 150 per cent starting torque, yet requires less starting current than most single phase motors. Maximum temperature rise 40 degrees C. on full load. No windings on rotor; 1/4 and 1/2 horsepower motors have centrifugal starting switch mounted on motor as shown in illustration but do not have sliding rails. 1 horsepower and larger motors have sliding rails and special double throw starting switches. Run either direction. Speed 1800 R.P.M.

We do not recommend these motors for water pump duty or for use where the starting load is heavy.

Manager
Sporting Goods
Department

"What Only the Camp Fire Can Teach"

When you come right down to it, the men who know most about sporting and athletic goods are the men who actually use them. Manufacturers may say all they want to about what this gun will do, why that fishing tackle is better than another or the results certain athletic equipment should give. But when they are through talking the same question always remains: How is it in actual use?

I have been in the sporting goods business a great many years and know personally every important manufacturer of hunting, fishing and athletic goods in the United States and abroad. Years of business dealings with them all, and close study of the markets have taught me where and when to buy to get the best quality at the most favorable prices.

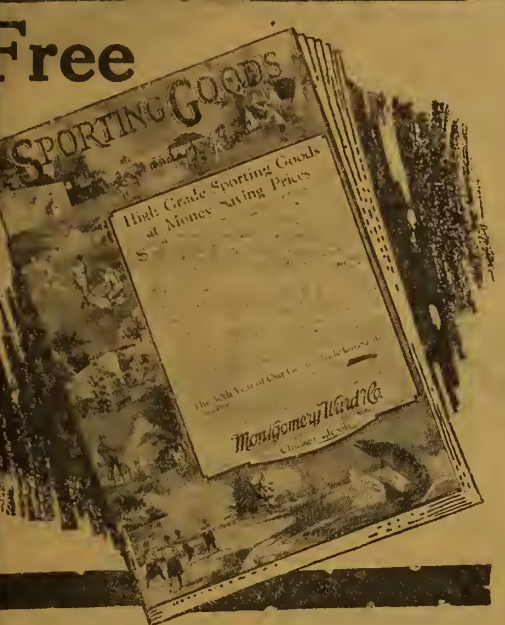

But valuable as these years of experience are, the things learned during the twenty odd years of my life spent in the open are more important. From the Gulf to the Canadian woods and coast to coast I have camped with hunters, trappers and

fishermen. I have listened to such men as the Kliehman brothers talk guns and hunting and other famous sportsmen talk about their particular hobbies. The goods I buy for Ward's are bought in accordance with what I learned from these really practical men—"old timers"—and from my own actual experiences while roughing it.

As Superintendent and Athletic Director of a club which had hundreds of members, I supervised and took part in baseball, football, tennis, golf, track, "gym" and other sports, always trying to learn what "star" players of each thought of different types of equipment.

What is your favorite sport? Is the equipment we offer for it all you think it should be? I am not through learning from experienced men yet—never intend to be. If I've overlooked any of your Sporting Goods requirements, won't you write me a few lines about it?

Peter Smith,
Manager, Sporting Goods Department.

Sporting Goods Catalogue

You may have, this Sporting Goods Catalogue FREE for the asking. Simply write us a letter or postcard or write across your next order "Send Sporting Goods Catalogue." We will send it to you promptly. There is absolutely no obligation on your part. You are not expected to buy unless you find our quality equal or better and our prices lower.

Quality Goods are the Best to Buy

Whatever sport interests you most, you want the best possible results. You want your game to be better than your opponent's. In skating, you want to be faster and more skillful; in hunting, you want to bag more game; in fishing, you are anxious to hook more and bigger fish; in football, you try ways to "get your man" and "plant the oval" back of your opponent's goal—and so on throughout the entire field of sports and athletics. It is human nature to play to win. We need not remind you that, to a very large extent, your success depends upon your equipment. Other things being equal, the one who is best equipped always surpasses others. That is it worth to you to better your game—whatever that may be? Certainly, it is worth far more than the very slight difference which may exist between the cost of inferior and good equipment.

Ward's Sporting Goods Cost Less They are Better

Here at Ward's we have studied sports and the best sporting goods. We know what equipment is the best and most practical. We know how to save you money on your sporting needs. Our Sporting Goods Catalogue shows only the most satisfactory merchandise—and you save on every purchase.

Lefever

\$28.45

It hardly is
necessary for us
to remind you of the hard shooting qualities and the splen-
did reputation of Lefever Guns. Most hunters know them
well and love to shoot them. Only a few years ago this
model sold for many times the price we are asking. Only a limited number is being made this year.
Take advantage of this bargain you must order promptly, before our stock is sold. The construction
similar to the Ithaca Field, except that the left barrel is full choke, the right, modified cho
Shipping weight, 11 pounds.

Ithaca Field

\$36.50

Many of the world's
records recently have
been broken by men who
shoot Ithacas. The Ithaca Field is so well known that its value is recognized
everywhere. You will admit when you see this gun—as so many other discrimina-
ting marksmen have admitted—that it is one of the best made, best appearing, most
reliable and durable guns on the market. Every one who has used it praises it.

Barrel—Bored for the black or smokeless powder. Double thick breech with cross bolt
Matted extension rib. Both barrels full choked. Stock—Stock and fore end of Black Walnut.

Texas Ranger

34-36 inch Barrel
Long Range Gun

The Texas Ranger is a long distance killer.
No more watching geese, ducks, turkeys, jack-
rabbits and such game get away from you because
they were just a hit out of range, the Texas Ranger
will reach them, when guns of less power would
fall far short.

This long range, hard shooting, Single Barrel Takedown Model
Shotgun has a long distance killing power and a penetration far
greater than the ordinary 30 or 32-inch gun. It is therefore very
popular. Shipping weight, 10 pounds.

Double Barrel 410 Gauge Light Weight Shotgun

Small Bore Shotgun Especially Suited for Women

Something new in shotguns. Never before, so far as we know, has the light weight, convenient size 410 gauge Shotgun been offered in a Double Barreled Model. Because of its lightness and because it has practically no recoil, it is the ideal shotgun for use in teaching the beginner to shoot. A truly fine gun for quail or snipe. At 30 yards or less its penetration is fully equal to that of a 12-gauge gun. A well built model offered to you for the first time, and a model which is better adapted to its particular uses than any other gun.

Takedown. Uses 410 gauge shells 660 C 1760-2-5. Bored for black or smokeless powder. Blue finish. 26-inch barrels with matted extension rib. Casehardened frame. Tapered bell shape breech. Highly polished walnut stock and fore end. Pistol grip. Rubber butt plate. Length over all, 43 inches. Weight of gun, 5¾ pounds. Shipping weight, 8 pounds.

Benjamin Pneumatic Air Rifle

Can be used to kill small game. Ideal for taxidermists or trappers of small game. This rifle is not a spring gun but is operated entirely by compressed air. It will shoot much harder than the regular style of air gun, and the force of the shot is entirely under the control of the user as he can obtain high or low compression according to the number of times he pumps air. Uses regular BB air rifle shot. Entire length of rifle, 37 inches. When taken apart only 23 inches. Weight of rifle, 2 pounds. Shipping weight, 3 pounds.

60 C 653..... \$3.95

King Air Rifles

1000 Shot

King Lever Action Repeating Air Rifle

Any boy will be proud to own this fine Lever Action 1,000 Shot Air Rifle. Magazine holds 1,000 BB shot and loads automatically as gun is pumped. All working parts are carefully made of good quality steel or brass, accurately fitted. Blue finish. Is highly polished. Length over all, 35½ inches. Weight of rifle, 3 pounds. Shipping weight, 3½ pounds.

60 C 652—Same as above, except 350 shots. Length over all, 34 inches. Weight of rifle, 2 pounds 10 ounces. Shipping weight, 3 pounds..... \$1.49

King Single Shot Air Rifle

Many manufacturers of Air Rifles fail to build accuracy into their guns. When you use an air rifle—whether you are man, woman, boy or girl—you naturally wish to hit your target. You are sure of doing this with a King Air Rifle if your aim is correct because King rifles are accurately made with carefully adjusted sights to assure straight shooting. This King Single Shot, Lever Action Air Rifle gives the kind of results you want.

One piece, blued steel, highly polished barrel. Black walnut stock. Length, 31 inches. Shoots BB shot or darts. Weight of rifle, 1 pound 10 ounces. Shipping weight, 2 pounds.

60 C 644..... \$1.29

Breech Loading King Rifle For Shot, Darts or Slugs

There has long been a demand for a low price Air Rifle which would shoot darts and slugs as well as air rifle shot. This new King is a superior design and meets this need perfectly. It is a breech loading gun, breaks about the center and has an automatic locking device.

Very substantially built to withstand hard usage. All metal parts blued in gun blue. Walnut stock. Length over all, 32 inches. Weight, 2 pounds. Shipping weight, 2½ pounds.

Remington Rifle, Revolver and Pistol Metallic Cartridges

The importance of using dependable ammunition can not be too strongly emphasized. If you are to have satisfactory results in your shooting, you must use the right ammunition. Cartridge making has become an exact chemical and mechanical science, and Remington metallic cartridges are the final result of years of experience and study in the making of small arms ammunition. Every cartridge is perfect and chambers properly. Each style and size is correctly proportioned as to powder charge, weight, shape, size and composition of the bullet. Ammunition may be shipped by freight or express, but not by parcel post.

Campers' and Miners' Carbide Cap Lamp

Made of brass. Has special windproof and rainproof shield fitted over lava tip, which prevents light blowing out. Will not smoke. Equipped with self lighter attachment. Has 2 1/2-inch reflector. May be worn on cap or attached to belt. Burns two hours on one charge of carbide. Has non-clogging burner which insures uniform light. Throws light about 60 feet. Uses miners' size 1/2-inch carbide. Shipping weight, 1 pound. 60 C 8795. \$.89

Justrite Carbide Lamp for Campers and Sportsmen

Guard prevents flame blowing out. Has self-lighter attachment, non-clogging water feed. Requires no attention. Burns about 2 1/2 hours on one charge of carbide. Has 2 1/2-inch reflector. Throws light about 75 feet. Can be attached on the hat or belt and has folding handles for carrying. Height, 4 inches. Shipping weight, 16 ounces. 60 C 8791. \$1.37

Justrite Carbide Lamp with Handles

Made of brass nickel-plated, highly polished with handles and hooks. Has self-lighter attachment also wind and rainproof guard to prevent light blowing out. Has uniform continuous water feed. Does not clog. Burns about 6 hours on one charge of carbide. Indispensable for all around outdoor use. Has 3 inch deep concave reflector. Height, 6 inches. Throws light about 150 feet. Shipping weight, 2 pounds. 60 C 8793. \$2.39

Justrite Carbide Lantern

Suitable for watchmen, mine superintendents, engineers, sportsmen or for camp light, factories, or garages. A powerful light. Burns 5 to 6 hours on one charge of carbide. Flame controlled by valve, same as regular lantern. Made of brass, nickel-plated and polished. Will not blow out. Clean, no smoke or grease. Height, 9 inches; base of diameter, 4 1/4 inches; weight, 1 1/2 pounds. Strong lens and reflector. In metal case with extra carbon container. Shipping weight, 2 1/2 pounds. 60 C 8830. \$4.98

HANDY DEPENDABLE CAMP FURNITURE

"Sleepy Hollow" Camp Cot

Well made of canvas duck with hardwood supports, comfortable and strong enough to hold an average size person. When opened it is a full length, easy elastic bed. Folded it is a small package, 3 feet 2 inches long, 5 inches thick and 7 1/4 inches wide. Has iron straps to reinforce legs. Size open: Width, 27 inches; length, 6 feet 6 inches. Shipping weight, 20 pounds. 460 C 9678. \$3.15

Gold Medal Double Size Camp Cot

A double width Cot Bed especially adapted for campers, tourists or for use in the home. When opened it measures 52 inches wide, 78 inches long, and stands 18 inches high. Size folded, 5 inches by 10 inches by 3 feet 3 inches long. Made of select well seasoned rock elm with heavy white duck bed Metal parts of heavy gauge steel, strongly braced throughout. Center rail prevents the bed from sagging. Shipping weight, 32 pounds. 460 C 9674. \$8.75

Improved Automatic Cot

Automatically adjusts itself to uneven surfaces through eccentric swivel joints. Occupant always lies level and comfortable regardless of unevenness of the ground. Frame is select hardwood with strong steel braces. Cover is 12 ounces, double filled brown duck. Has Duck pillow fold. Quickly set up. Will hold weight of 600 pounds. Dimensions open, 3 feet 6 inches long, 27 inches wide, 18 inches high; folded, 32 inches long, 7 1/4 inches wide, 4 inches thick. Shipping weight, 17 pounds. 460 C 9672. \$4.35

Front Sight for quick shooting. State caliber, make and model. Shipping weight, 2 ounces.

High Quality Wall Tents

Our tents are full height, wall and center. Weights, without poles: 7 by 7 feet, 20 pounds; 9½ by 12 feet, 40 to 45 pounds; 12 by 14 feet, 50 to 55 pounds; 14 by 20 feet, 80 to 85 pounds; ridge pole weight, 22 ounces to the foot. Pins, ¼ to ½ pound each. Poles and pins are included in the prices. Weight of all tents is figured on 10-ounce duck; 8-ounce duck will weigh ¼ less; 12-ounce duck ¼ more than 10-ounce.

The prices given on this page are based on the market at the time this catalogue went to press. Should the market decline, our prices will be reduced accordingly.

Tent Flies

A tent fly costs one-half the price of a tent the same size. It affords greater protection from sun and rain and can be made to serve as an awning, either in front or rear of tent. If your old tent leaks, order a tent fly. The prices quoted on tents on this page do not include flies. Flies for any size tent will be furnished without poles at one-half the price of the tent of corresponding size and weight of duck. Necessary stakes and ropes with all flies.

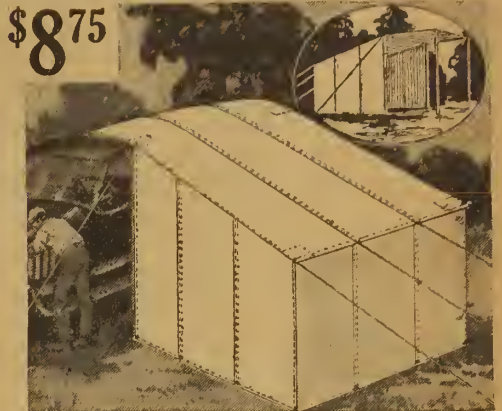

The Truth About Tent Values

What We Mean by Full Weight Duck

The U. S. Government standard for 8, 10 and 12-ounce duck is based on the weight of a "yard," 36 by 29 inches.

Be careful when you buy tents or canvas goods. It has been a common practice of many to sell 6, 8 and 10-ounce goods for full weight duck, calling it 8, 10 and 12-ounce, but basing that weight not on the U. S. standard yard, but on the common square yard, 36 by 36 inches. Such 6, 8 and 10-ounce duck makes a very inferior tent which sells for a great deal less.

Our Tents and Paulins are guaranteed to be just as represented. Every yard of duck used by us is first quality and full U. S. Government standard weight. To pay more than we ask is spending money unnecessarily to pay less means that you take a chance of getting light weight, second quality.

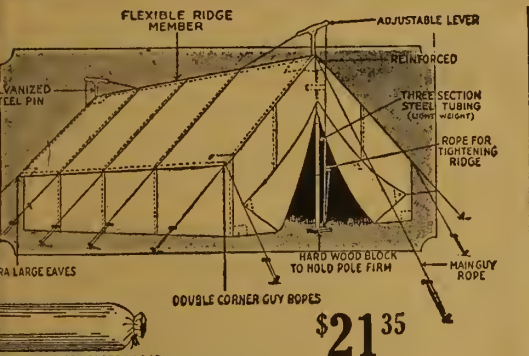

Knockabout Touring Tents

Combination Automobile Tourist and Shelter Tent. When used with a car, front flap can be placed over roof of car and fastened to stakes or wheels on opposite side. Used with poles it makes an ideal open front fresh air tent for children. Guy ropes are included so that tent can be set up without use of car by adding four 6½-foot poles. No poles required when car is used. It is 7 by 7 feet with 6½-foot wall next to car and a 2½-foot back wall. Folds into package, 10 by 24 inches. Made of best quality 8-ounce white duck. Shipping weight, 15 pounds.

Wall Tent Without Poles

The most recent improvement in Tents. A practical tent without poles that folds compactly, and when set up is as serviceable as the ordinary ridgepole type. Illustration shows a manila rope running over ridge of tent to adjustable lever on top of each upright. This lever can be adjusted to draw up the ridge of the tent as tight as drum. During a rain (when all canvas shrinks to some extent), levers can be loosened to release strain on ridge.

The uprights are made of light weight steel tubing, thoroughly treated with special non-rust baked enamel. These uprights are made in three short sections, fit snugly yet are very accurate and are easily assembled or detached.

Tent folds into canvas bag 10 inches by 28 inches. Fastens running board of auto. May be shipped as baggage or taken on street car.

Made of very finest white tent duck. Sheds water easily. Shipping weights, 35 and 45 pounds.

60 C 9560—Size, 8 by 10 feet with 3-foot walls...\$21.35
60 C 9562—Size, 9½ by 12 feet with 3-foot walls... 25.60

Para Duck Neverleak Tents

Everybody using a tent wants one that will not leak. This Tent has been especially designed to meet this requirement. Among its special features are: 1st—The roof is a Para waterproof khaki color duck about 12 ounces in weight. 2nd—It is constructed with a 6-inch eave which allows the water to drop to the ground instead of running down the side walls. 3rd—Instead of being equipped with small brass grommets for guy ropes, it has iron dee rings, making it stronger and better. 4th—The walls are made of heavy white duck, giving the tent an especially attractive appearance. 5th—It is unusually handsome in design. The tent is fully guaranteed. Poles, rope and all materials are of the best. Heavily reinforced throughout. The camper will feel safe to know that no matter what the weather may be, the tent will remain dry.

Khaki Waterproofed Duck Auto Touring Tent

Specially designed for the auto tourist. Can be packed in a small space about 12 by 24 inches. No poles are required in setting it up. Two wide bands of duck go over the top of the car and fasten on opposite side leaving inside of car easily accessible. The backwall is about 2½ feet high. Has wall next to the car and a floor sewed in, making the tent insect and mosquito-proof. Has screened windows in the sides and end fitted with curtains operated by drawstrings. The interior has pockets for toilet articles and magazines. Made of 8-ounce khaki waterproofed duck. Shipping weights, 20 and 25 pounds.

460 C 9526—Size, 7 by 7 feet.....\$18.48
460 C 9527—Size, 7 by 10 feet..... 22.69

Strong Khaki Tents Suitable for Use by Boy Scouts

A good substantial Tent made especially for the camper. For use on hikes or at camps. Especially suitable for the needs of Boy Scouts and priced low to give every boy a chance to own one. Light weight. Folds up compact and can be carried easily. A comfortable shelter wherever you go. Made of 8-ounce khaki colored duck. Furnished complete with poles, ropes and every thing needed to set up tent. Shipping weights, 15 and 20 pounds.

160 C 9614—Size, 5 by 7 feet with 2-foot walls.....\$6.45
160 C 9615—Size, 7 by 7 feet with 3-foot walls..... 9.40

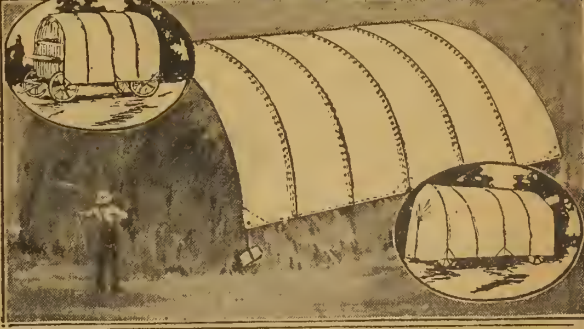

Paulins, Stack Covers, etc.

Plain White Canvas Covers

Guaranteed Full Weight and Best Workmanship.

For covering harvesters, binders, threshing machines, grain and hay stacks. Made of white duck, finished around edges with brass eyelets. Thoroughly reinforced at all eyelets. Ropes in proportion to size of cover are included. All seams carefully stitched to hold fast and resist ordinary strain. Sizes given are before hemming. Shipping weights, 10 to 95 pounds, according to size and weight of duck.

Users of canvas goods can buy from Montgomery Ward & Co. with assurance that they will receive the fullest value for their money and that all merchandise is absolutely first class in workmanship and material. It is very important in buying canvas goods to know that you are getting U. S. Government standard weight duck.

Fishermen's Flat Bottom Boat
This Boat has all the qualities that a fisherman desires: flat bottom for steadiness and good footing, easily rowed and easily cleaned; a better boat than is usually expected in the flat bottom type. The bottom is of clear cypress, thickness 1 1/4 inch in rather narrow strakes (strips) running lengthwise. The sides are of two pieces of 1 1/2 inch wide, 1/2 inch thick, and thoroughly clinched as in a clinker boat and fastened flat to oak ribs. Keel and bilge strips strongly fastened. Gunwales, seat risers, breast hook and seats are of cypress. The wood is filled with one coat of pure linseed oil and finished with two coats of dark green paint to outside of hull and gunwale, and three coats of light wood color paint to inside. Two pairs of side plate sockets bolted to place. One pair of copper tipped r oars, one pair North River rowlocks. If reinforced with knees and plate for use of outboard motor, \$4.50 extra.
Shipped from Factory in Ohio

Still Hunter Duck Boat
An all around favorite with sportsmen wherever used. Its great stability makes it excellent to shoot from while standing. Strong and light and draws very little water. Not suitable for open water. Flat bottom 3/4-inch pine, width, 20 inches. Oak ribs spaced every four inches, making it practically indestructible. Cedar sides, 3/8-inch thick, clinker construction. Cedar decks covered with good cotton duck. Painted three coats dead grass color. Complete with two removable seats.

Buster Brown Box Camera

You undoubtedly have heard of the famous Buster Brown Camera. It has been a leader among box cameras for many years. At every picnic or excursion, at parties and other joyous occasions you are sure to see the handy Buster Brown making memorable records of the event for the future pleasure of its owner and his or her friends.

This camera is specially designed to meet the needs of boys and girls. It is ruggedly constructed and thoroughly reinforced throughout to withstand rougher usage than the ordinary camera. No focusing is required. The camera is ready for instant use any time, anywhere. All trimmings are heavily nickel plated and polished, and the box is covered with seal grain leatherette. Special patented construction prevents spool from binding when winding. Has shutter for time or instantaneous exposure. Lens has diaphragm with three different size openings. Two clear view finders for horizontal or vertical pictures. Noiseless winding key. We invite you to compare our prices with those you are asked to pay elsewhere. You will find that we offer you here, a camera value such as you have seldom seen before. We have reduced the price to an extremely low figure and have succeeded in offering you a first class advertised camera of unquestioned value at a price which puts it easily within the reach of everyone.

Folding Anso Cameras

If you have neglected to buy a better camera because of the additional cost you will welcome this opportunity to buy a genuine Folding Anso at a price which means an attractive saving to you.

These Anso Folding Cameras are provided with a radius finder which automatically reverses the "frame" of the finder to show exactly how the picture will look and what is included. Focusing is done quickly. The scale arm is set at the proper distance and the bellows drawn out automatically locks at the correct position. Spool holding device holds film tight and avoids curling and fogging. When exposures are completed spool is automatically raised for removal from camera. Feet are provided for resting camera in vertical or horizontal position. Genuine Leather covering, seal grain finish. Leather bellows. Aluminum bed and back. General shutter gives time, bulb and instantaneous exposures, from $\frac{1}{2}$ to $\frac{1}{1000}$ second. Universal shutter gives time, bulb and instantaneous exposures from 1 to $\frac{1}{1000}$ second.

\$17.25

Cyko Developing Papers

Produce rich, soft pictures in which the lights and shadows will be there and blend harmoniously. Instructions with each package.

All photographic papers are of fresh stock and dated sufficiently far in advance to guarantee prints, if properly exposed and developed.

Normal Grade—For negatives, normal strength.

Hard or Contrast Grade—For printing from negatives that are soft or the image weak.

Glossy Surface—Has a shiny luster finish and is most often used in making record pictures or where a sharp picture with minute detail is wanted.

Studio has a smooth, velvety surface with sheen of satin. This surface is generally used for portraits.

Shipping weights, 8 to 20 ounces, according to size.

Official Intercollegiate Rugby

Imported English Tanned Cowhide

This ball is the best ball that can be made. No expense has been spared in making it the "Peer of All." Every one is carefully made and hand sewed with heavy waxed linen cord. The leather is the most select English Tanned Pebble Grain Cowhide that can be procured. Every ball is inflated, tested, and weighed before shipment, to make sure that it is correct in shape and official in size and weight. Complete with red rubber bladder, rawhide lace and lacing needle. Shipping weight, 1 1/2 pounds. 60 C 5514 \$6.95

American Tanned Pebble Grain Cowhide

This ball is guaranteed official in every respect. It is the equal of most official balls made. Made of best quality America Tanned Pebble Grain Cowhide backed up with two linings to prevent stretching. Edges of lining are turned and doubled at seams to prevent stitches from pulling out. Stitched with heavy waxed linen cord. Every ball is tested and weighed to insure correct size and weight. Complete with pure gum bladder, rawhide lace and lacing needle. Shipping weight, 1 1/2 pounds. 60 C 5515 \$5.25

Our Guarantee

We guarantee both of our Marathon Intercollegiate Rugby Balls to be official in size, shape and weight and equal to any ball made. Due to the high quality of these balls, many of the leading college and high school teams are using them in preference to others. They can be used in any match game.

Marathon Interscholastic Rugby

Made of heavy pebbled grain Imported English cowhide of regulation size and weight. This Ball is an exceptional value at our price because it is equal in quality to many balls sold as "Official." Strong canvas lining. Sewed throughout with extra strong waxed linen thread. Stitches will not rip easily and ball will hold its shape well under strenuous play. Red rubber bladder, rawhide lace, lacing needle and latest Official Football Rule Book included. Ship wt., 1 1/2 lbs. 60 C 5516 \$4.35

Our Marathon "College Special"

Never before have we been able to offer, at such an attractive price, a Rugby Football which will give as much service as our College Special.

The very latest thing in a Rugby Football. These balls have been thoroughly tested and have proven their superior quality. Every one is made in the best possible manner and is guaranteed to give satisfaction. Made of cream colored smooth grain chrome tanned cowhide.

Backed up with a strong canvas lining. With every one of these balls we include a copy of the latest Official Football Rules. The light color makes this an excellent ball for practice late in the afternoon, after it has commenced to get dark. Complete with pure gum bladder, rawhide lace and lacing needle. Shipping weight, 1 1/2 lbs. 60 C 5518 \$1.95

Marathon "Tuffhide Rugby"

The "Tuffhide" is a Ball which has been thoroughly and rigidly tested for its quality and durability. We have found it such an unusual value for the price that we do not hesitate to recommend it. It will outlast ordinary balls two to one. Made of brown velvet finish chrome tanned cowhide backed up with strong canvas lining and sewed with waxed linen thread. Complete with pure gum bladder, rawhide lace, lacing needle and Official Football Rule Book. Shipping weight, 1 1/2 pounds. 60 C 5519 \$1.65

Boys' League Rugby Ball

Made of good quality pebble grain leather. Boys' size. Canvas lined. Carefully made. Made especially for use in boys' games and will give utmost satisfaction for that purpose. Boys will find unusually full value for their money in this Football. Complete with rubber bladder. Shipping weight, 1 pound. 60 C 5527 95¢

Black Kid Footballs

Will give much better service than the ordinary low priced pebble grain ball. Made of genuine black glazed kid skin. Lined with good canvas lining and sewed with strong thread. Complete with bladder and lace. Shipping weight, 1 pound. 60 C 5528 79¢

Pure Gum Rubber Bladder

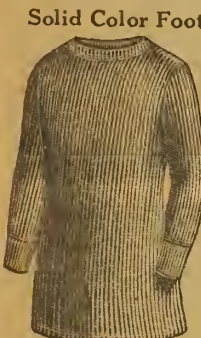

"Live" pure gum rubber in perfect condition and of standard, official sizes. 60 C 5525—For Rugby footballs. Ship. weight, 4 oz. 50¢ 60 C 5500—For Soccer footballs, or Volley balls. Ship. plug weight, 4 ounces. 50¢

Fully Equipped De Luxe Motorbike

When you swing easily into the seat of this De Luxe Motorbike and glide smoothly away down the street or road, every turn of the pedal tells you of the quality built into this easy riding bicycle. So comfortable and smooth running is the De Luxe Motorbike that it urges you on and on in long enjoyable rides. You will like it! Every boy does who sees it.

**Why the De Luxe Motorbike is the Favorite
In City and on Country Roads**

The boy who puts his bicycle to hard continuous use is demanding quality today. That is why this sturdy De Luxe Motorbike is bringing thousands of orders to us through the mails from all parts of the country. We feel sure that such a high quality bicycle as our De Luxe Motorbike cannot be purchased elsewhere at the low price we ask.

Handlebars and Front Fork are specially reinforced. The tank tool box in the frame is an unusual and attractive feature. The large, roomy saddle is set on resilient coil springs. This bicycle is so designed that the rider sits directly over the pedals, which experts declare makes riding easier. Long distance riders know how important this is.

Frame—The Hawthorne De Luxe has an unusually attractive streamline frame. It is carefully made of tested 18-gauge seamless tubing and is designed and built for greatest strength—without excess weight. All joints are smoothly finished and are rigidly reinforced by flanged, or fishmouth, connections. The Hawthorne frame has ample strength to carry the heaviest riders under the most severe riding conditions.

Tank Tool Box—The motorcycle tank-type tool box gives distinction to the Hawthorne De Luxe. It is a practical novelty which adds greatly to the appearance of your bicycle. It is made of metal, neatly finished and large enough to carry all needed tools.

Color—The frame is a beautiful Golden Brown, with white arrowheads and seat post mast.

Tires—The famous Riverside Road Grip Tire. Heavy auto design non-skid black tread with white sidewalls.

Pedals—Heavy, black rubber non-slip pedals.

Saddle—Large size motorcycle type, formfit seat with comfort coil springs.

Mud Guards—Deep center, drop side motorcycle type. Light but very strong. Regulation leather flap. Enameled and striped to match frame.

Coaster Brake—New Departure Coaster Brake.

Shipping weight, about 60 pounds.

160 C 3051—Hawthorne Motorbike complete, with New Departure Coaster Brake. \$32.95

Tools and Tool Bag Not Included.

Latest Hawthorne Curved Bar Model

\$22⁹⁵

The wonderful advance in bicycle construction during the past few years, never was shown better than in this new 1922 Curved Bar Model.

All the newest developments made for bicycles of its class have been embodied, giving you more for your money than would have seemed possible only a short time ago. Modern methods not only enable us to build better than in the past, but also permit us to build more economically. And in addition to the savings brought about by modern manufacturing methods—which benefit all buyers of bicycles—Montgomery Ward & Co. bring to you the savings which come from quantity buying, plus the added saving of our modern, direct selling methods.

Read the specifications below and learn what a truly wonderful value is now offered you.

Frame—Carefully tested 18-gauge seamless tubing. Reinforced by fishmouth connections, so all joints are flush and extra strong. The curved top bar enables you to lower the seat post about two inches more than on the ordinary diamond frame bicycle.

Saddle—Large, comfortable leather covered seat with double suspension springs.

Handlebars—Wide, adjustable forward extension type with long rubber grips.

Mud Guards—Light weight raised center. Rubber splashers on front guard.

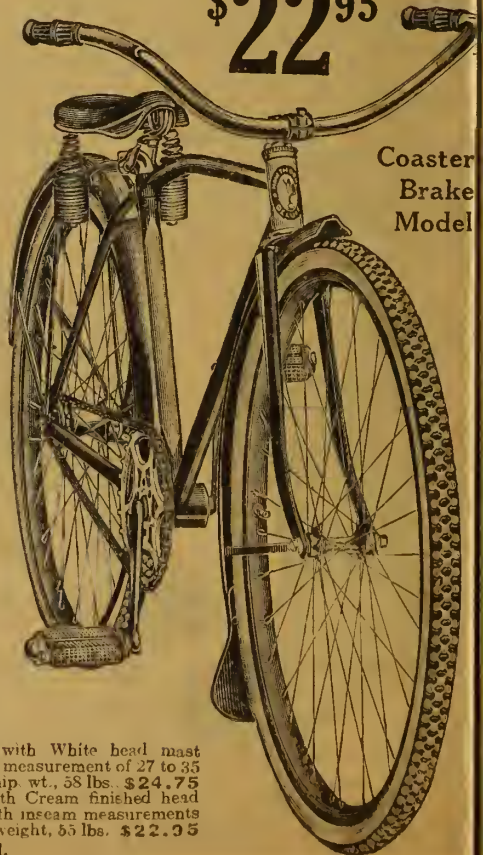

Tires—Hercules Giant Stud, Red tread, puncture resisting.

Other Features—Special one-piece crank hanger. Rubber pedals with large ball bearings. Adjustable seat post.

160 C 3069—The "Bear Cat"—Color, Persian Blue with White head mast and striped mud guards. Suitable for any rider with inseam measurement of 27 to 35 inches (from crotch to toe). Complete, with Coaster Brake. Ship wt., 58 lbs. \$24.75

160 C 3063—Boys' Fast Express. Color, Rich Red with Cream finished head and darts. Fits any average size boy from 7 to 11 years, with inseam measurements 19 to 26 inches. Complete, with Coaster Brake. Shipping weight, 55 lbs. \$22.95

Riverside TIRES are Better

EXTRA
HEAVY
MOTOR FABRIC

Riverside Motor Fabric "White Owl"

A Tire of this type costs considerably more to manufacture than the regular bicycle fabric tire, but usually gives about twice as much service. These are full size tires, made from 12-ounce automobile fabric, the same as used by many automobile tire manufacturers. Have extra heavy non-skid automobile tread design. The entirely white tread and side walls make it especially attractive. It pays to buy a good tire, and we especially recommend this one for long service and satisfaction. We guarantee every one. Sold in 28-inch size only. Shipping weight, per pair, 4½ pounds.

60 C 3148—Per tire.....\$2.37
Per pair.....4.65

\$2.37
Each

AUTO
CORD
FABRIC

Riverside Cord Tire "Black Crow"

This Tire is entirely black. The construction is similar to that of our Riverside automobile cord tire. It is extra heavy; full size; each layer of fabric laid ply by ply and vulcanized into a solid mass. The tread is a perfect non-skid design extra heavy. The walls of this tire are twice as heavy as the walls of an ordinary fabric tire and give twice the service. You, will therefore, be pleased with the long life of this tire and the unusual satisfaction it will give you during its life. It is a good example of Ward's remarkable values made possible through our buying power. Sold in 28-inch size only. Shipping weight, per pair, 4½ pounds.

Guarantee

Our bicycle tires are guaranteed to be free from all imperfections in workmanship or material. Any tire proving unserviceable because of imperfections in workmanship or material may be returned for credit or replacement at our option. We do not guarantee them against puncture or abuse and tires rendered unserviceable in this way will not be adjusted.

Hercules Giant Stud

This is an extra well constructed Tire with correctly designed non-skid tread, showing an extra heavy giant stud. Red tread with gray side walls. Handmade, giving you the best to be had in bicycle tire construction. Only the very best fabrics and rubber are used throughout, which makes this tire practically puncture proof. It is also filled with a puncture proof filler to prevent

puncture leakage. Shipping weight, each, 3 pounds.

Blue Streak Majestic

This is a specially constructed Tire, patterned after the automobile tire, built up of two plies of heavy bicycle fabric, reinforced with an extra ply or breaker strip on the tread side, giving the tire more resiliency and a great deal more strength. The tread is a very attractive, practical non-skid design, blue in color against white rubber side walls. The tread

is extra heavy and the walls of the casing are considerably heavier than the average tires.

This is an exceptional tire for the money and we guarantee it to give satisfactory service. Shipping weight, each, 3 pounds.

Improved Runabout

Steel gray color; full size and handmade of two-ply select bicycle fabric with fancy rubber studded tread. Extra high grade quality rubber used throughout. Small punctures are practically eliminated by its special construction. However, we do not guarantee it to be absolutely puncture-proof. Do not confuse this Tire with other low priced tires on the market, as our quality is considerably better than that usually offered in a

tire of this class. Furnished in 28-inch size only, for either a 1½ or 1¾-inch rim. Shipping weight, per pair, 4½ pounds.

Hawthorne Clincher Tires

Made from an extra fine quality of bicycle tire fabric and pure gum rubber throughout. It has an extra heavy knobby stud tread; non-skid; and is a Tire handmade by master workmen. The Hawthorne is one of the best made clincher tires ever put on the market. It will fit any G. & J. type wood rim, any metal lined clincher or steel clincher rim. It will fit either a 1½

or 1¾-inch size rim; made in 28-inch size. Shipping weight, per pair, 5 pounds.

Coaster Brake
Model

"Dolly Varden"

New Coaster Model for Women and Big Girls

A very attractive Bicycle for young women. The graceful lines of the double loop drop frame makes it easy to mount and dismount. The chain guard and cording fully protect the rider's skirt. The "Dolly Varden" rides easily because it is equipped with a smooth running coaster brake which makes it perfectly safe on crowded streets or hills.

Specifications

Color—Golden Brown with white head; rims, aluminum finish with blue and gold stripes.

Coaster Brake—The well known New Departure. One of the easiest running and surest working brakes made.

Tires—Finest quality Hercules Giant Studded. Red tread.

Saddle—Comfortable leather seat. Compound shock absorbing springs.

Mud Guards—Strong light weight with rubber splasher on front guard.

Other Features—Reinforced adjustable extension type handle frame, special one-piece hanger, bars, adjustable seat post, strong channel bar stand. Shipping weight, 60 pounds.
